CONTENTS

Docket.

Notice of Hearing Calendar.

Fire Drill Rules.

Appeals as to Multiple Dwellings.

Local Law 72—of 1958.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor,
Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the Administrative Official either Borough
Superintendent of Buildings or Fire Commissioner and file
with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

HARRIS H. MURDOCK, *Chairman*.

RULES

Fire Drill Rules, Adopted by the Board of Standards and Appeals, October 5, 1923

(593-23-SR)

DEFINITION OF "FIRE DRILL"

The method and practice of the systematic and orderly vacating of a building by its occupants in case of emergency, panic or fire in the least possible time—by the nearest safe means of exit—and the use of fire appliances which shall be provided for the extinguishing or retarding of fire and the safeguarding of human life.

Rule 1.

In all buildings as defined in Article 1, Section 10 of the Labor Law in which fire drills are required pursuant to Section 279 thereof and in any other building in which such drills are required by the Fire Commissioner pursuant to the power conferred in section 491 of the New York City Charter, it shall be the duty of the owners, lessees or tenants to conduct fire drills monthly and at such other times as the Fire Commissioner may direct.

For the purpose of conducting such fire drills the owner or tenants shall appoint from among their employees such responsible and dependable persons, male or female, who shall efficiently perform the duties of the various positions of the fire drill organization, as specified on the accompanying chart.

It shall be the duty of the owner or tenant to enter in the blank spaces provided for that purpose in said chart the names of persons so selected and post said chart and copies of the rules in a conspicuous place.

Rule 2. Duties of Foreman.

The Foreman or Person in Charge shall direct, enforce and have full charge of the "Fire Drill" in every factory on each floor. Each day before work is begun he shall see that extinguishers, fire hose, fire buckets, etc., are in readiness for use, exit doors are unlocked, aisles are free from obstruction, that stairways, halls, etc., are properly lighted, and shall remedy any dangerous condition found to exist. Immediately after work is commenced he shall check up the Fire Drill Organization list and note if the regularly assigned persons are present; if any are found to be absent, he shall assign other employees (if practicable) to perform their duties.

He shall immediately notify new employees of the existence of the Fire Drill Organization and give them the necessary instructions as to the duties they are to perform, etc.

He shall be familiar with the operation and location of the interior alarm signal box on his floor.

He shall listen for the test signal each morning at the appointed hour and in the event of the test signal not being heard he shall communicate with the superintendent or other person in charge of the building and advise him of the fact. The (Floor Captain's) Foreman's orders are final as to the carrying out of the fire drill on his particular floor.

Rule 3. Duties of Watchmen.

The WATCHMEN shall see that all doors and windows are closed so as to prevent the spread of fire. The WATCHMEN shall be the only persons permitted to remain on the floor during the progress of a fire drill and do so at their own risk. For ordinary purposes only one watchman and a substitute shall be designated. In special cases, however, extra watchmen may be assigned by consent in writing from Fire Commissioner.

Rule 4. Duties of Searchers.

The MALE AND FEMALE SEARCHERS shall search all toilets, dressing rooms and emergency rooms used and frequented by their sex and all other portions of the floor and order all persons, except those authorized to remain, to leave the premises. They are to take care of and assist all persons who may faint or be disabled.

SEARCHERS shall leave the floor immediately after the last squad leaves.

Rule 5. Duties of Street Alarm Box Runner.

The STREET-ALARM-BOX-RUNNER shall be familiar with the location of the nearest city fire alarm box and know how it is operated.

In ordinary practice fire drills the STREET-ALARM-BOX-RUNNER shall report to the Foreman for orders, and if his services are not required he shall promptly file out of the premises with the other occupants.

Only when a fire actually occurs on his floor, or when ordered to do so by the Foreman, shall the STREET-ALARM-BOX-RUNNER proceed to the street alarm box and send in the fire alarm.

RULES

Rule 6. Duties of Fire Brigade.

The fire brigade shall have full charge of the operation of all auxiliary fire fighting apparatus and shall endeavor to extinguish, or at least hold in check until the arrival of the Fire Department, any fire that may occur. When it is necessary for the fire brigade to respond to different floors in the building they shall not use the stairways or fire escapes while the occupants are escaping from the premises.

Rule 7. Duties of Exit Guards.

The EXIT GUARDS shall station themselves at all exit doors leading to fire escapes, stairways, and other means of escape immediately upon the sounding of the alarm. There shall be two guards for each exit, if practicable; one to stand in the hallway holding back the door and the other directly inside on the floor. They are to keep the exit doors open and direct the movements of the persons using these exits and prevent congestion.

EXIT GUARDS shall remain at their stations until all of the occupants of the building have passed their station. Then close their doors and pass out of the building. Upon signal for the occupants to return, EXIT GUARDS shall take their designated stations and remain there until all persons have returned to their respective floors.

Rule 8. Duties of Squad Monitors.

The SQUAD MONITORS, as soon as the alarm is sounded, shall see that the employees under their charge quickly form into line, two abreast, and numbering not more than thirty to each squad. They shall see that all aisles and passageways are cleared of obstructions.

Note: Chairs, stools, baskets, etc., should be pushed under or placed on top of work benches.

MONITORS shall proceed at the head of their respective squads to the exit assigned, and then march up or down the stairs or to other exits as directed by the EXIT GUARDS.

On reaching the sidewalk MONITORS shall keep their squads in order and lead them a reasonable distance from the building, so as not to cause congestion and interference with fire apparatus. When the proper signal is given they shall return to their respective floors at head of their squads.

MONITORS will at all times see that those under their charge conduct themselves in a respectable and orderly manner.

Rule 9. Holding of Drills.

FIRE DRILLS shall be held at least once each month at varied hours of the day, and all of the occupants shall participate therein simultaneously. Such drills shall conduct all occupants to a place of safety.

Where dual operation interior fire alarm systems are installed as permitted under Rule 11 of the interior fire alarm rules of the Board of Standards and Appeals, the fire drill conducted each month shall include all of the

persons on the premises engaged at work for a factory, and drills shall be conducted at least twice, each year in which all of the persons on the premises shall participate simultaneously.

Rule 10. Duties of Owner.

It shall be the duty of the OWNER, LESSEE OR TENANT OF THE BUILDING or his authorized agent or their representatives to personally observe that the "Fire Drill" is held simultaneously on every floor of the building and the participation therein of every occupant of such building. Any FIRE DRILL in which all of the occupants do not participate shall not be considered as complying with the LAW, except as otherwise provided in these rules.

The person or persons representing the OWNERS, LESSEE OR TENANT, who supervises the FIRE DRILL at the building shall submit to an examination by the Division of Fire Prevention as to their experience and general fitness for such duties, and shall be so certified in writing by the FIRE COMMISSIONER.

It shall be the duty of the ENGINEER, SUPERINTENDENT or other PERSON IN CHARGE of a building having an interior fire alarm system to test such system daily immediately after the beginning of business, and to see that all apparatus operated by springs, requiring winding are rewound after each alarm and kept in normal condition for operation.

Rule 11. Duties of Engineer.

Whenever it is necessary to test the fire alarm system at any other time of the day, owing to repairs, etc., being made, the PERSON IN CHARGE OF BUILDING will first notify all Foremen of the several floors of the intended test and likewise notify them when the repairs, etc. are completed. This precaution is taken to prevent confusion and excitement, also misunderstanding of the alarm signals.

It shall also be the duty of the PERSON IN CHARGE OF BUILDING to sound the interior alarm system at irregular intervals, but not less than once each calendar month, for the purpose of holding practice fire drills. He shall keep on the premises a record of such drills, showing the date when held and the required time for all occupants to reach the street or a point of safety outside the building.

The PERSON IN CHARGE OF BUILDING must immediately acquaint new tenants of the existence of the "Fire Drill" Organization and its purport.

Rule 12. Registration.

The name and address of every person, corporation or co-partnership, that will, under professional service, carry on the trade, business or calling of establishing, maintaining or supervising the "Fire Drill" shall be registered in the Fire Department, which Department shall, upon evidence of fitness, grant a certificate to that effect.

NOTICE

Applicants, under the zoning resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such

copies at the office of the Board of Standards and Appeals, at 80 Lafayette Street, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, 80 Lafayette Street, 9th Floor, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

RULES

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

NOTICE

LOCAL LAW—72 OF 1958

Effective December 19, 1958

A Local Law to amend the administrative code of the City of New York in relation to the payment of fees in connection with the filing of applications with the Board of Standards and Appeals.

Be it enacted by the Council as follows:

Section 1.—Section 669-1.0 of the administrative code of the city of New York as amended by local law ninety-four for the year nineteen hundred fifty-seven is hereby amended to read as follows:

Sec. 669-1.0 Fees—The following fees shall be charged for the following applications, appeals and reviews:

1. a. Application for approval of materials, (and) appliances and methods or variances of construction \$100.00
- b. Application for amendment of prior approval of materials, appliances and methods or variances of construction 25.00
2. a. Application to vary the application of the zoning resolution, except as provided in subdivision b 100.00
- b. Where such application is for conversion of a one-family dwelling to a two family dwelling 25.00
- c. Application for an extension of the term of years of zoning variance previously granted. 50.00

- d. Application for a change in use, height or area of premises in connection with a zoning variance previously granted 50.00
3. Appeal from or application for review of any order, requirement, decision or determination of the commissioner of buildings or of any superintendent of buildings or of the fire commissioner or any rule or regulation or amendment or repeal thereof made by the fire commissioner 10.00
4. Application for an extension of time in which to comply with conditions imposed in the resolution of the Board of Standards and Appeals 10.00
5. Exemptions—
 - a. The provisions of this section shall not apply if the owner of the premises affected by the application, appeal or review be a corporation or association organized and operated exclusively for religious, charitable or educational purposes, or for one or more such purposes, no part of the net earnings of which enures to the benefit of any private individual, and provided that the premises affected are to be used exclusively by such corporation or association for one or more of such purposes.
 - b. The provisions of this section shall not apply if a municipal department or agency of the city is the applicant before the Board of Standards and Appeals.

Sec. 2—This local law shall take effect immediately.

PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

On January 7, 1959, Petition and Order of Certiorari was served on the Board by Louis H. Heiger, attorney for petitioner, Herwil Realty Mgt. Co., Inc., objecting property owner, seeking a review of the Board's determination on December 2, 1958, granting a variance under Section 7h of the Zoning Resolution for a term of five years to permit in a residence use district, the use of the premises as a private parking lot for more than five (5) motor vehicles restricted to the staff of the medical college and hospital and visiting physicians; Calendar Number 384-58-BZ; Premises 1-15 East 106th Street, north side and 2, 4, 6, 12 & 18 East 107th Street, south side, 99 feet, 10 inches east of 5th Avenue. Block 1612, Lots 5, 60, 62, 66, 67 and 68, Borough of Manhattan.

COURT DECISIONS

Matter of N. Y. Life Ins. Co. vs. Murdock:—On November 19, 1957, the Board granted an extension of the term of variance for five years under Section 7, subdivision c, of the Resolution adopted by the Board on March 6, 1956, which was granted by the Board under Section 7a, 7c and 21 of the Zoning Resolution, to permit in a residential use district the change of use from residence to commercial use and other parts of the combined structure from one commercial use to another commercial use; Calendar Number 576-37-BZ, Vol. II; Premises 215-221 East 64th Street, 230 feet east of Third Avenue, Borough of Manhattan.

At Special Term, Supreme Court, Mr. Justice Klein remanded the matter to the Board to make findings of fact as to an extension for a further term of five years. Upon the new hearing, notices are to be sent to the owners within the area of notification. (New York Law Journal, December 8, 1958, page 12).

On March 6, 1956, the Board after exhaustive hearing and report granted a variance under Section 7c for a term of two years, the short term being purposely selected for the reasons as stated in the report. The Board had in mind a longer term after it was ascertained that the violations had been taken care of and dismissed and a Certificate of Occupancy issued.

Matter of Brause vs. Murdock:—On May 21, 1958, the Board denied their appeal, represented by Latham C. Squire, to reverse the decision of the Borough Superintendent, who refused on January 13, 1958 to revoke the Building Department permit issued on N.B. Application No. 102-56; Calendar Number 1039-57-A; Premises 730 3rd Avenue; west side, from East 45th to East 46th Streets, Block 1300, Lots 31 and 41, Borough of Manhattan.

After a complete hearing, the vote was unanimously in the negative and several members of the Board expressed their reasons for their vote.

Upon court review, Mr. Justice Klein at Special Term, Supreme Court, reversed the Board, setting forth the requirements of the Zoning Resolution as to the size of a tower permitted, and in connection with the claim that "air rights" of adjoining buildings should be added to the size of the lot for the purpose of figuring the area of the permitted tower, stated in part, "Section 9 (d) limits the tower to 25% of the area of the zoning lot; Section 1(v) defines a zoning lot; the term 'open spaces' therein is further clarified by Section 1(b)(b). This is a clear and unambiguous. An easement of 'air rights' of an adjoining property may not be read into Section 1(v) as part and parcel of the plot." "It is significant that, although the Board of Standards and Appeals was unanimous in upholding the permit and in refusing to revoke it, the Chairman of the Board, while refusing to revoke, held that 'air rights' could not be used to measure plot area." "If the City Planning Commission regards 'air rights' in any degree to be an appropriate measure of arriving at the ground area of a plot, it should amend the Zoning Resolution." "To hold to the interpretation urged by the respondents and the intervening objectants, would bring height restrictions into chaos and would provide no guide as to where 'air rights' might be borrowed and to what land they might be added and would lead to confusion rather than regulation of height restrictions." (New York Law Journal, December 5, 1958, page 13).

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

JANUARY 13, 1959, 10 A.M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, January 13, 1959, at 10 o'clock at 80 Lafayette Street, 9th floor, New York 13, N. Y., on the following matters:

657-55-BZ—Vol. II

APPLICANT—Gustave Goldman, for Joseph Ventola, owner.

SUBJECT—Application reopened October 28, 1958 as Vol. II—decision of the Borough Superintendent, under 7C and 21 sections of the Zoning Resolution, to permit in a residence use, "D" area district, the erection of a one story extension without the required rear yard and, extend the present uses of restaurant, bar, grill and cabaret and patron's parking no fee being charged.

PREMISES AFFECTED—1012-1022 Ralph Avenue, west side, 45 feet south of Snyder Avenue, Block 4731, Lot 42, Borough of Brooklyn.

488-58-BZ

APPLICANT—Charles A. Buckley, Jr., for Judson Estates, Inc., owner.

SUBJECT—Application August 15, 1958—decision of the Borough Superintendent, under Section 7h, of the Zoning Resolution, to permit local, retail and residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1314-1330 Merriam Avenue, east side, 100 feet, north of 169th Street, Block 2531, Lot 5, Borough of the Bronx.

531-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Louis Loria, owner.

SUBJECT—Application September 9, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, on a plot with an existing two-story dwelling, the use of the un-built upon portion of the premises for a parking lot for the parking and storage of more than five (5) motor vehicles for a temporary term of five years.

PREMISES AFFECTED—170-180 McKinley Avenue and 408-414 Autumn Avenue, southwest corner, Block 4170, Lot 21, Borough of Brooklyn.

109-58-BZ

APPLICANT—Robert J. Criunion, for Jarvis Corp., owner.

SUBJECT—Application March 7, 1958—decision of the Borough Superintendent, under Sections 7e and 7h of the Zoning Resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station with accessory uses of lubritorium, auto washing (non-automatic), minor repairs with hand tools only, office, sale and storage of auto accessories and parking of more than five (5) motor vehicles, all for a stated term of fifteen (15) years.

PREMISES AFFECTED—3032 Middleton Road, south side, from Jarvis to Hollywood Avenues, Block 5401, Lot 1, Borough of The Bronx.

523-58-BZ

APPLICANT—Charles M. Spindler, for Robert Maller and Selma Quinton, owners.

SUBJECT—Application September 5, 1958—decision of the Borough Superintendent, under Sections 7e, 7f, and 7c of the Zoning Resolution, to permit partly in a retail and partly in a residence use district, the erection and maintenance of a gasoline service station, auto washing (non-automatic), office and accessory sales, minor repairs with hand tools only, auto safety inspection station and parking and storage of cars awaiting service all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—117-30 to 117-48 (117-36 official) Farmers Boulevard and 187-22 to 187-34 Baisley Boulevard, southwest corner, Block 12448, Lot 31, Hollis, Borough of Queens.

524-58-A

APPLICANT—Charles M. Spindler, for Robert Maller and Selma Quinton, owners.

SUBJECT—Application September 5, 1958—Appeal from a decision of the Borough Superintendent—re premises in bed of mapped street, proposed widening of Baisley Boulevard.

PREMISES AFFECTED—117-30 to 117-48 (117-36 official) Farmers Boulevard and 187-22 to 187-34 Baisley Boulevard, Block 12448, Lot 31, Hollis, Borough of Queens.

474-58-BZ

THE RESOLUTION—Will appear at a later date.

1086-23-BZ—Vol. II

APPLICANT—Larry Meltzer, for Chassen Realty Company, Inc., owner, Joseph Stern doing business as Hide-A-Way Garage, lessee.

SUBJECT—Application reopened May 28, 1957 as Vol. II—decision of the Borough Superintendent, under section 7i of the Zoning Resolution, to permit in a business use district, in an existing one-story building, the change in use from public garage for more than five (5) motor vehicles to public garage for more than five (5) motor vehicles and motor vehicle repair shop—non collision or body work.

PREMISES AFFECTED—2772-2774 West 15th Street, west side, 190 feet north of Neptune Avenue, Block 6996, Lot 87, Borough of Brooklyn.

APPEARANCES—

For Applicant: Larry Meltzer.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 28, 1957 subject to regular procedure, to consider new proposal for change in use; and

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, A area, class 1 height district; West 15th Street and West 16th Street are in business and unrestricted use, A area, class 1 height districts; Neptune Avenue is in a business use, A area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 27, 1957 acting on Alt. Applic. No. 150-57, reads:

"1. Proposed change of occupancy from Public Garage for more than 5 motor vehicles and motor vehicle Repair Shop (no Collision or body work) in a Business Zone is contrary to Article II, P.P. 4a, subsection 15 and 29 of the Zoning Resolution and contrary to the Bd. of Standards and Appeals variance under Cal. #1086-23-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 118 feet 9¾ inches in depth, on which is located a one story non-fireproof building having a frontage of 49 feet 4 inches and a depth of 118 feet 9¾ inches; that this building was erected under N.B. Applic. No. 3340-24 and is permitted to be occupied as a garage for more than five motor vehicles under a conditional variance granted by the Board under Cal. No. 1086-23-BZ; that Certificate of Occupancy No. 28941 has been issued for this use; that it is proposed to change the occupancy of the building from present legal use of public garage for more than five motor vehicles, to public garage for more than five

motor vehicles and motor vehicle repair shop—no collision or body work; and

WHEREAS, the applicant states that these premises have been occupied as a public garage for over 32 years and during this period the character of the neighborhood has deteriorated rather than improved; that there is not a great need for the parking or storage of cars or trucks; that the repair work proposed will in no way affect the exterior of the building; that the volume of anticipated work will not be of sufficient magnitude to affect the amount of traffic entering or leaving the building; that as cars and trucks may now enter or leave the building in connection with the present legal use, the proposed additional use will not create a new condition; and

WHEREAS, the applicant contends that the use of the interior of the building for repair work will not adversely affect the neighborhood since it is proposed to omit collision or body work;

WHEREAS, the applicant states that the present owner has held title to the property since November 28, 1957; that the assessed valuation of land is \$4,000 and of the building \$16,000 making a total of \$20,000; that the building was erected in October, 1924.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 19, 1924 by adding thereto:

"that in the event the owner desires to include the use of motor vehicle repair shop, as proposed and as shown on plans filed with this application marked 'Received April 26, 1957,' 5 sheets, and 'November 12, 1958,' one sheet, such use may be permitted on condition that there shall be no collision or body work; that the building and occupancy shall in all other respects comply with all laws, rules and regulations applicable thereto and the requirements of the resolution as adopted under Calendar 1086-23-BZ, Vol. I; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

206-47-BZ—Vol. III

APPLICANT—Joshua Brown, for Anthony Coppola, owner.

SUBJECT—Application reopened April 8, 1958—as Vol. III—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail and residence use district, extension of the use of the present gasoline service station to include an authorized state auto inspection station, minor repairs and parking and storage of more than five cars awaiting service.

PREMISES AFFECTED—167 Olympia Boulevard and 265 Kensington Avenue, northeast corner, Block 3255, Lot 32, South Beach, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

For Opposition: Frank W. Porcaro.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on April 8, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Kensington Avenue and Jerome Avenue are in retail and residence use, D and E-1 area, class 1 height districts; Olympia Boulevard is in a retail use, D area, class 1 height district; Foch Avenue is in a residence use, E-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 19, 1958 acting on Alt. Applic. No. 44-58,

MINUTES

as amended by the decision of the Borough Superintendent, dated October 24, 1958, reads:

"1. Proposed alteration to an existing gasoline service station located in a Retail District is contrary to Art. II, Par. 4 and 4a Section 29 of the Zoning Resolution.

2. Proposed alteration is contrary to Resolution 206-47-BZ, Vol. I and II which did not include state automobile inspection station and auto repairs except body and fender work, parking and storage of more than five motor vehicles.

3. Proposed driveway and curb cuts lying in the bed of a mapped street is contrary to General City Law No. 35."

and

WHEREAS, the applicant states that the premises consist of a plot, 122.65 feet frontage by 133.62 feet in depth, presently occupied as a gasoline service station; that it is proposed to extend the use of the gasoline service station with its accessory uses, to include an authorized State Automobile Inspection Station, by the installation of required equipment and minor repairs, all within the present service building, and the parking and storage of more than five motor vehicles awaiting service; and

WHEREAS, the applicant states that records of the Building Department show that the gas station was erected in 1947 and later altered under Alt. Applic. No. 386-51; that the final Certificate of Occupancy No. 15432, issued December 12, 1957, reads: "Gasoline Service Station, Lubritorium, Car Wash—non automatic, Office and One Car Garage."; and

WHEREAS, the applicant states that the present owner has held title to the property since 1947; that the assessed valuation of land is \$2,100 and of the building \$12,900 making a total of \$15,000; that the building was erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 6, 1947 as thereafter amended through February 28, 1956, by adding thereto:

"that only in so far as it refers to the use of the premises so that this resolution shall also include under section 7i minor repairs with hand tools only and use as an authorized New York State Automobile Inspection Agency with equipment as required therefor and under 7h for the remainder of the term, parking of cars awaiting service as shown on plans filed with this application marked, "Received March 7, 1958," 3 sheets, "September 19, 1958," 1 sheet and "October 23, 1958," 1 sheet, *on condition* that the resolution above cited shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a new certificate of occupancy shall be obtained."

625-58-A

APPLICANT—Joshua Brown, for Anthony Coppola, owner.
SUBJECT—Application October 30, 1958—filed pursuant to section 35, General City Law re proposed driveway and Curb Cuts in bed of a mapped street—proposed widening of Olympia Boulevard.

PREMISES AFFECTED—167 Olympia Boulevard, and 265 Kensington Avenue northeast corner, Block 3255, Lot 32, South Beach, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 24, 1958, reads:

"(3) Proposed driveway and curb cuts lying in the bed of a mapped street is contrary to General City Law No. 35."

and

WHEREAS, the applicant states that the premises consist of a lot 122.65 feet by 133.62 feet, located in a local retail use, D area, class 1 height district, used since 1947 as follows: gasoline service station, lubritorium, car wash, office and a one car garage, 3 persons; that it is now proposed to alter and change use of said service station: gasoline service station, lubritorium, car wash, state authorized automobile inspection station, auto repair, except body and fender work, office, one car garage, parking and storage of more than five motor vehicles awaiting service; and

WHEREAS, the applicant states that this is an appeal of Section 35 of the General City Law which involves the widening of Olympia Boulevard; that there will be no structural changes and the driveway and curb cuts laying in the bed of the mapped street will remain as determined and stated in resolution Volume I of September 28, 1948; that the owner fully agrees that he will receive no compensation award for damages for the portion of the proposed widening when actually or physically taken over by the City, and therefore requests the Board that this appeal be granted; that the widening is a triangle 8.99 feet by 122.65 feet; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on October 24, 1958, Objection No. 3 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the property in the bed of the mapped street as a driveway and for curb cuts from the street to the gasoline station as shown on plans filed with this appeal marked, "Received December 8, 1958," 1 sheet *on condition* that in all other respects the terms of the resolution adopted this day under Cal. No. 206-47-BZ, Vol. III shall be complied with.

199-57-BZ

APPLICANT—Max Siegel Associates, for Abraham Hirschfeld,; owner.

SUBJECT—Application reopened November 25, 1958 for consideration as to extension of time to complete, expired September 18, 1958—decision of the Borough Superintendent, previously granted on condition under section 7h of the Zoning Resolution, permitting in a restricted retail use district, the maintenance of a parking lot for more than five (5) motor vehicles and a frame attendants shanty.

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, on March 18, 1958, this application was granted by the Board on certain conditions, under Section 7h of the Zoning Resolution, to permit in a restricted retail use district, the maintenance of a parking lot for more than five motor vehicles, and a frame attendant's shanty, affecting premises 48-54 East 34th Street, south side, 153 feet east of Madison Avenue, Block 863, Lots 53, 54, 55 and 56, Borough of Manhattan; and

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete

MINUTES

the work, which had expired by time limitation on September 18, 1958; and

WHEREAS, this application was reopened on November 25, 1958 and set for hearing on December 16, 1958 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to January 6, 1959 at 10 A.M. for applicant to file new decision of the Borough Superintendent; and

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated December 11, 1958 acting on amendment to Alt. Applic. No. 45-47, reads:

"1. Inasmuch as time limit to complete the work has expired as per B.S. & A. Cal. #199-57-BZ, this application must be referred back to the Board of Standards & Appeals."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 18, 1958, only insofar as it refers to time within which to obtain permits and complete work so that as amended this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

573-57-BZ

APPLICANT—W. P. LaVallee, for Alexander Lo Re, owner.

SUBJECT—Application July 25, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a G area district, the continuance of an existing garage that encroaches on the required rear and side yards.

PREMISES AFFECTED—85-15 Chevy Chase Street, east side, 103.1 feet south of Grand Central Parkway, Block 9968, Lot 100, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Wm. Paul LaVallee.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Chevy Chase Street, Grand Central Parkway and Wicklow Place are in a residence use, G area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 25, 1957 acting on N.B. Applic. No. 834-50, reads:

"1. Amendment filed May 22, 1957 requesting approval of new 1 story, class # 3 masonry 1 car garage on above premises, located less than 5'-0" from the lot lines in a "G" area District is hereby denied as same is contrary to Article IV Section 16B of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 feet frontage by 98.59 feet and 100.16 feet in depth; and

WHEREAS, the applicant states that the present owner bought this property unaware of a violation; that the Title Company failed to uncover the violation; that the original

builder was served with notice of violation, but failed to rectify condition; and

WHEREAS, the applicant contends that the construction of the garage in violation is of masonry and at least meets requirements of a G-1 zone; that the physical location of the house and driveway is such that any other location of the garage would make the access to it almost impossible and it is believed that this is the reason why it was erected in this manner; that permission is requested that it be allowed to remain in its present location and that a permit be issued for its use; and

WHEREAS, the applicant states that the present owner has held title to the property since 1954; that the assessed valuation of land is \$4,200 and of the building \$21,500 making a total of \$25,700; that the building was erected in 1950; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 as to area to permit the continuance of an existing garage as shown on plans filed with this application marked "Received July 25, 1957", 3 sheets, wherein the garage was shown to be a shorter distance from the lot lines than the five feet required by the Zoning Resolution, namely approximately one foot from the side lot line and from 0.6 foot to 1¾ feet from the rear lot line, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

869-57-BZ

APPLICANT—Hannibal F. Zumbo, for Avanti Realty Corp., owner.

SUBJECT—Application December 3, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—41-49 Tompkins Place, east side, 98 feet, 5 inches north of Degraw Street, Block 326, Lots 7 and 11, Borough of Brooklyn.

APPEARANCES—

For Applicant: Hannibal F. Zumbo.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to December 19, 1958, for inspection and decision; then to January 6, 1959; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Tompkins Place are in a residence use, C area, class 1 height district; Kane Street and Degraw Street are in residence and business use, C area, class 1 height districts; Court Street is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 15, 1957 acting on Alt. Applic. No. 2690-57, reads:

"1. Public parking area for motor vehicles in a Residence use district is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist

MINUTES

of a plot, 82 feet 4 inches frontage by 112 feet 6 inches in depth, vacant and unoccupied, with the exception of a partially demolished brick stable structure at the rear of the lot; that the portion of the lot which will be used for parking will be graded with cinders and suitable binder and will be enclosed with a cyclone wire fence 5 feet 6 inches high, leaving a passageway 8 feet wide along the southerly side as egress from the theatre building; that this passageway will have a paved floor of four inch concrete; that the partly demolished building will be completely removed, the exit stair from the upper floor of the theatre building will be rebuilt and made safe, and the exit on the grade will be improved by erecting a fence which will lead from the exit sidewalk exit gate; that the lot will be cleaned and maintained in a proper manner, thus improving the neighborhood and creating a much needed convenience by the parking facilities; and

WHEREAS, the applicant states that the present owner acquired the property in 1923 and it has been primarily vacant to date; that the lot has been fenced in to keep it clear of debris and closed off to the neighborhood children and trespassers; that the lock on the gate has been broken from time to time and children have entered the property, built fires, and play in the partially demolished building; that this lot is also used as a means of egress for the theatre building at the rear location of the lot; that the present condition of the property is not desirable one, due to the fact that it is used by the neighborhood for dumping garbage on to the lot; that the present conditions of the lot are hazardous for the neighborhood children and for any persons leaving the theatre using the lot as an emergency exit; and

WHEREAS, the applicant contends that this proposed parking lot will alleviate the parking problem in the neighborhood, which is normally filled with cars parked on both sides of the street; that there are alternate parking signs and there is no convenient place for parking in the vicinity; that if a variance is granted, this property will be made safe and clean and will be an asset instead of a detriment to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since November, 1923 and that the assessed valuation of land is \$11,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the occupancy for parking and storage of motor vehicles of the pleasure car type only, as proposed and shown on plans filed with this application marked "Received December 3, 1957", one sheet, and "November 14, 1958", 3 sheets, *on condition* that the premises shall be leveled substantially to the grade of Tompkins Place and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that a fence shall be erected along the rear and southerly sides of the premises as shown on plans above cited to provide an eight foot wide exit passageway for the theatre building at the rear; that the premises shall be enclosed in a woven wire fence of the chain link type not less than five feet six inches except where walls of adjacent buildings occur on the lot lines; that there shall be a gate 16 feet in width, of similar construction to the fence which shall be normally closed when the parking lot is not in operation; that there may be a curb cut opposite such gate not less than 12 feet in width and located in the center of the Tompkins Place frontage, as shown; that suitable bumpers shall be provided for the proper protection of fences and adjacent buildings; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing abutting the prem-

ises shall be repaired or reconstructed to the satisfaction of the Borough President; that there shall be no signs displayed except that there may be a sign attached to the fence at the entrance not extending beyond the building line and not illuminated and not exceeding five square feet stating the rates charged and such other information as shall be required by the Commissioner of Licenses; that the premises shall be properly lighted by two 50 watt bulbs in metal shades with the light thrown only within the confines of this parking lot; that the entrance and exit gate shall be controlled by being normally kept locked, a key for such lock to be provided to each car owner who rents space within the premises on a monthly basis; that there shall be a gate at the Tompkins Place end of the exit passageway from the theatre building as shown on plans maintained in a locked position with an anti-panic bolt; that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

960-57-BZ

APPLICANT—Albert Melniker, for Joseph J. Thomas, owner; Isle Fuel Oil Service Co., under contract to purchase.

SUBJECT—Application December 23, 1957—decision of the Borough Superintendent, under Section 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, car washing, minor motor vehicle repairs with hand tools only, sale of accessories, and parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1400 Bay Street and 5 Fingerboard Road, northwest corner, Block 2864, Lot 57, Rosebank, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over; date to be set; for inspection and decision; hearing closed; then set for December 19, 1958; then to January 6, 1959; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Fingerboard Road and Home Avenue are in a residence use, E area, class 1 height district; Evelyn Place and Bay Street are in retail and residence use, D and E area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated December 18, 1957 acting on N.B. Applic. No. 1247-57, reads:

"1. Proposed gasoline service station, lubricatorium, car washing, minor vehicle repairs with hand tools, sale of accessories and parking for more than five motor vehicles, located in a residence use district, is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 153.54 feet frontage by 154.62 feet in depth; that it is proposed to build the necessary retaining walls on the property lines and to bring the entire property to curb level; that the proposed location of the accessory building will provide good visibility due to the obtuse angle of the corner and the location of pumps and curb cuts will permit easy and comfortable access and circulation within the property; that the proposed layout would not conflict with the traffic pattern; and

WHEREAS, the applicant states that immediately to the west

MINUTES

of the property in question at 35 Fingerboard Road, Block 2864, Lot 74, a gasoline service station, known as Buddy's Service Station, had been in existence, which station has since been demolished; that the location of this proposed station is in an area that is related to several types of use and occupancy; that Bay Street is the main connecting artery between the St. George Ferry, Fort Wadsworth, Tompkins Avenue and the beach front below Fort Wadsworth; that the damage maps for the Narrows Bridge approach and the Clove Lakes Expressway indicate that Bay Street and Fingerboard Road will be feeder roads to the Bridge Plaza and parking areas; that this indicates an increase in the already heavy traffic of Bay Street; that north of the property in question, for the entire length of Bay Street, there exists a continual retail and business development in the immediate area north of Bay Street and Fingerboard Road and is one of retail and business use for the Rosebank community; that west of the property in question is an old residential area which is well filled up and east of the site is the Shore Acres development, a residential community running from Bay Street to the water front; that in the vicinity, there is the entrance to Fort Wadsworth and the U. S. Public Health Service Quarantine Station; and

WHEREAS, the applicant contends that the above indicates a need for this station in respect to the immediate neighborhood and in respect to the heavy flow of traffic on Bay Street; that this has a limited amount of automobile facilities at the present time; that the improvement of this corner as an essential retail automobile need; and

WHEREAS, the applicant states that the present owner has held title to the property since November 19, 1957 and that the assessed valuation of land is \$6,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition, having required a revised plan showing relation of this proposed station to the Narrows Bridge; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as shown on plans filed with this application marked "Received December 23, 1957," 3 sheets, and "December 23, 1958," 2 sheets, *on condition* that the accessory building shall be erected 30 feet by 40 feet and set against the north lot line, as shown on plans above cited; that there shall be five pumps on one island and three on another, all of a low approved type; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that there may be three curb cuts, as shown, to Fingerboard Road and one curb cut to Bay Street, all of the size and location as shown on such plans; that along the westerly lot line there shall be erected a woven wire fence of the chain link type not less than 5 feet 6 inches in height; including a masonry base; that along the northerly lot line, where the rear wall of the accessory building does not occur, there shall be erected a concrete retaining wall, as shown; that there may be a post standard for supporting a sign, which may be illuminated, and advertising only the brand of gasoline on sale, erected at the intersection of the building line of Bay Street and the future widening line of Fingerboard Road; that at such intersection there shall be erected a block of concrete not less than twelve inches in height and extending for a distance of five feet along either building line; that the premises where not occupied by accessory building and pumps shall be surfaced with concrete or asphaltic pavement; that signs shall be limited to the signs shown on the front elevation on the plans above cited; that the accessory building shall be of face brick on all four sides and without cellar; that all temporary signs or advertising devices are excluded;

that under section 7i there may be for a similar term minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under 7h for a similar term there may be parking of cars so parked as not to interfere with the servicing of the station; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; that the premises and the accessory building shall comply with all laws, rules and regulations applicable thereto other than as modified by resolution adopted this day under Calendar No. 342-58-A; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

342-58-A

APPLICANT—Albert Melniker, for Joseph J. Thomas, owner.

SUBJECT—Application May 28, 1958—filed pursuant to Section 35, General City Law re Curb Cuts in bed of mapped street—Fingerboard Road.

PREMISES AFFECTED—1400 Bay Street and 5 Fingerboard Road, northwest corner, Block 2864, Lot 57, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 26, 1958, on N.B. Applic. 1247/57, reads:

"2. Curb cuts located in the bed of a mapped street are contrary to General City Law #35."

and

WHEREAS, the applicant states that the premises consist of a plot 153.54 feet front by 154.62 feet in depth, located in a residence use, E area, class 1 height district, upon which it is proposed to erect a 1 story, 14 foot high, class 3 constructed building, 40 feet front by 30 feet in depth, and to occupy the premises as a gasoline service station with accessory uses as more fully described under application for zoning variance filed under Calendar Number 960-57-BZ; and

WHEREAS, the applicant states that a survey of the site indicates a proposed widening on the Fingerboard Road front of the premises; and

WHEREAS, the applicant requests that the Board grant approval to permit the installation of curb cuts, sidewalks and paving of that portion of the property within the bed of the proposed widening, in accordance with the power vested in the Board under Section 35 of the General City Law; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 1247/57, Objection Number 2 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the curb cuts and drive-ways to be constructed as shown on plans filed with this appeal marked "Received May 28, 1958", 2 sheets, *on condition* that the requirements of the resolution adopted this day under Cal. No. 960-57-BZ shall be complied with, and that all other laws, rules and regulations applicable thereto shall be complied with; that such space as is included in the proposed street widening shall be paved and sidewalk and curbing constructed; that upon acquisition of such space by the City for street widening recompense to the owner shall be in amount as determined by the court.

368-58-BZ

APPLICANT—Samuel Carr, for Ruth Liebow, owner.

SUBJECT—Application June 10, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, car wash, lubritorium, office and sales, motor vehicle repairs and parking of cars awaiting service.

PREMISES AFFECTED—5770 Hylan Boulevard, southwest corner of Seguine Avenue, Block 6699, Lot 1, Princess Bay, Borough of Richmond.

APPEARANCES—

For Applicant: Samuel Carr.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3

Negative 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 5, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; date to be set; hearing closed; then to December 19, 1958; then to January 6, 1959; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hylan Boulevard, Seguine Avenue, Keating Street and Trenton Court are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 3, 1958 acting on N.B. Applic. No. 413-58, reads:

"1. The proposed construction intended for use as a gasoline service station, auto wash, lubritorium, sales space, service parking, motor vehicle repairs (hand tools), located in a residence use district, is contrary to Article II, Paragraph 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 126.71 feet frontage by 113.6 feet in depth, presently vacant; that it is proposed to erect a one story brick and block masonry structure of class 3 construction, with poured concrete foundation supporting masonry walls; that the front, facing Seguine Avenue and Hylan Boulevard, will be of face brick, the remainder walls of smooth cinder concrete blocks, the roof of frame construction and roofers topped with composition roofing; that this structure will contain two bays as space for lubritorium, car wash, office and sales use and merchandise displayed; that there will be a separate space for housing compressor and heater unit, etc., and provision will be made for male and female toilets and rest room, both directly accessible by a pathway outside of this structure; that there will be two separate concrete islands for two pumps each, and four curb cuts; accessory signs, flood and light poles for exterior illumination of plot, provision for interior electric illumination, dwarf brick enclosure walls and landscaping, all as shown on drawings; that standard grading and paving of plot are included, leaving room for cars waiting to be serviced; that ten 550 gallon gasoline tanks are proposed, buried beneath the surface, with one waste oil tank and one fuel oil tank, all for storage and sale of gasoline, merchandising of accessory products, providing and maintaining a gas service station, including minor repairs with hand tools; and

WHEREAS, the applicant states that within the critical circle area shown on plot diagram are scattered about ten one-family homes, and the remainder of this area is entirely vacant land; that for this site, until 1942, for 100 feet parallel to Hylan Boulevard, the use zoning was business, and thus a business building could have been erected on the plot; that since this was changed to residence within the critical area, apparently there have been no new structures of any kind erected; that this area is ahead of the trend of improvement, but in view of the tremendous increase in traffic and business improvement on the easterly

end of Hylan Boulevard, about one mile or so away, the indications are that this site is now ready for a business building; that apparently the change in zoning has retarded this kind of improvement; and

WHEREAS, the applicant further contends that the survey filed herewith shows a stream along the entire southerly border of this plot, which for all practical purposes leaves the owner with a working plot, facing Hylan Boulevard, of about 80 feet in depth; that this not only reduces this plot for a residential improvement, but also limits its value from the real estate standpoint; and

WHEREAS, the applicant states that the present owner has held title to the property since April 3, 1956 and that the assessed valuation of land is \$3,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the applicant withdrew Section 21 as a basis for his application; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 e to permit for a term of fifteen years the premises to be occupied as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as shown on plans filed with this application marked "Received June 10, 1958", 4 sheets, and "December 31, 1958", 3 sheets, *on condition* that the accessory building shall be set back ten feet from the southerly lot line, which ten feet shall be landscaped from the building line of Seguine Avenue to the westerly lot line across the rear of the accessory building and the landscaping shall be returned down the westerly lot line, ten feet in width, to within approximately 15 feet of the building line of Hylan Boulevard; that the accessory building shall be faced with face brick on all four sides; that on the southerly and westerly lot lines there shall be a continuous wall not less than 5 feet 6 inches in height faced with face brick on both sides and returning along Seguine Avenue as shown; that there may be two pump islands each with two gasoline dispensing pumps, located as shown of a low approved type; that gasoline storage tanks shall be restricted to ten 550 gallon approved tanks; that the premises, where not occupied by the accessory building and landscaping, shall be leveled to the grade of the abutting streets and shall be surfaced with concrete or asphaltic pavement, except that at the pumps there shall be concrete mats 20 feet square under each pair of pumps; that curb cuts shall be restricted to two curb cuts to Hylan Boulevard each not more than 30 feet in width, as shown, and one 30 foot curb cut to Seguine Avenue, as shown; that there may be one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, such standard to be set on a concrete curb of five foot radius and not less than twelve inches in height, erected at the intersection of Hylan Boulevard and Seguine Avenue and permitting such sign to extend beyond the building line for a distance of not more than four feet; that other signs shall be restricted to a permanent sign on the front facade of the accessory building and the illuminated globes of the pumps prohibiting all roof signs and temporary signs and advertising devices; that all the landscaping shall be protected by a concrete curbing not less than six inches in height; that under Section 7e there may be motor vehicle repairing for minor adjustments only with hand tools maintained solely within the accessory building; that under Section 7h for a similar term there may be parking of cars awaiting service; that such parking shall be for cars of the pleasure type only; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing abutting the premises shall be repaired or reconstructed to the satisfaction of the Borough President; that the accessory building shall comply with the requirements

MINUTES

of the Building Code and in all other respects the premises and occupancy shall comply with all laws, rules and regulations applicable thereto and shall have no cellar; and that all permits, including a certificate of occupancy shall be obtained, and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 1:50 P.M.

REGULAR MEETING

TUESDAY AFTERNOON, JANUARY 6, 1959, 2 P.M.

Present: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper.

487-58-A

APPLICANT—New York City Transit Authority, for City of New York, owner; New York City Transit Authority, Lessee.

SUBJECT—Application August 15, 1958—Appeal from a decision of the Fire Commissioner re: installation of six Diesel oil tanks.

PREMISES AFFECTED—66-99 Fresh Pond Road, north side of right-of-way, 150 feet east of Fresh Pond Road, Block 3619, Lot 3, Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Thomas H. Normile.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated August 6, 1958, reads:

"Your request of July 2nd for approval of six 5,000 gallon Diesel oil tanks installation is disapproved.

This denial may be used in filing an appeal with the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the premises consists of a plot 252 feet by 500 feet irregular in area, located in an unrestricted use, C area, class 1 height district, upon which it is proposed to erect a 1 story building of class 3 construction, to be used as a bus garage, repair shop and office and to install six 5,000 gallons underground covered diesel storage tanks; and

WHEREAS, the applicant contends that the diesel oil fuel will be used solely for the purpose of servicing buses operated by the New York City Transit Authority; and

WHEREAS, the applicant states that the tanks will be constructed in compliance with the requirements of the Oil Burner Rules of the Board, and will be installed as indicated on plans filed with this appeal, November 25, 1958, 4 sheets; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Fire Commissioner dated August 6, 1958, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the installation of six 5,000 gallon Diesel oil tanks as proposed and as shown on plans filed with this appeal marked, "Received November 25, 1958," 4 sheets, *on condition* that in all respects the installation shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within six months from the date of this action.

658-58-A

APPLICANT—Gerhard E. Karplus, Research Institute for The Study of Man, owner.

SUBJECT—Application November 18, 1958—Appeal from a decision of the Borough Superintendent, re stair enclosure opening on elevator shaft.

PREMISES AFFECTED—162 East 78th Street, south side, 151 feet, 3 inches east of Lexington Avenue, Block 1412, Lot 47, Borough of Manhattan.

APPEARANCES—

For Applicant: Gerhard Karplus.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 20, 1958, on Alt. Applic. 823/58 reads:

"Required stair enclosure may not be opened to an elevator shaft at first floor (one story above street level). 6.4.1.8.2(2) B.C."

and

WHEREAS, the applicant states that the building is 4 stories and basement, 49 feet high, of class 3 construction, erected prior to 1900, used and occupied as a one family residence, located in residence use, B area, class 1½ height district; that the building is provided with a one-source sprinkler system in the stairhalls; that there is a one 3 foot wide wood interior stair enclosed in 1 hour partitions with fireproof self-closing doors; that it is proposed to alter the building and change its use to: Cellar—storage and boiler room; basement—office and library, 10 persons; 1st floor—office and library, 10 persons; 2nd and 3rd floors—duplex apartment; 4th floor—apartment; and

WHEREAS, the applicant proposed to have an 1½ hour elevator door from a 3 hour shaft open into the stair enclosure at basement and 1st floor only; and

WHEREAS, the applicant contends that the installation on the 1st floor vestibule would interfere with floor traffic and reduce stairhall enclosure, without appreciably increasing fire protection, which is being considerably improved over the present installation with new stair and bulkhead to roof, fire retarded enclosure and new sprinklers; that the new use is a two family residence, research library and offices for an approved non-profit philanthropic organization with very low floor occupancy and use; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated October 20, 1958, acting on Alt. Applic. 823/58 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the building to be altered as proposed and as shown on plans filed with this appeal marked, "Received November 18, 1958," 7 sheets, *on condition* that the enclosure of the elevator and stairs shall be as shown on plans; that the stair vestibule, as required by the Building Department, on the first-floor plan may be omitted provided that all elevator doors shall be fire-proofed, self-closing doors and the shaft shall be enclosed in a 3-hour construction from the lowest level to the elevator bulkhead; that the stairs shall be maintained, as shown, with access from the basement floor to the street; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed and a new Certificate of Occupancy obtained within six months from the date of this action.

676-58-A

APPLICANT—T. R. Galloway, for Consolidated Edison Co., of New York, Inc., owner.

SUBJECT—Application November 19, 1958—Appeal from a decision of the Borough Superintendent, re storage tanks below ground, etc.

PREMISES AFFECTED—700-746 East 14th Street, 199-215 Avenue D, 701-745 East 13th Street and 214-228 Ave-

MINUTES

nue C, entire block, Block 383, Lots 1, 5, 9, 21, 27, 29, 31 and 35, Borough of Manhattan.

APPEARANCES—

For Applicant: Nathan C. Horwitz and Joseph R. Fopiani.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 17, 1958, on Misc. Applic. 2923/58, reads:

"1. Comply with the requirements of the Oil Burner Rules (Rule 6.3) requiring that storage tanks outside of buildings, below ground, be buried with the top of the tank not less than two-feet (2') below the natural grade of the surface of the ground.

"NOTE: Tanks are subject to a hydrostatic test of twenty-five (25) pounds per square inch. Rule 10.3.2.1 of the Oil Burner Rules."

and

WHEREAS, the applicant states that the premises consist of a block 676 feet by 206.5 feet in area, located in a manufacturing use, A area, class 1½ height district; that the existing building on the block will be demolished; that it is proposed to construct thereon, three 5,000,000 gallon steel fuel oil storage tanks, extending 5 feet below grade and 20 feet above grade; and

WHEREAS, the applicant states that it is proposed to install three 5,000,000 gallon fuel oil tanks of steel construction for the storage of No. 6 Oil on the block in question, which is adjacent to the owner's generating station known as East River Electric Station, which occupies two blocks on the east side of Avenue C from East 14th Street to East 15th Street and the block east of Avenue D, from East 13th Street to East 14th Street; and

WHEREAS, the applicant states that the fuel oil will be burned in the boilers of the plant for the generation of electricity; that at the present time these boilers burn coal; that the change to partial oil burning is being made to cut down air pollution; and

WHEREAS, the applicant states that the proposed tanks will store about 3 weeks supply of oil; that this capacity is necessary due to the plant's requirements and the necessity of preventing curtailment of service due to failure of deliveries in bad weather, strikes, repairs and unforeseen emergencies; and

WHEREAS, the applicant contends that physical conditions make it impracticable to locate the tanks wholly below grade; that due to underground water at approximately 7 feet below the street grade; that the bases of the tanks will be 5 feet below grade, with a maximum distance of 20 feet between the tops of the tanks and the street grade; that the tanks will be constructed of steel plates with steel bracing, within a concrete enclosure of 24 inch walls, base and roof, the roof being 24 inches above the top of the tanks, and the walls extending 10 feet beyond the horizontal outlines of the tanks; that the space between the tanks and the concrete enclosure will be filled with clean sand; that each tank will be separated from its adjoining tanks by 36 inches of concrete; that the entire plant will be surrounded by a 15 foot high masonry wall; that the tank will be set back from the building line 20 feet on East 14th Street and 44 feet on East 13th Street, Avenues C and D; that the tanks will be cross connected so that the contents of each tank can be transferred to other tanks; that piping, valves, pumps, controls, preheaters, etc., will be of an approved type; that the tanks and piping will be installed and tested to the satisfaction of the Fire Commissioner; that a foamite system acceptable to the Fire Commissioner will be installed for the protection of the tanks; that there will be no exposed piping subject to mechanical injury; that electrical equipment will be of

the latest and safest design; that there are numerous fire alarm boxes and street hydrants adjacent to the premises; that the entire plant will be supervised for safety and compliance with Code requirements by Company personnel, day and night, fully trained in emergency procedures; that franchises will be obtained from the Board of Estimate for piping crossing street to and from the storage tanks; that tanks will be designed for hydrostatic pressure tests of 15 pounds per square inch; that construction will vary between ⅜ inch and ⅞ inch, with stays spaced 24 inches on centers; that to be required to provide a 25 pound per square inch test tank would require an additional approximately ⅛ inch plate thickness as it is not practicable to decrease the spacing of stays because of the clearances required for welding the stiffeners in place inside the tanks; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolution to follow at a later date.

171-46-A—Vol. III

APPLICANT—Larry Meltzer, for Kenneth and Gunhilde R. Carroad, Trustees under Indentures of Trust dated January 10, 1950; Bell Container Corp., lessee.

SUBJECT—Application reopened December 19, 1958 as Vol. III—Appeal from a decision of the Borough Superintendent—construction.

PREMISES AFFECTED—2-41 North 11th Street, north side, 170 feet west of Kent Avenue and 28-66 North 12th Street, Block 2287, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Larry Meltzer and Stanley Z. Nodworny.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 18, 1958 on Alt. Applic. 3339/57, reads:

"1. These premises were the subject of a conditional variance by the Board of Standards and Appeals under Calendar No. 171-46-A under which the arrangement of the premises was accepted "only as long as the building continues in the present occupancy". As its now proposed to change the occupancy the new use should be referred to the Board of Standards and Appeals for consideration."

and

WHEREAS, the applicant states that the building is one story, 15 feet high, 220 feet by 200 feet in area, of class 3 and class 5 construction, erected 1946, located on a lot 400 feet by 200 feet in area, in an unrestricted use, A area, class 2 height district, and used and occupied since 1946 as a sheet metal shop and an occupancy of 100 persons, for which use and occupancy Certificate of Occupancy No. 134285 issued December 31, 1952 against N.B. Applic. 155/46, approved pursuant to variance granted by the Board, July 25, 1947, under Calendar Number 171-46-A, Volume I; that this building is equipped with a partial sprinkler system, it is now proposed to change the use and occupancy to the manufacturing of corrugated paper boxes, 80 persons; and

WHEREAS, the applicant states that the variance granted by the Board, under Calendar Number 171-46-A, Volume I, permitted the existing size of the building on condition, that portion of the building be sprinklered and the variance was granted only so long as the building continued in the occupancy of a sheet metal shop; that the original occupant of the premises has been adjudged a bankrupt and no longer occupies the building; and

WHEREAS, the applicant states that the proposed occupant engaged in the manufacturing of corrugated paper boxes, requires, large continuous uninterrupted floor space for his machinery; that it is proposed to remove the gas fired drying ovens which were the subject of a conditional variance under Calendar Number 573-48-A, and to remove the paints,

MINUTES

lacquers and thinners as well as the spray booths, which were part of the manufacturing process of the former occupant; and

WHEREAS, the applicant contends that the building is isolated by virtue of the large open yard, the site fronting on three streets and a 10 foot open driveway, and thus presents no fire hazard to adjoining property; that the process proposed in the manufacturing of corrugated paper boxes is a clean manufacturing operation, involving no hazardous inflammables; and

WHEREAS, plans filed with this application, marked received November 19, 1958, 3 sheets, indicates that the entire building will be provided with a two-source automatic wet pipe sprinkler system throughout; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 25, 1947, only so far as it effects the sprinkler system and the use of the premises so that as amended this resolution shall read:

"that the manufacture of corrugated paper boxes may be permitted with an occupancy of 80 persons; that a two-source approved sprinkler system complying with the requirements of the Building Code shall be installed throughout the entire building with a 6 inch connection to the 20 inch water main under Kent Avenue and another 6 inch connection with the 6 inch water main in the bed of North 11th Street; that two, 6 inch connections shall be deemed sufficient for the number of heads (490) proposed for this new two-source system throughout the building; that in all other respects the building sprinkler system and other fire-fighting equipment shall comply with all laws, rules and regulations applicable thereto; that all paint spraying apparatus, oven, machinery and equipment for the former use shall be removed from the premises; that the building shall not be increased in height or area; that all requirements of prior resolutions not inconsistent with this *amended* resolution shall be complied with; and that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within six months from the date of this action."

APPLICANT—Lama, Proskauer and Prober, for Anthony Spensieri, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which will expire January 14, 1959—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use district, the erection of a one story masonry building for use as a storage garage for less than five (5) owner's trucks, one 550 gallon gasoline tank and pump, parking and storage of more than five (5) owner's trucks on the open area and maintain the present one story building at the rear of the plot as a two (2) truck garage.

PREMISES AFFECTED—8-22 to 8-30 28th Avenue, south side, 150 feet east of 8th Street, Block 509, Lots 39, 40 and 41, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on January 14, 1958, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 14, 1958 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. App. 1076/57)

831-57-BZ

SUBJECT—Application for consideration—reopening for extension of time to complete and obtain certificate of occupancy, which has expired October 29, 1958—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7h of the Zoning Resolution, to permit in a residence use district, the parking of more than five (5) pleasure type motor vehicles on a plot located within a public housing development for the personnel of an electronic research company

MINUTES

located on the lot abutting the site for a term of two (2) years.

PREMISES AFFECTED—212 Tillary Street, south side, 170 feet and 17½ inches east of Prince Street, Block 2050, part of Lot 1, Borough of Brooklyn.

APPEARANCES

For Applicant: Sol Stone and Harry Stone.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION

WHEREAS, this application was granted by the Board on April 29, 1958, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and obtain a certificate of occupancy.

WHEREAS, the applicant states that the work was completed prior to October 8, 1958; that a certificate of occupancy was filed for prior to October 29, 1958, which was the limiting date of the resolution of the Board adopted on April 29, 1958; and

WHEREAS, such completion of the work did legally qualify the extension of the resolution, according to the provisions of Section 22A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 29, 1958 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. App. 1507/57)

169-58-BZ

LIBRARY OF THE

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the Administrative Official either Borough
Superintendent of Buildings or Fire Commissioner and file
with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

APPLICANT—James E. Vassalotti, for David Katz, owner.

SUBJECT—Application October 3, 1958—decision of the Borough Superintendent, under sections 7f, 7i and 7e of the Zoning Resolution, to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, hand tools only, car washing, storage room, office and sales and parking of cars waiting to be serviced for a temporary term of fifteen (15) years.

PREMISES AFFECTED—138-17 Hillside Avenue and 139-68 to 139-78 Queens Boulevard, northwest corner, Block 9625, Lot 54, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Laid over to February 3, 1959, at 10 A. M. for inspection and decision; hearing closed.

578-58-BZ

APPLICANT—Murray Stockman, for Violet Camack and Gertrude Greenblatt, owners.

SUBJECT—Application October 7, 1958—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, non automatic auto laundry and minor auto repairs with hand tools only for adjustment with incidental parking of motor vehicles awaiting repairs or service for a term of fifteen (15) years.

PREMISES AFFECTED—1085 Morris Park Avenue, northwest corner of Haight Avenue, Block 4130, Lots 33, 34 and 35, Borough of The Bronx.

APPEARANCES—

For Applicant: Murray Stockman and Joseph B. Lynch.

For Opposition: Benjamin F. Nolan.

ACTION OF BOARD—Laid over to February 17, 1959, at 10 A. M. at the request of the applicant to negotiate for the sale of the premises; hearing previously closed.

458-16-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober for West 9th Street Realty Corporation, owner.

SUBJECT—Application reopened June 3, 1958 as Vol. II—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a retail use district, the change in use of the present three buildings from garage and stables to offices, storage, shipping and crating of non-combustibles, manufacture of wood crates for packing on premises, loading and unloading, gasoline storage tank for owners use, two table saws and parking and storage of motor vehicles on the unbuilt upon portion of the plot and a sign on front of building.

PREMISES AFFECTED—17-35 West 9th Street, north side, 163.6 feet east of Columbia Street, Block 534, Lots 35, 36, and 37, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: C. J. Cammarata, N. Y. C. Housing Authority.

ACTION OF BOARD—Application granted on condition.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 3, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for applicant to obtain revised additional objection as to woodworking machinery from the Building Department; hearing closed; then to December 16, 1958, for inspection and decision; then to January 13, 1959, to permit the applicant to report to the Board what he proposes to do to make conditions safe; hearing closed; the premises were inspected by a Committee of the Board, which reported that the one-story building in three sections retains the gasoline equipment and storage of trucks used in the storage business, has a cross cut and rip bench saws and piles of lumber for crates with no mechanical means for removal of sawdust and cuttings, stores large quantities of imported peat moss and carnauba wax and crated material, creating a dangerous condition; the open area proposed for parking is now unused; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 9th Street, Columbia Street, Hicks Street and Huntington Street are in a retail use, C area, class 1 height district; that as of July 25, 1916 the premises were in a business use district, class 1½ height district and class C area district; that on May 18, 1938 the zoning for the premises was changed to residence use district, class one height district and class D area district; that the present retail use designation became effective February 10, 1955 and the present C area designation became effective May 12, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated April 16, 1958 acting on Alt. Applic. No. 531-58, reads:

"1. Proposed change of occupancy to offices, storage, shipping and crating of non-combustibles, and manufacturing of wood crates for packing on premises, loading and unloading and parking and storage of motor vehicles in open area, and gasoline storage tank for owners use, in a building located in a retail use district is contrary to Art. II, Sect. 4A of the Zoning Resolution.

"Note: These premises were subject of a Board of Standards and Appeals variance under Cal #458-16-BZ." and

WHEREAS, the applicant states that the premises consist of a plot, 170 feet frontage by 100 feet in depth, presently developed with three buildings, one story in height, of class 3 construction, connected together with openings in the interior walls and now illegally used for offices, storage, shipping and crating of non-combustibles and manufacturing of wood crates for packing on premises, loading and unloading, gasoline storage tank for owners use and two table saws; that it is proposed to legalize and maintain present uses of offices, storage, shipping and crating of non-combustibles and manufacturing of wood crates for packing on premises, loading and unloading, gasoline storage tank for owners use and two table saws, and add the new use of parking and storage of motor vehicles in the open area; that it is also proposed to legalize the present sign on the front of the building; and

WHEREAS, the applicant states that Building A is one story in height, of class 3 construction, having a frontage of 50 feet, a depth of 100 feet and was last altered under Alt. Applic. No. 8571 of 1921 for use as a private garage and office and installation of oil separator; that Building B is one story in height, of class 3 construction, having a frontage of 30 feet, a depth of 100 feet and was erected under N.B. Applic. No. 2978 of 1915 for use as a stable, and Certificate of Occupancy No. 41718 was issued for said use; that Building C is one story in height, of class 3 construction, having a frontage of 40 feet, a depth of 100 feet and was erected under N.B. Applic. No. 4199 of 1916 and Cal. No. 458-16-BZ for use as a garage for five auto trucks;

that Certificate of Occupancy No. 4318 was issued for said use; that under Permit No. 8320 of 1926 the use was changed to stable for more than five horses and Certificate of Occupancy No. 1411 was issued for said use; and

WHEREAS, the applicant contends that the premises are located in a retail use district, so that the present legal use of the three buildings are now non-conforming uses in a retail use district; that in addition, the site is adjoined on both sides with non-conforming uses of sub-station on lot 29 and garage on lot 43; that West 9th Street, at this point, is unrestricted in character so that the change from one non-conforming use to another non-conforming use cannot possibly affect any of the adjoining properties; that block 535 and block 539, within the affected area, are for the most part zoned unrestricted, which further proves the change of use is in keeping at this point; that the business on the site is run in an orderly fashion and there are no violations on the premises; that the gas tank and pump on the premises are for the owner's use only; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1955, December 31, 1956 and November 25, 1957; that the assessed valuation of land is \$16,600 and of the building \$36,000 making a total of \$52,600; that the buildings were erected in 1915; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted amending the resolution adopted January 16, 1916 to permit under Section 7e for a term of 15 years, in a retail use district, the change in use of the present three buildings from garage and stables, to offices, storage, shipping and crating of non-combustibles, manufacture of wood crates for packing on premises, loading and unloading, gasoline storage tank for owner's use, two table saws and parking and storage of motor vehicles on the unbuilt upon portion of the plot, and a sign on front of building, all as indicated on plans filed with this application marked, "Received May 13, 1958," 7 sheets, on condition that the door openings in the fire-walls between the sections of the buildings shall be protected by 2 one and one-half hour self-closing fireproof doors, on each side of each opening; that the premises shall be maintained in a neat and orderly condition; that all portable fire-fighting appliances shall be provided and maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1187-24-BZ—Vol. III

APPLICANT—New York Telephone Company for same, owner, Harold V. Dixon, General Solicitor.

SUBJECT—Application reopened June 17, 1958 as Vol. III—decision of the Borough Superintendent under Sections 7d and 21 of the Zoning Resolution, to permit in a residence use, E-1 area district, the New York Telephone Company to construct a one-story addition to the two story portion of the Richmond Hill Central Telephone Exchange building.

PREMISES AFFECTED—87-28 109th Street (official 87-28 109th Street) west side, 264.67 feet south of Jamaica Avenue and 87-29 108th Street, Block 9298, Lot 91, Borough of Queens.

APPEARANCES—

For Applicant: Edward Cadley and Joseph B. Klein.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner
Foley and Commissioner Sleeper..... 3
Negative 0
Absent: Chairman Murdock..... 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on June 17, 1958 subject to regular procedure; and

WHEREAS, the public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; laid over to January 13, 1959, for applicant to correct the papers and for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, E-1 area, class 1 height district; 108th Street and 109th Street are in residence and retail use, E-1 area, class 1 height districts; Jamaica Avenue is in a retail use, E-1 area, class 1 height district; that there has been no change in the use or height district designations affecting the premises since July 25, 1916 and no change since that date in the area district designation affecting the premises until October 24, 1957, when it was changed from a C to E-1 area district; that there is no petition pending before the City Planning Commission for any change in these designations; and

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1958 acting on Alt. Applic. No. 40-58, as amended by the decision of the Borough Superintendent, dated November 17, 1958, reads:

"1. Proposed extension to an existing commercial bldg. on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z. R.

2. The setback of the new extension must comply with the requirement in an E-1 district as per Sec. 15-A(c) of the Z. R.

3. The total floor area now exceeds 1.9 times the area of the lot and the additional area due to the extension is contrary to Sec. 15A(e) of the Z.R.

These premises have been the subject of a variance by the Board under Cal. #1187-24-BZ. Secure approval from the Board for the proposed changes."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet and 120 feet frontage by 200 feet in depth; that the existing exchange building has frontages of 87 feet 6 inches and 72 feet on 108th Street and 109th Street, respectively; that the building consists of a three-story and four story section fronting on 108th Street and a two story and four story section fronting on 109th Street; that this application is for permission to construct a third story on the present two story section on 109th Street, which has a width of 30 feet and a depth of 88 feet 8 inches; and

WHEREAS, the applicant states that the original exchange building was erected in 1910, prior to the adoption of the New York City Zoning Resolution, on land acquired by the Company in 1908; that in order to keep up with the growth in the telephone service demand in the area, the Company enlarged the building on four previous occasions, pursuant to Resolutions of the Board, as follows: December, 1919—Cal. No. 865-19-BZ; November, 1921—Cal. No. 1141-21-BZ; December, 1924—Cal. No. 1187-24-BZ; December, 1951—Vol. II; that in December, 1950 the Company purchased additional land adjoining the original premises, to permit the construction of the extension made pursuant to the aforesaid Resolution of the Board adopted in December, 1951; and

WHEREAS, the applicant further states that the building is of fire-resistive construction, with steel framework and reinforced concrete floors and roof; that the exterior masonry walls are faced with red brick and the trim is partially limestone and bluestone; that the proposed addition will be architecturally and structurally in keeping with the existing building; that the necessity for the proposed addition arises from the fact that the estimated further growth in traffic

handled at the Richmond Hill Exchange Building is so great that the building capacity is expected to be exhausted by March, 1960; that present schedules contemplate that the proposed addition can be completed by June, 1959 and the new central office equipment installed by February, 1960; provided that the Company is permitted to proceed with construction at an early date; that the proposed addition will provide space for the additional automatic equipment which will be required to handle the increasing number of incoming calls from Kings, Nassau and Suffolk Counties, including long distance traffic, to Richmond Hill and adjacent areas; that the Richmond Hill central telephone exchange building is the telephonic wire center of an important and rapidly developing area of service demands; that abandonment of this center and establishment of a new one at another location would involve very substantial expenditures for purchase of land, erection of a new building, installation of central office equipment and reconcentration of outside plant; that it would also entail uneconomical duplication and impairment of efficient telephone operation; and

WHEREAS, the applicant also states that with reference to the parking of more than five cars for employees, set forth in Objection No. 1, the Board, in its Resolution adopted in December, 1951, referred to above, granted the applicant permission to use certain open space for such purpose by providing therein that the space approximately 48 feet in width proposed to be unbuilt upon along 109th Street may be occupied for the parking of cars of employees of the building but the space through the side yard to 108th Street shall not be so used; that only the space permitted under this Resolution is being used for the parking of its employees' cars; that with respect to the extension of a commercial building in a residence use district, it is submitted that these objections are largely technical in nature, for the reason that the portion of the residence use district involved herein is already occupied for telephone exchange purposes and the filed plans provide for no construction at ground level, but merely the addition of a third story to an existing building; that with respect to Objection No. 3, the subject property was zoned, since 1916, as a class C area district until 1957; when it was rezoned as a class E-1 area district; that at that time, the floor area provisions of Section 15(e) of the Resolution became applicable to the existing building; that under the circumstances present here, strict enforcement of these provisions would impose not only great practical difficulties, but unnecessary hardships on the New York Telephone Company; and

WHEREAS, the applicant states that the present owner has held title to the property since December, 1950; that the assessed valuation of land is \$33,000 and of the building \$4,882,000 making a total of \$4,915,000; that the building was erected in 1910.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 29, 1924 as thereafter amended by resolutions adopted through December 18, 1951 by adding thereto:

"that in the event the owner desires to construct a one-story extension to the existing two-story building known as the Richmond Hill Central Telephone Exchange Building, as proposed and shown on plans marked "Received, May 16, 1958," 17 sheets; that, such extension may be permitted under Section 7d of the Zoning Resolution *on condition* that all work shall be done according to plans and in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution." (Alt. App. 40-58, Objections 1, 2 & 3.)

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation on April 29, 1953; and

WHEREAS, this application was reopened on December 9, 1958 and set for hearing on January 13, 1959 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 14, 1958 as amended by decision dated January 8, 1958 acting on amendment to Alt. Applic. No. 691-44, reads:

"1. The time limit set by the Board of Standards and Appeals in its amendment of April 24, 1951, the resolution 185-31-BZ has expired. The application cannot be further extended without the approval of the Board."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted April 29, 1952 only as to the time within in which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution; and that in all other respects the requirements of the resolution above cited shall be complied with." (Alt. App. 691-44.)

65-47-BZ

APPLICANT—Sanders and Glazer, for Carmen Pisano, owner.

SUBJECT—Application reopened December 9, 1958 for consideration as to extension of term of variance, expired July 15, 1957—decision of the Borough Superintendent, previously granted on condition under section 7c of the Zoning Resolution for a term of years, permitting in a local retail use district, the extension of existing building and the change of occupancy from three stores and eight families to funeral chapel and seven families and the erection of a garage at rear for five (5) motor vehicles.

PREMISES AFFECTED—54-56 Tompkins Avenue and 712-720 Park Avenue, southwest corner, Block 1739, Lots 38 and 39, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on July 15, 1957; and

WHEREAS, this application was reopened on December 9, 1958 and set for hearing on January 13, 1959 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated November 17, 1958 acting on Alt. Applic. No. 3450-46, reads:

"1. Refer to Board of Standards and Appeals for extension of time under Cal. No. 65-47-BZ. Note: C.O. 130118 expired on July 15, 1957"

and the decision of the Borough Superintendent, dated Jan. 7, 1959 acting on Alt. Applic. No. 3449-46 reads:

"1. Amendment for the purpose of denial to apply to the Board of Standards and Appeals for an extension of the term of variance and a new certificate of occupancy. Note: C.O. 130119 issued August 9, 1951 expired July 15, 1957.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 15, 1947, only so far as it refers to the term of variance so that as amended this portion of the resolution shall read:

"that the term of the variance may be extended for ten years from the date of this amended resolution; and that in all other respects the resolution of July 15, 1947 shall be complied with, and a new certificate of occupancy shall be obtained." (Alt. App. 3450-46)

97-50-BZ—Vol. II

APPLICANT—Julius S. Rapson, for Island Carriers Inc., owner.

SUBJECT—Application reopened October 8, 1957 as Vol. II—re decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a residence use D area district, the erection of loading platform that encroaches on the required rear yard.

PREMISES AFFECTED—150-28 107th Avenue, south side, 203.55 feet west of 154th Street, Block 10130, Lot 20, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Julius S. Rapson and Anthony Mancini.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; laid over to January 13, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 154th Street are in a residence use, D area, class 1 height district; 107th Avenue and Shore Avenue are in residence and retail use, D area, class 1 height districts; Sutphin Boulevard is in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 9, 1957 acting on Alt. Applic. No. 299-56, reads:

"1. Proposed extension of a non-conforming use previously granted by Board under Cal. #97-50-BZ must be returned to Board for reconsideration.

2. Proposed extension of a garage for the storage or more than 5 motor vehicles, offices, storeroom and

MINUTES

gasoline pumps and loading platform in a Residence Use District is contrary to Art. II Sec. 3 of Zoning Resolution.

3. Rear yard must comply with Art. IV Sec. 14 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 108.91 feet frontage by 94.15 feet in depth; that it is proposed to erect a steel and concrete loading platform; and

WHEREAS, the applicant states that on this plot was erected a one story brick and concrete block office and storage building under N.B. Applic. No. 7964-49 and approved by the Board under Cal. No. 97-50-BZ; that a Certificate of Occupancy was issued on January 11, 1952—No. Q-78812; that at the present time there is a wooden covered loading platform that started as a loading platform and then was covered over, and on which Violation No. 218-56 was issued; that a Court summons was issued and was heard in Municipal Term Court in Long Island City, Judge LoPio-collo presiding, and the owner, Mr. Mancini, was fined \$10; that Alt. Applic. No. 299-56 was filed to obtain an approval of a steel and concrete covered loading platform, and to remove the aforementioned violation; and

WHEREAS, the applicant contends that the business of Island Carriers, Inc., is that of a private carrier, picking up freight for storage and re-shipment; that trucks back up to this platform to unload and reload shipments; that as this property is located in a predominantly commercial neighborhood, and as the Board previously approved this use in a residential district, it is requested that this application for a loading platform be granted, as this is a necessary and important part of this business; and

WHEREAS, the applicant states that the present owner has held title to the property since April 30, 1953; that the assessed valuation of land is \$3,500 and of the building \$26,500 making a total of \$30,000; that the building was erected in 1949; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 27, 1950, under Volume I as thereafter amended by resolutions adopted through October 8, 1957, by adding thereto:

"that in the event the owner desires to erect, in a residence use, D area district, a loading platform that will encroach on the required rear yard, such loading platform may be as proposed and as shown on plans filed with this request for amendment marked "Received September 24, 1957", 5 sheets, and "November 14, 1958", one sheet, *on condition* that where not inconsistent with the terms of this amended resolution the requirements of the resolution above cited shall be complied with and that in all other respects all laws, rules and regulations applicable thereto shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution." (Alt. App. 299-56, Objections 1, 2 and 3.)

a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated December 10, 1958 acting on amendment to N.B. Applic. No. 122-56, reads:

"1. As application has expired under 22-A of the Zoning Resolution, obtain extension from the Bd. of Standards and Appeals."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 1, 1955, and as amended through March 27, 1957, only so far as it refers to the time in which to obtain permits and complete the work and secure a Certificate of Occupancy, so that as amended this portion of the resolution shall read:

"that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." (N.B. 122-56)

564-57-BZ

APPLICANT—Simon Cohen, for Ellis Zweier, owner.

SUBJECT—Application July 26, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a G-1 area district, the enlargement of the garage in a two family home that encroaches on the required side yard.

PREMISES AFFECTED—131 Beach 135th Street, west side, 671.21 feet, south of Rockaway Beach Boulevard, Block 775, Lot 41, Rockaway Beach, Borough of Queens.

APPEARANCES—

For Applicant: Simon Cohen and Shirley Zweier.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to December 19, 1958 for inspection and decision, hearing closed; then to January 13, 1959, for decision; no appearance; applicant to be notified; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beach 136th Street, Beach 135th Street and Ocean Promenade are in a residence use, G-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 21, 1957 acting on Alt. Applic. No. 2504-56, reads:

"1. In a G-1 zone there must be 2 side yards of 4'-0" minimum."

and

WHEREAS, the applicant states that the premises consist of a plot, 41 feet frontage by 100.01 feet in depth; that it is proposed to widen the existing garage an additional seven feet six inches, for two car capacity, and construct stairway to garage roof; and

WHEREAS, the applicant contends that this building was planned and erected as a two family house, but at the time of construction it was not mandatory to provide garage space for a second car, for a second family; that the owner lives in one apartment and uses the garage; that he has been having difficulty in renting the second apartment because of lack of garage space for that apartment; that when he leased the second apartment to the present tenant, he promised to widen the garage to make room for another car if he could get permission to do so; that the owner has been paying taxes for a two family house, and since he cannot

always rent the apartment without space for a car, he is losing money; and

WHEREAS, the applicant states that the present owner has held title to the property since October, 1953; that the assessed valuation of land is \$5,500 and of the building \$23,000 making a total of \$28,500; that the building was erected June 1, 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the enlargement of the garage and reduction of the required side yard, as shown on plans filed with this application marked, "Received July 26, 1957," 1 sheet, and "November 10, 1958," 7 sheets, on condition, that the addition shall coincide with the architecture of the existing building; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

432-58-BZ

APPLICANT—Leonard F. Rothkrug, for Harold Pearlman and Isidore Davis, owners.

SUBJECT—Application July 17, 1958—decision of the Borough Superintendent, under Sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station with accessory motor vehicle repairs with hand tools only, lubritorium and car washing—non automatic, and business signs all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—84-16 Parsons Boulevard, northwest corner of 84th Road, Block 9751, Lot 7, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Acting Chairman Kleinert, Commissioner

Foley and Commissioner Sleeper 3

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; laid over to January 13, 1959 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Parsons Boulevard are in a business use, D area, class 1 height district; 84th Avenue and 84th Road are in business and residence use, D and E area, class 1 height districts; 152nd Street is in a residence use, E area, class 1 height district; that the use district zoning has not been changed since July 25, 1916 and no zone change is now pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated May 22, 1958 acting on N.B. Applic. No. 1263-58, reads:

"1. The proposed erection of a gasoline service station, auto laundry (non-automatic), auto repair shop (hand tools only) and lubritorium on a lot in a business district is contrary to Art. 2, Sec. 4(a) items 29 and 46 of the Z.R.

MINUTES

"2. The proposed erection of a ground sign in a business district is contrary to Art. 2, Sec. 4(a) item 49 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 96.03 feet frontage by 96.51 feet in depth, presently vacant; that it is proposed to erect a modern gasoline service station with accessory motor vehicle repairs, using hand tools only, lubritorium and non-automatic car washing; and

WHEREAS, the applicant states that the premises is entirely within a business use district; that the proposed gas station was a conforming use in a business use district at the time of enactment of the Zoning Resolution, and until 1925; that almost 100% of the residence buildings within the affected area were erected before 1925, when the proposed service station could have been erected without a variance; that in fact, the premises adjoin an existing gas station erected before 1925 and subsequently altered and enlarged under a Resolution of the Board; that the premises cannot be economically developed with a conforming use; that a factory use is a conforming use in a business zone; that the neighborhood is not a factory area, nor are there any factory uses along Parsons Boulevard; that Parsons Boulevard is not principally a trucking thoroughfare, and there is no satisfactory labor market; that there is no economic demand for any additional retail facilities; that the neighborhood is almost completely developed and there is no prospect of any substantial increase in population; that existing retail facilities more than adequately provide for the community needs; that several of the existing retail stores are vacant and unrented, and any new stores would only adversely affect the existing stores; and

WHEREAS, the applicant contends that the premises, situated on the west side of Parsons Boulevard, adjoining the existing gas station, is outside of the retail store district; that Parsons Boulevard is one of the most heavily travelled thoroughfares at this site, and there is always a stream of traffic running between Hillside Avenue to the South and Grand Central Parkway to the north; that there is only one gas station in the area and there is an economic need for an additional location; that the premises is zoned business and it is economically unfeasible to develop with residence uses; that the neighborhood was developed more than 35 years ago and even at that time the premises and this intersection was undesirable for development; that the owner of the property on the southeast corner of this intersection also made application for a similar variance—Block 9787, Lot 261—and that corner is presently vacant; that the northeast corner of this intersection is used as a parking lot in connection with the supermarket on Block 9787, Lot 11; and

WHEREAS, the applicant further contends that a grant of the variance will not adversely affect any adjoining property owners; that to the north, Block 9731, Lot 1 is used as a gas station, and to the east the corner is occupied as a parking lot; that at present the site is vacant, and maintenance to prevent it from becoming a dumping ground is almost impossible; that a 5 foot 6 inch solid brick wall is proposed to be erected along the west side lot line, and there are no windows or openings proposed along this west line; that only one curb cut is proposed on 84th Road, and the building is designed so that the station will front on Parsons Boulevard; that only local traffic will use 84th Road and a grant of the variance will not increase this local traffic; that the proposed use is in the nature of a conforming use in that a necessary retail community service is provided; that there is no property within the affected area or within the entire neighborhood which is zoned to permit this vital service; that therefore, it must have been the intention of the City Planning Commission to have the Board grant a variance for this use upon terms and conditions which would protect the neighborhood from any adverse effect; that the proposed use is more desirable than any factory use which would be permitted in a business zone; that the proposed building will occupy only a small percentage of the plot—less than one quarter of the permitted coverage; that it will

permit easy visibility at the intersection and will be only one story in height; that there will be no trucking, loading or unloading, as is customary and permitted in a business zone; and

WHEREAS, the applicant states that the present owners have held title to the property since January 14, 1954 and that the assessed valuation of land is \$12,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 1263-58, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

433-58-A

APPLICANT—Leonard F. Rothkrug, for Harold Pearlman and Isidore Davis, owners.

SUBJECT—Application July 17, 1958—filed pursuant to Section 35, General City Law re premises partly in bed of mapped street—proposed widening of 84th Road.

PREMISES AFFECTED—84-16 Parsons Boulevard, northwest corner of 84th Road, Block 9751, Lot 7, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal withdrawn.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper..... 3

Negative 0

Absent: Chairman Murdock..... 1

ACTION OF BOARD—Appeal withdrawn in view of the action of the Board on Cal. No. 432-58-BZ.

505-58-BZ

APPLICANT—Reginald S. Hardy, for Daniel J. Schaefer, owner.

SUBJECT—Application August 26th, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles for accessory use by patrons of the funeral home and by parishioners of the church across Fourth Avenue—no fee to be charged.

PREMISES AFFECTED—416 42nd Street, south side, 100 feet, east of 4th Avenue, Block 724, Lot 11, Borough of Brooklyn.

APPEARANCES—

For Applicant: Reginald S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; laid over to January 13, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1¼ height district; 42nd Street and 43rd Street are in business and residence use, C area, class 1¼ height districts; Fourth Avenue and Fifth Avenue are in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 18, 1958 acting on Alt. Applic. No. 2583-58, reads:

MINUTES

"1. Temporary accessory parking of motor vehicles for patrons and visitors of Funeral Parlor in a Residence Use District is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet 2 inches in depth, enclosed with a six foot high wrought iron fence, presently vacant, except for three small shacks and shrubbery; that it is proposed to level the premises, surface them with crushed stone or cinders secured by a non-impervious binder and to use them for temporary accessory parking for patrons and visitors of the funeral parlor which the owner maintains on the northeasterly corner of Fourth Avenue and 42nd Street, diagonally opposite the subject premises; that ingress to the premises will be provided by two entrances located where shown on plans; and

WHEREAS, the applicant states that the premises will be used solely for the convenience of patrons and visitors to the funeral home except that the owner has agreed to permit the parishioners of St. Michael's R. C. Church located on the southwesterly corner of Fourth Avenue and 42nd Street to use the premises for the parking of motor vehicles during religious services; that no fee will be charged; that when premises are not in use, the entrances will be securely closed by gates; and

WHEREAS, the applicant further states that the owner has maintained a funeral parlor and undertaking establishment on the northeasterly corner of Fourth Avenue and 42nd Street for a great many years; that during the past few years, it has become increasingly difficult for persons visiting this establishment to find a parking space for their cars; that subsequently the owner was able to obtain title to the site and proposes to use it for the accessory parking of motor vehicles in order to eliminate this inconvenience to the visitors of the funeral home, and also to eliminate a growing parking problem at this point; that the property in question was formerly owned by The City of New York; that apparently it had been obtained with a view to using it for the parking of motor vehicles in connection with the Court House on the adjoining property; that this plan, however, was never consummated and The City ultimately elected to sell the property; and

WHEREAS, the applicant contends that the granting of this application would not adversely affect the owners of any property in the area; that indeed, it will result in affording them an opportunity to park their cars in front of their homes, which they cannot do at all times at present because of the fact that the necessary space has been taken by transient parkers; that the use of the property will be strictly limited to the periods of time during which the funeral home is open or Church services are in progress; that at all other times, it will be closed; that inasmuch as no full time attendant will be required, no provision has been made for the erection of an office or structure for his protection on the property; and

WHEREAS, the applicant states that the present owner has held title to the property since April 15, 1958 and that the assessed valuation of land is \$21,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for the parking and storage of more than five motor vehicles for accessory use limited to cars of patrons of the funeral home and if the parishioners of the Church of St. Michael, no fee to be charged, as proposed and as shown on plans filed with this application marked "Received August 26, 1958", 3

sheets, *on condition* that there shall be a split sapling fence, of the same height and with the saplings facing the dwellings on 43rd Street, applied to the steel picket fence existing on the southerly, or rear, lot line, for the protection of such dwellings against the headlights of the automobiles using the parking lot; that the premises shall be arranged and constructed as indicated on plans above cited; that on the building line of 42nd Street there shall be erected a woven wire fence of the chain link type, as shown, not less than 5 feet 6 inches in height; that there may be two gates in such fence, of similar construction, for entrance and exit, which shall be normally kept closed when the lot is not in operation; that there may be two curb cuts, not exceeding 18 feet in width each opposite such gates; that bumpers shall be maintained to protect fences and walls; that the premises shall be graded and paved with crushed stone or cinders and treated with an impervious binder and properly rolled; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; that in all other respects the premises and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 1:15 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

TUESDAY AFTERNOON, JANUARY 13, 1959, 2 P.M.

Present: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper.

894-54-SM

APPLICANT—Inland Steel Products Co., Milcor Steel Co., owner.

SUBJECT—Application November 12, 1954—Milcor Steel Roof Deck, approval of.

APPEARANCES—

For Applicant: R. C. Findlay.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 894-54-SM

Subject: Milcor Steel Roof Deck.

Inland Steel Products Company Milcor Steel Co., Milwaukee, Wisconsin, filed November 12, 1954, an application with the Board of Standards and Appeals for approval of the material known as Milcor Steel Roof Deck under the provisions of C26-626.0 Administrative Building Code.

Purpose

The material is to be used as an incombustible roof deck.

Description

The roof deck is an incombustible steel roof deck and is designated as Type A, B or C. The type A is manufactured in two widths and two depths. The 1½ inch depth in gauges of 22, 20 and 18 width of 24 inches and the 1¾ inch depth in the same gauges and width of 18 inches. The Type B is 1½ inches deep in gauges of 22, 20, 18, 16, 14 and 12 and width of 24 inches and the Type C is 4½ inches deep in gauges of 18, 16, 14 and 12 and the width is 12 inches.

MINUTES

The section properties of the deck is as follows:

1. Type A—1½ inch	Gauge	Moment of Inertia	Section Modulus
	22	.112	.110
	20	.145	.136
	18	.204	.186
2. Type A—1¾ inch			
	22	.168	.145
	20	.216	.178
	18	.302	.240
3. Type B—1½ inch			
	22	.18	.22
	20	.23	.30
	18	.33	.40
	16	.44	.50
	14	.56	.62
	12	.80	.89
4. Type C—4½ inch			
	18	4.24	1.67
	16	5.45	2.21
	14	6.85	2.89
	12	9.58	4.10

Inspection and Test

The physical properties and the load tables of the sections were checked by physical tests conducted in accordance with the requirements of C26-626.0 Administrative Building Code by the Pittsburgh Testing Laboratory.

Deflection tests were conducted on the following specimens with the following results:

Sect.	Gauge	Theo Def.	Act. Defl.	S. Factor- Act. Load/ Design
A-1½	18	.471	.471	3.48
A-1½	22	.327	.320	3.78
A-1½	20	.300	.295	—
A-1¾	20	.520	.420	—
B-1½	22	.469	.460	2.71
B-1½	18	1.110	0.950	3.19
B-1½	18	1.120	0.930	—
B-1½	16	1.080	1.020	—
B-1½	16	1.042	1.040	3.20
B-1½	14	0.882	0.790	3.68
B-1½	20	0.768	0.640	2.43
B-1½	14	1.520	1.520	—
C-4½	18	0.790	0.790	2.80
C-4½	14	1.520	1.520	3.34
C-4½	18	0.790	0.790	—
B-1½	20 Acoustic	0.556	0.552	2.11

The complete report is on file with and is part of the record.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test is of the opinion that the loads on the Milcor Steel Roof Deck may be computed by accepted engineering formula as recommended by the American Steel Institute in their specifications for the Design of Light Gauge Structural Steel Members and accordingly recommends the approval of Milcor Steel Roof Deck for loads and deflections as calculated by the manufacturer in accordance with the formulas as set forth in the above mentioned manual for use for roof construction when proportioned for roof loads as provided in C26-347.0 when protected with approved roof surface and for use under C26-618.0 where fireproofing protection is omitted by the code from trusses.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

449-57-SM

APPLICANT—The Lincoln Electric Co., owner.

SUBJECT—Application May 22, 1957—Lincolnweld Submerged Arc Welding Process (including machines, welding electrodes and Flux,) approval of.

APPEARANCES—

For Applicant: David Thorsen.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 449-57-SM

Subject: Lincolnweld Submerged Arc Welding Process (including Machines, Welding, Electrodes & Flux).

Lincoln Electric Company, Cleveland, Ohio, filed May 22, 1957, an application with the Board of Standards and Appeals for approval of the Lincolnweld Submerged Arc Welding Process (including Machines, welding electrodes & Flux) under the provisions of C26-178.0, C26-514.0 Administrative Building Code and the Fusion Welding Rules of the Board.

Purpose

A submerged arc welding process where the weld wire is fed by machine to the work and the welding is covered by an agglomerated flux.

Description

The process may be best described by outlining the operation and the characteristics.

A) Operation

A bare electrode wire, coiled on a reel of 60 or 200 pounds, and in diameters ranging from 5/64" to 1/4", and, on occasion, up to 3/8", is fed by mechanically-powered drive rolls continuously into the arc. The speed can be varied, according to the needs of the job. Current is fed to the wire through contact jaws between which the wire passes. These jaws are close to the arc area, so that the current has a relatively short distance to travel, as compared with hand electrodes. This means that currents carried on the wire can be extremely high for a given diameter, as compared to hand electrodes.

An arc is formed between the electrode and the work. The arc is completely covered at all times by the flux, which is deposited continuously, from a hopper, around the wire as it is fed to the work. The arc melts the electrode, the base metal and a quantity of the flux. The molten flux covers the crater as it cools, solidifying into a friable slag.

To weld the joint, either the work can be moved in relation to the automatic welding head, or the head can be moved in relation to the work. In either case, the results are the same.

When the weld is completed, the slag is removed from the weld, and the unfused portions of the flux are cleaned from the joint.

B) Characteristics

The hidden or submerged arc process has several distinguishing characteristics which are responsible for its numerous advantages.

High current densities. Because the current is applied to the electrode so that it has a short distance to travel, relatively high amperages can be used on small diameter wires. This results in extremely high current densities on relatively small cross-sectional areas of electrode. Currents as high as 600 amperes can be carried on electrodes as small as 5/64". This creates a density on the order of 100,000 amperes

MINUTES

per square inch, six to ten times that carried on manual electrodes.

Melt-Off rates. The melt-off rate of the electrode is affected by the electrode material, the flux, type of current, polarity and the length of wire beyond the point where current is introduced. Because of the high current density of the wire, the melt-off rate is very much higher for a given diameter electrode than it would be with hand welding.

Speed. High current densities, high melt-off rates and mechanical operation produce speeds of welding, ranging from 15" a minute on heavy fillet welds in 1" plate to 150" per minute on 12 gauge to 3/4" material. The operation of the process is such that it solves the problem of Fast Follow, as well as providing the optimum conditions of Fast Fill.

Penetration. The high speeds and current densities of submerged arc welding produce deep penetration. Full butt welds can be made in one pass from each side without edge preparation in material up to 5/8" thick. Full penetration fillet welds can be made in material up to 3/4" thick without edge preparation. Because of the large amount of penetration into base metal, even where a groove is used, the joint is largely base metal. Approximately two volumes base metal fused in the joint permits welding many different types of steel with a mild steel electrode. The chemistry of the joint can be controlled through procedure variables and by putting alloys in the flux, through which they are transferred to weld metal.

The electrodes used in conjunction with the process are as follows:

- L-60 — Low carbon steel wire with .12% carbon
- L-61 — Low carbon steel wire with .12% carbon, silicon killed for single pass.
- L-70 — Low carbon steel wire with .14% carbon and .5% moly for high tensile.
- L-18-8 — Chrome Nickel Stainless Steel wire.
- L-201 — Medium Carbon .50% carbon.

The flux used is as follows:

Mild Steel Flux

- 760 — For single pass welds
- 780 — For all applications
- 781 — For high speed welding
- 840 — For multiple pass

Alloy Flux

- St-100 — For Stainless Steel
- H-535 — For Machineable hardsurfacing deposits
- H-545 — For hardsurfacing deposits with high resistance to impact
- H-550 — For hardsurfacing deposits with high resistance to abrasion
- H-560 — For hardsurfacing deposits with highest resistance to abrasion.

Inspection and Test

Specimens welded by this process were tested in accordance with the requirements of the Welding Rules of the Board at the United States Testing Laboratory. Further tests were conducted by the American Bureau of Shipping and the process is accepted by that agency. The reports are on file with and part of the record.

Recommendation

On the basis of the tests and the data filed by the applicant, The Committee on Test recommends the approval of the Lincolnweld Submerged Arc Welding Process (including machines, welding electrodes and flux) as herein described for use in New York City when used under the supervision of a licensed welder experienced in the use of this equipment, with current and polarity as designated by the Lincoln Electric instructions on file with the application as meeting the requirements of the Welding Rules of the Board.

It is further recommended that each machine bear a label permanently affixed reading "Approved by the Board of

Standards and Appeals for use in New York City under Calendar Number 449-57-SM".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

563-57-SM

APPLICANT—Fred G. MacKenzie Co., Agent for Vonnegut Hardware Co., owner.

SUBJECT—Application July 25, 1957—Von Duprin Panic Exit Device, Type NC, approval of.

APPEARANCES—

For Applicant: Robert F. Fall.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 3

Absent: Chairman Murdock 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 563-57-SM

Subject: Type NC Von Duprin Panic Exit Device.

The Vonnegut Hardware Company, Indianapolis, Indiana, filed July 25, 1957, an application with the Board of Standards and Appeals for approval of Type NC Von Duprin Panic Exit Device for use in New York City under the provisions of C26-178.0B.

Purpose

Locking Mechanism for Exit Doors to permit egress at all times by pressure on crossbar.

Description

This is an assembly of concealed panic hardware for single or double outwardly swinging exit door. It consists of a hinged bar mounted horizontally on the inside face of the door and supported by two levers. Within the door stile are top and bottom operating rods and door latches, connected to, and operated by the center actuating mechanism. Depressing the panic bar retracts the latch bolts and allows the door to be pushed open. A key-operated cam assembly may be provided to actuate the latch rods from the out side of the door. This device does not prevent operation by means of the inside crossarm.

Inspection and Test

The Type NC Von Duprin Panic Exit Device was tested and approved by the Underwriters' Laboratories. The tests are on file and are part of the record.

Recommendation

On the basis of the test and data filed by the applicant, the Committee on Test, recommends the approval of Type NC Von Duprin Panic Exit Device for use in New York City under the provisions of C26-178.0b of the Administrative Building Code. It was established that the device is constructed of materials suitable for the intended application. The Committee further recommends that each exit device shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals

MINUTES

for use in New York City under Calendar Number 563-57-SM."

651-57-SM

APPLICANT—Rolscreen Co., owner.

SUBJECT—Application August 5, 1957—Pella Wood Folding Door, (interior door or room partitions), approval of.

APPEARANCES—

For Applicant: David R. Keegan.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner
Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 651-57-SM

Subject: Pella Wood Folding Door.

Rolscreen Company, Pella, Iowa, filed August 5, 1957, an application with the Board of Standards and Appeals for approval of Pella Wood Folding Door under the provisions of C26-667.0.5 of the Administrative Building Code.

Purpose

Interior door or room partitions.

Description

The doors are of wood, folding, accordion-type suspended from a track at the head. There are no guides or tracks at the floor. All spring hinges are concealed in the closed position.

Track dimensions are 1" x 1" and have a corrosion-resistant coating and no less than 20 gauge in thickness. Hanger assemblies and bearings are all-nylon construction. Hangers are installed on alternate panels. Panels are kiln-dried lumber, glued-up block cores faced with veneers bonded with waterproof plastic glues. Panels are $\frac{3}{8}$ " thick and $3\frac{5}{8}$ " wide.

All metal parts are either stainless steel or plated with suitable corrosion-resistant coatings. Spring hinges made of .024 hard drawn high basic spring wire, galvanized before drawing, and $\frac{5}{32}$ " in diameter.

Doors have wood head mould to conceal the track and jamb mould for jamb closure.

Available in Pine, Birch, Oak and Philippine Mahogany.

Inspection and Test

Details of construction were examined by Assistant Engineer John A. Darts, Committee on Test.

The inspection was made at the Board of Standards and Appeals.

Recommendation

On the basis of the examination and data submitted by the applicant, the Committee on Test recommends that the Pella Wood Folding Door be approved for use in New York City when installed in accordance with this report and the requirements of C26-667.0.5 of the Administrative Building Code. The Committee on Test further recommends that

the Pella Wood Folding Door can be used in buildings 150 feet in height or less as wood is not fireproof and that the material be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City, under Calendar Number 651-57-SM."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

226-58-SA

APPLICANT—Power-Flame Division Inc., for Siemon Manufacturing Company, owner; George Darche and Associates, agent.

SUBJECT—Power-Combimatic Combination Gas-oil Burners, Models FGO-400-BE, FGO-700-BE, FGO-1000-BE, FGO-2200-BE and FGO-3000-BE, FGO-3500-BE, approval of.

APPEARANCES—

For Applicant: George R. Darche.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner
Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: Calendar Number 226-58-SA

Subject: Power Combimatic Gas-Oil Burner, Models FGO-400-BE, FGO-700 BE, FGO-1000 BE, FGO-2200 BE, FGO-3000 BE, FGO-3500 BE.

Power-Flame Division Inc., Simeon Manufacturing Company, Grandview, Missouri, filed April 14, 1958, an application with the Board of Standards and Appeals for approval of the appliance known as the Power Combimatic Gas Oil Burner, Models FGO-400-BE, FGO-700-BE, FGO-1000-BE, FGO-2200-BE, FGO-3000-BE and FGO-3500-BE under the provisions of the Oil Burner Rules of the Board and Article 12, Chapter 26, Administrative Building Code.

Purpose

The appliance is a combination gas-oil burner for domestic, commercial and industrial installation.

Description

The appliances are conversion gas-oil burners consisting of a gun-type pressure atomizing oil burner in combination with a power type gas burner and are suitable for installation in hot water or steam boilers or warm air furnaces.

The approximate firing rates range from 1.0 to 3.0 gallons per hour of No. 2 oil or 150-400 C.F.H. 1000 Btu gas to 20.0-25.0 G.P.H. or 2800-3500 C.F.H.-1000 Btu gas.

The appliance is equipped with separate and individual mounted and wired transformers so that there will be separate ignition of both fuels.

The appliance is so designed that when the fuel selector switch or relay calls for a change of fuel, power circuit of the electronic relay is broken causing it to recycle to starting position. This insures that only one fuel valve will be open at a time.

During gas firing, in case of flame failure, the main valve closes within 1 to 4 seconds and one attempt of relight is made. If pilot is not ignited within 15 to 30 seconds, pilot valve closes, gas ignition is shut off and motor stops. Manual reset of electronic relay is required.

MINUTES

During oil firing, in case of flame failure, one attempt to relight is made if fire is not established within 15-30 seconds, oil valve closes, oil ignition is shut off and motor stops and manual reset of the electronic relay is required.

Inspection and Test

Details of construction were examined by Ass't Engr. J. A. Darts, Committee on Test. The appliance has been approved by the Underwriters' Laboratory under MP 1836.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test, recommends the approval of the Power Combimatic Gas-Oil Burner, Models FGO-400 BE, FGO-700 BE, FGO-1000 BE, FGO-2200 BE, FGO-3000 BE and FGO-3500 BE for use in New York City in domestic, commercial and industrial installations when installed and operated in accordance with the requirements of the Oil Burner Rules of the Board and Article 12, Chapter 26, Administrative Building Code on condition that when oil fired, the oil used shall not be heavier than No. 2 fuel oil and further that each appliance bear a label, permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 226-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

263-58-SA

APPLICANT—Philips Electronics Inc., owner.
SUBJECT—Application April 18, 1958—Norelco Gas Liquefier, Model 42149, approval of.

APPEARANCES—

For Applicant: Joseph Meisler.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner
Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 263-58-SA

Subject: Norelco Gas Liquefier, Model 42149, approval of.

Philips Electronics Inc., Mount Vernon, N. Y., filed April 18, 1958, an application with the Board of Standards and Appeals for approval of the Norelco Gas Liquefier, Model 42149 for use in New York City under the provisions of C26-191.0 and C19-90.0 Administrative Code.

Purpose

An appliance for liquefying air.

Description

The Norelco Gas Liquefier produces liquid air by the use of helium or hydrogen gas as heat transfer medium in a single cylinder water cooled machine. The gas to be liquefied—air—does not pass through the working parts of the system but condenses to liquid on the surface of the cold cylinder head made so by the expansion of the helium or hydrogen gas within it.

The cylinder houses a working piston and an insulated displacer piston and both are coupled to a single two throw crankshaft by separate connecting rods. The crankshaft thus

produces harmonic motions of the two pistons but not in exact phase and they alternately compress and expand the heat transfer medium.

The displacer divides the space above the piston into two sections; the lower area between the spacer and piston being the compression space and the upper area between the spacer and cylinder head being the expansion space. Both areas are connected by an annular channel containing three heat exchangers; a water cooled coil, a regenerator packed with a fine copper wire mesh, and a freezer head. The gas medium—hydrogen or helium depending on availability—is transferred from the compression space to the expansion chamber and back again by the motion of the displacer. The medium is pumped through the cooler and regenerator giving up heat in its passage to the cylinder top where it is then expanded. As the gas expands it absorbs heat from the cylinder head cooling it sufficiently to cause air coming in contact with the head to liquefy.

The expanded gas—helium or hydrogen—is returned to the compression space through the operation of the spacer piston by way of the regenerator and begins another cycle. Power is supplied to the crankshaft by means of a 10HP induction motor, 220/440 volt 3 phase current.

The head of the cylinder is surrounded by a series of copper vanes arranged in baffle formation. Air at atmospheric pressure is drawn in through a side opening in an insulated metal cover which is secured over the vaned head. Moisture and carbon dioxide are condensed on the vanes and solidified before the air is liquefied. The liquid air is collected and run off into an insulated storage flask. The solidified moisture and dry ice, when excessive, are removed by defrosting with warm air.

The capacity of the system is approximately 5 quarts of liquid air per hour. The system is charged from a standard I.C.C. cylinder with either helium or hydrogen at a pressure of 250 psi, which is equivalent to approximately 5 grams of helium or 10 grams of hydrogen. Operating pressures are approximately 450 psi on the high side and 210 psi in the crankcase. Water consumption is approximately 3 to 4 gallons per minute depending on its temperature.

A minimum and maximum gas pressure switch is provided to stop the operation if gas pressure should be inadequate or excessive. An oil pressure switch would similarly act if oil pressure should fail. A flow switch is installed in the water line which prevents the system from operating unless sufficient water is flowing. Its minimum setting is 2 gal. per minute.

Inspection and Test

A typical unit was inspected at 750 So. Fulton Avenue, Mount Vernon, N. Y. by Ass't. Engr. G. F. Sklenarik, Committee on Test. Present was Mr. J. Suissa, representing the applicant.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Norelco Gas Liquefier, Model 42149 for liquefying air when installed and operated in accordance with this report, the requirements of Article 17, Chapter 19, Administrative Code, and the Electrical Code of the City of New York and provided that each liquefier bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 263-58-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 302-58-SM

Subject: Interboro Cast Iron Incinerator Hopper Door, Model HD-1.

Interboro Incinerator Company, Brooklyn, New York filed May 15, 1958, an application with the Board of Standards and Appeals for approval of the material known as Interboro Cast Iron Incinerator Hopper Door Model HD-1.

Purpose

The material is to be used as a one and one half hour fire resistive incinerator hopper door.

Description

The door consists of a cast iron frame and cast iron door. The door is hung to open outwardly on a tension spring hinge at the bottom mounted on a 5/16 inch hinge pin. Attached to the interior of the door is a hopper lining of 14 gauge steel sheet and closure plate arranged to close the opening in the incinerator shaft by gravity when the door is in the charging position. The shaft side of the door is insulated with a 3/8 inch sheet of fibrous felted asbestos board covered with the 14 gauge hopper lining. The door is equipped with an Artic type pull handle.

Inspection and Test

The door was tested at Protexol Laboratories in accordance with the requirements of C26-610.0 Administrative Building Code. At 30 minutes the transmitted temperature was 260°F which was well below the limiting maximum of 650°F. The door also successfully passed the hose stream requirements. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, The Committee on Test recommends the approval of the Interboro Cast Iron Incinerator Hopper Door, Model HD-1 for use in New York City under the provisions of C26-701.0.b Administrative Building Code, when constructed as herein described and in accordance with Drawings marked Rec'd. May 15, 1958, on condition that the appliance bear a label permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 302-58-SM".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 459-58-SA

Subject: Turbo-Heat Power Gas Conversion Burner, Models PBS-185 and PBS-210, approval of.

Ribelle Perotto for the Barber Manufacturing Company, Cleveland, Ohio, owner-manufacturer, filed July 29, 1958 an application with the Board of Standards and Appeals for approval of the Turbo-Heat Power Gas Conversion Burner, Models PBS-185 and PBS-210 for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired conversion burners.

Description

The Turbo Heat Power Burners consist of an assembly of 8 small gas orifices mounted in a circular inlet ring aligned concentrically with 8 individual venturies. These are installed within a blast tube along with a pilot and thermocouple. Blast tubes are available in lengths of 6 inches to 15 inches.

The rest of the burner assembly consists of a relay assembly, propeller fan and drive for combustion air with centrifugal switch, an air shutter and a steel housing designed for flange or pedestal mounting. Automatic gas valve and a pressure regulator are provided.

The centrifugal switch will keep the gas valve closed unless the fan is running at rated speed. The safety pilot will shut off gas supply in case of pilot flame failure.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test. A burner was inspected at premises 1581 Bushwick Avenue, Brooklyn, New York.

The PBS-185 rated at 185,000 Btu input and the PBS-210 rated at 210,000 Btu input, were tested and approved by the American Gas Association for natural gas.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Turbo-Heat Power Gas Conversion Burner, Models PBS-185 and PBS-210 for use in New York City when installed in accordance with this report and the provisions of Article 12, Administrative Building Code provided that each burner shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 459-58-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 460-58-SA

Subject: Gun-Heat Gas Conversion Burner, Models IN-5-A, IN-9-A and IN-15-A, approval of.

Ribelle Perotto for the Barber Manufacturing Company, Cleveland, Ohio, owner-manufacturer, filed July 29, 1958 an application with the Board of Standards and Appeals for approval of the Gun-Heat Gas Conversion Burner, Models IN-5-A, IN-9-A, IN-15-A for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired conversion burners.

Description

The Gun-Heat burners are inshot type burners consisting of a venturi burner tube with pilot light and thermocouple installed within a steel blast tube. Primary combustion air is supplied to the venturi tube through an adjustable air shutter and secondary air to the blast tube through an adjustable air door on the underside of the burner assembly. A stainless steel flame spreader is installed before the blast tube.

Controls consist of a shut off valve, pressure regulator and automatic gas valve which will shut off the gas supply in case of pilot flame failure.

These burners may be pedestal mounted or flange connected to the boiler or furnace; three lengths of blast tubes are available, 4 $\frac{3}{8}$ ", 7" and 13 $\frac{1}{2}$ ".

The Model IN-5-A is rated at 65,000 to 150,000 Btu per hour input, the IN-9-A at 50,000 to 190,000 Btu per hour and the IN-15-A at 120,000 to 250,000 Btu per hour.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test. A typical burner was inspected at premises 1581 Bushwick Avenue, Brooklyn, New York.

These burners were tested and approved by the American Gas Association.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Gun-Heat Gas Conversion Burner, Models IN-5-A, IN-9-A and IN-15-A for use in New York City when installed in accordance with this report and the provisions of Article 12, Administrative Building Code, provided that each burner shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 460-58-SA."

REPORT OF COMMITTEE ON TEST

RE: Calendar Number 469-58-SM

Subject: Hudson Cement Corporation Portland Cement, Types I & II.

Hudson Cement Corporation, Division of Colonial Sand and Stone, New York, filed July 31, 1958, an application with the Board of Standards and Appeals for approval of the material known as Hudson Cement Corp. Portland Cement, Types I and II under the provisions of C26-312.0 Administrative Building Code.

Purpose

The material is to be used for concrete construction.

Description

The cement is manufactured at the applicants plant in Kingston, New York, and is the product obtained by pulverizing clinker consisting essentially of hydraulic calcium silicates to which no additions have been made subsequent to calcination other than water and/or untreated calcium sulfate.

Inspection and Test

Samples of the cement were identified and the samples were tested by the Jersey Testing Laboratories, Inc., and both Types, I and II meet the requirements of ASTM C150-55. The reports are on file with and are part of the record.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Hudson Cement Corp. Portland Cement, Types I & II, as manufactured at the applicants plant at Kingston, New York, for use in New York City on condition that each bag in which the material is marketed shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 469-58-SM" and when the cement is shipped in bulk the bills of lading shall be similarly marked.

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated December 31, 1957, on Order No. 7978-7, reads:

"1. Discontinue the storage of Matches where a petroleum product is being stored. C19-46.0-b, Administrative Code."

and

WHEREAS, the applicant states that the building is 1 story, 13 feet high, 213 feet by 126 feet in area, class 1 construction, erected in 1957, located in an unrestricted and business use, C area, class 1½ height district, used and occupied since construction; offices, warehousing and shipping of

tobacco products, candy, matches, books, watches and records; garage for more than five (5) motor vehicles, 80 persons, for which Certificate of Occupancy #157439 was issued against N.B. Applic. 79/57; that the building is equipped with a sprinkler, standpipe and fire alarm systems; that regular monthly fire drills are maintained; and

WHEREAS, the applicant states that 200 cases of matches and 100 dozen cans of lighter fluid are kept on the premises; that it is proposed to keep the matches on wooden pallets near the south west corner of the building, each case has 2500 books of 20 matches each; that the lighter fluid will be moved to a separate room, located at the south east corner of the building, this room is built of 4 inch cinder block, 1½ hour fireproof door; that this room will be vented through the roof; that the lighter fluid is in 4 ounce cans approved by the New York Fire Department; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted on condition.

Resolved, that the decision of the Fire Commissioner dated December 31, 1957, acting on Order No. 7978-7 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the fuel used to fill cigar and cigarette lighters be stored in small cans in a fire-proof vault constructed in the southeast corner of the building, as shown on plans filed with this appeal marked "Received November 28, 1958," two sheets; that this vault have fire-proof self-closing doors; that the electric lighting system, including switches, outlets, etc., be made explosion-proof in the vault; that the fire alarm wires on the inside of the outer wall of the building where this fireproof vault exists shall be protected by incombustible boards and the existing combustible masonite boards, shall be removed; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

461-58-A

APPLICANT—Jacob Berman, for John Zengal, owner, Rego Forest Service Station Inc., Lessee.

SUBJECT—Application July 29, 1958—filed pursuant to section 35 General City Law re premises partly in mapped street, Nansen Street.

PREMISES AFFECTED—69-01 Woodhaven Boulevard, northeast corner, Block 3178, Lot 67, Forest Hills, Borough of Queens.

APPEARANCES—

For Applicant: Jacob Berman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner

Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 2, 1958, on Alt. Applic. 2518/57, reads:

"1. The proposed erection of an auto laundry which is partly in the bed of a mapped street is contrary to Art. 3, Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consists of a lot 154.83 feet by 112.89 feet irregular, located in a business and residence use, C area, class 1 height district, upon which there exists a 1 story, 16 foot high, class 3 building, 93.39 feet by 34.95 feet in area, used and occupied as a gasoline service station for which Certificate of Occupancy No. 55668 was issued against N. B. Applic. 801/36; and

MINUTES

WHEREAS, the applicant states that it is proposed to extend the present building by constructing a one story, class 3 addition, so that the total area of the new building will be 110.11 feet by 39.32 feet; that the new extension will be used for an automatic auto laundry; that all these uses are more fully stated in Calendar Number 10-58-BZ; that the proposed addition will encroach upon the proposed mapped street, Nansen Street; and

WHEREAS, the Board has been advised by the Borough President of Queens that Nansen Street is indicated at a width of 60 feet on Section 44 of the Final Maps of the Borough of Queens adopted by the Board of Estimate And Apportionment on July 2, 1914; that title to this street has not yet been acquired by the City and there is no proceeding now pending to acquire title.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 2518/57, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the proposed erection of an auto laundry partly in the bed of the mapped street on the premises as shown on plans filed with this appeal marked, "Received July 29, 1958," 7 sheets, *on condition* that all the requirements of the resolution granted under Calendar Number 10-58-BZ on July 22, 1958 shall be complied with; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that if part of the premises in the bed of the mapped street is acquired by the City for street purposes, the Court shall determine the amount to be paid the owner for the land and building so taken.

2-48-BZ

APPLICANT—Samuel Gottesman, for Greystone Garage Corporation, owner.

SUBJECT—Application for consideration—reopening for extension of term of variance which has expired January 12, 1959—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7h of the Zoning Resolution, permitting in a residence and business use district, for a term of years, the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—724-748 East New York Avenue, south side, 273 feet 1 inch east of Albany Avenue and 661-671 Maple Street, Block 4795, Lot 21, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles C. Vail.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 9, 1948, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on January 12, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 9, 1948 as thereafter *amended* by resolutions adopted through January 12, 1954 only so far as it refers to the term of variance, so that as *amended* this portion of the resolution shall read:

“... granted under Section 7, Subdivision h for a term of five years from the date of this *amended* resolution, to permit; that other than as herein *amended* the resolutions above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution and a new certificate of occupancy obtained.” (N.B. App. 1775/47)

RULES

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*

MINUTES

A public hearing was held on the following application at the regular meeting of January 6, 1959 at 2 P.M., at which time the application was acted upon by the Board. The resolution is printed below.

676-58-A

APPLICANT—T. R. Galloway, for Consolidated Edison Co., of New York, Inc., owner.

SUBJECT—Application November 19, 1958—Appeal from a decision of the Borough Superintendent, re storage tanks below ground, etc.

PREMISES AFFECTED—700-746 East 14th Street, 199-215 Avenue D, 701-745 East 13th Street and 214-228 Avenue C, entire block, Block 383, Lots 1, 5, 9, 21, 27, 29, 31 and 35, Borough of Manhattan.

APPEARANCES—

For Applicant: Nathan C. Horwitz and Joseph R. Fopiani.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3

Negative: 0

Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 17, 1958, on Misc. Applic. 2923/58, reads:

"1. Comply with the requirements of the Oil Burner Rules (Rule 6.3) requiring that storage tanks outside of buildings, below ground, be buried with the top of the tank not less than two-feet (2') below the natural grade of the surface of the ground.

"NOTE: Tanks are subject to a hydrostatic test of twenty-five (25) pounds per square inch. Rule 10.3.2.1 of the Oil Burner Rules."

and

WHEREAS, the applicant states that the premises consist of a block 676 feet by 206.5 feet in area, located in a manufacturing use, A area, class 1½ height district; that the existing building on the block will be demolished; that it is proposed to construct thereon, three 5,000,000 gallon steel fuel oil storage tanks, extending 5 feet below grade and 20 feet above grade; and

WHEREAS, the applicant states that it is proposed to install three 5,000,000 gallon fuel oil tanks of steel construction for the storage of No. 6 Oil on the block in question, which is adjacent to the owner's generating station known as East

River Electric Station, which occupies two blocks on the east side of Avenue C from East 14th Street to East 15th Street and the block east of Avenue D, from East 13th Street to East 14th Street; and

WHEREAS, the applicant states that the fuel oil will be burned in the boilers of the plant for the generation of electricity; that at the present time these boilers burn coal; that the change to partial oil burning is being made to cut down air pollution; and

WHEREAS, the applicant states that the proposed tanks will store about 3 weeks supply of oil; that this capacity is necessary due to the plant's requirements and the necessity of preventing curtailment of service due to failure of deliveries in bad weather, strikes, repairs and unforeseen emergencies; and

WHEREAS, the applicant contends that physical conditions make it impracticable to locate the tanks wholly below grade; that due to underground water at approximately 7 feet below the street grade; that the bases of the tanks will be 5 feet below grade, with a maximum distance of 20 feet between the tops of the tanks and the street grade; that the tanks will be constructed of steel plates with steel bracing, within a concrete enclosure of 24 inch walls, base and roof, the roof being 24 inches above the top of the tanks, and the walls extending 10 feet beyond the horizontal outlines of the tanks; that the space between the tanks and the concrete enclosure will be filled with clean sand; that each tank will be separated from its adjoining tanks by 36 inches of concrete; that the entire plant will be surrounded by a 15 foot high masonry wall; that the tank will be set back from the building line 20 feet on East 14th Street and 44 feet on East 13th Street, Avenues C and D; that the tanks will be cross connected so that the contents of each tank can be transferred to other tanks; that piping, valves, pumps, controls, preheaters, etc., will be of an approved type; that the tanks and piping will be installed and tested to the satisfaction of the Fire Commissioner; that a foamite system acceptable to the Fire Commissioner will be installed for the protection of the tanks; that there will be no exposed piping subject to mechanical injury; that electrical equipment will be of the latest and safest design; that there are numerous fire alarm boxes and street hydrants adjacent to the premises; that the entire plant will be supervised for safety and compliance with Code requirements by Company personnel, day and night, fully trained in emergency procedures; that franchises will be obtained from the Board of Estimate for piping crossing street to and from the storage tanks; that

MINUTES

tanks will be designed for hydrostatic pressure tests of 15 pounds per square inch; that construction will vary between $\frac{3}{8}$ inch and $\frac{1}{8}$ inch, with stays spaced 24 inches on centers; that to be required to provide a 25 pound per square inch test tank would require an additional approximately $\frac{1}{8}$ inch plate thickness as it is not practicable to decrease the spacing of stays because of the clearances required for welding the stiffeners in place inside the tanks; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated October 17, 1958, acting on Miscellaneous Application #2923 of 1958, objections 1 and 2 be and is hereby modified and that the appeal be and hereby is granted to permit the installation of the storage tanks for number 6 fuel oil as shown on plans filed with this appeal marked "Received December 10, 1958," one sheet and "January 16, 1959" three sheets *on condition* that all work shall be completed as proposed and in accordance with such plans including removal of existing structures as proposed; that all tank construction, all concrete walls, etc. all foamite and other fire prevention equipment shall comply with all laws, rules and regulations applicable thereto; that any doors in the masonry wall along the building lines of 13th Street, 14th Street, Avenue C and Avenue D shall be provided with 12-inch high concrete sills to prevent oil from escaping onto the sidewalks in case of any accidental spillage in the yard area; that all wiring and electrical equipment shall be of the explosion proof type; that the tanks shall be of the size and thickness necessary and constructed as required for subterranean fuel oil tanks designed to hold any load carried above the surface; that as to objection 2, these tanks shall be subjected to a hydrostatic test of 15 pounds psi before final approval; that all piping shall be covered, not exposed, except where it leaves the ground to be carried over Avenue D by overhead bridge as may be permitted by the Board of Estimate; that the foamite fire extinguishing system shall be as required by the Fire Commissioner; that all piles shall be properly creosoted so that as to comply with the Building Code and the back fill between piles above the water table shall be of inert earth or sand; that a Certificate of Occupancy shall be obtained.

REGULAR MEETING

TUESDAY MORNING, JANUARY 20, 1959, 10 A.M.

Present: Chairman Murdock, Commissioner Kleinert, and Commissioner Foley.

The minutes of the regular meetings of the Board held on Tuesday morning and afternoon January 6, 1959 were approved as printed in the Bulletin of January 13, 1959, Vol. 44, No. 2.

For Applicant: Meyer Kraushaar and Ingram S. Carner.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 17, 1958 after due notice by publication in the Bulletin; laid over; date to be set; Applicant to furnish Board with plans and photographs; then set for January 20, 1959, hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Horace Harding Expressway, North Hempstead Turnpike, 183rd Street and 185th Street are in a retail use, D area, class 1 height district; that as of July 25, 1916 the property was zoned as a business district; that on July 24, 1947 the property was placed in a residence district and the present retail designation became effective on December 29, 1955; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated January 7, 1958 acting on N.B. Applic. No. 1601-57, reads:

"1. Proposed gasoline service station, office, sales and storage of auto accessories, car washing (non-automatic), lubritorium, minor repairs with hand tools only and parking of more than 5 cars waiting to be serviced on a lot in a Retail use district is contrary to Art. 2, Sec. 4-A of the Z.R.

2. Proposed sign and light standard in a retail use district is contrary to Art. 2, Sec. 4-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 98 feet frontage by 98 feet in depth, irregular, presently vacant; that it is proposed to erect a gasoline service station, office, sales and storage of auto accessories, non-automatic car wash, lubritorium, minor repairs with hand tools only and parking of more than five cars awaiting service, for a term of fifteen years; and

WHEREAS, the applicant states that there is an economic demand for the development of the subject premises as proposed, as the property is located along Horace Harding Expressway, which is a wide and heavily trafficked automobile thoroughfare; that the proposed use would not alter the essential character of the neighborhood as the premises is situated in a retail use district; that a grant of the instant application, subject to the numerous conditions and safeguards customarily imposed by the Board, will safeguard adjoining properties to a far greater extent than if the property were to be developed with such conforming uses as drive-in restaurant, refreshment stands, warehouse, bar and grill, limited manufacturing, etc.; that all the foregoing could be established without a variance and without the customary safeguards for the neighborhood; that a grant of this application would not create any traffic hazard, nor create or augment traffic and parking congestion in the area; that the proposed building, being set back more than 40 feet from the Horace Harding Expressway building line and the 185th Street building line, will insure greater traffic safety by giving clear visibility to traffic at the intersection, whereas a conforming use structure could theoretically be built flush to the said building line and partially obscuring the intersection, and thereby endangering traffic; that the proposed gas station would not create any additional traffic but would be supported by the automobile traffic which now exists; that the use of a gas station necessarily requires the crossing of the side walk by automobiles in order to reach the service area; that the proposed use, however, would have no greater effect upon the safety of pedestrians using the crosswalk in front of the premises than if the property were to be devoted to any number of conforming uses which could be unconditionally established and which could likewise involve vehicles crossing the sidewalk and which involve precisely the same, or even greater inconvenience to the neighborhood; that the proposed building and uses would provide more light and ventilation to the area than if the premises were devoted and developed with a conforming use, using the full area coverage permitted, instead of the lesser amount of land coverage proposed by this application; and

WHEREAS, the applicant contends that a grant of this application would do substantial justice in that it would permit the property to be developed in the only beneficial manner for which there exists an economic demand without affecting anyone and without altering the essential character of the neighborhood; that conversely, a denial of this application would be a denial of substantial justice, since it would deny the above mentioned benefits without benefitting anyone intended to be protected by the Zoning Resolution; and

WHEREAS, the applicant states that the present owner has held title to the property since June 18, 1947 and December 10, 1956 and that the assessed valuation of land is \$1,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

MINUTES

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received January 30, 1958", 2 sheets, "June 18, 1958", one sheet, and "December 1, 1958", one sheet, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be constructed and arranged as indicated on the plans above cited; that there shall be no cellar under the accessory building; that the accessory building shall be faced with face brick on all sides and shall be of the design and arrangement and location as shown on plans above cited; that there shall be erected on the lot line of North Hempstead Turnpike continuously from the westerly edge to the intersection with 185th Street and along 185th Street to the building line of Horace Harding Expressway, a masonry wall for a height of three feet with a steel picket fence above to a total height of 5 feet 6 inches, with suitable terminating posts; that such wall along 185th Street may be reduced as to the height of pickets to a total of not less than 4 feet 6 inches; that curb cuts shall be restricted to two curb cuts to Horace Harding Expressway, where shown, each 30 feet in width, with no portion of any curb cut nearer than five feet to a lot line as prolonged; that at the intersection there shall be maintained a block of concrete extending for a distance of five feet along the building line from the intersection not less than twelve inches in height; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line of Horace Harding Expressway; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that along the lot line to the west where masonry walls of adjoining buildings and the accessory buildings do not occur on the lot line; there shall be a woven wire fence of the chain link type to a total height of not less than five feet six inches, including a masonry base, with suitable terminating post at the building line of Horace Harding Expressway shall be erected; that the portion of the premises, where shown, shall be maintained with planting; that there may be an entrance three feet wide in the fence for access thereto for maintenance purposes only; that the balance of the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection within the intersection of Horace Harding Expressway and 185th Street of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend, at right angles to Horace Harding Expressway, beyond the building line for a distance of not more than four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that under Section 7e, for a similar term, there may be parking of cars waiting to be serviced provided such cars are parked in such locations as will not interfere with the servicing of the station; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

129-58-BZ

APPLICANT—Robert J. Crinnion, for Edward T. and Ada McCarroll, owners.
SUBJECT—Application March 6, 1958—decision of the

Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—3510 Putnam Place and 288 East 211th Street, southeast corner, Block 3356, Lot 10, Borough of The Bronx.

APPEARANCES—

For Applicant: Thomas P. Crinnion.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; laid over to January 20, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 211th Street are in a residence use, C area, class 1¼ height district; Perry Avenue is in business and residence use, C area, class 1¼ height districts; East Gunhill Road and Putnam Place are in a business use, C area, class 1¼ height district; and that these designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated February 6, 1958 acting on Alt. Applic. No. 719-57, reads:

"1. Public parking lot for the parking and storage of more than five motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Z. R."

and

WHEREAS, the applicant states that the premises consists of a plot, 97.95 feet frontage by 75.03 feet in depth, irregular; that it is proposed to adequately fence, surface and illuminate the plot; that bumpers will be placed at all interior lot lines; and

WHEREAS, the applicant states that the development of the property for residential purposes is extremely impractical because of the nature of the site; that the various zoning and building law requirements governing residential construction would render the site useless for this type development; that the cost of the house must be regained by rents much higher than could possibly be anticipated, and in addition, mortgage money for residential construction on this plot would be close to impossible to obtain; that on the other hand, because of the construction of a great number of existing apartment houses in the neighborhood in the years past, without off street parking facilities, there exists an urgent need for additional parking facilities for the residents in the area; that the people residing in this neighborhood are subject not only to alternate side of the street parking regulations, but also to complete prohibition of parking on week days for a substantial portion of the day; that these parking regulations are strictly enforced by the Police and Sanitation Departments and are a constant bother to the residents; that further, the nuisance and hazard of cars cruising the neighborhood seeking parking space for visitors to the cemetery, it becomes apparent that there is a need for additional parking facilities; that the proposed parking lot will be used only for tenants on a monthly basis, and will create no hazard due to frequent entering and leaving the area, as compared to a transient facility; and

WHEREAS, the applicant contends that the proposed outdoor parking lot, if granted by the Board, will be made to comply in all respects with the rules of the Department of Buildings relating to the use of vacant land for the parking and storage of motor vehicles; that the variation here sought will not detract from the neighborhood, but only allow the owner to fully and properly utilize his property; that in so doing, the neighborhood will benefit by the elimination of

MINUTES

a weed covered, vacant lot which only tends to accumulate the neighborhood trash; and

WHEREAS, the applicant states that the present owners have held title to the property since March 13, 1935 and that the assessed valuation of land is \$5,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for parking and storage of motor vehicles substantially as proposed and indicated on plans filed with this application marked, "Received March 6, 1958," 3 sheets, and "November 17, 1958," 1 sheet, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of the abutting street and shall be arranged as indicated on such plans; that on all lot lines there shall be erected, where masonry walls of adjoining buildings do not occur, a woven wire fence of the chain link type on a masonry base, not less than 5 feet, 6 inches in total height; that there shall be no opening therein except one for entrance and exit to East 211th Street, where shown, for a width of not over 12 feet; that such opening shall be fitted with a gate of similar construction as the fence with a curb cut opposite of similar width; that the sidewalks and curbing abutting the premises on the street shall be repaired to the satisfaction of the Borough President; that suitable bumpers shall be maintained for protection to all walls and fences; that the surfacing of the lot shall be of clean gravel or steam cinders, treated with a binder and properly rolled; that signs shall be restricted to one sign attached to the fence near the gate, advertising the parking and storage use and rates charges and other information as may be required by the Commissioner of Licenses; that such sign shall not exceed five square feet, shall not be illuminated and shall not extend beyond the building line; that such fire fighting equipment shall be maintained as the Fire Commissioner shall require; that during the term of this variance the premises shall be occupied for no other use than as herein permitted and no building shall be erected; that the parking and storage shall be restricted to cars of the pleasure car type only; that users of parking facilities shall each have a parking space assigned and shall be furnished with a key to the gate; that the premises shall be kept closed except when cars go in and out; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

359-58-BZ

APPLICANT—Paul Friedman, for Rine Realty Corp., Popover Realty Co. Inc., owners; General Outdoor Advertising Co., lessee.

SUBJECT—Application June 4, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, non-automatic car wash, office and sale of auto accessories, minor repairs with hand tools only, parking and storage of cars, pleasure type only, for a stated term of fifteen (15) years.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, then to January 20, 1959, for applicant to file revised plans eliminating the curb cut to Seeley Street; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Terrace Place are in a residence use, C and D area, class 1 height districts; McDonald Avenue is in a residence use, C area, class 1 height district; 20th Street is in a residence use, D area, class 1 height district; that the portion of the property within 100 feet of McDonald Avenue is zoned as a C area district and the remainder is zoned as a D area district; that as of July 25, 1916 the property within 100 feet of McDonald Avenue, then mapped as Gravesend Avenue, was zoned as a business district and the remainder was zoned as a residence district; that on May 10, 1956 the business portion of the property was changed to residence; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated May 22, 1958 acting on N. B. Applic. No. 491-58, reads:

"1. Proposed building and premises, on a plot which is in a residence zone to be used for gasoline service station, lubritorium, non-automatic car wash, office and sales, auto accessories, minor repairs with hand tools only, parking and storage of cars (pleasure type only) is contrary to Article II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consists of a plot, 105 feet 8 $\frac{1}{8}$ inches frontage by 115 feet 3 $\frac{1}{2}$ inches in depth, vacant, except for a billboard advertising sign, erected under Permit No. 216-39; that advertising signs were conforming uses in business use districts until June 28, 1940; that it is proposed to erect and maintain for a stated term of fifteen years a gasoline service station with customary, accessory uses; and

WHEREAS, the applicant contends that the subject premises cannot be developed for any use whatsoever, except as a gas station, so as to yield a reasonable return on the investment; that there is no economic demand for development of the subject site for residential use as the property is situated along McDonald Avenue, which is a heavily travelled automotive thoroughfare and is directly opposite Greenwood Cemetery; that the owners have been unsuccessful in their efforts to sell or develop this property for a conforming residential use; that applications for mortgage financing for new residential construction have been denied by several lending institutions and there is no demand now or in the foreseeable future, for any use whatsoever except for a gasoline service station; that there is an economic demand for development of the site for a gas station as the heavy automobile traffic along McDonald Avenue, which is a deterrent to residential development, makes the property exceptionally desirable for development as proposed herein; and

WHEREAS, the applicant further contends that surrounding properties and the neighborhood would be benefited by the elimination of the existing billboard advertising sign and by the elimination of a debris-strewn, weed-covered lot, unsightly by day and dangerously dark at night; that the proposed development of the property with a parkway type building of brick construction, suitably fenced and landscaped, would substitute an attractive development in place of the existing unattractive conditions; that the adjoining owner to the east—lot 40—would be benefited by the proposed development; that an area of 25 feet by 100 feet,

MINUTES

lying between the adjoining owner's lot and the proposed gas station, would be seeded, landscaped, and enclosed by a chain link fence on all sides except the westerly side, which would be enclosed by the unpierced wall of the proposed building and by a 5 foot 6 inch high brick wall; that the seeded and landscaped area would be unbuilt upon, thus assuring the adjoining owner to the east of more light and ventilation than would be available if the property were developed with a conforming residential building, which could be a multi-storied, multiple dwelling, erected at or near the common lot line; that the adjoining property to the north—lot 5—would be benefited by the proposed arrangement of the subject premises; that the accessory building would be set back 51 feet from McDonald Avenue and a 5 foot 6 inch brick and picket fence wall would be erected along the northerly lot line, extending from the unpierced wall of the accessory building to McDonald Avenue, thus assuring the adjoining owner of more light and ventilation than if the property would be developed with a conforming multi-storied residential building erected at or near the northerly lot line; that the properties opposite the subject premises along the southerly side of Seeley Street would be benefited by the proposed arrangement of the subject premises whereby it is proposed to maintain a 2,500 square foot landscaped and seeded area and to erect a 5 foot 6 inch high brick and picket fence wall along 80 feet 3½ inches of the Seeley Street frontage of the gas station; that the property opposite the subject premises along the westerly side of McDonald Avenue is developed with a cemetery and the proposed use of the subject premises could not adversely affect it; and

WHEREAS, the applicant states that the present owners have held title to lot 1 since December 23, 1955 and to lots 42 and 44 since August 27, 1957; that the assessed valuation of land is \$7,000; and

WHEREAS, the premises and surrounding areas were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and lawful accessory uses substantially as proposed and as shown on plans filed with this application marked "Received June 4, 1958", 3 sheets, "October 24, 1958", 2 sheets, and "November 13, 1958", one sheet, except that the curb cut shown on Seeley Street shall be eliminated and the planting, brick wall and picket fence shall be continued down to the building line of McDonald Avenue; that all building structures and uses shall be removed and the plot shall be graded substantially to the grade of the abutting streets; that the accessory building shall be of the design and arrangement and location as indicated and shall have no cellar and shall be faced with face brick on the front and side to the south; that the rear wall and the side wall to the north may be finished with common brick or block painted to agree in color with the face brick used in the balance of the building; that the accessory building shall comply with the requirements of the Building Code; that in line with the rear wall of the accessory building there shall be erected a brick wall faced with face brick not less than 5 feet 6 inches in height to the building line of Seeley Street; that at the rear of the premises, where shown, the portion of the premises for a depth of 25 feet shall be maintained, seeded, landscaped and unoccupied and protected on the lot line where masonry walls of adjoining buildings do not occur by a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet six inches; that there may be a gate three feet in width in such fence from Seeley Street for access thereto for maintenance purposes; that along the building line of Seeley Street to

the building line of McDonald Avenue there shall be a similar brick wall fence except that it may be constructed of masonry for not less than two feet in height and steel pickets to a total height of 5 feet 6 inches; that along the lot line to the north, where the walls of the accessory building and the masonry walls of the building of the adjoining premises do not exist on the lot line a brick wall and steel picket fence similar to the one hereinbefore required for the street building line of Seeley Street shall be maintained; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line of McDonald Avenue; that gasoline tanks shall not exceed twelve 550 gallon approved storage tanks; that the balance of the premises where not occupied by planting and accessory building shall be paved with concrete or asphaltic pavement; that suitable planting shall be maintained in the places where shown, properly protected with curbing not less than eight inches in height and six inches in width; that curbing and sidewalks abutting the premises shall be reconstructed to the satisfaction of the Borough President; that under Section 7e there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building, for a similar term; that under Section 7h, for a similar term, there may be parking and storage of motor cars of the pleasure type only; that signs shall be restricted to permanent signs attached to the facade of the accessory building facing McDonald Avenue, and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting within the intersection the erection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend, at right angles to McDonald Avenue, beyond the building line for a distance of not more than four feet; that at such intersection there shall be erected within the building line a block of concrete extending for a distance of five feet along either street building line from the intersection and not less than twelve inches in height; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

371-58-BZ

APPLICANT—Joseph Mitchell, for 32 Norfolk Street, Inc., owner.

SUBJECT—Application June 12, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail and residence use district, in an existing three-story and cellar structure, an extension on the 1st floor and the use as a plumbing warehouse and office.

PREMISES AFFECTED—245-247 Madison Street, north side, 95 feet, 3½ inches west of Clinton Street, Block 270, Lot 41, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Mitchell.

For Opposition: C. J. Cammarata, New York City Housing Authority.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinfert and Commissioner Foley	3
Negative	0
Absent: Commissioner Sleeper	1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 25, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; then to January 20, 1959, for applicant to file revised plans showing proposed extension complies with the requirements as to the exits and floor loads; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in local retail and residence

MINUTES

use, D area, class 1 height district; that on July 25, 1916 the premises was located in a business district, on March 1, 1939 it was rezoned to a retail use district and on July 20, 1953 it was rezoned to the present district use; and

WHEREAS, the decision of the Borough Superintendent, dated June 2, 1958 acting on Alt. Applic. No. 772-58, reads:

"1. Proposal to change the use of subject three story, non-fireproof bldg. (located partly in a Local Retail Use District and partly in a Residence Use District) from public bath to storage and shipping is contrary to Art. II Sect. 3 and Sect. 4-c of the Zoning Resol.

2. Proposal to extend subject bldg. on the 1st floor is contrary to Art. II Sect. 3 and Sect. 6(a) of the Zoning Resol."

and

WHEREAS, the applicant states that the premises consist of a plot 49 feet 8½ inches frontage by 100 feet in depth, improved with an ordinary brick type building with cellar and three floors above, erected before 1917 and altered in 1917 under Alt. Applic. No. 206 for use as a police station; that under Alt. Applic. No. 1497-24, the building was altered for use as a public bath, and again altered under Alt. Applic. No. 735-33 to continue the public bath; that the building and fee were sold by the City in 1956, having been vacant for some time, and is still vacant; that the structure has been vandalized and could not be used for anything but a dead storage type without very extensive repairs; that it is proposed to extend the building on the first floor to include 55% of the unoccupied area, which would allow the owner to store the very heavy materials in the new portion directly on the ground; and

WHEREAS, the applicant states that the present owner is now located at No. 32 Norfolk Street and is forced to vacate due to the housing project known as the Seward Park Housing Corporation; that this condition has forced the owner to buy anything he could get to store the plumbing materials that were stored in the Norfolk building; and

WHEREAS, the applicant contends that Louis Greenberg, Inc., have conducted business in this neighborhood for many years and wants to continue offering this service; that the owner is sure that the manner in which he would keep the building would be an advantage to the neighborhood compared with the vacant building which was allowed to deteriorate, and the granting of this appeal for a limited term of years will afford a better exterior condition for the neighbors and help relieve the owner of the hardship of being forced into the street; that the stairs are located in the center section of the building with masonry walls, with no doors at any and all of the openings; that with the single person occupancy, the owner requests that the existing condition continue and be accepted; and

WHEREAS, the applicant states that the present owner has held title to the property since April, 1958; that the assessed valuation of land is \$17,500 and of the building \$7,500 making a total of \$25,000; that the building was erected before 1917; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the Committee recommended that the now unoccupied building should be permitted to be used substantially as proposed subject to conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7 e, to permit the premises to be used as existing and extended as to a first story at the rear for purposes as requested, namely, storage and shipping, substantially as proposed and indicated on plans filed with this application marked, "Received June 12, 1958," 4 sheets and "October 24, 1958," 9 sheets, on condition that the building shall not be further increased in height or area; that in all other respects the building and occu-

pancy shall comply with all laws, rules and regulations applicable thereto including the floor loading as proposed to be reinforced to comply with the requirements; that signs may be permitted on the building as may be necessary and would be permitted for similar building when located in a local retail district; that such fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; laid over to January 20, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 12th Street and Avenue V are in business and residence use, D area, class 1 height districts; Coney Island Avenue and Avenue U are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 2, 1958 acting on Alt. Applic. No. 1849-58, reads:

"10. Proposed change of occupancy of a building, partly in a Business and partly in a Residence Zone, to be used for Auto Show Room, Auto Repairs, storage for more than 5 motor vehicles and Gasoline storage (not for sale), is contrary to Article II, PP. 3 and PP. 4a, subsections 15, 29 and 46 of the Zoning Resolution."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 80 feet 3½ inches frontage by 112 feet 2 inches in depth, one story 14 feet 6 inches in height, of class 3 construction, 80 feet by 110 feet; that Certificate of Occupancy No. 40290 calls for use of sash and door storage, with two employees; that these premises have been operated and owned by members of the same family continuously since 1926; that 100 feet of front length of building is in a business use district and the rear 10 foot length of building is in a residence use district; that it is proposed to change the use of the building as follows: principal use as auto showroom, with minor auto repairs in connection with servicing of cars dealt in by the tenant of the subject building; that it is also proposed to install a gasoline pump to serve tenant's motor vehicles only, and not for sale to the general public, all for a term of fifteen years; and

WHEREAS, the applicant states that only the rear 10 feet of the 110 feet of depth of existing building is in a residence use district; that this building was erected in 1926 as a commercial building and has remained unchanged in area or bulk to this date; that it would not be practical to cut off the rear 10 foot depth of the building to conform to the 110 foot depth of the business use district; that the ceiling of the first floor and the partitions on this floor are all of one hour fire retarded construction; that the principal use of auto showroom is permissible in a business use district; that the light auto repair use requested is to be limited and only for servicing of cars dealt in by the tenant and is considered a necessary accessory use to the auto showroom, which is a permissible use in a business use district; that this is not intended to be a general auto repair shop for the general public, but only for necessary minor servicing of cars on display and to be sold by the tenant; that there will be no body or fender work, no paint spraying, no anvil, forge or acetylene welding or burning; that the work will be done mainly with hand tools, and in no event with any motor driven tools requiring more than one half horse power, such tools being restricted to a drill or grinders; that gasoline storage will be limited to one 550 gallon tank and there will be no gasoline sold to the general public, but will be solely for the use and accommodation of the operation of the premises; that permission for the storage of more than five cars is required for the sale and display of more than five motor vehicles and necessary servicing of same, and it is not intended as a public garage with motor vehicle space for rent to the general public; and

WHEREAS, the applicant contends that the present use of subject premises of sash and door storage has been in continuous use since 1926 to date by members of the same family, who are also the owners; that the income from the present use has been declining steadily for the last few years with financial loss, which indicates that it no longer warrants continuing the present use; that as a result of this increasing loss of income, the owner has made diligent efforts to rent the subject premises for the usual business uses, but to no avail; that it became most apparent that the only logical and reasonable use for this special building is the use requested; and

WHEREAS, the applicant further contends that Coney Island Avenue is a wide, 100 foot thoroughfare that has become increasingly important as an auto thoroughfare; that both sides of Coney Island Avenue, between Avenue U and Avenue V, have gasoline selling stations, open parking lots displaying autos for sale, parking lots and a number of auto repair shops and specialty services for motor vehicles; and

WHEREAS, the applicant also contends that it is good public policy that owners of real estate be helped in getting commensurate returns on old established real estate holdings in the City, so that neighborhoods do not become run down and deteriorate, to the ultimate loss by the City in tax returns; that the City will be benefited in receiving tax increases on a building which is bound to be an asset to the neighborhood which needs the services this building can offer to the motoring public; and

WHEREAS, the applicant states that the present owner has

held title to the property over 25 years; that the assessed valuation of land is \$10,000 and of the building \$18,000 making a total of \$28,000; that the building was erected in 1926; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7 e and i for a term of ten years, to permit the change of occupancy from sash and door storage to auto showroom and auto repairs and storage of motor vehicles substantially as proposed and indicated on plans filed with this application marked, "Received July 15, 1958," 4 sheets, *on condition* that there shall be no additional windows constructed in the rear or side walls opening upon adjoining premises; that the exit door as shown now existing in the rear shall be maintained for exit to the street by means of adjoining Lot 55 to the south, under the same ownership; that such door shall be normally kept closed except when being used for exit purposes; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that there may be within the building, one gasoline pump and one 550 gallon tank for servicing cars being repaired within the building but not for sale to passing motor vehicles; that there shall be no sign advertising such gasoline maintained on the exterior of the building; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified this day under Cal. No. 425-58-A; that the building shall not be increased in height or area; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

425-58-A

APPLICANT—Abraham Farber, for Curb Holding Corp., owner.

SUBJECT—Appeal July 15, 1958 from a decision of the Borough Superintendent, re construction, proximity of Social Club.

PREMISES AFFECTED—2453-2461 Coney Island Avenue, east side, 220 feet, 9 inches north of Avenue V, Block 7343, Lot 57, Borough of Brooklyn.

APPEARANCES—

For Applicant: Abraham Farber and William Berman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-ert and Commissioner Foley	3
Negative:	0
Absent: Commissioner Sleeper	1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 2, 1958, Acting on Alt. Applic. 1849-58, reads:

"11. Area of building to be used for garage, auto repairs and gasoline storage exceeds permitted tabular limits as per 4.2.1 Bldg. Code.

12. Proposed change of use which is within 20 feet of a building used as a social club violates section C19-65.0 subsection 5."

and

WHEREAS, the applicant states that the premises consists of a lot 80 feet 3½ inches by 112 feet 2 inches, average, located partially in a business and partially in a residence use, C area, class 1 height district, upon which there exists a 1 story, 14 feet 6 inches high, class 3 building, erected 1926, used and occupied: sash and door storage—2 persons, for which Certificate of Occupancy #40290 was issued; that the proposed use is: auto show room, auto repairs, storage of more than five (5) motor vehicles, gas tank and pump; and

MINUTES

WHEREAS, the applicant states that the area within the enclosure walls is about 1000 square feet; that the partitions and ceiling are of 1 hour fireproof construction; that the stored motor vehicles are for the show room use only; that minor repairs and servicing is for the cars in the show room; that no body or fender work, no paint spraying, welding, burning or forging will be done on premises; that the principle use is auto show room and is within limits set by Section C26-254.0; that the gasoline is for the emergency use of the cars kept for sale and not for the general public; and

WHEREAS, the social club is a small, one story and cellar cement block building set 4 feet south from our subject building, was used as a one family dwelling until about one year ago, and now is used as a social club for men only, and for not over 35 persons; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated July 2, 1958, acting on Alt. Applic. 1849-58, Objs. 11 & 12 be and it hereby is *modified* and that the appeal be and it hereby is *granted* as to Objection 11 *on condition* that the requirements of the resolution adopted this day under Cal. No. 424-58-BZ shall be complied with, and to withdraw as to Objection 12 in view of the statement that the building adjoining on lot 55, under same ownership, is now vacant and no longer occupied for club purposes; that the building shall not be increased in height or area and during the term of this variance the building shall be used only as permitted by the terms of the resolution adopted this day under Calendar Number 424-58-BZ.

544-58-BZ

APPLICANT—Julian Roth, of Emery Roth and Sons, for 80 Pine, Inc., owner.

SUBJECT—Application September 19, 1958—decision of the Borough Superintendent, under section 19a of the Zoning Resolution, to permit in an unrestricted use, A area district, the erection of a thirty-eight (38) story office building with less than the required number of off-street loading berths.

PREMISES AFFECTED—Block bounded by 78-80 Pine Street, north side, 134-152 Water Street, 172-194 Pearl Street, and 110-134 Maiden Lane, Block 39, Lots 12 to 24 and 26, Borough of Manhattan.

APPEARANCES—

For Applicant: Julian Roth.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Pine Street and Maiden Lane are in an unrestricted use, A area, class 2 and class 2½ height district; Water Street is in an unrestricted use, A area, class 2 height district; Pearl Street is in an unrestricted use, A area, class 2½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 21, 1958 acting on amendment to N.B. Applic. No. 149-57, reads:

"Objection #1—Required number of off-street loading berths must comply with Article IV Section 19-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 179 feet 7¼ inches frontage by 254 plus feet in depth, occupying an entire block bounded by Maiden Lane, Pearl Street, Pine Street and Water Street, and a thirty-eight story office building will be erected thereon, substan-

tially occupying the entire block; that the building will be of fireproof construction and will be occupied as follows: cellar—garage, utilities and storage; first floor—garage, stores, lobby and loading berths; mezzanine—garage; second to 38th floors—offices; tower level No. 1—storage, superintendent's office, men's and women's toilets and locker rooms; tower level No. 2—mechanical equipment room, fan rooms and storage; tower level No. 3—fan rooms, elevator machine room; that it is proposed to provide only three loading berths, which would conform to the Zoning Resolution for an A area district except as to number of berths; and

WHEREAS, the applicant further states that attached to this application is a calculation for loading berth requirements; that this calculation was made in accordance with the rule to supplement Section 19A of the Zoning Resolution, as adopted by the Board on July 11, 1958, effective August 11, 1958; that the computation indicates that there are 796,282 square feet in the building to be used as the basis for computing the number of loading berths; that inasmuch as this building is located in an A district, the Zoning Resolution would require four loading berths; that generally, on the Zoning Map it will be found that unrestricted use district and A area districts are in the same location; that this is particularly applicable to Manhattan; that in the case of the proposed building, although the building is located in an unrestricted district, its use is that which might well be found in a retail or business use district; and

WHEREAS, the applicant contends that the loading berths have been placed on the Pine Street frontage and are 50 feet from the intersection of Water Street, which is the minimum distance permitted from a corner in accordance with Paragraph 19-A (f) (3), location of access; that in addition to the larger lobby at Pearl Street, an examination of the first floor plan will indicate a corridor running through the building from Maiden Lane to Pine Street; that if another loading berth were installed, it would have to be on the other side of the corridor or on Water Street or Maiden Lane, in which event the loading berth would have no connection to the service elevators, and would therefore serve very little useful purpose; that the building has been designed for stores on the first floor and general office use in the upper portion of the building; that this general type of usage is not one that requires deliveries to and from the building in any volume that the three loading berths now indicated would not provide for; and

WHEREAS, the applicant states that the present owner has held title to the property since May, 1958; that the assessed valuation of land is \$900,000 and of the building \$100,000 making a total of \$1,000,000; that the building is to be erected; and

WHEREAS, in the opinion of the Board, while this proposed building is zoned for unrestricted use it is actually the type of use which is normally in a business or retail district, and the more restricted requirements of the zoning law as to loading berths should not apply with the same force as in a building which is in unrestricted district and used for unrestricted purposes; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 19A, Subdivision j of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 19A Subdivision j to permit the loading berths as proposed and indicated on plans filed with this application marked, "Received September 19, 1958," 7 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 22, 1956, on certain conditions; and

WHEREAS, the resolution was amended on July 17, 1956; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted by the Board on May 22, 1956, as thereafter *amended* by resolution adopted July 17, 1956, so that as *amended* as to the change of stair from the position as permitted by the amendment of July 17, 1956, the resolution shall read:

"that in the event the owner desires to relocate an exterior stair from the roof to the second floor with exit thence to the street by means of an existing ramp, as shown on revised plans marked "Received January 9, 1959", 4 sheets, and as passed on by the Borough Superintendent under Alt. App. 142-55, disapproved January 9, 1959, Item No. 8, such change may be made provided the requirements of the resolution above cited are complied with in all other respects.

508-58-A

APPLICANT—Guy B. Panero, for John D. Rockefeller, Jr., owner.

SUBJECT—Application August 27, 1958—Appeal from a decision re an order of the Fire Commissioner, re opening in wall of garage.

PREMISES AFFECTED—163 East 70th Street, north side, 224 feet, 4 inches west of 3rd Avenue, Block 1405, Lot 27, Borough of Manhattan.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

554-58-A

APPLICANT—Max Wechsler of Wechsler and Schimenti, for Fraydun Construction Co., owner.

SUBJECT—Application filed September 22, 1958—Appeal from a decision of the Borough Superintendent—exit and rear yard.

PREMISES AFFECTED—355 East 50th Street, north side, 85 feet west of 1st Avenue, basement and 1st floor, Block 1343, Lot 23, Borough of Manhattan.

APPEARANCES—

For Applicant: Max Wechsler.

ACTION OF BOARD—Laid over to February 10, 1959, at 10 A. M. for decision; at request of applicant for owner to be present; hearing previously closed.

557-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Abraham Rosenberg, Rebecca Rosenberg, Sylvia Rosenberg, Shirley Firkser, Marvin Friedman and Ruth Gould, owners.

SUBJECT—Application filed September 24, 1958—decision of the Borough Superintendent, under Sections 7f, 7i and 7e of the Zoning Resolution, to permit in a business and residence use district, on the business portion of the premises, the erection and maintenance of a gasoline service station with accessory uses of lubritorium, minor auto repairs, car wash, storage room, office and sales and the parking and storage of motor vehicles, all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—88-01 to 88-15 (official 88-09) Liberty Avenue and 103-11 to 103-19 88th Street, northeast corner, Block 9108, Lots 19, 22, 25, 28 and 29, Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti and R. S. Hardy.

For Opposition: Joseph P. Addabbo.

ACTION OF BOARD—Laid over to February 25, 1959, at 10 A. M. for inspection and decision; hearing closed.

614-58-BZ

APPLICANT—Nathan Lubroth for City of New York, Department of Water Supply, Gas and Electricity, owner; Jerome Fine, doing business as West 92nd Street Parking Corp., lessee.

SUBJECT—Application October 27, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a non-transient parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—105-107 West 90th Street, north side, 100 feet west of Columbus Avenue and 104-106 West 91st Street, Block 1221, Lot 28, Borough of Manhattan.

APPEARANCES—

For Applicant: Nathan Lubroth and Jerome Fine.

For Opposition: Dennis J. Mahon, Richard E. Coven, Julius J. Venusti, C. J. Cammarata, N. Y. C. Housing Authority, Samuel Bodian, Park Dept., Leo Bachman, Wolf Tyson, Rev. Joseph P. Flanagan, Ralph Frazier, J. M. Conroy, R. W. Scheulen, Dept. of Water Supply and Howard K. Rothenberg.

ACTION OF BOARD—Laid over to February 25, 1959, at 10 A. M.; owner to consult with the Commissioner of Water Supply, Gas and Electricity.

615-58-BZ

APPLICANT—Nathan Lubroth, for City of New York, Department of Water Supply, Gas and Electricity, owner; Jerome Fine, doing business as West 92nd Street Parking Corp., lessee.

SUBJECT—Application October 27, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a business and residence use district, the maintenance of a non-transient parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—101-115 West 92nd Street, 660-664 Columbus Avenue, northwest corner and 108-118 West 93rd Street, Block 1223, Lot 25, Borough of Manhattan.

APPEARANCES—

For Applicant: Nathan Lubroth and Jerome Fine.

For Opposition: David E. Ollarsh, Jacob R. Heller, Samuel R. Greenwald, R. W. Scheulen, Dept. of Water Supply and Samuel Bodian, Park Dept.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Laid over to February 25, 1959, at 10 A. M.; owner to consult with the Commissioner of Water Supply, Gas and Electricity.

643-58-BZ

APPLICANT—Lama, Proskauer and Prober, for The Greenpoint Savings Bank, owner.

SUBJECT—Application November 10, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a retail and residence use district, the extension of the present parking lot from the retail portion into the residential portion of the plot for use of the patrons of the bank, no fee to be charged.

PREMISES AFFECTED—5102-5124 Church Avenue and 356-366 East 52nd Street, southwest corner and 397-409 East 51st, Block 4699, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Laid over to February 25, 1959, at 10 A. M. for inspection and decision; hearing closed.

402-42-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Frank A. Flinker, owner; Standard Tex and Kalsomine Co., owner.

SUBJECT—Application reopened April 29, 1958 as Vol. II—decision of the Borough Superintendent, under Section 7e of the Zoning Resolution, to permit in a business use district, the continuance and extension in area of a paint mixing plant.

PREMISES AFFECTED—2540 Atlantic Avenue, displayed, (2542-2544 Atlantic Avenue official) and 47 Williams Avenue, southwest corner, Block 3683, Lot 23, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert and Commissioner Foley..... 3

Negative 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 29, 1958 subject to regular procedure, to consider extension of occupancy; and

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over to January 27, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Atlantic Avenue are in a business use, A area, class 1 height district; Williams Avenue and Alabama Avenue are in business and unrestricted use, A area, class 1 height districts; Liberty Avenue is in an unrestricted use, A area, class 1 height district; and

MINUTES

WHEREAS, the decision of the Borough Superintendent, dated March 13, 1958 acting on Alt. Applic. No. 279-58, reads:

"1. Proposed change of occupancy and extension of use, in a Business Zone, for office, sales area, storage and paint mixing is contrary to Art. II, PP. 4a, Subsection 25 and Art. II, PP. 6 of the Zoning Resolution and not in accordance with the Board of Standards and Appeals variance granted under Cal. #402-42-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 44 feet 11¾ inches frontage by 99 feet 5 inches in depth; that it is proposed to continue the occupancy of a paint mixing plant in the corner building at Number 2540 Atlantic Avenue and also to extend its use into the adjoining building at Number 2544 Atlantic Avenue; and

WHEREAS, the applicant states that the corner building known as Number 2540 Atlantic Avenue was the subject of a variance under Cal. No. 402-42-BZ which expired October 14, 1944; that the owner Frank Flinker, doing business as Standard Tex Kalsomine Company, was the former tenant in the corner building at Number 2540 Atlantic Avenue in 1942, when the original appeal was granted; that he subsequently purchased the corner building and also the adjoining building at Number 2544 Atlantic Avenue; that these two buildings are now under one lot and block number and an opening has been created, making the two former buildings, one building; and

WHEREAS, the applicant contends that the operation as per the original grant under volume I is still being continued; that through an oversight the Fire Department continued to issue permits until the issuance of a Fire Department Order Number 6414-7, dated October 11, 1957; that this appeal is being taken from a Building Department Objection dated March 13, 1958; that as the operation is being continued substantially as heretofore granted by the Board, with the exception of increased quantities of oils being stored, it is requested that this appeal be granted for a temporary term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since October 15, 1954; that the assessed valuation of land is \$5,300 and of the building \$11,700 making a total of \$17,000; that the building was erected in 1902 and 1919; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted as to the additional building provided that such additional building shall be only used for storage and that there shall be a fire door in each opening between the present and proposed additional building; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years to permit an extension consisting of an additional lot and building as proposed and as shown on plans filed with this application marked "Received March 27, 1958", 3 sheets, *on condition* that the additional building shall be used as proposed for storage and that the doors from the present corner building to the additional building, where shown at side and rear, shall be equipped with fire-proof self-closing doors; that the materials stored and used in the paint mixing plant shall be maintained to the satisfaction of the Fire Commissioner and that such fire-fighting equipment shall be installed as the Fire Commissioner shall direct; that the building shall not be further increased in height or area; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

657-55-BZ—Vol. II

APPLICANT—Gustave Goldman, for Joseph Ventola, owner.

SUBJECT—Application reopened October 28, 1958 as Vol. II—decision of the Borough Superintendent, under 7c and 21 of the Zoning Resolution, to permit in a residence use, D area district, the erection of a one story extension without the required rear yard and extend the present uses of restaurant, bar, grill and cabaret and patron's parking no fee being charged.

PREMISES AFFECTED—1012-1022 Ralph Avenue, west side, 45 feet south of Snyder Avenue, Block 4731, Lot 42, Borough of Brooklyn.

APPEARANCES—

For Applicant: Gustave Goldman.

For Opposition: None.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 28, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to January 27, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Ralph Avenue, Snyder Avenue, East 59th Street and Tilden Avenue are in a residence use, D area, class 1 height district; that as of July 25, 1916 the premises were in a business use district and received its present use designation on January 18, 1951; and

WHEREAS, the decision of the Borough Superintendent, dated September 2, 1958 acting on Alt. Applic. No. 2269-57, reads:

"1. Extending business use in a residential use district is contrary to Art. 2, Sect. 3 of the Zoning Resolutions.

2. Rear yard required as per Art. 4, Sect. 17 of Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 95 feet frontage by 100 feet in depth, presently developed with a building at the northerly end of the premises, of class 3 construction, two stories in height, having a frontage of 20 feet and a depth of 60 feet 2 inches, and a one story extension at the rear having a width of 20 feet and a depth of 39 feet 10 inches; that the building was erected before 1936 and altered under Alt. Applic. No. 2468-36 and Certificate of Occupancy No. 113593-A; that at the time of this alteration the premises were part of lot 39 and the location, as shown in the Certificate of Occupancy, is for said lot which starts 45 feet south of Snyder Avenue and formerly had a frontage of 60 feet on Ralph Avenue in lieu of its present 35 feet; that the first floor of the premises is occupied as a restaurant, bar and cabaret and the second floor as a one family dwelling; that part of the premises for a distance of 40 feet south of the present building is used for the parking of more than five motor vehicles and was installed under Alt. Applic. No. 4799-48 and Certificate of Occupancy No. 123259; that it is proposed to erect a new one story extension having a frontage of 12 feet and a depth of 66 feet, of class 3 construction, to be used for a kitchen and toilets; that the existing use of the premises—restaurant, bar, grill and cabaret, will be continued in the present building; that it is also proposed to extend the parking of patrons' cars—no fee to be charged; and

WHEREAS, the applicant states that as the building is highly modern in design, it will improve the appearance of the community; that the parking to be provided will avoid

MINUTES

any undue parking conditions to affect the area; that although Ralph Avenue is zoned for residence use, the present stores on lots 37 and 1 of block 4731 and the present legal use of restaurant, bar and cabaret and the parking of more than five motor vehicles on the site in question, have removed a strict residential aspect of Ralph Avenue and render the proposal entirely in keeping; that the site is adjoined at the rear of three private garages on lots 28, 30 and 31, so that the leaving of a rear yard would be of no benefit to the adjoining lots, or the block; that the present building on the site now legally extends to the rear lot line, so that a continuation of the building at the rear lot line will not affect the block any more than the present extension; that lot 39 adjoining to the north, is owned by the owner of the site in question, so that said lot is not affected; and

WHEREAS, the applicant contends that the new proposed extension is at the southwest corner of the building; that the rest of the open area will be used for parking of patrons' cars; that the Health Department has asked the owner if he could change the location of kitchen and toilets and improve their conditions, and therefore this application was filed; and

WHEREAS, the applicant states that the present owner has held title to the property since November 5, 1945 and December 15, 1954; that the assessed valuation of land is \$10,000 and of the building \$12,000 making a total of \$22,000; that the building was erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted to permit extension of the business use into the residence district; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 2269-57, Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

969-57-BZ—Vol. II

APPLICANT—Morris Hannes, for Henry Payson, owner; T and D Club, Inc., owner.

SUBJECT—Application reopened December 9, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7b and 7c of the Zoning Resolution, to permit in a retail and residence use district, the construction of a one story extension on the first floor of the present building and extend the restaurant facilities granted by the board under Volume I on April 8, 1958.

PREMISES AFFECTED—134-136 East 40th Street, south side, 87 feet east of Lexington Avenue, Block 895, Lots 67 and 68, Borough of Manhattan.

APPEARANCES—

For Applicant: Morris Hannes.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley	3
Negative:	0
Absent: Commissioner Sleeper	1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 9, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 40th Street and East 39th Street are in retail and residence use, B area, class 1½ and class 2 height districts; Lexington Avenue and Third Avenue are in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 19, 1958 acting on Alt. Applic. No. 1760-58, reads:

"1. Proposed restaurant extension on first floor further than granted by the BSA into residence use district is not permitted. Cal. #969-57-BZ, Art. II Sec. 3 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 37 feet frontage by 74 feet 1 inch in depth; and

WHEREAS, the applicant states that the Board, at its hearing on April 8, 1957, originally granted the use as restaurant on the cellar and first floor which is located in the residence portion of this building as restaurant; that this building is partly in a residence and partly in a retail district; that upon completion of Alt. Applic. No. 1717-57, Certificate of Occupancy No. 49727 was issued on October 27, 1958 for these premises, showing that the cellar was used for restaurant and boiler room, and the first floor as restaurant and bar as per Cal. No. 969-57-BZ; that the T. & D. Club, Inc., the operator of the restaurant, found that the capacity during lunch period was entirely inadequate for the persons desiring to use its facilities, and requests additional seating capacity and place for an air conditioning unit; that the depth of this lot is only 74 feet 1 inch, which is about 25 percent less than the average size of a normal depth of lot, so it is proposed to extend the easterly portion of the building a distance of 16 feet 10 inches beyond the easterly rear wall on the first floor, so that the extension will be only 4 feet 8 inches beyond the rear of the westerly wall on the first floor; that in this case, in a B area district, the permitted area of coverage is 360 square feet; that it is proposed to occupy only about 316 square feet, which is less than 90 percent of the permitted area, by this extension; and

WHEREAS, the applicant states that the present owner has held title to the property since April 12, 1956 and that the building was erected prior to 1916; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 8, 1958, by adding thereto:

"that in the event the owner desires to extend the building at the rear as now proposed and indicated on plans filed with the application marked, 'Received December 5, 1958,' 3 sheets, and 'December 18, 1958,' 2 sheets, such extension may be permitted under sections 7b and 7c as a further one story extension to the restaurant and one story in height and that all permits shall be obtained, including a Certificate of Occupancy for the entire restaurant premises, superseding Certificate of Occupancy No. 49727 and all work completed within the requirements of Section 22A of the Zoning Resolution."

991-57-BZ

APPLICANT—Julius S. Rapson, for Rosedale Park Homes, Inc., owner.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a G-1 area district, the erection of a one family dwelling without the required front yard and within twenty feet of the rear lot line.

PREMISES AFFECTED—129-45 Brookville Boulevard, northeast corner of 130th Avenue, Block 12889, Lot 1, Rosedale, Borough of Queens.

MINUTES

APPEARANCES—

and Commissioner Foley 3
Negative 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; laid over to January 27, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Brookville Boulevard, 129th Avenue, 130th Avenue and 24th Street are in a residence use, G-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 27, 1957 acting on N.B. Applic. No. 4222-57, reads:

"1. The erection of a bldg. in a G-1 area district nearer than 15 feet to the street line of any mapped street is contrary to Art. IV Sec. 16-c(b) Zoning Resolution.

2. The erection of a bldg. in a G-1 area district nearer than 20 feet to the rear line of the lot is contrary to Art. IV Sec. 16-c(d) Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 32.66 feet frontage by 124.16 feet in depth, irregular; that it is proposed to build a one story frame dwelling, 26 feet front and 45 feet deep; and

WHEREAS, the applicant states that there is a proposed widening of ten feet along 130th Avenue; that the owner has had several requests for homes in this area and was able to secure two small plots at a City tax sale and they have been combined to form this plot, now known as lot 1 in block 12889; that individually, these two small plots were of no value for any kind of a building, but combined they make a reasonable plot, with the exception of the proposed widening; that this plot is now larger than the average in the neighborhood, but not of a shape that would permit building according to the Zoning Resolution; that the building as proposed will have approximately the same setback as the other buildings in the block; that after the widening, none of them will have the required front yard for a G-1 area; that in order to get the setback that is now proposed, it was necessary to set the building ten feet off the rear line instead of the twenty feet required under paragraph (d); that the rear lot line adjoins a one car masonry garage approximately five feet from the westerly line of the site in question; and

WHEREAS, the applicant contends that it would be practically impossible to build on the two individual lots and it is a hardship attempting to build on this plot with the proposed widening; that this building will be in line with most of the other buildings along that block, and the building will in all other respects conform to the requirements of the Building Code and the zoning requirements for a G-1 area; and

WHEREAS, the applicant states that the present owner has held title to the property since April 5, 1957 and that the assessed valuation of land is \$1,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee finds that the odd shape of the lot permits compliance as to side yards and more than meets the requirements as to front yard, and on the street side the requirements are substantially complied with because of the fact that the area is wide at one end and less wide at the other, and the rear yard is similarly wider at one point than the other; that what has been proposed should be accepted as a substitute for the

strict requirements of the Code and recommends that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 as to area to permit the location of the building in the G-1 area district nearer to the lot lines, as proposed and as indicated on plans filed with this application marked "Received December 30, 1957", 4 sheets, and "November 12, 1958", two sheets, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in area; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

523-58-BZ

APPLICANT—Charles M. Spindler, for Robert Maller and Selma Quinton, owners.

SUBJECT—Application September 5, 1958—decision of the Borough Superintendent, under sections 7e, 7f, and 7c of the Zoning Resolution, to permit partly in a retail and partly in a residence use district, the erection and maintenance of a gasoline service station, auto washing, non-automatic, office and accessory sales, minor repairs with hand tools only, auto safety inspection station and parking and storage of cars awaiting service all for a temporary term of fifteen (15) years.

PREMISES AFFECTED—117-30 to 117-48 Farmers Boulevard (117-36 official) and 187-22 to 187-34 Baisley Boulevard, southwest corner, Block 12448, Lot 31, Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleinert
and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to January 27, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Farmers Boulevard and Baisley Boulevard are in retail and residence use, D and E-1 area, Class ½ height districts; Riverthorn Street is in a residence use, E-1 area, class ½ height district; 118th Road is in a residence use, E-1 area, class ½ height district; that as of July 25, 1916 the entire property was zoned as a business district, D area district and a one times height district; that on January 21, 1947 the present retail and residence designation became effective; that on June 30, 1952 the residence part of the property was placed in an E-1 area district and the entire property was placed in a class ½ height district; that there are no zoning amendments pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated August 15, 1958 acting on N.B. Applic. No. 2185-58, reads:

"1. Proposed gasoline service station, auto washing (non-automatic), office and accessory sales, minor repairs with hand tools only and parking and storage of cars awaiting service and auto safety inspection station located partly in a retail and partly in a residence use district is contrary to Art. II Sec. 3 and 4A of the Zoning Resolution.

MINUTES

2. Proposed ground signs are contrary to Art. II Sec. 3 and Sec. 4A of the Z. R."

and

WHEREAS, the applicant states that the premises consists of a plot, 191.45 feet frontage by 87.18 feet in depth; that it is proposed to erect a modern gasoline service station; and

WHEREAS, the applicant states that the site is presently improved with a one story refreshment type of building; that this building was built in 1954 and was used for approximately two years, when the lessee went into bankruptcy being unable to operate profitably; that after a vacancy of some months, it was leased to Homeyer-Ford Agency who operated as an auto sales room and the vacant lot used for sale of used cars; that they vacated the building in approximately one year, also not finding it feasible to continue its operation as a sales agency; that the building again remained vacant for some time, and it is presently being operated on a temporary basis as a refreshment stand; that the entire plot is presently fenced and paved and used as a parking lot in conjunction with the building on the plot; and

WHEREAS, the applicant contends that the property has not been able to be put to a profitable use as evidenced by former tenants relinquishing their leases; that Farmers Boulevard is a wide, important north-south artery, very heavily travelled and Baisley Boulevard is a heavily travelled east-west artery terminating at Farmers Boulevard; that it would not be economically feasible to improve the site for store property as Linden Boulevard, which is but a short block north of the site, is the shopping area for the neighborhood; that there are presently some stores opposite the site, both on Baisley Boulevard and on Farmers Boulevard; that the neighborhood consists almost exclusively of one and two family dwellings and there would be no support for further stores in the area, the area being amply served with the Linden Boulevard shopping area; that there are other gas stations within the area—the Texaco Station on Farmers Boulevard, southeast corner of 117th Road, directly opposite the site, which was the subject of a variance under Cal. No. 115-52-BZ and also a Gulf station on Farmers Boulevard, northeast corner of Linden Boulevard; that adjoining the site on Baisley Boulevard is the O'Leary Funeral Home; that the owner has been experiencing financial difficulties; that there is a need for a modern service station the building of which would occupy but a small portion of the plot, thereby allowing ample light and air for the surrounding area; that it is not feasible to develop the site with a conforming store use; and

WHEREAS, the applicant states that the present owners have held title to the property since April 15, 1954; that the assessed valuation of land is \$12,000 and of the building \$7,000 making a total of \$19,000; that the building was erected in 1954; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommends that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and lawful accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received September 5, 1958", 4 sheets, *on condition* that all buildings and uses and structures now on the premises shall be removed and the premises shall be leveled substantially to the grade of Farmers Boulevard and Baisley Boulevard and shall be constructed and arranged as indicated on such plans above cited; that the accessory building shall be of the design, arrangement and location as indicated and shall be faced with face brick

on all sides; that there shall be no cellar under the building, which shall comply in all other respects with the requirements of the Building Code as to construction; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line of Farmers Boulevard and not nearer than 15 feet to the present building line of Baisley Boulevard; that if and when a portion of the premises are acquired by the City of New York for street widening purposes the pumps shall be removed and reset so as not to be nearer than 15 feet to the street building line of Baisley Boulevard as then determined; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that on the interior lot lines there shall be erected a woven wire fence of the chain link type not less than five feet six inches in height, erected on a masonry base, with suitable terminating posts at the present building lines; that planting shall be maintained where indicated with suitable planting materials and protected with a concrete curbing not less than eight inches in height and six inches in width; that the balance of the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to three curb cuts to Farmers Boulevard, one 30 feet in width and two 25 feet in width, where shown, and two curb cuts to Baisley Boulevard not over 30 feet in width each where shown, with no portion of any curb cut nearer than five feet to a side lot line as prolonged; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that at the intersection there shall be constructed and maintained a block of concrete extending for five feet along each street from the intersection and not less than 12 inches in height; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection within the intersection of one post standard for supporting a sign, which may be illuminated, and which may have two leaves, one extending over the building line of Baisley Boulevard, and one over the building line of Farmers Boulevard, for a distance of not more than four feet, each for advertising only the brand of gasoline on sale; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e there may be parking and storage of motor vehicles awaiting service and auto inspection, for a similar term; that under Section 7i for a similar term there may be minor repairs with hand tools only; including the auto inspection requirements, maintained solely within the accessory building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and in accordance with resolution adopted this day under Calendar Number 524-58-A.

524-58-A

APPLICANT—Charles M. Spindler, for Robert Maller and Selma Quinton, owners.

SUBJECT—Application September 5, 1958—Appeal from a decision of the Borough Superintendent—re premises in bed of mapped street, proposed widening of Baisley Boulevard.

PREMISES AFFECTED—117-30 to 117-48 Farmers Boulevard (117-36 official) and 187-22 to 187-34 Baisley Boulevard, Block 12448, Lot 31, Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley	3
Negative	0
Absent: Commissioner Sleeper	1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 15, 1958, on N.B. Applic. 2185/58, reads:

MINUTES

"3. Building located in bed of mapped street is contrary to Sec. 35 of Gen. City Law."

and

WHEREAS, the applicant states that the premises consist of a lot 191.45 feet by 87.18 feet, irregular, located in retail and residence use, D and E-1 areas, class 1/2 height district, upon which there exists a 1 story, 15 feet high, class 3 building, 24 feet by 25 feet, used and occupied since 1954 as a refreshment stand and parking; that it is now proposed to alter the premises and change its use to a gasoline service station, proposed work and occupancy were fully described under Calendar Number 523-58-BZ; that it is proposed to widen the south side of Baisley Boulevard about 17 feet 6 inches; that this appeal is filed to permit the ingress and egress to the proposed gasoline station over the proposed street widening of Baisley Boulevard; that to permit the erection of the gasoline pumps 15 feet from the present lot line; that when Baisley Boulevard is widened to its mapped width, the pumps will be relocated to conform to the requirements of the Board; and

WHEREAS, the Borough President in letter of December 19, 1958 proposes change in pump layout to meet Board's requirements after street widening is completed; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on NB App. 2185/58, Objection No. 3 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the portion of the premises proposed to be incorporated into the bed of the mapped street, where shown, *on condition* that such portion of the premises shall be used only as a concreted apron and no building shall be erected thereon; that in the event that a portion of the premises is acquired by the City of New York for street purposes the payment for land shall be in accordance with the determination of the Court for the land so taken; that in such event the street is so widened, the pumps adjacent to Baisley Boulevard shall be moved so as to be not nearer than 15 feet to the new street building line, and that the sign permitted under the resolution adopted this day under Cal. No. 523-58-BZ shall similarly be moved to be within an equivalent location on the reduced plot.

531-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Louis Loria, owner.

SUBJECT—Application September 9, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, on a plot with an existing two-story dwelling, the use of the un-built upon portion of the premises for a parking lot for the parking and storage of more than five (5) motor vehicles for a temporary term of five years.

PREMISES AFFECTED—170-180 McKinley Avenue and 408-414 Autumn Avenue, southwest corner, Block 4170, Lot 21, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to January 27, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Autumn Avenue are in a residence use, C area, class 1 height district; McKinley

Avenue and Hill Street are in local retail and residence use, C area, class 1 height districts; Crescent Street is in a local retail use, C area, class 1 height district; that as of July 25, 1916 the premises were in a business use district and received the present residence use designation on May 15, 1941; and

WHEREAS, the decision of the Borough Superintendent, dated August 14, 1958 acting on Alt. Applic. No. 2426-58, reads:

"1. Proposed parking and storage of more than five (5) motor vehicles on the unoccupied portion of a lot located within a Residence use district is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 91 feet 4 1/4 inches frontage by 75 feet 1/8 inch in depth, now developed with a two story building of class 4 construction, having a frontage of 21 feet, a depth of 54 feet 8 inches and now occupied as a dwelling; that the open area of the plot is now being used for parking of cars; that it is proposed to use the open area of the plot 61 feet 4 1/4 inches by 75 feet 1/8 inch for the parking and storage of motor vehicles for a temporary period of five years; that said open area is now enclosed with a 6 foot high woven wire fence with a 10 foot gate at Autumn Avenue and a 12 foot curb cut opposite; and

WHEREAS, the applicant states that Department of Buildings records do not indicate any new building application; that under Alt. Applic. No. 2991-43 the building was converted to two families and Certificate of Occupancy No. 110345 was issued for use as two families; that the parking of cars is illegal; and

WHEREAS, the applicant contends that there are many homes in this congested area without parking facilities, and since alternate side of street parking has been put into effect, a serious parking situation has occurred in this area; that there is a non-conforming use of parking in block 4180, lot 18, which is directly opposite the site, and there is also a non-conforming use of 7 garages opposite the site in block 4169, lot 29; and

WHEREAS, the applicant states that the present owner has held title to the property since January 17, 1958; that the assessed valuation of land is \$7,200 and of the building \$7,800 making a total of \$15,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied, where not built upon, for the parking and storage of motor vehicles, as proposed and as shown on plans filed with this application marked "Received September 9, 1958", 4 sheets, *on condition* that such portion of the premises shall be leveled substantially to the grade of the abutting streets and shall be constructed and arranged as indicated on plans above cited; that the premises shall be leveled and surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on the exterior lot lines, where shown, and along the interior lot lines, where indicated, a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet six inches; that proper bumpers shall be maintained for the protection of such fences at all points, except that the present woven wire fence of greater height may be retained, if in good condition satisfactory to the Borough Superintendent; that all planting, and other material, now on the plot to be used for parking shall be removed; that signs shall be restricted to a sign attached to the fence advertising the parking

MINUTES

and storage use and the rates to be charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed five square feet and shall not be illuminated and shall be located adjacent to the gate to Autumn Avenue to be used for entrance and egress not over ten feet in width and with curb cut opposite not exceeding 12 feet in width; that such fence shall be fitted with gates of construction similar to the fence which shall normally be kept closed when cars are not entering or exiting from the premises; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 2:45 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON JANUARY 27, 1959, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert and Commissioner Foley.

169-57-SM

APPLICANT—Masonite Corporation, owner.
SUBJECT—Application February 19, 1957—Masonite Shadowvent Siding (10 inch and 12 inch width), approval of.
APPEARANCES—

For Applicant: S. B. Mathews, Jr.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 169-57-SM.

Subject: Masonite Shadowvent Siding (10" and 12" widths.)

Masonite Corporation, Chicago, Illinois, filed February 19, 1958, an application with the Board of Standards and Appeals of Masonite Shadowvent Siding (10" and 12" widths) for use in New York City under provision of C26-191.0 of the Administrative Building Code.

Purpose

The material is to be used as an exterior wall-finish on class IV buildings.

Description

Masonite Shadowvent Siding is 1/4" Tempered Presdwood factory cut for lap siding application and grooved on the bottom edge to receive an .019 inch gauge aluminum channel mounting strip. Siding is not nailed. The strip is provided with holes for the escape of moisture vapor. The siding is humidified at the factory for exterior use.

Inspection and Test

Sample of the material was examined at the Board of Standards and Appeals by Ass't Engr. John A. Darts.

Recommendation

On the basis of the sample examined and data filed by the applicant, the Committee on Test recommends the approval of Masonite Shadowvent Siding (10" and 12" widths) for voluntary use on Class 4 buildings in New York City under the provisions of C26.191.0 of the Administrative Building Code on condition that each carton or bill of lading

be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 169-57-SM".

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

170-57-SM

APPLICANT—Masonite Corporation, owner.
SUBJECT—Application February 19, 1957—Masonite Panelgroove and Ridgegroove Siding, approval of.

APPEARANCES—

For Applicant: S. B. Mathews, Jr.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 170-57-SM.

Subject: Masonite Panelgroove and Ridgegroove Siding.

Masonite Corporation, Chicago, Illinois, filed February 19, 1957, an application with the Board of Standards and Appeals for approval of Masonite Panelgroove and Ridgegroove Siding for use in New York City under the provisions of C26-191.0 of the Administrative Building Code.

Purpose

As panel siding on exterior walls of class 4 buildings.

Description

Masonite Panelgroove and Ridgegroove Siding are 5/16" in thickness with 3/8" wide, 1/10" deep grooves, parallel to the long dimension of the panel. The panels have shiplap edges in the long direction. These products are available in 4'-0"-3/4" widths and lengths up to 16'. Ridgegroove is distinguished from Masonite Panelgroove by vertical surface striations. Both products are in three different groove patterns.

Inspection and Test

Samples were examined by Assistant Engineer John A. Darts, Committee on Test, at the Board of Standards and Appeals and found to be suitable for siding on exterior walls.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of Masonite Panelgroove and Ridgegroove Siding for voluntary use on class 4 buildings in New York City under the provisions of C26-191.0 of the Administrative Building Code on condition that each carton or bill of lading be stamped or labeled "Approved by the Board of Standard and Appeals for use in New York City under Calendar Number 170-57-SM".

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 171-57-SM.

Subject: Masonite Ridgeline Siding (formerly Ridgewood).

Masonite Corporation, Chicago, Illinois, filed February 19, 1957, an application with the Board of Standards and Appeals for approval of Masonite Ridgeline Siding for use in New York City under the provisions of C26-191.0 of the Administrative Building Code.

Purpose

The material is to be used as panel and lap siding on exterior walls of class 4 buildings.

Description

These panels are tempered hardwood, having nominal width of 4 feet and designed for vertical application.

5/16" Masonite Panelgroove Siding.

1/4" and 5/16" Masonite Tempered Presdwood Panel.

1/4" Masonite Ridgewood Panel.

Inspection and Test

Samples of the material were examined by Assistant Engineer John A. Darts, Committee on Test, at the Board of Standards and Appeals.

Recommendation

On the basis of the samples examined and the data on file by the applicant, the Committee on Test recommends the approval of Masonite Ridgeline Siding (formerly Ridgewood) for voluntary use on Class 4 buildings in New York City under the provisions of C26-191.0 of the Administrative Building Code on condition that each carton or bill of lading be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 171-57-SM".

SUBJECT—Application May 15, 1956—filed pursuant to section 310 of the Multiple Dwelling Law for variation of

MINUTES

Section 28, subdivision 2, of the Multiple Dwelling Law re yard requirements.

PREMISES AFFECTED—339 South 1st Street (rear), north side, 113 feet west of Keap Street, Block 2398, Lot 21, Borough of Brooklyn.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 25, 1956, on N.B. App. 2658-55, reads:

"1. Two buildings on the same lot of a Multiple Dwelling. The yard requirements are contrary to Sec. 28, subd. 2, M.D.L."

and

WHEREAS, the applicant states that the building in question, located on the rear of the lot is one story, 8 feet 8 inches in height, 18 feet front, by 12 feet 4 inches in depth, of class 4 construction, erected prior to 1901, located on the rear of a lot 19 feet front by 70 feet in depth in a business use, B area, Class 1½ height district and used and occupied since 1950 as a tool shed and proposed to be changed to one story 8 feet 8 inches in height 18 feet front by 12 feet 4 inches in depth in class 3 construction and used and occupied as a tool shed; and

WHEREAS, Violation 151-51, issued by the Division of Housing was for violation of Section 302 of the Multiple Dwelling Law in that a one story frame structure 18 feet by 10 feet by 8 feet 8 inches in height has been erected and Item No. 13 a violation issued by the Division of Housing August 18, 1954, states that in violation of Section 309 of the Multiple Dwelling Law the premises are maintained as a nuisance with conditions which are dangerous to human life or detrimental to health; and

WHEREAS, the applicant states that there is a one story cinder block tool shed, 18 feet in width by 12 feet 4 inches in depth and 9 feet in height located at the rear of the lot; and

WHEREAS, the applicant states that the lot is 19 feet front by 70 feet in depth with an existing 3 story multiple dwelling on the front of the lot having a frontage of 19 feet by 35 feet in depth, of brick construction, erected prior to 1901; and

WHEREAS, the applicant states that the present owner purchased the property in September, 1950 at which time there was an existing wood shed used for tool storage in the same location and was dilapidated and in need of repair; that about October, 1950 he demolished the existing shed and rebuilt of the same dimensions with concrete block retaining the old roof; that the reconstruction was done in ignorance of the regulations; and

WHEREAS, the applicant contends that as there has been no material change in the area of the rear yard and as the use and size of the shed is the same as that previously existing and as each and every one of the surrounding buildings have an existing shed in the rear yard, the light and ventilation of no building will be adversely affected; it is requested that the Board grant this application; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated April 25, 1956, acting on N.B. App. 2658/55, Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit continuation of a tool shed on the rear of the lot as proposed and as indicated on plans filed with this application marked "Received May 15, 1956," one sheet, *on condition* that the building shall be classified as an accessory building and not a second building on the lot; that the distance between the accessory building and the

multiple dwelling shall be sufficient for the requirements of the rear yard.

739-58-A

APPLICANT—Alex Danin, for Cord-Meyer Development Co., owner; Sound Vista Property Sections 1 through 9 inclusive, lessees.

SUBJECT—Application December 1, 1958—filed pursuant to section 35, of the General City Law re erection of buildings partly in bed of mapped streets—14th, 18th and 23rd Avenues, 217th Street and proposed widening of Bell Boulevard.

PREMISES AFFECTED—214-05 14th Avenue, 214-15 and 214-35 18th Avenue, 214-14 and 214-34 18th Avenue, 214-10, 214-30 and 214-11 and 214-31 23rd Avenue; 14-20, 14-40, 16-10 and 16-30 217th Street; 16-01 to 16-25 Bell Boulevard; 14-25, 15-05 and 15-55 Bell Boulevard; Block 5938, Lot 50, Block 5943, Lots 2, 10, 20, 30, 40 and 50, Block 5952, Lots 2 and 50 and Block 5956, Lots 2 and 50; Sound Vista Property, Sections 1 through 9, inclusive, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Alex Danin and Charles H. Mulligan, Jr.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley. 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

Whereas, the decision of the Borough Superintendent, dated November 19, 1958, on N.B. Applic, 1315 to 1332/58 inclusive, reads:

"IM. Portion of lot extended into a mapped street cannot be counted as unoccupied space or area of lot in computing floor area of building as shown on plot plan filed. Sec. 16 A Zon. Res."

and

WHEREAS, the applicant states that permission has been sought, pursuant to Section 35 of the General City Law, to make use of the area of the portions of the premises, within the lines of mapped streets, as shown on Alt. Map 3613 adopted February 26, 1954; and

WHEREAS, the applicant states that the premises consists of approximately 50 acres, divided into 12 contiguous lots (12 zoning lots) located in a residence use, F-1 area, class ½ height district, upon which it is proposed to erect 18 six story class A Multiple Dwellings and to reserve 1 lot for recreational facilities and 1 lot for semi-public religious building purposes; that the development will be constructed under Federal National Housing Act provisions and will comprise 1080 middle-income apartments; that each of the lots is partly within the bed of the mapped streets; that none of the buildings will be constructed in the bed of any of the mapped streets; that the mapped streets will be improved and dedicated to the City; and

WHEREAS, the applicant contends that those portions of the lots which are not in the bed of the mapped streets are adequate for height, light and ventilation requirements of the Multiple Dwelling Laws; and

WHEREAS, the applicant states that the adoption of Alt. Map 3613 was contingent upon execution of agreements with the City, wherein it was agreed that the applicants will improve and then dedicate to the City, all mapped streets adopted by Alt. Map 3613 at no cost to the City; that the applicant will file sewer plans, to be approved by the President of the Borough of Queens and construct all necessary sewers to serve the entire area comprising the subject of this application; that the applicant dedicates to the City sites for the construction of public schools and various parcels of land for extension of an existing park area and the enlargement of an area adjoining Cross Island Parkway; that in accordance with these agreements the sewers were designed sufficient to take in the sewerage of many of the homes in a large area surrounding the vicinity of the

MINUTES

development; that the streets in the area were substantially widened in the planning for a large development, all at the cost and expense of the applicant; that commitments were made to the Federal Housing Administration and to the City for the reservation of areas for semi-public use; that additional commitments made to the Federal Housing Administration for the reservation of areas for swimming pool, sports and club facilities; and

WHEREAS, the applicant contends that if this application is granted less than 12.5% of the entire site will be occupied by buildings, the remainder being devoted to landscaping, playgrounds and other recreational facilities; that the granting of this application will make possible favorable orientation of the buildings, the inclusion of outdoor facilities and enhance the appearance of the development and the entire neighborhood; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on NB App. 1315 to 1332/58, inclusive, Objection No. IM be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the premises within the bed of a mapped street to be unoccupied but counted as within the area of each zoning lot in computing the floor area of the building for each such lot as shown on plans filed with this appeal marked "Received December 1, 1958", (bound folder of plans), *on condition* that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto.

MINUTES

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7c of the Zoning Resolution, to permit in a business and residence use district, the maintenance of the existing gasoline service station, lubritorium, auto laundry, minor auto repairs, office and sale of accessories, boiler room, dealer training room and storage and heater room and to change the use of that portion of the premises occupied as a used car sales lot to a parking lot for the parking and storage of more than five (5) motor vehicles and to relocate the pump islands, install new pumps and add one additional curb cut.

PREMISES AFFECTED—165-01 to 165-17 (165-01 official) Hillside Avenue and 87-45 to 87-53 165th Street, northeast corner, Block 9837, Lots 10 and 13, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: James E. Vassalotti.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. III, on October 21, 1958, on certain conditions; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 26, 1950, as thereafter *amended* by resolutions adopted through October 21, 1958, only in so far as it refers to the chain link fence now existing between the gas station and the proposed extension for parking, and to permit the omission of such fence; and that the fence existing on the front of the parking lot on the building line of Hillside Avenue may also be removed; that the wording:

“that during the term of this variance the premises shall be occupied for no use other than as herein permitted;”

is hereby deleted from the resolution adopted by the Board on October 21, 1958; *on condition* that in all other respects the resolution above cited shall be complied with. (Alt. 302/58)

171-53-BZ—Vol. I

APPLICANT—Samuel Rosenblum, for Pacwest Realty Corp., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e and 21 of the Zoning Resolution, permitting in a residence and business use B area district, the erection and maintenance of a business building without the required rear yard and using more than the area permitting in the residence use B area portion of plot and permitting the connection of first floors with adjoining building (Hotel Pierre).

PREMISES AFFECTED—662-666 Madison Avenue, 8-28 East 61st Street, southwest corner and 13-19 East 60th Street, Block 1375, Lots 10-13 inclusive and 56, 56½, 58, 60 and 61, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. I, on July 28, 1953, on certain conditions; and

WHEREAS, the resolution was amended on January 24, 1956; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on January 15, 1957; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 28, 1953, by adding thereto:

“that in the event the adjoining Hotel Pierre occupies several floors of this building, as tenants, as an extension of such Hotel, the proposed parking garage in this building may be occupied in addition to the tenants of such building by the tenants and patrons of Hotel Pierre, as shown on plans filed with this request for amendment marked ‘Received January 19, 1959’, 4 sheets, as passed by the Borough Superintendent under NB App. 16—1953, objection dated December 12, 1958, Objection No. 5.”

THE RESOLUTION—

WHEREAS, this application was granted by the Board on January 24, 1956, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on February 4, 1958; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 24, 1956, as thereafter *amended* by resolutions adopted through February 4, 1958 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, but no work has been started, that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N. B. App. 87/55)

172-16-BZ—Vol. II

APPLICANT—Herman Kron, for Banner Oil Company, Inc., owner.

SUBJECT—Application for consideration—reopening of Vol. II for restoration to docket—re Application, decision of the Borough Superintendent; previously withdrawn, under Sections 7c and 7h of the Zoning Resolution, to permit in a business and residence use district, the reconstruction of an existing gasoline service station, minor auto repairs with hand tools only, auto laundry, garage for more than 5 cars and parking and storage of more than 5 motor vehicles to be used in conjunction with the existing garage.

PREMISES AFFECTED—31-37 Church Avenue, north side, 100 feet east of Chester Avenue, Block 5313, Lots 34 and 38, Borough of Brooklyn.

APPEARANCES—

For Applicant: Herman Kron.

ACTION OF BOARD—Application reopened for restoration to docket, to consider revised plans.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Commissioner Foley..... 3
Negative 0
Absent: Commissioner Sleeper..... 1

492-27-BZ—Vol. II

APPLICANT—Ingram S. Carner, for Howard Realty Corporation, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution and extension of time to complete, which has expired December 11, 1957—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c and 21 of the Zoning Resolution, permitting in a business use district, the change in occupancy from gasoline service station to gasoline service station, sales office, lubritorium, brake testing, wheel alignment and extension of existing structure.

PREMISES AFFECTED—1134-1144 East New York Avenue and 2-12 East 98th Street, southwest corner, Block 4600, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

ACTION OF BOARD—Application reopened and set for hearing on March 17, 1959, at 10 A. M., waiving all requirements except a new decision of the Borough Superintendent, which has been filed, and two publications in the Bulletin as notice.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 180-58-SM

Subject: Nelweld Shear Connector Studs for composite steel and concrete floor and roof construction.

Seelye, Stevenson, Value & Knecht for Nelson Stud Welding Division of Gregory Industries, Inc., filed March 31, 1958 an application with the Board of Standards and Appeals for approval of the Nelweld Shear Connector Stud under the provisions of C26-191.0 Administrative Building Code.

MINUTES

Purpose

The stud is a shear connector for composite steel and concrete floor and roof construction.

Description

The stud connector is essentially a round steel bar welded at one end to the "T" beam and having an upset end at the other. The stud resists horizontal shear by bending. The upset head, shank diameter plus $\frac{1}{2}$ inch, prevents relative movement of the slab in a vertical direction.

The studs are fastened to the steel structure by a stud welding gun which utilizes an electric arc welding process.

When installed the system consists of a structural steel beam, a reinforced concrete slab and the Nelweld Stud welded to the beam and solidly embedded into the concrete slab, thereby combining these three elements into one structural unit.

A composite beam consisting of a concrete slab joined to a steel section by shear connectors, is designed using the conventional transformed section theory of reinforced concrete design. This involves an investigation of the maximum flexural and shearing stresses in the beam. In a steel beam which is a homogeneous section, the neutral axis passes through the center of gravity of the beam. For the design and analysis of a composite beam, the concrete slab is transformed into an equivalent steel area. This equivalent steel is proportioned according to the ratio of the modulus of elasticity of the steel to concrete known as N . The composite beam is therefore made similar to a homogeneous steel beam.

Inspection and Test

The applicant has filed a complete analysis with computations of the composite section and has also submitted test reports of slippage and shear tests and comparative tests of the stud as against the spiral.

The formula evolved from the test for the design load on one stud connector and for the spacing of the stud connectors is as follows:

$$\text{Design Load} = \frac{Q_{uc}}{F.S.} = \frac{330d^2\sqrt{f_c}}{2.4}$$

$$\text{where } \frac{Q}{F.S.} = 330 d^2 \sqrt{f_c}$$

$$F.S. = 2.4$$

$$d = \text{Stud diameter}$$

$$f_c = \text{Concrete Stress}$$

Spacing

$$p = \frac{I_e}{MV_c} \times \frac{Q_{uc}}{F.S.}$$

Where p = pitch or spacing

I_e = Moment of Inertia of composite section with $N = 10$

V_c = Vertical shear acting on composite beam

M = Statical moment of transformed concrete area about neutral axis of composite section with $N = 10$.

The complete report of the University of Illinois is on file with and is part of the record.

Recommendation

On the basis of the data supplied by the applicant, the Committee on Test recommends the approval of the Nelweld Shear Connector *Studs* for composite steel and concrete floor and roof construction on the following conditions:

1. That all concrete and steel *stresses* shall be as provided for under the pertinent sections of the Administrative Building Code but in no event shall the maximum allowable stresses exceed those values as provided under Table I of C26-364.0.

2. That all concrete work shall comply with the requirements of Sub Article 5, C26-468.0, Reinforced Concrete Construction.

3. During construction, the beams and girders, when necessary, shall be provided with supports to carry all loads until the concrete has set so as to prevent pre-and other straining beyond the maximum deflection of $1/360$ of the span.

4. Where fire protection is required, the beam shall meet the requirements for Class I and Class II construction.

5. The depth of slab shall meet the requirements of C26-473.0 and the requirements of a T beam as set forth under C26-475.0 but in no event shall the top of the connector be less than 1 inch below the top of the unfinished slab or finished slab when poured monolithically.

6. The use of the beam shall be limited to a simple span with a maximum span of twenty-four times the depth of the beams from the top of slab to the bottom of steel, but not over 100 feet in any case.

7. The maximum live load shall not exceed 500 lbs. per square foot and loads in excess of 125 lbs. per square foot shall be based on use in Class I and Class II construction.

8. All work shall be performed under the supervision of the engineers of the company and all materials and workmanship shall meet the requirements of the Administrative Building Code and the Rules of the Board.

9. All plans filed with the Department of Buildings showing the proposed use of this system shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 180-58-SM" and all containers in which the studs are marketed shall be similarly marked.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 18, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Tenth Avenue are in a business use, B area, class 2 height district; West 22nd Street and West 23rd Street are in business, residence and retail use, B area, class 2 height districts; Ninth Avenue is in a retail use, B area, class 2 height district; that this property was originally zoned as an unrestricted use district until November 13, 1936 when the use district was changed to business; that the height and area designations have not changed; and

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1958 acting on Alt. Applic. No. 529-58, reads:

"A1. Proposed enlarging of show window and proposed installation of signs as noted on plan in a business use district that is located within 75' of a residential use district is contrary to Sec. 7A of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 22 feet frontage by 98 feet 9 inches in depth, that the building was erected as a private dwelling, later used as a store and class B furnished rooms; that the existing store has been used as such for at least thirty years; that it is proposed to occupy the basement store in No. 466 West 23rd Street, and in order to occupy this store, it is necessary to increase the size of the display window and to relocate the present illuminated sign from No. 464 to No. 466 West 23rd Street; that it is also necessary to erect a wall sign over the display window; that all signs will comply with all requirements of the Zoning Resolution; and

WHEREAS, the applicant contends that an inspection of the neighborhood discloses the commercial character of the south side of West 23rd Street; that the site is 46 feet from Tenth Avenue, which is a commercial avenue, whereas the site is surrounded by stores—No. 464 is the location of the liquor store; No. 468—restaurant and bar, and No. 470—restaurant; that the neighborhood contains run down furnished room houses; that the enlarging of the display window with the construction of a modern store front will enhance the neighborhood; that the building to the east of No. 466, known as No. 464, is completely within the business use district and the building east of No. 464, and adjacent thereto, known as No. 462, is partially within the business use district; and

WHEREAS, the applicant states that the present owner has held title to the property since April 5, 1944; that the assessed valuation of land is \$22,000 and of the building \$9,000 making a total of \$31,000; that the building was erected in approximately 1880; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommends to permit the removal of the existing approved illuminated sign on the building at 464 West 23rd Street, Lot 79, to a similar position on the front of the building as proposed on Lot 80; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7A paragraph d to permit enlargement of show window and the removal of the existing sign on the present building on Lot 79 to the position on Lot 80 as proposed and indicated

on plans filed with this application marked "Received May 19, 1958," 6 sheets and "October 22, 1958," 1 sheet, on condition that in all other respects the signs, building and occupancy shall comply with all laws, rules and regulations applicable thereto; that a sign flat against the wall over the show window may be permitted as indicated on plans above cited; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution, the words "*enlargement of show window and*" inserted as indicated in italics.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 115-32SA.

Subject: Amendment to resolution as to additional model of oil burner.

Wayne Home Equipment Co., Inc., requested by letter dated July 3, 1958 that resolution adopted April 19, 1932 and amended through April 2, 1957 under Calendar 115-32-SA be amended so as to include an additional model oil burner.

Purpose

The appliance is a gun type oil burner.

Description

The requested model G is similar to the model K, previously approved, except that the model G is equipped with dual transformers.

The model G has been approved by the Underwriters Laboratories under MP 98.

Recommendations

The Committee on Test recommends that the resolution adopted April 19, 1932 and as amended through April 2, 1957 under Calendar Number 115-32-SA be reopened and amended so as to include the Wayne Oil Burner Model G and permission to market the above burner by the Burnham Corp. under the trade name of Burnham Oil Burner Model G; York-Shipley Inc. under the trade name of York Oil Burner Model G and by the Iron Fireman Oil Burner Model

Re: Calendar Number 341-44-SM

Subject: Amendment to resolution as to extension of use.

Research Products Corporation, Madison, Wisconsin, requested by letter dated January 7, 1957 that the resolution

adopted November 14, 1944 under Calendar Number 341-44-SM be amended so as to include the Research Products Grease Filters *Series 930* under the provisions of C26-712.0.e and C19-165.3 Administrative Code.

Purpose

A filter for the prevention of excessive grease accumulation in kitchen range exhaust systems.

Description

The filter is an incombustible filter designed for installation in the hoods of kitchen range exhaust systems. The filter media is composed of laminations of corrosion resistant aluminum sheets, slit and expanded to an efficient baffle pattern. The filter frame is constructed of aluminum alloy with interlocking corners.

The filters are available in sizes up to 20 inches by 25 inches and are 2 inches in thickness.

The filters are to be cleaned by soaking in a solution of hot water suitable detergent. They should be thoroughly dried before replacing.

Inspection and Test

All details of construction were examined by Assistant Engineer J. A. Darts, Committee on Test.

Handbooks give the melting point of type 3S aluminum as over 1000°F.

Recommendation

On the basis of the data supplied by the applicant, the Committee on Test recommends that the resolution adopted November 4, 1944 under Calendar Number 341-44-SM be reopened and amended so as to include the Research Products Grease Filters *Series 930* for use under the requirements of C26-712.0.e and C19-165.3.a.b Administrative Code and provide that each filter bears a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 341-44-SM."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of November 4, 1944 in accordance with the above report.

* Correction—in the Report of Committee on Test, after the name Research Products Grease Filter, "*Series 930*" inserted as indicated in italics.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held at 80 Lafayette Street, 9th Floor, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 28, 1958 subject to regular procedure, to consider extension of uses; and

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Kings Highway are in a business use, C area, class 1 height district; Foster Avenue and Farragut Road are in business and unrestricted use, C and A area, class 1 height districts; East 52nd Street is in an unrestricted use, A area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 6, 1957 acting on N.B. Applic. No. 2173-57, reads:

"1. Proposed extension of plot and gasoline service station and addition of motor vehicle repair shop, auto painting and auto body and fender shop and welding, in a Business Zone, is contrary to Art. II, PP. 6 and PP. 4a, subsections 4, 29 and 46 of the Zoning Resolution.

Note: Premises were subject of the Bd. of Standards and Appeals variance under Cal. No. 146-38-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet in depth, on the southerly portion of which is located an existing gasoline service station having a frontage of 20 feet and a depth of 100 feet; that this station was approved under Fire Department Plan No. 778-22 and has been in operation continuously under permits issued by the Fire Department since April 14, 1924; that it is proposed to demolish the existing metal buildings at the rear of the plot, which are now being used illegally for storage and repairs of motor vehicles, and to erect at the rear of the lot a new, modern accessory building, to maintain the present office, to relocate the existing pumps and to use the entire plot as a gasoline service station, motor vehicle repair shop, including auto painting, body and fender work and welding; and

WHEREAS, the applicant contends that the entire area surrounding the site is improved with buildings used for factories and several gas stations; that the station located at the southwest corner of Foster Avenue and East 53rd Street in block 7948, lot 1 was granted by the Board; that the railroad is within a few hundred feet of the site and the plot is not suitable for any other type of development; that the entire premises has been used illegally as a gasoline station and motor vehicle repair shop for many years; that a variance granted by the Board under Cal. No. 146-38-BZ in 1939 permitted the extension of the gas station and the erection

MINUTES

of a new accessory building at the rear; that this variance, for reasons unknown to the present owner, was never availed of; that the illegal occupancy of the plot which existed at that time has continued; that the proposed new accessory building and the improvement of the premises by relocating the pumps and paving the unbuilt upon portion will do much to improve the character of the street; and

WHEREAS, the applicant states that the present owner has held title to the property since November 21, 1955; that the assessed valuation of land is \$8,000 and of the building \$3,000 making a total of \$11,000; that the buildings was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and i to permit the reconstruction of the lawfully existing gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received December 18, 1957", 3 sheets, and "November 19, 1958," 3 sheets; that this resolution shall supersede the resolution adopted by the Board on June 21, 1938 under Volume I where such resolution is not consistent with this resolution; that such portions of the existing gasoline station as are proposed to be eliminated shall be removed and the premises shall be arranged for the uses as proposed and as indicated on plans showing proposed conditions; that the new accessory building shall be of the design and arrangement as indicated, and located toward the rear of the lot, with a front of face brick; that there shall be no windows on the exterior walls facing upon adjoining premises; that the use of the building may be for motor vehicle repairing and lubritorium and fender shop and welding, as proposed and as shown; that the gasoline pumps shall be of a low approved type erected not nearer than ten feet to the street building line of Kings Highway; that the existing curb cuts may be continued of the width and location where shown; that sidewalks and curbing abutting the premises on Kings Highway shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the proposed accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices, but permitting the erection within the premises of one post standard for advertising the gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet, and to be illuminated; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that on the side lot line from the accessory building to the street line there shall be constructed walls of masonry not less than five feet six inches in height, with suitable terminating post, except that such wall is not required where masonry walls of buildings now exist on the lot lines; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

109-58-BZ

APPLICANT—Robert J. Crinnion, for Jarvis Corp., owner.

SUBJECT—Application March 7, 1958—decision of the Borough Superintendent, under Sections 7e and 7h of the Zoning Resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station with accessory uses of lubritorium, auto washing, non-automatic, minor repairs with hand tools only, office, sale and storage of auto accessories and parking of more than five (5) motor vehicles, all for a stated term of fifteen (15) years.

Negative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to January 27, 1959, for inspection and decision; and for applicant to submit statement as to applicability of Section 21A in connection with Museum of the American Indian; hearing closed; then to February 3, 1959, for applicant to furnish the Board with information as to the requirements of Section 21A as to distances from schools, playgrounds and parks and for decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hollywood Avenue and Jarvis Avenue are in local retail and residence use, D and DD area, class 1 height districts; Zulette Avenue is in a residence use, DD area, class 1 height district; Middleton Road is in a local retail use, D area, class 1 height district; that as of July 25, 1916 the portion of the property within 100 feet of Middleton Road was zoned as a business use district and the remainder was zoned as a residence use district; that the present local retail designation for the property within 100 feet of Middleton Road became effective on June 10, 1955; that as of July 25, 1916 the property was zoned as a 1½ times height district and a C area district, and the present height and area designations became effective on June 10, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated February 6, 1958 acting on N.B. Applic. No. 1421-57, reads:

"1. In a local retail and residence district the proposed "Gasoline and oil selling sta., lubritory, car washing, parking, etc. is contrary to Sect. 3 & 4-c, Art. II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 220.13 feet frontage by 131.86 feet and 95 feet in depth, irregular; that it is proposed to erect a modern type gasoline service station, with lubritorium, non-automatic auto wash, minor repairs with hand tools only, office, sale and storage of auto accessories and parking of more than five motor vehicles awaiting service; that the building will be faced on all sides with face brick and will be located well away from the residential portion of the plot which constitutes only a small percentage of the lot area; that the properties to the south of the proposed station will be adequately protected and buffered by a 5 foot 6 inch high brick wall behind the building and a 5 foot 6 inch high woven wire fence along the remainder of the rear lot line; that across the rear of the entire plot will be a planted area 5 feet wide, planted with shrubbery and protected by a 6 inch by 8 inch concrete curb; that the brick wall will be extended 45 feet from the rear lot line along the Hollywood Avenue building line; that curb cuts will be limited to three 17 foot cuts on Middleton Road and one 17 foot curb cut on Hollywood Avenue; that four low approved type gasoline pumps are proposed to be located 15 feet from the Middleton Road building line and well away from the Hollywood and Jarvis Avenue building lines; that the entire plot will be graded and surfaced with asphalt, with the exception of concrete aprons; that operation of the station will be limited to the hours of 7 A.M. to 10 P.M.; and

WHEREAS, the applicant contends that the proposed service station will benefit the neighborhood by eliminating a vacant, weed-covered lot which tends to collect trash; that in addition, the proposed improvement will benefit public safety by

MINUTES

reason of the fact that the open corners of the property will provide clear, unobstructed vision to motorists at the intersections, which is most important at angular corners; that Middleton Road is already heavily developed with the uses permitted in a local retail district and there is no further demand for that type of development and there is no reason to assume that such demand would arise in the future; that this is borne out by the fact that the current owner acquired title to the property from The City of New York; that there is no gas station within the affected area, nor within the vicinity; that although Middleton Road is a major, heavily trafficked artery in this section of The Bronx, the need for additional facilities exists; and

WHEREAS, the applicant states that the present owner has held title to the property since April 5, 1957 and that the assessed valuation of land is \$31,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and while the committee found that the application does not come within the requirements of Section 21A, the committee of the Board finds that the application should not be granted in the area; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on NB App 1421-57, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

249-58-BZ

APPLICANT—Fred C. Dahlem, for Rubin Gordon, owner.

SUBJECT—Application April 18, 1958—decision of the Borough Superintendent, under sections 7c and 7h of the Zoning Resolution, to permit in a local retail and residence use district, the erection of a one story and cellar structure for use as stores and market and to use the unbuilt upon portion of the site as a parking lot for patron parking and neighborhood car owners.

PREMISES AFFECTED—1260 Gun Hill Road, south side, 26.85 feet west of Bouck Avenue, Block 4619, Lots 1, 3, 21 and 28, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bouck Avenue and Throop Avenue are in local retail and residence use, B area, class 1½ height districts; East Gun Hill Road is in a local retail use, B area, class 1½ height district; Bouck Avenue is in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 14, 1958 acting on N.B. Applic. No. 122-58, reads:

"1. Construction of stores inside the residence use district is contrary to Art. II Sect. 3 of the Z. R.

2. Proposed parking for more than five motor vehicles inside a residence use district is contrary to Art. II Sect. 3 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 107.39 feet frontage by 219 feet in depth, irregular, presently vacant; that the vacant land is below grade and

contains rain water, there is hard pan below the surface and drainage is impossible without sewer connections which it is intended to put in if the Board grants this application; that it is proposed to improve this property with a one story and cellar new building on Gun Hill Road for stores and market, as permitted in a local retail district; that the building will be face brick and at the rear on Burke Avenue and along Bouck Avenue; that it is proposed to provide a fenced in parking lot with an in and out driveway for the use by patrons, and parking of more than five motor vehicles for the neighboring owners of cars in the project and other local residents who may wish to take their cars off the street, and to provide a new eight inch sewer to Burke Avenue with new drains as shown both in the cellar and new parking lot, which it is intended to black top entirely; and

WHEREAS, the applicant states that due to the shape of the plot upon which the new building is to be erected, a small triangular portion falls in a residence district, size 19 feet by 40 feet; that as the zone line continues parallel to Gun Hill Road, a triangle falls in local retail which will remain vacant so that the proposed building can be properly squared out; and

WHEREAS, the applicant contends that the site is an eyesore at present and most times has a large accumulation of stagnant water which looks like a swamp; that a healthier and safer condition will be provided if it is permitted to complete this work as proposed; that any conditions which the Board may impose for the enhancement of this property and neighboring properties will be gladly conformed with; and

WHEREAS, the applicant states that the present owner has held title to the property since January 11, 1956 and that the assessed valuation of land is \$15,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of the lawfully permitted use in the local retail district into the more restricted district as proposed and as shown on plans filed with application marked "Received April 12, 1958", one sheet, "April 18, 1958", six sheets, "April 25, 1958", one sheet, "November 7, 1958", one sheet, *on condition* that the portion in the residence use district shall include extension of building as shown but shall be mainly used for parking of patrons cars as proposed and not for general parking; that such portion of the plot shall be leveled substantially to the grade of the abutting streets and shall be surfaced with steam cinders or clean gravel and treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet six inches with no openings therein except where shown to Burke Avenue; that such opening shall not exceed ten feet in width each and shall be fitted with gates which shall normally be kept closed when the store building for which the parking is accessory is not open for business; that signs shall be restricted to one sign at the entrance attached to the fence indicating the private use of the parking area limited to the patrons and employees of the store building located on Gun Hill Road on the northerly portion of the plot; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that suitable bumpers shall be maintained at all points against the fences for protection thereto; that the parking area shall be graded to a point within six inches below the level of the cellar floor; that a ramp from the parking area, as shown, to the first floor of the building with a door into the building from the parking area at Bouck Avenue

MINUTES

may be permitted as shown; that the pitch of such ramp shall not be greater than one foot in twelve feet; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

396-58-BZ

APPLICANT—Gilbert Lazarus, for Melville A. Schroeter, owner.

SUBJECT—Application June 27, 1958—decision of the Borough Superintendent, under sections 7e, 7f, 7c & 7A of the Zoning Resolution, to permit in a business use district, a portion of the premises to be used for a motor vehicle repair shop together with parking of more than five (5) motor vehicles, incidental sale of gasoline, oil and motor accessories to customers of cars being repaired, office and storage space, the balance of the premises to be used for three stores, a business entrance located within 75 feet of a residence zone.

PREMISES AFFECTED—1680-1688 Albany Avenue, west side, 48.18 feet south of Marginal Street (Avenue H), and 4016-4018 Marginal Street (Avenue H), Block 7744, Lots 47, 49, and 50, Borough of Brooklyn.

APPEARANCES—

For Applicant: Gilbert Lazarus and M. Schroeter.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Avenue H are in a business use, D area, class 1 height district; East 40th Street and Albany Avenue are in business and residence use, D area, class 1 height districts; that the height and area designations have not been changed since July 25, 1916; that the use designation was changed from an unrestricted district to a business district on May 26, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated June 4, 1958 acting on Alt. Applic. No. 968-58, reads:

"1. Proposed change of occupancy in the buildings and premises in a Business Zone, to be used for auto repair, including body and fender repair and welding, two 2-car garages, parking and storage of more than five (5) motor vehicles on vacant portion of lot in conjunction with the following proposed uses on the adjoining lot 47; 3 stores and office, sale of motor oil and accessories and sale of gasoline only to cars being repaired in lots 49 & 50, is contrary to Article II, PP. 4a, subsections 15, 29 & 46 of the Zoning Resolution.

2. Business entrance within 75 feet of a residence Zone is contrary to Article II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the decision of the Borough Superintendent, dated June 4, 1958 acting on Alt. Applic. No. 969-58, reads:

"1. On a plot which is in a business zone the proposed change in occupancy in buildings and premises to be used for storage, 3 stores and office—sale of motor oil and accessories—sale of gasoline only to cars being repaired on adjoining lots 49 & 50 in conjunction with auto repair, including body and fender repair and welding. Two—2 car garages, parking and storage of more than five (5) motor vehicles on vacant portion of lot, is contrary to Article II PP. 4a, Subsections 15, 29 and 46 of the Zoning Resolution.

2. Business entrance within 75 feet of a residence zone

is contrary to Article II PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 feet frontage by 100 feet in depth, upon which is located a building containing four stores, a building containing four, one-car garages and an open yard which has access to both Albany Avenue and Marginal Street; that it is proposed to use the most easterly store, the garage building and the yard as a motor vehicle repair shop, including body and fender repairs and welding, and for the parking of more than five motor vehicles with incidental sales of gasoline, oil and motor accessories to customers of cars being repaired in the motor vehicle shop, together with an office and storage space, and to permit the balance of the premises to be used for stores; and

WHEREAS, the applicant states that the present owner acquired the property in 1923 and at that time the present buildings were erected and the garage building was occupied pursuant to Certificate of Occupancy No. 58720; that portion of the premises, consisting of the most easterly store, together with the garage building and the yard, was then used as a motor vehicle repair shop; that this use continued until 1953, during all of which time the premises were located in an unrestricted zone; that in 1953 the operator of the motor vehicle repair shop moved out and the store was occupied by an oil burner sales office until about December of 1957; that since then, that portion of the premises has been occupied by the present tenant for a motor vehicle repair shop; and

WHEREAS, the applicant further states that in effect, the application is to permit the premises to be used in the same manner as they were used from 1929 to 1953, during all of which time there was no adverse effect on surrounding area at all; that the request to the Board is made necessary only because of a technical reason arising out of the fact that this use was temporarily discontinued in 1953 and the zoning classification of the area was changed during the period of such temporary discontinuance; and

WHEREAS, the applicant contends that existing conditions indicate that the granting of the application would not adversely affect the area; that both Albany Avenue and Marginal Street, as well as Avenue H, which also intersects at this corner, are principal traffic arteries carrying a heavy volume of through traffic; that the property immediately across the street on the northwest corner of Albany Avenue and Marginal Street is used as a gas station, and the property immediately to the north of the gas station is used for the parking of motor vehicles; that the property immediately across the street on the southeast corner of Albany Avenue and Avenue H is used as a gas station and for the parking of motor vehicles; that in the light of these non-conforming uses and in the light of the prior history of this property, the granting of this application would not be adverse to the general purposes and intent of the Zoning Resolution and would work no injury to any of the surrounding properties; and

WHEREAS, the applicant states that the present owner has held title to the property since June, 1923; that the assessed valuation of land is \$7,600 and of the buildings \$15,200 making a total of \$22,800; that the buildings were erected November 22, 1929; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and due consideration has been given to the objectors' complaints at the rear, and the Board is of the opinion that there should be a masonry wall erected for protection to the adjoining owners along the westerly lot line from the building to Marginal Street, and the committee recommends this application should be granted with the condition added as to the wall; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, f, i and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application

MINUTES

be and it hereby is *granted* under Section 7e for a term of 10 years, to permit the premises to be occupied substantially as proposed and indicated on plans filed with this application marked "Received June 27, 1958," 4 sheets and "November 26, 1958," 1 sheet, *on condition* that the buildings shall not be increased in height or area; that the use as proposed shall be maintained during the term of this variance and no other uses shall be installed; that there shall be erected along the rear lot line to the west in place of the existing chain link fence a masonry wall not less than 6 feet in height, continuously from the masonry building on the lot line to the building line of Marginal Street, with suitable terminating masonry posts, except that where a wall of an accessory garage on lot 40 exists on the lot line, such wall may be omitted for the width of the garage if of masonry; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the motor vehicle repairing may include body and fender repair and parking and storage of motor vehicles on the vacant portion of the lot; that there may be storage of gasoline as proposed with one existing pump, as located, solely for servicing of cars that are being repaired and not for sale to passing vehicles; that under Section 7A the proposed business entrance within 75 feet of the residence zone may be permitted provided the requirements of this resolution are complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

409-58-BZ

APPLICANT—Andrew Di Camillo, for Joseph Coscia, owner.

SUBJECT—Application June 30, 1958—decision of the Borough Superintendent, under sections 7e, 7h, 7i and 21 of the Zoning Resolution, to permit in a retail and residence use, C area district the erection of a one story extension to the present building and change uses of auto laundry, auto body repairs and paint shop and parking and storage of more than five motor vehicles to automatic auto laundry, auto repairs and parking and storage of more than five (5) motor vehicles and parking of cars waiting to be serviced, the new extension occupying more than the permitted area.

PREMISES AFFECTED—8822-8824 4th Avenue and 361-383 89th Street, northwest corner, Block 6062, Lots 41, 42, 45 and 48, Borough of Brooklyn.

APPEARANCES—

For Applicant: Andrew Di Camillo.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 88th Street and 89th Street are in retail and residence use, C area, class 1 height districts; Fourth Avenue is in a retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 26, 1958 acting on Alt. Applic. No. 1998-58, as amended by decision dated December 4, 1958, reads:

"1. Proposed extension of building and plot partly in a Retail and partly in a Residence zone to be used for automatic auto laundry, auto repairs, and parking and storage of more than 5 motor vehicles and parking of cars to be serviced is contrary to Article II PP. 3 and PP. 4-A of the Zoning Resolution.

2. Area coverage on lots 41 and 42 exceeds permitted percentage in a "C" zone and violates Article IV, PP. 13 of the Zoning Resolution.

3. Provide rear yard adjacent to the Residence zone as per Article IV, PP. 13 and PP. 17 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 100 feet and 200 feet in depth, with a frontage on both Fourth Avenue and on 89th Street; that the frontage of Fourth Avenue is 16 feet 4½ inches wide and is 100 feet deep, and 40 feet wide in the rear parallel with Fourth Avenue; that the frontage of 89th Street is 77 feet 7 inches wide; that there is at present a one story structure of cement blocks on said plot; that this structure consists of two sections—one occupied as an auto laundry and built under Permit No. 4588-31, for which use Certificate of Occupancy No. 64218 was issued; that an extension to the laundry, 22 feet by 23 feet, was constructed under Alt. Applic. No. 11237-32 for the use of testing of batteries and simonizing of cars; that the use of the extension area—22 feet by 23 feet—was changed to that of auto body repair and paint shop under a variance granted by the Board under Cal. No. 616-53-BZ, granted on March 30, 1954 for a term of five years; that lot 42 is a corner plot, triangular in shape, with a frontage of 23 feet 7½ inches on Fourth Avenue, 22 feet 6 inches on 89th Street and a depth of 32 feet 8 inches along its hypotenuse; that there is a one story frame office on said plot, constructed prior to 1915; that lots 45 and 48 comprise an interior plot abutting lot No. 41 with a frontage of 100 feet on 89th Street, a depth of 100 feet and 93 feet 7¼ inches, irregular; that this plot is used for parking and storage of more than five motor vehicles granted under Cal. No. 414-55-BZ on March 20, 1956 for a term of two years reopened and extended for a term of five years on February 18, 1958; that it is proposed to extend, to the front and rear, the present one story cement block structure housing the auto laundry and auto repair shop; that the size of the corner structure, 40 feet by 100 feet, upon completion will have a frontage of 40 feet on Fourth Avenue and a depth of 100 feet along 89th Street at right angles to Fourth Avenue; that the building will be limited to said 40 feet by 100 feet in area, one story, 14 feet in height; that the building will be faced with brick on the two street fronts, and with concrete blocks on rear and side; that the present use will be maintained, except that the auto laundry will now be automatic; that the rear vacant plot will continue to be used for the parking and storage of more than five motor vehicles, and in addition will now be used for cars awaiting service for auto repairs and auto washing; and

WHEREAS, the applicant states that the proposed enlargement and modernization of premises is based upon the following points; that the site is presently occupied for the use as proposed and approvals and Certificates of Occupancy for said uses have been issued; that the proposal to extend and modernize will enhance the appearance of subject site and will not tend to depreciate any surrounding values; that a new, modern building will be a greater improvement to this area; that the flow of automobile traffic using the laundry facilities will be greatly improved by the use of the rear 100 feet by 100 feet vacant plot immediately to the rear of the building; that this plot is now used for an automobile parking lot and would then be used to park cars awaiting service, therefore removing any chance of cars waiting in the street and thereby impeding normal traffic; that there are non-conforming uses in the immediate area as follows: block 6062, lots 50 and 52—auto parking lot; lot 42—auto repair shop; block 6064, lot 28—gas station; block 6065, Lot 6—gas station and garage for more than five motor vehicles; block 6066, lot 10—gas station; and

WHEREAS, the applicant contends that the excess coverage of the building amounts to 687 square feet; that the area of land zoned retail, corner 40 feet by 100 feet—4,000 square feet; area of present building 27 feet by 23 feet and 18 feet by 41 feet 6 inches—1,253 square feet; area of vacant

MINUTES

area of plot—2,747 square feet; area of additional coverage allowable, 75% of 2,747 square feet—2,060 square feet, and the excess coverage is therefore 687 square feet; that regarding the rear yard for the retail zoned 40 feet by 100 feet corner adjacent to the residence zone, it is submitted that the rear yard would amount to 10 feet as per Section 13a of the Zoning Resolution; that instead of the 10 feet depth in the rear of the 40 feet by 100 feet retail zoned corner plot, he is providing a 100 feet by 100 feet irregular vacant plot, which is a far better yard; that the owner will scrupulously adhere to any conditions set by the Board; that a variance is requested for a term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since April 8, 1954; that the assessed valuation of land is \$15,900 and of the building \$2,800 making a total of \$18,700; that the buildings were erected in 1915 and 1931; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, h and i of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship as to coverage of building and omission of rear yard as proposed.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Section 21 to permit extension in area; that under Section 7e for a term of fifteen years there may be reconstruction of the existing building on the lot and for use in connection with the parking and storage space as previously permitted on the adjoining plot and to permit within such space an entrance from 89th Street to the rear of the building at the front of the lot; that such work may be permitted as proposed and indicated on plans filed with this application marked, "Received June 30, 1958," 3 sheets, and "December 5, 1958" 3 sheets, that the portion of the premises may be occupied for parking under section 7h for a similar time extending the grant under 414-56-BZ for two years by resolution adopted March 20, 1956; shall be leveled substantially to the grade of 89th Street and shall be graded with clean gravel, treated with a binder and properly rolled; that there shall be erected on all interior lot lines except where the rear of the building on the front portion of the lot to be used for auto repairing occurs a woven wire fence of the chain link type not less than 5 feet, 6 inches in height on a masonry base, except that if on any of the lot lines there is an existing corrugated iron metal fence of greater height, such fence may be continued provided the fence is in good condition; that no other openings shall be permitted except one for entrance and egress on 89th Street with a curb cut opposite, as now existing, 10 feet in width; that in all other respects the premises and building shall comply with all the requirements of the Building Code; that the building shall not be further increased in height or area; that the building may also be used as an automatic car laundry as proposed and cars shall enter from the parking lot at the rear under same ownership; that the curb cut on Fourth Avenue may be 30 feet in width, as shown, provided no portion of the curb cut is nearer than 5 feet to the side lot line as prolonged; that along 89th Street the building to be occupied for repairing shall have window sills not less than 5 feet above the street grade; that there shall be no cellar under such building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

414-58-BZ

APPLICANT—Ingram S. Carner, for Eleanor A. Fisher, owner.

SUBJECT—Application July 8th, 1958—decision of the Borough Superintendent, under sections 7e, 7f, 7i and 7A of the Zoning Resolution, to permit in the retail portion

of a plot partly in a retail and partly in a residence use district, the erection and maintenance of a gasoline service station, office, sale of auto accessories, car washing, non-automatic, auto repairs with hand tools only, lubricatorium, parking and storage of more than five (5) motor vehicles waiting to be serviced with curb cuts and show windows within 75 feet of a residence use district for a stated term of fifteen (15) years.

PREMISES AFFECTED—107-52 to 107-60 (107-56 official) New York Boulevard and 162-11 to 162-21 108th Avenue, northwest corner, Block 10140, Lot 26, South Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-	
ert and Commissioner Foley	3
Negative:	0
Absent: Commissioner Sleeper	1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 108th Avenue are in retail and residence use, D area, class 1 height districts; New York Boulevard is in a retail use, D area, class 1 height district; Union Hall Street is in a residence use, D area, class 1 height district; that as of July 25, 1916 the property was zoned as a business district and on May 23, 1957 the present retail designation became effective; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated June 16, 1958 acting on N.B. Applic. No. 575-58, reads:

1. The erection of a gasoline service station part in a retail and part in residence use district with accessory lubricatorium, car washing (non-automatic), auto repairs with hand tools only, office, and storage of auto accessories, and parking of more than five cars waiting to be serviced is contrary to Art. II Sec. 4A Zoning Res. Art. II Sec. 3 Zoning Res.

2. The erection of a ground sign in a retail use district is contrary to Art. II Sec. 4-A Zoning Resolution.

3. Curb cuts and show windows within 75' of a residence use district is contrary to Art. II Sec. 7A Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 86 feet frontage by 115 feet in depth, presently vacant, except for a tremendous ground sign existing on the unstripped land portion of the plot; that it is proposed to erect and maintain for a stated term of fifteen years, a modern gasoline service station, office, sale of auto accessories, non-automatic car washing, automobile repairs with hand tools only, lubricatorium and parking and storage of more than five motor vehicles awaiting service; and

WHEREAS, the applicant states that there is an economic demand for the development of the subject premises as proposed, as the property is located along New York Boulevard which is wide and heavily trafficked; that the premises could be developed substantially as proposed so as to yield a fair return on the owner's investment, and a major oil company has entered into a lease agreement of the premises, conditioned on its development as proposed; that the proposed use would not alter the essential character of the neighborhood as the premises is situated in a retail use district; that a grant of the proposed application would not affect values of nearby properties; and

WHEREAS, the applicant states that the present owner has held title to the property since August 22, 1955 and that the assessed valuation of land is \$7,500; and

MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i, and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied for a gasoline service station and uses lawfully accessory thereto, substantially as proposed and indicated on plans filed with this application, marked "Received July 8, 1958," 4 sheets, and "November 26, 1958," 1 sheet, *on condition* that all buildings and uses now on the premises shall be removed and the site shall be leveled substantially to the grade of the abutting streets and constructed and arranged as indicated on plans above cited; that the accessory building shall be of the design, arrangement and location shown and shall have no cellar and in all other respects shall comply with the Building Code; that along the lot line at the rear to the west there shall be constructed a woven wire fence of the chain link type on a masonry base, not less than a total height of 5 feet, 6 inches; that a similar fence shall be erected along the lot line to the north to the building line of New York Boulevard with suitable terminating posts at the building line; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line; that the number of gasoline storage tanks shall be limited to twelve 550 gallon approved tanks; that the balance of the premises where unbuilt upon shall be paved with bituminous asphalt or concrete; that curb cuts shall be restricted to two, each 30 feet in width, where shown, to 108th Avenue and two of similar width to New York Boulevard with no portion of any curb cut nearer than five feet to a lot line as prolonged; that at the intersection of New York Boulevard and 108th Avenue there shall be constructed and maintained a block of concrete not less than 12 inches in height extending for five feet along each building line from the intersection; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that under Section 7e for a similar term there may be parking of cars awaiting service; that under Section 7i for a similar term there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7A there may be curb cuts and show windows as shown and herein permitted, provided the requirements of this resolution are complied with; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs, and temporary signs and advertising devices, but permitting the erection of one post standard within the intersection for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend for a distance of not more than four feet beyond the building line; that a planted area shall be maintained toward the east to the rear of the accessory building between the rear wall of accessory building and the lot line fence as above required, which space shall be suitably landscaped with suitable planting material; that such space shall be protected on the lot side with a concrete curb not less than 8 inches in height and 6 inches in width; that where not applicable under section 7 subdivision f, section 7 subdivision e may be invoked for the uses above permitted; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

488-58-BZ

APPLICANT—Charles A. Buckley, Jr., for Judson Estates, Inc., owner.

SUBJECT—Application August 15, 1958—decision of the Borough Superintendent, under Section 7h, of the Zoning

Resolution, to permit in a local, retail and residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1314-1330 Merriam Avenue east side, 100 feet north of West 169th Street, Block 2531, Lot 5, Borough of The Bronx.

APPEARANCES—

For Applicant: Maurice J. Schulkind

For Opposition: None.

For Administration: John J. Saunders, Bd. of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to January 27, 1959, for inspection and decision; hearing closed; then to February 3, 1959, applicant to file revised plans showing existing conditions and grades; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, West 169th Street and West 170th Street are in local retail and residence use, B area, class 1¼ height districts; Ogden Avenue is in a local retail use, B area, class 1¼ height district; Merriam Avenue is in a residence use, B area, class 1¼ height district; that as of July 25, 1916 the portion of the property presently zoned local retail was in a business district, and was rezoned to a local retail district on May 20, 1952; and

WHEREAS, the decision of the Borough Superintendent, dated July 22, 1958 acting on Alt. Applic. No. 646-58, reads:

"1. Proposed use of more than five and less than 150 motor vehicles on premises partly in a residence use district and partly in a local retail use district is contrary to Art. II Sect. 3 & 4-c of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 232 feet 4½ inches frontage by 150 feet in depth, irregular, presently vacant, adjoined on the north and south by old multiple dwellings; that opposite the property on Merriam Avenue, it is developed with dwellings, and the property to the rear is vacant and consists of rock embankment; that it is proposed to develop the premises as a parking lot to serve the needs of the residents of the community; and

WHEREAS, the applicant states that the premises in question has been the only portion of the street frontage within the block that has remained undeveloped through the years; that it contains numerous high layers of rock which make it undesirable and uneconomical for any type of residence building or other structure; and

WHEREAS, the applicant contends that the streets in the area are highly congested with parked cars and moving traffic because of the lack of convenient off street parking areas; that the use of the premises for off street parking would alleviate congestion in the street, would serve the residents in the area, would improve the premises and its appearance and would not adversely affect adjoining properties; and

WHEREAS, the applicant states that the present owner has held title to the property since December 19, 1955 and that the assessed valuation of land is \$10,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the

MINUTES

application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles substantially as proposed and indicated on plans filed with this application, marked "Received August 15, 1958", 3 sheets, as amended by revised plans marked "Received January 30, 1959", 2 sheets *on condition* that the part of plot proposed to be used shall be leveled to the grade indicated on such revised plans and shall be surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that along the lines of the portions of premises proposed to be used there shall be installed a woven wire fence of the chain link type not less than 5 feet, 6 inches in height; that such fence shall be on a masonry base or on a retaining wall on such portions of the plot where a retaining wall is required; that such retaining walls as are required shall be furnished by this owner at his expense and such walls shall be approved as to construction by the Borough Superintendent; that the ramp from Merriam Avenue may be constructed, protected by retaining walls as shown and with curb cut opposite not over 20 feet in width; that the ramp shall not exceed 14 feet in width and shall have a gate which shall normally be kept closed except when the parking lot is in operation; that bumpers shall be maintained along all property lines for the protection of fences and masonry walls as proposed and shown; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon; that any existing building or uses shall be removed except there may be an attendant's office not exceeding one story in height or 100 square feet in area, located toward Merriam Avenue at the ramp entrance, to be used solely as an office and shelter for the attendant; that signs shall be restricted to one sign at an entrance, attached to the fence but not illuminated nor extending from the lot line and not more than five square feet in area advertising only the rates charged and such other information as may be required by the Commissioner of Licenses; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

521-58-BZ

APPLICANT—John F. Fitzsimons, for Wilton Homes, Inc.
SUBJECT—Application September 5, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs with hand tools only and parking of cars awaiting service for a stated term of fifteen (15) years.

PREMISES AFFECTED—33-20 Francis Lewis Boulevard, southwest corner of 33rd Avenue, Block 5260, Lot 1, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Opposition: Nathan Weinstein.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert
and Commissioner Foley 3

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 191st Street and 192nd Street are in a residence use, D and G-1 area, class ½ height district; 33rd Avenue and Francis Lewis Boulevard are in a residence use, D area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 25, 1958 acting on N.B. Applic. No. 2771-58, reads:

"1. The proposed erection of a gasoline service station, lubritorium, minor auto repairs with hand tools only and the parking of cars awaiting to be serviced and the erection of a ground sign on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot 116.855 feet frontage by 86.98 feet in depth, irregular, presently occupied with two billboards; that it is proposed to erect a three bay accessory building 53 feet 4 inches wide by 28 feet 8 inches in depth, parallel to Francis Lewis Boulevard, but set back approximately 50 feet therefrom; that the building will be of face brick construction on all sides; that one concrete island, 29 feet long, set back 15 feet from the lot line to accommodate four New York City approved low type pumps, is proposed for the Francis Lewis Boulevard frontage; that a 2 foot high brick wall, surmounted by a 3 foot 6 inch high wrought iron picket fence, is proposed for the southerly lot line, the street front of 191st Street and approximately 50 feet of the 33rd Avenue frontage; that one 20 foot curb cut is proposed for the 33rd Avenue frontage, starting 5 feet from the intersection with Francis Lewis Boulevard and three 25 foot curb cuts are proposed for the Francis Lewis Boulevard frontage; and

WHEREAS, the applicant contends that the easterly frontage of Francis Lewis Boulevard, opposite the proposed site, is developed with stores, some of which have dwellings overhead; that the northeast corner of 33rd Avenue and Francis Lewis Boulevard is developed with gas service station use; that the Francis Lewis Boulevard frontage immediately south of the site is vacant, and further south, below 34th Avenue, it is developed with a one story brick store, next to which is a lot for the storage of materials—block 5261, lot 6; that Francis Lewis Boulevard is a heavily trafficked main artery divided at this location by a center mall; that only southbound Francis Lewis Boulevard traffic may use the facilities of the proposed station, so that no traffic hazards will be engendered should this application be granted; that the brick wall and picket fence is designed and will serve to protect the residential character of 191st Street and 33rd Avenue; that on the basis of all the foregoing, it is requested that this application be granted for a term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since May 7, 1958 and that the assessed valuation of land is \$7,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. #2771-58, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

535-58-BZ

APPLICANT—John F. Fitzsimons, for Tony and Jennie Andruk, owners.

SUBJECT—Application September 10, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business use district, the reconstruction of an existing gasoline service station, lubritorium, auto laundry (non-automatic), minor auto repairs with hand tools only and parking of cars waiting to be serviced, the proposed work to provide a new accessory building, install additional gasoline tanks and relocate the pump islands and curb cuts.

PREMISES AFFECTED—23-25 31st Street, east side, 75 feet north of 23rd Road, Block 835, Lot 27, Astoria, Borough of Queens.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 31st Street and 23rd Avenue are in a business use, C area, class 1 height district; 32nd Street and 23rd Road are in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated August 25, 1958 acting on N.B. Applic. No. 2770-58, reads:

"1. The proposed erection of a gasoline service station, lubritorium, auto laundry (non-automatic) minor auto repairs with hand tools only and parking of cars awaiting to be serviced on a lot in a business use district is contrary to Art. 2, Sec. 4(a) items 29 and 46 of the Z. R.

2. The proposed erection of a ground sign in a business use district is contrary to Art. 2, Sec. 4(a) item 49 of the Z. R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 90 feet in depth; that it is proposed to remove the existing buildings on the premises and to construct an accessory building 65 feet 4 inches front by 28 feet 8 inches deep, to be located in the southeast corner of the premises; that it is also proposed to install one pump island 29 feet long, set back 12 feet from the building line, on which will be erected four low type pumps to be serviced by twelve 550 gallon storage tanks, five of which are presently installed, and to have two 30 foot curb cuts, one at each end of the property, and 5 feet away from the side lot line; that a planted area, 5 feet wide, will be maintained at the east end of the property; that it is also proposed to have a sign advertising the brand of gasoline sold on the premises installed in the northeast corner; and

WHEREAS, the applicant states that there are no plans on file in the Building Department to indicate when the use was first established; that Building Department records show Alt. Applic. No. 954-24 for four individual non-storage garages with outside gas tank and pump system—two 550 gallon tanks—location being given as the east side of Second Avenue, 200 feet south of Potter Avenue in Astoria, the size of the lot being indicated as 50 feet by 90 feet, and being designated as lot 29 in block 835; that Slip Applic. No. 2399-32 covering the then lot No. 27—a plot 50 feet by 100 feet beginning 75 feet north of 23rd Road—was an application for installation of grease pits; that on said application there is a statement to the effect "gas station on above premises for fifteen years"; that on October 14, 1954 the Building Department issued Violation No. 4380-54 reading: "erecting a one-story frame extension to existing gas station without approval of this Department", and a summons issued on this violation resulted in the owner's being found guilty; and

WHEREAS, the applicant contends that the reconstruction of this gasoline station will materially help the appearance of the neighborhood and will in no wise adversely affect it; and

WHEREAS, the applicant states that the present owners have held title to the property since January 3, 1953; that the assessed valuation of land is \$20,000 and of the building \$3,000 making a total of \$23,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee rec-

ommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the reconstruction of the lawfully existing gasoline service station substantially as proposed and as indicated on plans filed with this application marked "Received September 10, 1958," five sheets, *on condition* that all portions of the existing gasoline station proposed to be removed shall be removed and the accessory building shall be of the design, location and arrangement as shown; that there shall be no cellar under the accessory building and that in all other respects it shall comply with the requirements of the Building Code and shall be faced on all sides with face brick except that along the rear the wall may be of masonry painted; that along the rear lot line to the east, where the walls of the proposed accessory building do not occur, there shall be a masonry brick wall for a height of not less than two feet with steel pickets above to a total height of five feet six inches; that a similar wall shall be continued along the lot line to the north to the building line of 31st Street and a similar wall shall be continued along the lot line to the south, where frame and metal building occurs one foot from the building line; that curb cuts shall be restricted to two curb cuts to 31st Street, each 30 feet in width, remodeling the present curb cuts but permitting no portion of any curb cut to extend nearer to a side lot line as prolonged than five feet; that pumps shall be of a low approved type erected not nearer than twelve feet to the street building line of 31st Street; that the number of gasoline storage tanks shall not exceed a total of twelve 550 gallon existing and proposed approved tanks; that any existing tanks proposed to be continued shall be tested by the Fire Commissioner and shall be replaced if found not in good structural condition; that the balance of the premises shall be paved with asphaltic paving or concrete; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices but permitting the erection of a post standard for supporting a sign, which may be illuminated, advertising the brand of gasoline on sale, provided such standard is relocated toward the center of the premises away from adjoining residential occupancies; that under Section 7i there may also be repairs with hand tools only for adjustments maintained solely within the accessory building; that under Section 7c there may be parking of cars awaiting service provided such cars are so parked as not to interfere with the servicing of the station; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that a planted area shall be maintained where shown with suitable planting at entrance and protected with proper curbs and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

571-58-BZ

APPLICANT—James E. Vassalotti, for David Katz, owner.

SUBJECT—Application October 3, 1958—decision of the Borough Superintendent, under sections 7f, 7i and 7e of the Zoning Resolution, to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, hand tools only, car washing, storage room, office and sales and parking of cars waiting to be serviced for a temporary term of fifteen (15) years.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to February 3, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hillside Avenue and Queens Boulevard are in a business use, D area, class 1 height district; 138th Street is in business and residence use, D area, class 1 height districts; that as of July 25, 1916 that part of the premises within 100 feet of Hillside Avenue was in a class 1½ height district and the balance of the premises is in a 1¼ height district; that also at that time the premises were in a class C area district; that the present height and area designations became effective June 30, 1947; and

WHEREAS, the decision of the Borough Superintendent, dated September 4, 1958 acting on N.B. Applic. No. 2484-58, reads:

“1. Proposed gasoline service station, lubritorium, minor auto repairs (hand tools only), car washing, storage room, office and sales, and parking of cars awaiting to be serviced on a lot in a business use district is contrary to Art 2, Sec. 4(a) items 29 and 46 of the Z.R.

2. Proposed ground sign in a business use district is contrary to Art. 2, Sec. 4(a) item 49 of the Z.R.”

and

WHEREAS, the applicant states that the premises consist of a plot, 108.85 feet frontage by 126.87 feet in depth, irregular, presently developed with a three car metal garage, sales and display of used cars on the open area and a one story metal office; that it is proposed to remove the present use and two buildings, and to erect, for a temporary period of fifteen years, a modern gasoline service station consisting of twelve 550 gallon gasoline tanks and eight dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 60 feet, a depth of 30 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car washing and storage room, office and sales; that a part of the open area will be reserved for the parking of cars awaiting service; and

WHEREAS, the applicant contends that Hillside Avenue and Queens Boulevard being main auto lanes leading across Queens makes the proposal a fitting and proper development of the site in question; that within the affected area, the following properties are developed with non-conforming uses: block 9625, lot 65—used cars, partly in a residence zone; block 9625, lot 23—gas station; block 9626, lot 55—gas station and on lot 39 of the same block, a garage; block 9619, lot 8—gas station; that in addition, although in a permissible zone, the following uses relating to the automobile occur: block 9625, lots 65, 45 and 27—used car sales; block 9626, lot 17—used car sales; block 9620, lots 1 and 6—used car sales, and in the same block on lot 45—auto parking; block 9619, lots 1 and 14—used car sales; that it can therefore be seen that not only is the site directly opposite a gas station, but the entire area has lost its pure business zone aspect and is given over to uses having to do with the automobile, and the proposal could not adversely affect the area; and

WHEREAS, the applicant further contends that Van Wyck Expressway, which occurs almost directly west of the site, serves as the end of pure store use on Hillside Avenue and the erection of additional stores on the site at the tail end

of a shopping street would not be feasible; that such new stores would have to draw their entire business from east of the Expressway and as there are sufficient stores now in the area east of the Expressway, new stores would not be financially feasible; that the premises are now assessed for \$49,000, which is an extremely high ground value, and indicates the need for immediate development of the site in such manner as the owner may retain possession and continue to pay real estate taxes; and

WHEREAS, the applicant states that the present owner has held title to the property since May 26, 1956; that the assessed valuation of land is \$50,000 and of the buildings \$2,000 making a total of \$52,000; that the buildings were erected in 1946; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of 15 years, to permit the premises to be occupied as a gasoline service station and accessory uses thereto, substantially as proposed and indicated on plans filed with this application marked, “Received October 3, 1958,” 5 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of the abutting streets, and shall be constructed and arranged substantially as indicated on such plans; that on the interior lot lines there shall be erected a woven wire fence not less than 5 feet, 6 inches in total height on a masonry base except where the walls of the proposed accessory building are shown to be constructed; that such fence shall have suitable terminating posts at the building lines; that the accessory building shall be located where shown and of the design as indicated, without cellar, and faced on the two front sides to the south and east with face brick; that the west side and north side may be of common brick or block painted; that pumps shall be erected not nearer than 15 feet to the street line and shall be of the low approved type; that gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that curb cuts shall be restricted to two curb cuts to Hillside Avenue, each 30 feet in width and two of similar width, as shown, to Queens Boulevard with no portion of any curb cut nearer than 5 feet to a lot line as prolonged; that at the intersection there shall be a block of concrete for a distance of 5 feet along each building line and not less than 12 inches in height; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps excluding all roof signs, temporary signs and advertising devices, but permitting the erection of a post standard for supporting a sign, at the intersection, and permitting such sign be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend beyond the building line, as shown, for a distance of not more than 4 feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building for a similar term; that under Section 7e for a similar term there may be, parking of cars awaiting service provided such cars are parked in the spaces that do not interfere with the servicing of the station; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 674-47-SM—Vol. II.

Subject: Rawl Drives & Rawl Plugs.

The Rawlplug Company, Inc., Church Street, New York, filed July 7, 1947 an application with the Board of Standards and Appeals for approval of the material known as Rawl Drives & Rawl Plugs under the provisions of C26-191.0 Administrative Building Code. The application was dismissed January 14, 1958 and reopened under Calendar Number 674-47-SM—Vol. II, January 14, 1958.

Purpose

The material is to be used for anchoring hangers in stone concrete.

Description

The Rawl Drive is a one piece, longitudinally sheared pre-expanded tempered steel expansion bolt. The drive is made in three head styles; Round, Countersunk and Stud.

In the manufacture of the drive, the drive is given two heat treatments so that it has great tensile strength and hardness. The size of the drive ranges from 3/16 inch to 1/2 inch diameter and from 1 inch to 6 inches in length.

In application, two operations are necessary; drill a hole in the masonry, the nominal diameter of the drive to be used then insert the Rawl Drive in the hole and drive it with a hammer, if the stud drive is used; tighten the nut slightly with a wrench.

The Rawl-Plug is a masonry anchor designed for use with wood, sheet metal and lag screws. It is formed of braided jute, compressed into a tubular shape and is treated chemically and by heat to give a tough and elastic binding. A lead lining makes it possible for the screw to reproduce its own thread and keeps the jute fibers from being cut by the screw.

In application, it is necessary to drill the proper sized hole, insert the plug, put fixture in place and turn.

Inspection and Test

Various size drives were tested at New York Testing Laboratories, Inc. The drives were inserted in concrete blocks and depending on the diameter and imbedment and the loading in pounds, varied from 1287 to 5010 pounds.

The plugs were tested with sheet metal, wood and lag screws. The loading, in pounds ranged from 1193 to 2623 pounds.

The applicant has also submitted a report of the Underwriters' Laboratory—E 5796 and an approval of the former Board of Buildings, City of New York dated August 15, 1935 granting approval to the use of Rawl-Drives.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of

the material known as Rawl-Drives and Rawl-Plugs, for voluntary use in New York City under the provisions of C26-191.0 Administrative Building Code under the pertinent sections of the Administrative Building Code in the same manner as an expansion bolt, wherein expansion bolts are permitted on condition that all cartons in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 674-47-SM".

APPLICANT—Chattanooga Royal Company, owner.
SUBJECT—Application July 24, 1958—Royal DV-20 and DV-30, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Laid over to February 17, 1959, at 2 P.M. for further consideration; applicant having been notified.

725-49-SA

APPLICANT—Steward-Warner Corporation, U.S. Machine Division, owner.

SUBJECT—Application October 14, 1949—Saf-Air Gas-fired Wall Heater, Models 8201, 8202 and 8203, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Laid over to February 17, 1959, at 2 P.M. for further consideration; applicant having been notified.

272-55-SA

APPLICANT—H. C. Little Burner Company, Inc., owner.
SUBJECT—Application March 28, 1955—Safti-Vent Gas-fired wall Heaters, Models GW-16, GW-22, GW-30, GWT-16, GWT-22, GWT-30, GWR-8 and GWT-8, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Laid over to February 17, 1959, at 2 P.M. for further consideration; applicant having been notified.

107-54-SM

APPLICANT — Norton-McMurray Manufacturing Co., owner.

SUBJECT—Application February 10, 1954—Normac Compression Couplings and Fittings, Type No. 100, approval of.

MINUTES

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application dismissed for lack of prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

7-58-A

APPLICANT—Loral Electronics Corp., lessee, for Herbco Realty Corp., owner.

SUBJECT—Application January 3, 1958—Appeal from a decision of the Fire Commissioner, re permit for smoking—factory.

PREMISES AFFECTED—825 Bronx River Avenue, northeast side, 300 feet east of Story Avenue, Block 3621, Lot 10, Borough of The Bronx.

APPEARANCES—

For Applicant: Vincent Reiner.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner, dated December 3, 1957, reads:

"In response to your letter of November 26, you will please be advised that smoking is prohibited in all parts of factories within the City of New York."

and

WHEREAS, the applicant states that the building is 165 feet by 580 feet irregular, 1 story, 22 feet high, class 1 construction, erected in 1957, located in unrestricted use, A area, class $\frac{3}{4}$ height district, used and occupied since 1957 as follows: Office, Engineering and Manufacturing, 400 persons; that the building is provided with a two-source sprinkler and a standpipe system; that there are 8 exits along the perimeter of the building leading to street; that the only flammable material consists of maximum of 10 gallons of paint, kept in small masonry vented lockers; that this paint is not used in the manufacturing premises, but is used for general building maintenance and occasional "Touch up"; that the ventilation is provided with by continuous steel sash on the exterior of the building, roof ventilators and air conditioning system; that there is no fire hazard in the factory; that all materials used are non-combustible; that floors, ceilings, walls, partitions and fixtures are of fireproof material; that premises are sprinklered throughout; that there is 24 hour guard service in premises; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted on condition in this one story building.

Resolved, that the decision of the Fire Commissioner, dated December 3, 1957, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit smoking in areas shown on plan prohibiting smoking in the shipping department, protection test department, assembly and wiring department, instrument assembly, model shop, purchase department and supervisor *on condition* that in all other respects the places where smoking is herein permitted shall be maintained with signs as may be required by the Fire Commissioner showing that smoking is permitted in such spaces; that receptacles for smokers' refuse shall be installed as indicated on plans of the building marked "Received November 26, 1958", 1 sheet; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

724-51-A—Vol. III

APPLICANT—Irving P. Marks, for Pennsylvania Nursing Home, lessee; Pennsylvania Home Inc., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Appeal from a decision of the Borough Superintendent; re increase in occupancy of existing nursing home; previously granted on condition.

PREMISES AFFECTED—452 Pennsylvania Avenue and 658 Dumont Avenue, southwest corner, Block 3805, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: Irving P. Marks.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. III, on July 24, 1956, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 24, 1956, insofar as it has reference to the statement made by the applicant:

"that the building is completely covered by an automatic sprinkler system, so that as amended this statement by the applicant will be changed to agree with the resolution as adopted by the Board on December 9, 1952 reading:

'that all safeguards such as the installation of approved type sprinkler system in stair halls, stairs, slop sinks and closet, kitchen and pantry, self closing doors from all rooms to corridors, regulation exit signs and lights are being provided.'" (Alt. 211/55)

840-55-A

APPLICANT—Leonard F. Rothkrug, for Redore Realty Corp., owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Appeal from a decision of the Borough Superintendent, exits—previously granted on condition.

PREMISES AFFECTED—1392-1400 Atlantic Avenue, south side, 200 feet east of New York Avenue, Block 1202, Lot 17, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 26, 1957, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 26, 1957, by omitting the reference by the applicant to an installation of an improved interior fire alarm system throughout, which the Fire Commissioner now advises is not necessary in view of the installation of the sprinkler system so as to omit the words, 'and approved interior fire alarm system throughout.'" (Alt. 93/55)

286-58-A

APPLICANT—Clinton Brown, for Newton Associates, Inc., owner; World Dyeing and Finishing Co., lessee.

SUBJECT—Application April 30, 1958—Appeal from an Order of the Fire Commissioner, a decision re Orders of the Fire Commissioner and a decision of the Borough Superintendent, re location of Oil Burner.

PREMISES AFFECTED—345 West 13th Street, and 670-676 Hudson Street, northeast corner, 6th floor, Block 629, Lot 4, Borough of Manhattan.

APPEARANCES—

For Applicant: Clinton Brown.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 7, 1958, on Fire Prevention Applic. 1705/58, reads:

"1. The location of oil burner in any story, the floor of which is more than fifty feet (50') above the street level is contrary to Rule 8.3.2. of the Oil Burner Rules of the Board of S.&A."

and

WHEREAS, the decision of the Fire Commissioner, dated April 10, 1957 on Order #1979-7, reads:

"6. Discontinue the use of oil burners installed on any story, the floor of which is more than 50 feet above the street level. Rule 8.3.2. (B56)."

and

WHEREAS, the applicant states that the building is 6 stories, 70 feet 1 inch high, 158 feet 6 inches by 111 feet 6 inches in area, class 3 construction, erected in 1890, located in unrestricted use, B area, class 1½ height district, used and occupied as follows: Cellar—boiler room and building maintenance, 2 persons; 1st floor—store, 5 persons; 2nd floor—printing, 7 persons; 3rd floor—candy manufacture, 12 persons; 4th floor—paper box manufacture, 10 persons; 5th floor—dyeing and finishing of textiles, 19 persons; 6th floor—dyeing and finishing of textiles, 15 persons; that the building is equipped with an approved one-source sprinkler system, standpipe system and an interior fire alarm system; that there are two interior stairs and three fire escapes; and

WHEREAS, the applicant states that two 45 horsepower Clayton Boilers (steam generators) Model UH 3695 were installed on the 6th floor of the above building; that both steam generators are fired with pressure atomizing type integral oil burners; that they are used for the production of steam used in the factory processing operations of the lessee, who occupies the 5th and 6th floors of the building; that the oil burners use #2 grade oil, supplied from a 3000 gallon fuel oil storage tank located in an existing sidewalk vault west of the Hudson Street building line; that a vault license for this purpose has been secured from the office of the President of the Borough of Manhattan, with a photostatic copy thereof filed; that the requirements of all applicable provisions of the Oil Burner Rules of the Board of Standards and Appeals have been met, including, specifically, Rules 8.3.3 and 8.3.4; that the only rule not complied with is Rule 8.3.2, insofar as the two units are more than 50 feet above street level; that a modification of this provision is sought on this appeal; that the nature of the lessee's manufacturing operation makes it almost mandatory that the steam generating process be on the upper of the two floors he occupies; that various aspects of existing gravity hoppers and feed back systems are involved, to the extent that great hardship and expense would be involved in revamping the factory assembly lines to accommodate steam production and distribution on the lower floor; that the distance from the street level to the sixth floor (where the oil burning units

are installed) is 58 feet 6 inches or 8 feet 6 inches more than the fifty feet permitted under Rule 8.3.2; that modification of the strict enforcement of this rule in this case would not seem to violate the spirit of the requirement, especially since all other safety devices have been provided and all observable hazards eliminated; that the use of other competitive fuels at this elevation would not be barred under existing law, although the potential hazards in the case of fuel oil are not demonstrably greater; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted on condition.

Resolved, that the decision of the Borough Superintendent acting on Fire Prevention App. 1705-58, Objection No. 1, based on a previous decision of the Fire Commissioner dated April 10, 1957, citing Order No. 1979-7, Objection No. 6 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that both the feed line and the discharge line shall be of copper tubing, each enclosed in steel piping, as shown on plans marked "Received January 28, 1959, one sheet; that the return through the discharge line to the tank shall have a catch basin to collect leakages, as shown thereon, with mercury switch, maintained to the satisfaction of the Fire Commissioner; that with this arrangement the oil burner of approved type may be installed on the sixth floor, as proposed and as shown on such plans; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, including the Oil Burner rules where applicable.

511-58-A

APPLICANT—Sidney H. Kitzler, for David Diamond, owner; King Furniture Co., lessee.

SUBJECT—Application August 28, 1958—Appeal from a decision of the Borough Superintendent, re stairways, live load, etc.

PREMISES AFFECTED—398-400 Rockaway Avenue, west side, 189 feet, 4½ inches north of Pitkin Avenue, Block 3499, Lot 161, Borough of Brooklyn.

APPEARANCES—

For Applicant: Sydney H. Kitzler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 29, 1958 on Alt. Applic. 1627/58, reads:

"1. Provide one 3 feet wide stairway (6.4.1.2) (6.1.2.2.3) enclosed in one-hour fire retarded partitions (6.4.1.8.1) and leading directly to street and roof (6.4.1.11) as per A.C.

2. Floor of second floor to be good for a live load of 75 lbs. per sq. ft. for the sale and display of furniture."

and

WHEREAS, the applicant states that the building is 1 and 2 stories, 12 feet 3 inches and 22 feet 5 inches in height, of class 3 construction, 40 feet front by 90 feet in depth at 1st floor, 40 feet front by 60 feet in depth at typical floor, erected 1921, located on a lot 40 feet front by 100 feet in depth, in a business use, C area, class 1 height district, and used and occupied since 1921 and 1946 as follows: cellar—boiler room; 1st floor—furniture store, 4 persons; 2nd floor—furniture showrooms, 1 person; that no change in use or occupancy is now proposed; that the building is provided with one 3 foot 2 inch wide interior wood stairs, unenclosed; that it is proposed to provide one fire escape on the front, extending to street from second story balcony by counterbalanced stair; and

WHEREAS, Violation #2238 was issued June 15, 1955, for erecting a new store front, without obtaining a permit; and

WHEREAS, Certificate of Occupancy #29129 was issued October 9, 1924 against Alt. Permit 11544/21, permitting

MINUTES

#400 Rockaway Avenue to be used as a store and furniture showroom; and

WHEREAS, the applicant states that #400 Rockaway Avenue was erected in 1921 and Certificate of Occupancy #29129 issued, providing for store on the 1st floor and furniture showroom on the 2nd floor; that the approved plans indicated an open 3 foot 2 inch wide interior stair from store floor to the 2nd floor furniture showroom; that building #398 Rockaway Avenue was erected in 1921 and Certificate of Occupancy #12879 issued for store on the 1st floor and one family on the 2nd floor; that the approved plans indicated an enclosed stairway leading from street to the 2nd floor dwelling; that the present owner acquired the building in 1947 and found all conditions exactly as they now exist; that in 1923 Alt. Permit #17287/23 was issued to replace the show window of 398 Rockaway Avenue and provide a large opening in the center wall between the two halves of the store; that the approved plans filed with this application indicate that in the southerly portion of the building there are open stairs from 1st floor furniture store to 2nd floor furniture showroom; that in the northerly portion of the building there was a stair leading from street to the 2nd floor dwelling; that when the present owner purchased the property in 1947, the 2nd floor was entirely used as a furniture showroom, and there was no stair leading from 1st to the 2nd floors in the northerly portion; and

WHEREAS, the applicant states that it is now proposed to provide a second means of egress from the 2nd floor by installing a fire escape with counterbalance stairs at the front of the building; and

WHEREAS, the applicant contends that the use of the 2nd floor for a display and sale of household furniture requires 75 pounds live load; that the present second tier of beams is adequate for 58 pounds live load per square foot; that this loading was approved in 1921 for 400 Rockaway Avenue and it is now requested that the Board accept such loading for 398 in view of the fact that the display of household furniture is practically the same as the dwelling use, which requires 40 pounds live load; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated July 29, 1958, acting on Alt App 1627-58, Objection No. One be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that a fire escape shall be constructed on the front of the building as shown on plans marked "Received August 28, 1958", three sheets, as the second means of exit; that the interior stair shall be enclosed as to the second floor level with construction good for at least one hour; and as to Objection No. 2, that the existing floor loads may be continued provided they are posted and are not used for heavier loads than as stated, namely 40 pounds per superficial foot; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto and that the building shall not be increased in height or area.

591-58-A

APPLICANT—Lama, Proskauer and Prober, for 155 Hudson Street Corporation, owner.

SUBJECT—Application October 8, 1958—Appeal from a decision of the Borough Superintendent, re stairs.

PREMISES AFFECTED—153-155 Hudson Street, west side, 26 feet north of Hubert Street, 1st floor; Block 215, Lot 23, Borough of Manhattan.

APPEARANCES—

For Applicant: Eugene S. Ginsberg.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative:	0
Negative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley	3
Absent: Commissioner Sleeper	1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 25, 1958, on Alt. Applic. 870/58 reads:

"1. Stairs at 1st floor should be enclosed to street. Sec. 271 LL."

and

WHEREAS, the applicant states that the building is 6 stories, 68 feet 8 inches high, 50 feet wide front by 109 feet 4 inches in depth, on the 1st floor and 100 feet deep on the upper floors, of class 3 construction, erected 1908, used and occupied since 1950 as follows: cellar—storage, no persons; 1st floor—storage, shipping and receiving, 6 persons; 2nd floor—office, 22 persons; 3rd and 4th floors—storage, 1 person each floor; 5th floor—packing of foods, 29 persons; 6th floor—preparation of foods and storage, 3 persons; and

WHEREAS, the building is now provided with two 3 feet wide interior wood stairs enclosed on all floors in 1 hour partitions and fireproof self-closing doors; that these stairs are not enclosed on the 1st floor; that the building is equipped with a one-source sprinkler system; and

WHEREAS, the applicant proposes to install a water curtain at the front of both stairs in lieu of fire retarded enclosures on the 1st floor leading to street; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee deemed that the openings left unenclosed or protected by a sprinkler curtain as proposed should not be approved in lieu of required construction.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 870/58, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

652-58-A

APPLICANT—Abraham Grossman, for 31 West 9th Street Corporation, owner.

SUBJECT—Application November 14, 1958—filed pursuant to section 310 of the Multiple Dwelling Law for variation of section 177, subdivisions 1 and 3, re depth of yard.

PREMISES AFFECTED—31 West 9th Street, north side, 413 feet 6 inches west of 5th Avenue, Block 573, Lot 60, Borough of Manhattan.

APPEARANCES—

For Applicant: Abraham Grossman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley	3
Negative:	0
Absent: Commissioner Sleeper	1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated October 31, 1958 on Alt. Applic. 1581/58, reads:

"A1. Cellar apartment is contrary to Sec. 177 subd. 1 and 3 of the M.D. Law in that yard shown is only 23' in depth instead of 30' as required."

and

WHEREAS, the applicant states that the premises consist of a lot 17 feet 6 inches by 92 feet 3¼ inches, located in residence use, C area, class 1½ height district, upon which there exists a 4 story, 50 feet 8 inches high, class 3 building, 17 feet 6 inches by 65 feet 5¼ inches, erected in 1890 as a one family residence; that in 1933 this building was classified as a converted dwelling—having two apartments on each of the 4 upper floors and a cellar apartment in the cellar, as noted on the photostatic copy of the CD-1 card herewith filed; that the cellar apartment is now vacant due to a violation to vacate this cellar apartment; that it is proposed to excavate the entire present yard to a depth of 6 inches below the present cellar floor; that it is also proposed to use only the rear room of the cellar apartment for living purposes; that the front cellar room to be used for storage purposes only; that the proposed one room cellar apartment will open

MINUTES

upon a yard open to the sky; that this yard and open spaces in the rear provide sufficient block ventilation; and

WHEREAS, the premises was inspected by a committee of the Board; and the committee recommended that the appeal should be granted having noted that several adjoining lots have a similar condition.

Resolved, that the decision of the Borough Superintendent, dated October 31, 1958, acting on Alt. Applic. 1581/58, Obj. A1 be and it hereby is *modified* and that the appeal be and it hereby is *granted*, under the power vested in the Board under section 310 of the Multiple Dwelling Law, to permit the reduced distance of the yard but not to less than 23 feet as proposed and to excavate the yard so as to permit the cellar apartment to comply with the requirements that the cellar and apartment shall be as shown on plans filed with this appeal marked, "Received November 14, 1958," 4 sheets, "January 8, 1959," 1 sheet, and "January 13, 1959," 1 sheet, *on condition* that in all other respects the cellar apartment shall comply with all laws, rules and regulations applicable thereto; that the yard, where excavated, shall have retaining walls constructed at the expense of this owner on the side lines and in rear line as may be necessary for the protection of adjoining yards where such yards may not have been excavated to a similar depth; that suitable lot line fences shall be maintained.

747-58-A

APPLICANT—Herman Horowitz for Mi-Bert Realty Corporation, owner.

SUBJECT—Application December 12, 1958—Appeal from a decision of the Borough Superintendent, review of Zoning matter.

PREMISES AFFECTED—446 East 86th Street and 1625-1631 York Avenue, Southwest corner, Block 1565, Lots 26, 126, 27, 28, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Horowitz.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 16, 1958, on N.B. Applic. 138/58, reads:

"A-1 Proposed 100% occupancy of plot at 1st floor is contrary to Art. IV, Sec. 12, sub div. b of Zoning Res."

and

WHEREAS, the applicant states that the proposed building will be 102 feet by 75 feet 7 inches in area at the street level and 91.3 feet by 75.7 feet at typical floor, 14 stories, 125 feet high, located in local retail use, B area, class 1½ height district, to be used and occupied as follows: Cellar—storage, no persons; 1st floor—stores, 20 persons; 2nd through 14th floor—multiple dwelling; that the entire street floor is to be devoted to business use with the upper stories occupied by residential tenants; that this Board has held a proper interpretation Sec. 12(b) to be that the curb level limitation does not apply where the structure at street level is devoted to business use; that the objective of Section 12(b) was not to protect adjacent properties but rather the residential tenants of the building subjected to limited coverage; that had this not been so, Section 12(b) would not have exempted a *non-residential* building in a B Area district from this restriction; that it is clear that in the subject premises the residential tenants are not adversely affected by permitting a business use throughout the street floor; that due to the sloping grade of the subject premises from East 86th Street upward to the south, it would not have been possible to use the street floor for residential purposes because much of it would have been below grade; that

it would have been impractical therefore to construct a building residential throughout; that the owners, of course, could construct a business building throughout without challenge; that being of the opinion that the correct development of the plot was a building part business and part residence, the owners proceeded on this basis only to encounter an improper ruling by the Borough Superintendent; and

WHEREAS, the Board finds that the slope of the lot has no bearing as to this application for interpretation; and finds that the terms of Article IV (Section 12, paragraph (b)) of the Zoning Resolution do not apply except to a building that is occupied throughout for residential use.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 138/58, Objection A1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* in accordance with the finding of the Board as above stated.

WHEREAS, this application was granted by the Board, on February 26, 1957, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 26, 1957, by adding thereto:

"that there may be a sign, as indicated on revised plan marked 'Received November 17, 1958, 1 sheet, as passed on by the Borough Superintendent under amendment to Alt. Application 542, disapproved December 15, 1958, on condition that in all other respects the requirements of the above resolution are complied with."

418-56-BZ

APPLICANT—Ingram S. Carner, for Louis Mintz, owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which has expired January 28, 1959 and amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7f and 7i of the Zoning Resolution, permitting in a business use district, the proposed erection and maintenance of a gasoline service station, car washing (non-automatic) minor repairs with hand tools only; office and sales, storage of accessories, parking for more than 5 cars waiting to be serviced.

PREMISES AFFECTED—7107-7127 New Utrecht Avenue, 1573 72nd Street, northeast corner, 1572 71st Street and 7102-7124 16th Avenue, Block 6180, Lots 63, 70, 71 and 72, Borough of Brooklyn.

APPEARANCES—

For Applicant: Ingram S. Carner.

ACTION OF BOARD—Application reopened, time extended and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Foley 3

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 19, 1957, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on January 28, 1958; and

WHEREAS, the resolution was amended on October 15, 1958; and

WHEREAS, the applicant requested a further amendment of the resolution and extension of time to complete the work.

WHEREAS, this application was subject to court review, with an order of certiorari served upon the Board on March 27, 1957, and decision by the court was rendered April 4, 1958; during this time, according to the practice of the Board the time to complete is added to the time to complete.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 19, 1957, as thereafter *amended* by resolutions adopted through October 15, 1958, insofar as it has reference to obtaining permits and completion of the work so that as amended this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution; N.B. App. 749-56, Objection No. 1, disapproved January 26, 1959;

and amended in the following respects: 1—that the pump island facing 16th Avenue, with three pumps fifteen feet from the building line, may be changed so as to face New Utrecht Avenue; 2—an additional curb cut thirty feet in width may be installed to 16th Avenue; 3—that there may be a brand sign at the intersection advertising only the brand of gasoline on sale, permitting such sign to be illuminated and to extend beyond the building line for a distance of not more than four feet; that at such intersection there shall be a block of concrete extending for a distance of five feet from the intersection along either street building line, not less than twelve inches in height, as indicated on revised plans marked "Received January 27, 1959", one sheet; and that in all other respects the resolution above cited shall be complied with.

470-56-BZ—Vol. II

APPLICANT—Lama, Proskauer & Prober, for The Booth Felt Company, Inc., owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which has expired February 4, 1959—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7e of the Zoning Resolution, to permit in a local retail use district, the erection of a one story building to be used for the processing of felt products, shipping and receiving, office, boiler room, loading and unloading and the parking of employees cars and owners trucks for a stated term of twenty-five years.

PREMISES AFFECTED—1712-1720 10th Avenue, northwest corner of 18th Street, Block 877, Lots 45, 46, 47, 48 and 49, Borough of Brooklyn.

Absent: Commissioner Sleeper	1

THE RESOLUTION—

WHEREAS, the decision of the First Deputy Commissioner Department of Buildings, dated December 29, 1958, on Alteration Application 1633 of 1956 and F.P. Application 1492 of 1958 reads,

“Your application for Department of Buildings consideration for tax exemption and abatement pursuant to Sections J41-2.4 of the Administrative Code, has been disapproved.

We are returning here with your copy of the “Application for consideration for Tax Exemption and Abatement” which has been disapproved for the following reason(x):

The scope of work performed under Alteration Application 1633-56 is so extensive as to constitute a new building. Such alteration is not deemed to come within the purview of Section J41-2.4, Administrative Code.”

and

WHEREAS, the applicant states that building is 5 stories, 52 feet in height, fifty feet front by 86 feet 8 inches in depth of Class 3 construction located in the residence use of B area, Class 1½ height district and used and occupied as follows: Cellar, boiler room, tenants laundry and storage, no persons. First floor, 7 Class A apartments; second to fifth floor inclusive, 8 Class A apartments, each floor. The building is provided with Class A apartments each floor. The building is provided with 1 three feet wide interior steel stairs with cement treads enclosed in 8 inch block and extending from roof bulkhead direct to street and in addition there are 4 fire escapes, front and rear, extending to roof by ladder and the street and yard by ladder, for which Certificate of Occupancy, #49197, was issued June 24, 1958, against Alteration Application #1633 of 1956, and

WHEREAS, the applicant states that the premises formerly consisted of 2, Class 3, constructed Old Law Tenements, 25 feet front by 70 ft. 7 inches in depth erected prior to 1901 and occupied by 2 apartments in each building on each floor; and

WHEREAS, the applicant contends that the Dep't. of Buildings has no authority to reject an application for the issuance of a Certificate of Reasonable Cost pursuant to the provisions of Section J41-2.4 in order to establish the basis for the owner securing tax exemption and/or as the applicant states the owner purchased the premises Nov. 15, 1956 and on Dec. 17, 1956 the Dep't. of Buildings approved plans under Alteration Application 1633-56; that on September 1, 1957 the owner commenced the alteration and remodeling of the buildings and completed such work on or about June 8, 1958 and received a Certificate of Occupancy on June 24, 1958; that on or about July 8, 1958 the owner filed an application for a Certificate of Reasonable Cost of the alterations and improvements and thereafter on August 22, 1958, the Dep't. issued a disapproval of the application; that the owner then commenced a proceeding under Article 78 of the Civil Practice Act to compel the Dep't. of Bldg. to consider the application and issue the Certificate of Reasonable Cost; that on Dec. 26, 1958, Mr. Justice Conlon, in Special Term of the Supreme Court handed down a decision dismissing the petition of the owner solely on the grounds that he had not exhausted his Administrative remedy by appealing to the Board to determine whether the improvements are alterations or a new building; and

WHEREAS, the applicant contends that the Dep't. acted arbitrarily and in a capricious manner in refusing to process the application for a Certificate of Reasonable Cost on the ground that the work performed is so expensive as to constitute a new building; and

WHEREAS, the applicant contends that the Dep't. not only approved the plans as an alteration but subsequently issued a Certificate of Occupancy based on the fact that the existing structure had been modified and changed; that the Dep't. had accepted and processed at least 100 similar applications involving plans substantially identical to the plans herein involved; and

WHEREAS, the applicant further contends that the Board on the Calendar Number 311-58-A affecting premises 169-171 East 77th Street, decided a similar appeal where the plans were substantially identical to the plans herein involved; that in connection with that appeal, the Dep't. submitted a brief, indicating that it would follow a policy of refusing to issue Certificates of Reasonable Cost in similar situations unless overruled by the Board; and

WHEREAS, the applicant therefore requests that the determination of the Dep't. of Buildings be reversed and that a ruling be issued requiring the Dep't. to accept and process applications for Certificates of Reasonable Costs under Sec. J41-2.4 of the Administrative Code; and

MINUTES

WHEREAS, the premises was inspected by a committee of the Board and the Board found that the alteration meets the requirements of the definition of "alteration" under Section J41-2.4 of the Administrative Code after a full and complete hearing.

Resolved, that the decision of the Borough Superintendent, dated December 29, 1958, acting on Alt. App. 1633-56 and FP. App. 1492-58 and it hereby is *modified* and that the appeal be and it hereby is *granted*.

15-59-A

APPLICANT—61 Holding Corporation, owner.

SUBJECT—Application January 7, 1959—disapproval for tax abatement, alteration constitutes a new building.

PREMISES AFFECTED—832-836 Greenwich Street and 61 Horatio Street, northwest corner, Block 643, Lots 59, 60 and 61, Borough of Manhattan.

APPEARANCES—

For Applicant: Hyman I. Luster.

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a decision of the Borough Superintendent, dated December 30, 1958 on Alt. Applic. 1843/56 and F.P. App. 43/58, reads:

"Your application for Department of Buildings consideration for tax exemption and abatement pursuant to Section J41-2.4 of the Administrative Code, has been disapproved.

"We are returning herewith your copy of the 'Application for consideration for Tax Exemption and Abatement' which has been disapproved for the following reason(x):

"The scope of work performed under Alteration Application 1843/56 is so extensive as to constitute a new building. Such alteration is not deemed to come within the purview of Section J41-2.4, Administrative Code."

and

WHEREAS, the applicant states that the building is 5 stories, 60 feet in height, 60 feet 5 inches front by 82 feet 11 inches in depth located in an unrestricted use, A area, class 2 height district and used and occupied: Cellar—boiler room and storage; basement to 4th floors inclusive, 7 apartments each floor; that the building is provided with one 3 foot wide interior steel stairs, masonry enclosed, extending from roof bulkhead direct to street and 4 fire escapes extending to roof by stair and to street and yard by ladder with egress through buildings and through adjoining yard to street; and

WHEREAS, Certificate of Occupancy #48748 was issued March 10, 1958 against Alt. Applic. 1843/56 permitting the present use and occupancy; and

WHEREAS, the applicant contends that the work performed on these buildings was completed under Alt. Applic. 1843/56 that the alteration comes within the purview of Section J41-2.4 of the Administrative Code; that the Certificate of Occupancy #48748 issued March 10, 1958 classifies the building as an old law tenement Class A Multiple Dwelling in that the word alteration as defined by Section J41-2.4 of the Administrative Code is as follows:

"1. Alterations and improvements; a physical change in an existing dwelling other than painting, ordinary repairs, normal replacements or maintenance items."

and

WHEREAS, the applicant contends that there is no limitation as to the type of work or the amount of work done on the premises except that the alteration and improvements

are to provide central or other heating and to eliminate fire or other hazards; that Section J41-2.4 of the Administrative Code defines an existing dwelling; that in the instant building the floor beams party walls between buildings and party walls permitted to remain; that the foundation of the building was permitted to remain that the roof beams were permitted to remain; and

WHEREAS, the applicants contends that Section J41-2.4 of the Administrative Code does not give the Department of Buildings the discretion to determine what building shall or shall not receive the benefit of Section J41-2.4, of the Administrative Code, Paragraph 5, of Subdivision 3 of Section J41-2.4, provides that Department of Buildings shall determine and certify the reasonable cost of any such alteration and improvements; that therefore the department has not been given discretion, but is mandated to determine and certify the reasonable cost; and

WHEREAS, the premises was inspected by a committee of the Board and the Board found that the alteration meets the requirements of the definition of "alteration" under Section J41-2.4 of the Administrative Code after a full and complete hearing and a stipulation agreed on by the Board with the applicant that statements as to general facts as expressed by the applicant orally in Calendar Number 765-58-A were made part of his presentation in this appeal to avoid repetition.

Resolved, that the decision of the Borough Superintendent, dated December 30, 1958, acting on Alt. App. 1843-56 and FP App. 43/58 be and it hereby is *modified* and that the appeal be and it hereby is *granted*.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 700-55-SA

Subject: Blu-Flame—Models VG-30, VG-35, VG-45, VG-50, VG-60 and VG-65.

Vacuum Stove Works, Inc., filed August 12, 1955 an application with the Board of Standards and Appeals for approval of the appliance known as The Blu-Flame, Models VG-35, VG-50, VG-60 and VG-65 Space Heaters under the provisions of Article 12, Chapter 26, Administrative Building Code.

Purpose

The appliance is a gas fired space heater.

Description

The space heaters are designed for BTU input ranging from 30,000 to 65,000 BTU per hour.

The heater is an assembly of parts; namely a chassis, cabinet burners, heat exchanger, draft diverter and controls.

The combustion chamber is constructed of 18 gauge steel and the jacket is of 20 gauge steel.

The heat exchanger is a multi tube heater type assembly of wedge tube design. The draft diverter section at the top is also integral with the heat exchanger tubes and is made of aluminized steel.

The burners are of the cast iron drilled port type.

Inspection and Test

The heaters have been approved by the American Gas Association under certificate numbers 2-2175.201, 2-1275.101, 2-1275.001.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as Blu-Flame Models VG-30, VG-35, VG-45, VG-50, VG-60 and VG-65 Space Heaters for use in New York City when installed in accordance with the requirements of Article 12, Chapter 26, Administrative Building Code on condition

that the units shall not be installed in garages or places of explosive atmospheres and further that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 700-55-SA."

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

* Correction—In the Report of Committee on Test, certain additional model numbers were inserted and under the heading of *Description*, the BTU was corrected from "35,000 to 60,000" to "30,000 to 65,000" as indicated and printed above.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on December 19, 1958, as they appeared in Bulletin No. 52, Vol. 43, hereby corrected to read as follows:

277-58-BZ

APPLICANT—Leonard F. Rothkrug, for Frank and Leana Mezzacappa, owners; Michael Battista, lessee.

SUBJECT—Application May 2, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail and residence use district, the rebuilding of an accessory motor vehicle repair shop building to an existing gasoline service station and motor vehicle repair shop with parking of cars awaiting service.

PREMISES AFFECTED—175 Targee Street, southeast corner of Broad Street, Block 563, Lot 60, Stapleton, Borough of Richmond.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: C. J. Cammarata (New York Housing Authority).

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to December 19, 1958; for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Gordon Street and Targee Street are in retail and residence use, C and D area, class 1 height districts; Broad Street is in a retail use, D area, class 1 height district; that on July 25, 1916 the premises was in an unrestricted use, B area, class 1½ height district; that the premises was rezoned on November 17, 1922 to be partly in an unrestricted and partly in a residence use district; that the unrestricted district was rezoned into business and the area district was changed to C area on June 14, 1935; that on January 21, 1942 the business use district was changed to business-1 district and the area district was changed to C and E area district; that on June 28, 1956 the use district was changed from business-1 to retail; and

WHEREAS, the decision of the Borough Superintendent, dated April 21, 1958 acting on Alt. Applic. No. 401-57, reads:

MINUTES

"1. This proposed 'alteration' consists very nearly, of the demolition of the existing frame building and erection of a new Class III building. This is contrary to Art. II Par. (6a) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 133.6 feet frontage by 80 feet in depth, irregular in area, on which is located two 2-story buildings fronting on Broad Street and not affected by this application, and a gasoline service station and a motor vehicle repair shop with parking of cars awaiting service under Certificate of Occupancy No. 2888 issued September 29, 1941; that it is proposed to reconstruct the accessory motor vehicle repair shop building by erecting a new cinder block wall around the interior perimeter of the existing frame wall, which was still standing; and

WHEREAS, the applicant states that the premises was originally zoned unrestricted and then was changed to business; that the gasoline service station and motor vehicle repair shop was not accepted by the Department of Buildings as an existing legal non-conforming use and the only basis for its objection is that the accessory frame building cannot be replaced under Article II Section 6(a) of the Zoning Resolution since it is in excess of the percentage of reconstruction permitted; that when the accessory building was erected, it was of frame construction and in the almost 40 years that this building has existed, it has been damaged from time to time in the ordinary wear and tear of business and by the elements; that the building was particularly substantially damaged by hurricanes in 1953 and 1954 to the point that it was in a dangerous and unsafe condition; and

WHEREAS, the applicant further states that it is not proposed to increase the area of the motor vehicle repair shop building, and it is not proposed to change the uses on the premises; that the proposed construction is only intended to replace the damaged shell of the building and would be a permitted alteration if the damage had been caused by fire rather than by hurricanes; and

WHEREAS, the applicant contends that a grant of the variance will benefit the property owners within the affected area, since it will permit the removal of an unsightly, dilapidated building that has long outlived its usefulness; that this beneficial effect is proved by the large number of consents which have been promised; and

WHEREAS, the applicant states that Violation No. 533-57 was issued May 31, 1957 for doing work without a permit; that the occupant of the premises explained to the Building Department that the work done was of an emergency nature and that the frame building was unsafe; that the work consisted of erecting cement block walls within the interior perimeter of the frame building; that the exterior frame walls are still standing and will be demolished upon a grant of this variance; and

WHEREAS, the applicant contends that the spirit of the Zoning Resolution does not seek to prevent the repair or reconstruction of accessory buildings as proposed herein; that it becomes difficult to compute the value of the gasoline service station and accessory building in order to determine whether the reconstruction is greater than 50% as permitted in Article II Section 6 of the Zoning Resolution which appears to be designed to relate to buildings in which the principal use is within the building, whereas in the present application, the building occupies a very small percentage of the area of the lot, and is an accessory building to the principal use of the premises as a gasoline service station; and

WHEREAS, the applicant states that the present owners have held title to the property since October 9, 1953; that the assessed valuation of land is \$12,000 and of the building \$9,000 making a total of \$21,000; that the building was erected in 1957; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the records of the Fire Department show that the gasoline station was established in 1924 under F. D.

Alteration Application 219-1924, on a vacant plot 50 feet x 100 feet irregular, numbered 171-175 Targee Street; and

WHEREAS, the records in the Building Department show approval in 1926 of substantially all of the present plot including that part at the corner now occupied by buildings not now occupied as part of the existing gasoline station; the total frontage of the premises were approved for a total of 105 feet instead of the frontage now shown; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution and to include extension of area.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the reconstruction of the existing accessory building as proposed and shown on plans filed with this application marked, "Received May 2, 1958," 4 sheets; except that that part of the plot at the corner of Targee Street and Broad Street now occupied with two story buildings with stores stated to be under the same ownership and shown on the plot plan is not included in this grant; that the total street frontage of plot that is included is approximately 80 feet; that the reconstructed building shall comply in all respects with all laws, rules and regulations applicable thereto; that there shall be no cellar under such building; that the building shall be faced with stucco over the proposed cement block; that the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that pumps shall be not nearer to the street line than shown; that fences of the woven wire chain link type shall be maintained on all interior lot lines; that such portable firefighting equipment shall be maintained as the Fire Commissioner shall require; that signs shall be restricted to permanent signs on the front facade of the accessory building excluding all roof signs and temporary signs and advertising devices but permitting the erection of one post standard within the building line for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend over the building line for a distance of not more than four feet; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on December 16, 1958, as they appeared in Bulletin No. 51, Vol. 43, hereby corrected to read as follows:

472-58-BZ

APPLICANT—Leonard F. Rothkrug, for 14th Street Garage, Inc., owner, Tamarkin Collision Service, Lessee.

SUBJECT—Application Aug. 1, 1958—decision of the Borough Superintendent, under sections 7e and 7i of the Zoning Resolution, to permit in a business use district, the change in occupancy from garage for more than five (5) cars to motor vehicle repair shop with collision repairs, acetylene welding, auto painting and spraying, and parking of cars awaiting service all for a temporary term of ten (10) years.

PREMISES AFFECTED—2773 East 14th Street, east side, 155 feet, 11½ inches north of Emmons Avenue, Block 7488, Lot 58, Borough of Brooklyn.

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Emmons Avenue are in a business use, A area, class 1 height district; East 14th Street and East 15th Street are in business and residence use, A area, class 1 height districts; Shore Parkway is in a residence use, A area, class 1 height district; that on July 25, 1916 the premises was in an unrestricted use district and was rezoned to its present designation on October 10, 1930; that no petition is pending at the City Planning Commission; and

WHEREAS, the decision of the Borough Superintendent, dated July 31, 1958, acting on Alt. Applic. No. 2637-58, reads:

"1. Proposed change of occupancy from garage for more than (5) cars to motor vehicle repair shop, auto painting & spraying, auto collision repairs with acetylene welding in a business use district is contrary to Art. 2 Sect. 4a, 29 & Art. 2 Sect. 4(a) 4 of zone resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 65 feet $3\frac{1}{4}$ inches frontage by 128 feet $9\frac{1}{4}$ inches in depth, irregular in area, on which is located a one story building 18 feet 6 inches in height, 65 feet $3\frac{1}{4}$ inches front by 106 feet 8 inches in depth, erected under N.B. Applic. No. 2753-26 and occupied under Certificate of Occupancy No. 40057 issued August 5, 1926 as a garage for more than five cars—three buildings—the subject premises being the middle building; that it is proposed to occupy the premises as a motor vehicle repair shop with collision repairs, acetylene welding, auto painting and spraying and parking of cars awaiting service on the unbuilt upon portion of the premises; and

WHEREAS, the applicant states that the building is presently occupied substantially as proposed herein by the owner, doing business as Tamarkin Collision Works; that Violation No. 93-58 was issued by the Department of Buildings on May 5, 1958 in that premises being located in a business use district, said premises is being unlawfully used as a motor vehicle repair shop and body and fender repairs and spraying; that the present owners have conducted this same business on these premises since 1946 and the premises had been occupied as a repair shop prior to that time; and

WHEREAS, the applicant further contends that it is not proposed to alter the exterior of the building or extend the building in height or area; that the tax lot is greater in depth than the two adjoining lots; that the three buildings

designated as 2767-87 were erected at the same time and when the zone was unrestricted and there was only one lot number, lot 55, assigned; that the lots were subdivided and the subject premises, in the center, was assigned lot 58; that a vacant area in back of the building, 24 feet by 65 feet in area, was associated with these premises for the purpose of subsequently obtaining an easement onto lot 35 and out to East 15th Street; that there is no such easement presently existing and it is proposed to use the vacant portion at the back of the subject building for parking of cars awaiting service; that no repairs will be conducted in this open area; that the existing curb cuts will satisfy the needs of the proposed uses; that since both sides of the street are developed principally with motor vehicle uses, there is an absence of pedestrian traffic; that the building is a considerable distance from any residence development and therefore will be no adverse effect on such development; that the proposed use could have been legalized at the time the building was erected, since it was in an unrestricted use district; that the two other buildings are presently used for factory uses; and

WHEREAS, the applicant states that the present owner has held title to the property since October 19, 1954; that the assessed valuation of land is \$11,500 and of the buildings \$20,500 making a total of \$32,000; that the buildings were erected in 1926; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee found that the existing garage was doing repair work and had done so for many years and recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7e and i for a term of *ten years* to permit the existing garage to be occupied also for the repairing of motor vehicles substantially as proposed and as indicated on plans filed with this application marked "Received August 1, 1958", 6 sheets, including parking of motor vehicles awaiting service on the unbuilt area of the lot, *on condition* that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

*CORRECTION—In the resolution, the term of variance corrected to read "*ten years*" instead of "five years—as indicated in italics."

COURT DECISION

Matter of Dugach vs. Board—On March 25, 1958, the Board denied a variance under Section 7, subdivisions e and h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, car washing—non-automatic, minor repairs, with hand tools only, office, sales and storage of auto accessories, and parking of cars waiting for service, with curb cuts and ground sign in a residence use district, for a stated term of fifteen (15) years; Calendar Number 600-57-BZ; Premises 76-26 to 76-46 (76-36 official) 164th Street, west side, from 76th Road to 77th Avenue; 162-27 to 162-37 77th Avenue and 162-28 to 162-38 76th Road, Block 6848, Lots 1, 6 and 8(1), Flushing, Borough of Queens.

At Special Term, Supreme Court, Mr. Justice Kusnetz sustained the Board, the order of certiorari vacated and the petition dismissed. (New York Law Journal, February 5, 1959, page 15).

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the Administrative Official either Borough Superintendent of Buildings or Fire Commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley and Commissioner Fox 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 23, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Flushing Avenue are in business and unrestricted use, B area, class 1½ height districts; Bedford Avenue is in a business use, B area, class

1½ height district; Spencer Street is in an unrestricted use, B area, class 1½ height district; that zoning on July 25, 1916 shows that the entire block, wherein the subject parcel is located, was in an unrestricted use district, B area, class 1½ height; that on June 8, 1923 the former Board of Estimate and Apportionment rezoned Bedford Avenue to a parallel depth of 100 feet for business use, with the balance of the block to Spencer Street zoned unrestricted; that currently, the plot is located 100 feet in business use and 25 feet in unrestricted use; and

WHEREAS, the decision of the Borough Superintendent, dated July 16, 1958 acting on N.B. Applic. No. 1017-58, reads:

"1. The reconstruction of an existing gasoline station and grease pits in a Business Use District previously granted by the Bd. of S&A under Cal. #540-27-BZ and the extension of area partly in a Business Use District and partly in an Unrestricted Use District and the additional uses of lubritorium, auto laundry (non-automatic), motor vehicle repair shop & parking of motor vehicles awaiting service is contrary to Art. II Sec. 4a(29) (46) Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 feet frontage by 67.3 feet and 92.3 feet in depth, upon which is located an existing gasoline service station with a frontage of 67 feet 3 inches on Bedford Avenue and a frontage of 75 feet on Flushing Avenue; that additional property, with a frontage of 50 feet on Flushing Avenue, was acquired by the Company on April 24, 1958; that therefore, the proposed extension in area will cover the 50 foot parcel on Flushing Avenue which is now zoned 25 feet business and 25 feet unrestricted; and

WHEREAS, the applicant states that the variance requested includes the extension in area or metes and bounds of the existing gasoline station and grease pits now covered by Certificate of Occupancy No. 70945 issued May 19, 1933 on Permit No. 1519-33 and previously granted by the Board under Cal. No. 540-27-BZ; that it is proposed to demolish the existing building, remove existing gasoline pumps, outside grease pits and lift, and other facilities and to erect a new one story, no cellar accessory building for use as an office and salesroom, rest rooms, combination heater and storage room and three service bays for lubrication, non-automatic car washing and motor vehicle repairs, excluding heavy collision work, body and fender work and paint spraying; that it is also proposed to include the accessory use of parking of motor vehicles awaiting service; and

WHEREAS, the applicant states that under Cal. No. 540-27-BZ, the application was denied under Section 21 of the Zone Law on November 18, 1927; that same was reopened on January 31, 1928 under Sections 7g and 21; that subsequently, on March 27, 1928 it was again denied under Section 21 and the failure of the applicant to substantiate his basis of appeal under Section 7g; that on October 23, 1928, under the same calendar number, the application was granted under Section 21, the Board ruling that it was an unnecessary hardship on the owner on being precluded from substantiation of Section 7g and 80% consents because of the refusal of owners of similar competitive property within the affected area to give consents; that this variance prohibits crankcase service, grease pits or racks; that on July 9, 1929 the Resolution was amended to permit accessory uses incidental to the operation of the gas station on condition that such accessory uses be housed in a separate structure; that the Resolution was further amended on May 19, 1931 allowing a rearrangement of the curbs and denying the request for omission of the enclosure housing for the grease pits; that Certiorari proceedings was taken against the Board in the matter of the grease pit enclosure; that the Court sustained the prerogative writ and reversed the Board, and accordingly on May 7, 1935 the Board, in acting on the Court order, further amended the Resolution and approved the unenclosed or outside grease pits; that the Resolution adopted October 23, 1928 as amended through May 7, 1935 permitted permanent use and has no term limit, and the application

MINUTES

presently before the Board is for continuation of the permanent use; that it is based on Section 7, subdivisions c and i and Section 7c is substantiated on the aforementioned prior action of the Board and the fact that the plot as now presented is situated partly in a business use district and partly in an unrestricted use district; that Section 7, subdivision i, which can be construed to include perpetual term, is not used in this instance for minor repairs with hand tools only, but is mentioned along with Section 7c as a basis of including motor vehicle repairs, with the exclusion of body and fender work, heavy collision work and paint spraying; and

WHEREAS, the applicant contends that the motor vehicle repairs will be maintained solely within that portion of the proposed accessory building located in the unrestricted use district; that the parking of motor vehicles awaiting service is included under Section 7, subdivision c, as an accessory use to the proper operation of the station; that the original variance did not preclude this type of parking and same was assumed to be included in actions of the Board at that time; and

WHEREAS, the applicant states that the present owner has held title to the property since April 24, 1958; that the assessed valuation of land is \$42,000 and of the building \$15,000 making a total of \$57,000; that the building was erected in 1928-29; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the lawfully existing gasoline station to be reconstructed and extended substantially as proposed and indicated on plans filed with this application marked, "Received July 29, 1958," 4 sheets, *on condition* that all buildings, not proposed to be retained, and uses shall be removed and the premises shall be re-arranged and reconstructed as indicated on plans above cited marked, "Proposed Conditions"; that pumps shall be not nearer than 15 feet to the street building line of Flushing Avenue, but may be within 10 feet of Bedford Avenue so as not to interfere with the existing tanks; that the accessory building shall be where shown and shall be faced with face brick on the sides facing Flushing Avenue and Bedford Avenue, and may be of common brick or block, painted or stuccoed on the sides and rear; that the doors to the toilet rooms shall be rearranged so as not to be contiguous; that there shall be no cellar under such building and in all other respects comply with the requirements of the Building Code; that there shall be no windows opening on the side lot line walls upon adjacent premises; that the balance of the premises shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to 3 curb cuts, each 30 feet in width to Flushing Avenue, where shown, and 2 to Bedford Avenue, where shown, each 23 feet in width; that no portion of any curb cut shall be nearer than 5 feet to the side lot line as prolonged, except the distance may be, as shown, to Bedford Avenue; that the number of gasoline storage tanks shall not exceed twelve 550-gallon storage tanks, and any existing tanks shall be tested by the Fire Commissioner and replaced by new tanks if not in good structural condition; that the existing wall on the southerly lot line may be maintained and extended as proposed to the accessory building of similar height of existing wall; that along the easterly lot line here shall be a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches to the building line of Flushing Avenue with a suitable terminating post; that portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building, and to the illuminated globes of the pumps, excluding all roof and temporary signs and advertis-

ing devices, but permitting the erection within the intersection of one post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend, as shown, over the building line for a distance of not more than 4 feet; that at such intersection there shall be a block of concrete not less than 12 inches in height and extending, as shown, on either building line from that intersection; that under Section 7i there may be general motor vehicle repairs, excluding collision work and heavy body repairs and fender repairs and paint spraying; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

240-28-BZ—Vol. II

APPLICANT—George H. Colin for Cities Service Oil Company, owner.

SUBJECT—Application reopened June 3, 1958—as Vol. II—decision of the Borough Superintendent, under sections 7c, 7i, and 21 of the Zoning Resolution, to permit in a retail and residence use district, the reconstruction of an existing gasoline service station by erecting a new accessory building for use as lubritorium, car washing, minor auto repairs, accessory sales and the parking and storage of more than five (5) motor vehicles, the proposed reconstruction to provide additional tanks and to relocate pumps and curb cuts.

Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 3, 1958 subject to regular procedure, to consider reconstruction of existing gasoline station, previously granted by the Board; and

WHEREAS, a public hearing was held on this application on December 16, 1958 after due notice by publication in the Bulletin; laid over to January 20, 1959, for inspection and decision for continuation of hearing to consider the Administrative Appeal; then to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district map accompanying the Zoning Resolution show that the site, Beach Channel Drive and Rockaway Beach Boulevard are in retail and residence use, D area, class 1 height districts; Beach 36th Street is in a residence use, D area, class 1 height district; Beach 35th Street is in retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 23, 1958 acting on N.B. Applic. No. 3915-57 and amended December 2, 1958, reads:

"1. Proposed erection of a gasoline service station, including accessory sales, lubritorium, car washing, minor motor repairs, parking and storage of more than 5 motor vehicles on a lot in a Retail and Residence district is contrary to Art. II, Sec. 3 and Sec. 4A of the Zoning Resolution.

2. Proposed ground sign is contrary to Art. 2 Sec. 3 and Sec. 4A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 115.33 feet and 128.94 feet frontage by 99.62 feet in depth, improved with a one story brick gasoline service station building, irregular in shape and 20 feet by 56 feet; that there are also on the property two pump islands, seven

MINUTES

underground storage tanks, an outside hydraulic lift, a frame shed, a sign and pole, a concrete curb on the easterly property line, a masonry retaining wall and a chain link and pipe fence along the westerly property line; that the area is paved except for the portion between the westerly property line and the building; that it is proposed to demolish the existing structure and to erect a new two-bay service station building; that the proposed building has been adopted by the owner as one of its standard types throughout its marketing area; that it is to be 30 feet by 48 feet and is to accommodate, in addition to the office, two bays, one lube bay and one car wash bay, ladies' and men's rest rooms and a storage and heater room; that the building will be of class 3 construction with concrete foundations, masonry walls and wood roof; that it is believed that porcelain enamel facing is appropriate for this location and this type of exterior is therefore indicated; that the building will be of a canopy design and on the canopy above the office, an illuminated free-standing sign is proposed; that two islands, one with three pumps and one with two pumps, are proposed instead of the existing two pump islands, with three additional 550 gallon underground gasoline storage tanks and one 550 gallon waste oil tank; that two of the existing four curb cuts will be enlarged and one will be relocated; that the entire premises will be paved; that the existing lift is to be removed; that the existing fence will be replaced with a four foot high woven wire fence; that the existing concrete curb on the easterly property line will remain; and

WHEREAS, the applicant states that the gasoline station on these premises was erected in 1930 under N.B. Applic. No. 1714-28 and Certificate of Occupancy No. 44093-1930 was issued for a gas station; that the Building Department application was approved on the basis of the Resolution of the Board under Cal. No. 240-28-BZ; and

WHEREAS, the applicant contends that Beach Channel Drive and Rockaway Beach Boulevard are important vehicular thoroughfares, with ever increasing traffic; that the station was erected in 1930 according to the standards and requirements of that day and does not meet the present day requirements of either the public or progressive service station operation; that the enclosed lubritorium will make available an appropriate, modern greasing facility to the advantage of the public, the property owner and the persons employed at the station; that operating personnel will work under more favorable conditions from the viewpoint of their health and safety, since they will not be exposed to bad weather conditions and will not have to contend with icy and wet pavement while servicing automobiles; that the proposed car wash bay is necessary by reason of public demand for complete servicing facilities at one station; that in the over all aspect, the proposed modernization will improve the general appearance of the neighborhood; and

WHEREAS, the applicant requests that the Board grant permission for the parking and storage of more than five motor vehicles as an accessory use, on the unimproved area of the premises, where there will be no interference with operation of the service station; that this is in furtherance of municipal efforts to encourage facilities of this type and to satisfy the need for this neighborhood facility by reason of the nearby stores on Edgemere Avenue and the great number of parked automobiles clogging these streets in the summer time, from the nearby summer cottages and the beach facilities approximately three blocks south; and

WHEREAS, the applicant contends that the owner is at present under a special and unique hardship in respect of the property involved in this application; that by reason of its inability to effect the proposed improvements and thereby increase its economic productivity, the owner is burdened with the full cost of carrying and maintaining this property and cannot realize the full economic potential of the property in order to defray such costs; that the granting of this application will not alter the essential character of the locality; and

WHEREAS, the applicant states that the present owner has held title to the property since 1946; that the assessed valuation of land is \$25,000 and of the building \$6,000 making a

total of \$31,000; that the building was erected July 25, 1930; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the application should be granted on condition and also that the street widening should be dealt with as proposed.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 23, 1928, as thereafter amended by resolutions adopted through May 9, 1944, by adding thereto:

"that in the event the owner desires to reconstruct the premises by the erection of a new accessory building and other changes as proposed and as indicated on plans marked 'Received May 12, 1958', 5 sheets, such changes may be permitted under Section 7c *on condition* that all the equipment now existing on the premises not proposed to be retained shall be removed and the premises may be extended and constructed and arranged as indicated on such plans, specifically plans showing proposed conditions; that the accessory building shall be of the design and arrangement as indicated on such plans; that there shall be no windows opening to the adjoining premises; that the building shall be faced with face brick on three sides, and on the rear lot line may be constructed of masonry block or brick and painted; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that any existing tanks shall be tested by the Fire Department and replaced with new tanks if found not in good structural condition; that the balance of the premises within the street widening, as shown, shall be paved with concrete or asphaltic pavement; that the portion to be taken for street widening, as mapped, may be used as an apron and extension to the existing station and sidewalk for driving over from the curb cuts, as shown; that curb cuts shall be restricted to two curb cuts to Rockaway Beach Boulevard, each 30 feet in width, where shown, and two curb cuts to Beach Channel Drive each not over 25 feet in width, with no portion of any curb cut nearer than five feet to a lot line as prolonged; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that on the lot line to the west there shall be a woven wire fence of the chain link type on a masonry base, or retaining wall as may be necessary, to a total height above the grade of the gasoline station of not less than five feet six inches, with suitable terminating posts at the building lines of Rockaway Beach Boulevard and Amstell Boulevard; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and all temporary signs and advertising devices but permitting the erection within the building line at the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line of Rockaway Beach Boulevard for a distance of not more than four feet; that there may be parking and storage of motor vehicles on such portions of the premises as will not interfere with the servicing of the station; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

705-58-A

APPLICANT—George H. Colin, for Cities Service Oil Co., owner.

SUBJECT—Application December 4, 1958—filed pursuant to

MINUTES

section 35, General City Law re mapped street—proposed widening of Rockaway Beach Boulevard not to be used in connection with Gasoline Station.

PREMISES AFFECTED—35-01 Beach Channel Drive, Amstel Boulevard, southwest corner of Beach 35th Street, Block 312, Lot 7, Edgemere, Borough of Queens.

APPEARANCES—
For Applicant: Benjamin Mosher and Gerard F. Reminger.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—
Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley and Commissioner Fox 4
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—
WHEREAS, the decision of the Borough Superintendent, dated December 2, 1958, on N.B. Applic. 3915/57, reads:

“3. Proposed street widening not to be used in connection with gasoline station, is contrary to Art. 3, Sec. 35 of the General City Law.”

and
WHEREAS, the applicant states that the premises consists of a lot 115.33 feet by 32.62 feet by 128.94 feet by 99.62 feet in depth, located in a residence and retail use, D area, class 1 height district, upon which there exists a 1 story, 16 foot high building, 56 feet front by 20 feet in depth, of class 3 construction, erected 1930, used and occupied as a gasoline service station, including accessory sales and motor vehicle repair; that it now proposed to erect on the site a 1 story, 16 foot high, class 3 building, 30 feet front by 25 feet in depth, and to occupy the premises as a gasoline service station, accessory sales, minor vehicle repairs, automobile laundry, lubritorium, parking and storage of more than 5 motor vehicles as more fully described in application for zoning variance filed under Calendar Number 240-28-BZ, Volume II; and

WHEREAS, the applicant states that permission is sought to erect a new gasoline service station on the site of the existing gasoline service station, as described under Calendar Number 240-28-BZ, Volume II; and

WHEREAS, the applicant contends that no building is proposed in the bed of a mapped street and it is therefore submitted that Section 35 of the General City Law is not applicable; and

WHEREAS, the Board has been advised by the Borough President of the Borough of Queens, that Rockaway Beach Boulevard is indicated at a width of 75 feet on the Final Maps, adopted by the Board of Estimate and Apportionment, May 7, 1920; that this map indicated a widening of approximately 10 feet on the northerly side of the street, which is in private ownership; that there are no proceedings now pending to acquire title to the proposed widening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on NB App. 3915-57, Objection No. 3 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted, on condition* that the premises, where street widening is mapped, shall be maintained in accordance with the resolution adopted this day under Cal. No. 240-28-BZ, Vol. II; and that no building shall be erected thereon; that in the event such portion is acquired by the City for street widening the payment therefor shall be as determined by the Court.

143-42-BZ—Vol. II

APPLICANT—Moritz Simon, for 511 Realty Corp., owner; Scully Walton, Inc., lessee.

SUBJECT—Application reopened December 2, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence and unrestricted use district, the use of the first floor of the East 72nd Street building and extending through to East 73rd

Street in an existing factory building as a garage for the storage of more than five (5) ambulances, oxygen and showroom on East 72nd Street and storage and factory in the rear portion on East 73rd Street.

PREMISES AFFECTED—511-519 East 72nd Street, north side, 198 feet east of York Avenue and 510-518 East 73rd Street, Block 1484, Lot 9, Borough of Manhattan.

APPEARANCES—
For Applicant: Moritz Simon and Philip Gray.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—
Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley and Commissioner Fox 4
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—
WHEREAS, this application was reopened as Vol. II on December 2, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 27, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Franklin Delano Roosevelt Drive are in residence and unrestricted use, A area, class 2 height districts; East 72nd Street is in residence and local retail use, A area, class 2 height districts; East 73rd Street is in unrestricted and local retail use, A area, class 2 height districts; York Avenue is in a local retail use, A area, class 2 height district; that the entire area of the lot was located in an unrestricted use district until a zoning change was issued on July 1, 1924, by which a portion of the lot bounded by a line running parallel to and 100 feet north of East 72nd Street, became located in a residence use district, while the other portion, approximately one-half of the lot, remained located in an unrestricted use district; and

WHEREAS, the decision of the Borough Superintendent, dated November 10, 1958 acting on Alt. Applic. No. 1183-58, reads:

“1. Proposal to change the use of the existing bldg. located partly in a Residence Use District and partly in an Unrestricted Use District, from factory, to factory on all floors except the 1st floor and with garage for more than 5 mixed motor vehicles, storage and factory on the 1st floor is contrary to Art. II Sect. 3 of the Zoning Resol.

“2. Proposal to extend an existing curb cut, located in the Residence Use portion of the plot constitutes an extension of a non-conforming use and is contrary to Art. II Sect. 3 of the Zon. Resol.”

and

WHEREAS, the applicant states that the premises consist of a plot, 125 feet frontage by 204 feet 4 inches in depth, occupied by a fireproof building, eleven stories and nine stories in height, with sprinkler and standpipe and fire alarm system, and has been used as a factory without interruption up-to-date; that it is proposed to use a portion of the first floor facing East 72nd Street for the storage of approximately 15 ambulances; that it is also proposed to widen the existing trucking entrance now located on East 72nd Street, together with the existing drop curb; that the portion of the floor area marked on plans, storage and factory, facing East 73rd Street and which is located in an unrestricted use district, will be used for the storage of hospital furniture made of metal, and for repair and assemblage of certain metal parts into beds, tables, wheelchairs and other sickroom furniture; that no open flames or spark producing devices will be used; that the space facing East 72nd Street, marked on plans, showroom, will be used for display of hospital beds, wheelchairs and sickroom furniture, all of which are made of metal; that provision is made for a storage room facing East 72nd Street, which is separated from the storage of the ambulances by an unpierced fireproof wall, vented directly to the outer air, for the storage of medical and surgical oxygen in sealed steel cylinders, and

MINUTES

for which a permit from the New York City Fire Department will be obtained, or a transfer of the existing permit issued to the tenant for the above location; and

WHEREAS, the applicant states that the owner has leased, for a term of fifteen years, the first floor facing East 72nd Street and running through to East 73rd Street, to Scully-Walton, Inc., a firm which specializes in supplying ambulance and oxygen therapy services to hospitals and injured persons; and

WHEREAS, the applicant further states that the Department of Buildings has considered the storage of these ambulances as an arrangement of the nature of a public garage and has denied the application on the ground that a change of a non-conforming use into another non-conforming use is contrary to the Zoning Resolution; that the storage of ambulances on the grounds of hospitals located in a residence use district is permissible, since it forms an integral and essential part of hospital services; that the nature of ambulance services not located in hospitals is similar or equal to those rendered by hospitals, namely to give aid to the sick and injured; that the use of part of the premises in question for the storage of ambulances is not a use with the characteristics of a public garage, but is an accessory use and incidental to the tenant's overall operations to assist sick and injured persons; that the type of ambulance service to be conducted on the above premises is arranged by appointment only, and in rare exceptions, used for emergencies; that the vehicles are not equipped with sirens or bells which might cause disturbances of the neighborhood; that safety and comfort is given preference over excessive speed; that they will without doubt affect the surrounding areas with a considerably lesser degree of disturbance than the motion by the present factory with its unavoidable release of vibrations, noise, smoke and traffic congestion caused by loading and shipping of merchandise; that the area in which the vehicles are proposed to be stored will be separated from other parts of the floor by a three hour, fireproof partition, with three hour, fireproof doors; and

WHEREAS, the applicant also states that the tenant now occupies the premises located at 288 West 69th Street, which are situated in an area condemned for the Lincoln Square Development Project and notice has been served on the tenant to vacate the building in a very short time; and

WHEREAS, the applicant contends that The New York Hospital at 585 East 68th Street and the Memorial Center for Cancer and Allied Diseases at 444 East 68th Street, have induced the tenant to move into their close vicinity because of the great advantages to their institutions and to patients in general by establishing ambulance services within a very near proximity of their hospitals; and

WHEREAS, the applicant requests that the Board grant a variance to permit the proposed use of a portion of the building for the term of the lease between owner and tenant—fifteen years—and the extension of the existing drop curb to a total length of 38 feet; and

WHEREAS, the applicant states that the present owner has held title to the property since April 14, 1943; that the assessed valuation of land is \$280,000 and of the building \$250,000 making a total of \$530,000; that the building was erected in 1915; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c for a term of ten years to permit a portion of the premises on Lot 9 in the existing building to be occupied as a garage for storage of more than five ambulances and oxygen and connected to showroom as proposed and as indicated on plans filed with this application marked "Received November 14, 1958", 9

sheets, and "December 22, 1958", 8 sheets, *on condition* that the premises to be occupied by such ambulances as a garage shall be restricted to the portion opening on to East 72nd Street without connection to any other portion of the building; that such portion shall be specifically limited except that in the rear wall separating the proposed garage from the storage and factory at the rear there may be an opening as shown, properly protected with fire doors on both sides of the opening; that there may also be an opening to the office for entrance and egress which shall be located where shown, that the existing curb cut may be lengthened to not over 38 feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that no other portion of the building shall be deemed, classified or used as a garage other than the portion as herein permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

352-45-BZ—Vol. II

APPLICANT—Anthony M. Salvati, for Nathan Ossip, owner; Patrick Brini, lessee.

SUBJECT—Application reopened April 15, 1958 as Vol. II—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business use district, the reconstruction of an existing gasoline service station with accessory uses of lubritorium, auto repairs, car washing, inspection station and parking of cars and to increase the number of gasoline tanks and the rearrangement of pump islands.

PREMISES AFFECTED—81-22 Rockaway Boulevard, southwest corner of 82nd Street and 81-09 to 81-17 95th Avenue, Block 9010, Lot 26, Woodhaven, Borough of Queens.

APPEARANCES—

For Applicant: Leon Komondorea.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Vice Chairman Kleintert and Commissioner Foley 3
Negative: 0
Not Voting: Commissioner Fox 1
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 15, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on November 5, 1958 after due notice by publication in the Bulletin; laid over date to be set, for applicant to file revised plans as to accessory building and for inspection and decision; hearing closed; set for January 20, 1959, then to February 10, 1959, for further consideration after applicant has considered adopting the plans previously approved by the Board in 1946, which were not constructed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Rockaway Boulevard and 82nd Street are in a business use, D area, class 1 height district; 95th Avenue and 81st Street are in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated October 3, 1958 acting on N.B. Applic. No. 73-58, reads:

"1. Proposed gasoline service station, parking, auto repairs, inspection station and car washing on a lot in a business use district is contrary to Art. 2, Sec. 4(a) (29) and (46) of the Z.R.

2. Proposed ground sign on a lot in a business use district is contrary to Art. 2, Sec. 4a, (49) of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 121.29 feet frontage by 98.60 feet in depth, presently improved as a gas service station which was erected prior to 1925 and has an office 20 feet 6 inches by 20 feet, 6 inches,

MINUTES

one story in height, two 550 gallon gasoline storage tanks and two pumps; that it is proposed to demolish the existing structure and construct thereon a modern, one story building 42 feet by 50 feet, to house an office, auto laundry, lubricatorium, inspection station and also to install two additional 550 gallon gasoline storage tanks, and rearrange pumps as shown on plans filed with this application; and

WHEREAS, the applicant contends that inasmuch as this application is for the reconstruction of a building on an existing gasoline service station, the improvements proposed are beneficial to the surrounding area; and

WHEREAS, the applicant states that the present owner has held title to the property since September 29, 1925; that the assessed valuation of land is \$7,000 and of the building \$4,000 making a total of \$11,000; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c restoring the decision of the Board as adopted on January 3, 1946, as amended June 26, 1951; that this is in lieu of the proposed plans as filed with this application; that the requirements of such resolution shall be complied with as to the arrangement of the gasoline service station, as approved on working drawings received and approved March 19, 1946 under Cal. No. 352-45-BZ, Vol. I; that the gasoline pumps shall be of a low approved type; that the number of gasoline storage tanks may be increased to eight 550 gallon approved tanks; that the complete plans required to be filed within two months under the resolution of January 3, 1946, and as referred to above do not need to be refiled; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

659-50-BZ—Vol. IV

APPLICANT—Henry J. Nurick, for Jericho Sash and Door Co., owner.

SUBJECT—Application reopened October 7, 1958 as Vol. IV—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business use district, the erection of a new one story building at the rear of the premises to be used in conjunction with the two existing buildings on the lot for the storage of finished woodwork such as doors, trim and sash which is delivered by railroad.

PREMISES AFFECTED—251-61 Jamaica Avenue, north side, 200.88 feet west of Little Neck Parkway, Block 8668, Lot 118, Bellerose, Borough of Queens.

APPEARANCES—

For Applicant: Henry J. Nurick.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert and Commissioner Foley 3

Negative: 0

Not Voting: Commissioner Fox 1

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on October 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Jamaica Avenue and Little

Neck Parkway are in a business use, C area, class 1 height district; 87th Drive is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated August 1, 1958 acting on N.B. Applic. No. 907-58, reads:

"1. The extension of the use of the premises by erection of a building to include warehouse for storage of doors, sash and wood products as an accessory to a lumber yard is contrary to Board of Stds. and Appeals Res. Cal. #659/50 and is referred back to the Board for reconsideration."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 208 feet in depth, irregular; that it is proposed to erect a building 95 feet long, approximately 26 feet in depth and 18 feet in height, for the storage of finished woodworking products, for a term of fifteen years; that it is further requested that the term of the variance of the previous grants be extended to run concurrently with the present request; and

WHEREAS, the applicant states that the property on which this building is to be located is between the existing railroad siding along the rear of the subject property and the Creedmore Branch of the Long Island Railroad; that this additional property was recently acquired from the Long Island Railroad Company because of expanding business, and additional facilities are required for its expansion; that this building will reduce the handling of finished lumber products, because it will provide an opportunity to load for shipping purposes, directly to and from the railroad; and

WHEREAS, the applicant contends that to the east is a gasoline station erected under Cal. No. 285-49-BZ; that to the west of the property is an office, warehouse and parking lot for the Pan American Van Lines, and further west is a lumber yard; that at the rear of the property are the railroad sidings and tracks of the Long Island Railroad and beyond that, facing on 87th Drive, are dwellings; that on the south side of Jamaica Avenue, in Nassau County, directly opposite the property, is an automobile showroom and a lot for the sale and storage of used cars; that to the west is a gas station and to the east is a Nursing Home; that the granting of this application will in no way affect the true intent and purpose of the Zoning Resolution; that the general welfare of the public will be preserved, as light and ventilation will not be taken from surrounding properties; and

WHEREAS, the applicant states that the present owner has held title to the property since July 10, 1950 and July 15, 1956; that the assessed valuation of land is \$17,500 and of the building \$46,500 making a total of \$64,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommends that the proposal to construct the additional building for use with the premises, such building to be between the two main railroad and spur sidings, should be permitted.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 6, 1951, as thereafter amended by resolutions adopted through September 21, 1954, by adding thereto:

"that in the event the owner desires to construct an additional building as now proposed and as shown on plans filed with this application marked 'Received August 19, 1958', 5 sheets, such additional building may be permitted for a term of fifteen years under Section 7e and constructed as a warehouse for storage of door sash and wood products as an addition to the balance of the premises as heretofore permitted; that such building shall be of class three construction; that there shall be no openings in the walls of such building to the north or west; that there may be a door in the easterly portion to be occupied as an office, and overhead doors where shown along the railroad siding; that the building shall not be further increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto and shall be used at all times

MINUTES

conjunctively with the buildings on the plot as previously permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

240-57-BZ—Vol. II

APPLICANT—Aaron Halpern for Fun Fair Park, Inc., owner, Kapprach Enterprises, Inc., lessee.

SUBJECT—Application reopened April 29, 1958 as Vol. II—decision of the Borough Superintendent under section 7e of the Zoning Resolution, to permit the additional use of a batting range to the previously granted parking of motor vehicles on premises partly in a residence use district.

PREMISES AFFECTED—28-21 to 28-51 Linden Place (28-31 Linden Place official) and 28-20 to 28-80 Whitestone Parkway, northeast corner and 28-02 to 28-12 137th Street, Block 4336, 4337, 4339, Lots, 35, 40, 62, 70, 46, and 65, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Aaron Halpern and H. Kapner.

For Oppositor: Samuel Bodion, Park Dept.

ACTION OF BOARD—Resolution amended.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 20, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 28th Avenue are in business and residence use, D and E area, class 1 and class ¾ height districts; Whitestone Parkway is in a residence use, E area, class ¾ height district; Linden Place is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 1, 1958 acting on Alt. Applic. No. 113-57, reads:

"1. Proposed addition of a baseball batting range has not been approved by Board of Standards and Appeals under Calendar No. 240-57-BZ, and is contrary to Article II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 361.17 feet frontage by 658.21 feet in depth, presently occupied as a parking lot; that it is proposed to erect a batting range, consisting of ten pitching machines and ten batting cages surrounded by wire netting, distant 405 feet east of the northeast corner of Linden Place and Whitestone Bridge Parkway, for a width of 150 feet, for the full depth of the plot; that patron parking is provided on the remaining west and east portions of the property, no fees to be charged; and

WHEREAS, the applicant states that the proposed baseball batting range is similar to that which is used in amusement areas; that this location is on the easterly side of Linden Place, across from an existing amusement center; that all adjoining parcels, other than those used in conjunction with the amusement park, are presently vacant and the proposed addition of baseball batting range to a portion of the existing parking lot will not adversely affect the neighborhood; that the ground, at this site and within 1,000 feet of the premises, is soft and of no presumptive bearing value as per Section C26-377.0 of the Administrative Code; and

WHEREAS, the applicant contends that to construct a building on this site would require piles approximately 80 feet in length; that for these reasons this application is submitted under Section 7e of the powers vested in the Board to

permit this additional use for a term of five years from the date of the amended action; and

WHEREAS, the applicant states that the present owner has held title to the property since August 29, 1956; that the assessed valuation of land is \$22,600 and of the building \$10,500 making a total of \$33,100; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the application should be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 25, 1958, by adding thereto:

"that in the event the owner desires to introduce an additional use in place of the parking for a portion of the premises, such portion of the premises may be used for batting and pitching machines as now proposed and as shown on revised plans marked 'Received January 28, 1959', 2 sheets, on condition that the equipment shall be as proposed, not nearer than an average of 50 feet from the building line of the parkway and shall be protected as to the area where the batting cages and pitching machines are shown with a heavy woven wire net and outside of such net a dense hedge shrubbery to a height of not less than six feet in height, and to assure same hedge material should be purchased and planted of that height; that any entrance through the hedge, for convenience, shall be placed on the westerly side with attendants office and no entrance shall be placed toward the parkway; that in addition the space proposed to be used for pitching and batting cages shall be protected from the parking lot by a heavy screen fence of suitable height; that in all other respects the resolution adopted February 25, 1958 shall be complied with; and that all permits shall be obtained and all work completed within six months from the date of this amended resolution".

493-57-BZ

APPLICANT—Leonard F. Rothkrug, for Frelude Realty Corp., owner.

SUBJECT—Application June 25, 1957—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in an unrestricted and business use district, the change in use from furniture storage to manufacturing of wearing apparel with an area used for manufacture in excess of that permitted.

PREMISES AFFECTED—411-415 Bedford Avenue, east side, 68 feet south of South 8th Street, Block 2138, Lots 7 and 8, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Fox 4
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; laid over to January 20, 1959, for inspection and decision; hearing closed; then to February 3, 1959, for applicant to submit revised plans; then to February 10, 1959, for applicant to file revised plan amending revised plans marked "Received January 28, 1959", showing the new fire escape with stair to grade at rear of longer building; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bedford and Driggs Avenues are in unrestricted and business use, B area, class 1½ height districts; South 8th Street is in an unrestricted use, B area, class 1½ height district; South 9th Street is in a business use, B area, class 1½ height district; and

MINUTES

WHEREAS, the decision of the Borough Superintendent, dated June 13, 1957 acting on Alt. Applic. No. 1226-45, reads:

"5. Proposed use of entire area of portion of building located within business use district for manufacturing on all floors is contrary to Art. 2 Sec. 4c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 52 feet frontage by 139 feet in depth, irregular, on which is located a three and four story building, 33 feet and 44 feet in height, erected prior to 1900, of class 3 construction and used by the owner under approved Alt. Applic. No. 1226-45 in his business, for the storage and manufacture of furniture; that it is proposed to change the occupancy to the manufacturing of wearing apparel on all floors, the area proposed to be used for manufacturing being in excess of that permitted in a business use district; and

WHEREAS, the applicant states that the buildings are located 68 feet south of South 8th Street so that 32 feet of its frontage is in an unrestricted use district and 20 feet is in the business use district; that there is no limitation as to the area devoted to manufacturing in the unrestricted use district portion of the premises; that the buildings were erected over 60 years ago and there is no accurate record as to its occupancy at the time of its erection, or through the years; that it is apparent from an inspection of the premises that factory uses were in the buildings and it is probable that a basis could be established for acceptance of the manufacturing occupancy as a legal non-conforming use established prior to July 25, 1916; and

WHEREAS, the applicant contends that the owner occupied the premises for over 15 years and until 1950 in conjunction with his business for the storage and manufacturing of furniture; that the present tenants occupy the building as follows: first story—manufacturing of ladies coats; second story—manufacturing of shoes; third story—manufacturing of ladies garments; fourth story—manufacturing of shoes; that less than 50% of the area of the building is in a business use district, and if the area in this portion used for accessory storage and office space was capable of being computed accurately, then the building would conform to the requirements of the Zoning Resolution; and

WHEREAS, the applicant further contends that a grant of this variance will not adversely affect the surrounding area; that this area is a highly industrialized area in unrestricted and business zones; that if it was proposed to occupy one or two floors for storage purposes only, it would not have any influence in the character of the area; that since the building was erected prior to the Zoning Resolution, then the proposed use would be permitted; that the uses are more desirable than those which are permitted in an unrestricted use district and which could be introduced into the three story building; and

WHEREAS, the applicant states that the present owner has held title to the property since May 24, 1956; that the assessed valuation of land is \$7,700 and of the building \$78,800 making a total of \$86,500; that the building was erected prior to 1900; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of the manufacturing use into the business use district, as proposed and as indicated on plans filed with this application, marked "Received June 25, 1957, 1 sheet and September 19, 1958, 12 sheets, as amended by revised plans, marked "Received January 28, 1959", 2 sheets, and "February 6, 1959", 1 sheet, *on condition* that the building shall not be increased in height or area; that exits from the building shall be maintained as indicated on such revised plan marked "Received February 6, 1959" and shall also include

a door leading to the lot in the rear to the east of the shorter building as an additional exit from the first story of the building on Lot 8; that the fire escape at rear of building on Lot 7 shall be constructed entirely new from roof to grade with the lower section to grade as a fixed or counterbalanced stairway; that there shall be a flame plate across the roof of the building on Lot 8 leading from the second floor rear to the counterbalanced ladder to be constructed to grade; that the easement areas for reaching the street from fire escapes of both buildings shall be as shown on revised plan marked "Received January 28, 1959", exiting through the building under the same ownership on Lot 13, leading to South 8th Street; that in all other respects the building and occupancy shall comply with all laws and rules applicable thereto including the terms of the resolution adopted this day under Calendar No. 494-57-A; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

494-57-A

APPLICANT—Leonard F. Rothkrug, for Frelude Realty Corp., owner.

SUBJECT—Application June 25, 1957—Appeal from a decision of the Borough Superintendent, re live load, exit, etc.

PREMISES AFFECTED—411-415 Bedford Avenue, east side, 68 feet south of South 8th Street, Block 2138, Lots 7 and 8, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinfert, Commissioner Foley and Commissioner Fox 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 13, 1957, on Alt. Applic. 1226/45, reads:

"6. Proposed use of present floor areas having a live load capacity of less than 120 lb. per square foot for manufacturing purposes is contrary to Sect. 7, 3.2.3 of the Bldg. Code.

"7. Provide 2 means of exit, remote from each other from all floors & cellar and from each unit in accordance with Sect. 271 of the Labor Law."

and

WHEREAS, the applicant states that the building is 3 and 4 stories, 33 and 44 feet in height, 52 feet front by 125 feet irregular in depth, of class 3 construction, erected prior to 1900, located on a lot 52 feet front by 139 feet irregular in depth, in an unrestricted and business use, B area, class 1½ height district, and used and occupied since 1952 without a certificate of occupancy as follows: Cellar—ordinary storage; 1st floor—manufacturing of ladies coats, 30 persons; 2nd floor—manufacturing shoes, 40 persons; 3rd floor—manufacturing ladies garments, 10 persons; 4th floor—manufacturing electronic parts, 30 persons; that the building is equipped with an approved two-source sprinkler system throughout; that there is one 3 foot 8 inch wide interior wood stairs, enclosed in fire retarded partitions, equipped with fireproof self-closing doors, stairhall leads direct to street and is provided with a ladder and scuttle to roof; that in addition there are two fire escapes on the rear extending to roof by stair and to yard by stair and ladder, with egress from the rear to street through easement and passageway, window and door openings on the course of the fire escapes are fireproof self-closing; and

WHEREAS, the applicant states that the legal use of the building is as follows: Cellar—storage of furniture, 20 persons; 1st floor—manufacturing and storage of furniture, 20 persons; 2nd floor—manufacturing furniture, 20 persons; 3rd floor—manufacturing furniture, 20 persons; 4th floor—storage of furniture, 10 persons; and

MINUTES

WHEREAS, the applicant states that the building has been used continuously since its erection for commercial uses as a factory or warehouse on all floors; that the present owner occupied the premises in conjunction with his furniture business as a factory and warehouse and altered the building under approved Alt. Applic. 1226/45; that the work under this alteration was never completed or signed off by the Department of Buildings; that a sprinkler system was installed under Sprinkler Application 437/45 and completed May 27, 1946; that egress facilities were provided through the building 144 South 8th Street, under Alt. Applic. 4766/46 and Certificate of Occupancy 147275 issued January 25, 1956 in which it was noted that the passage in the cellar was used as an exit for the premises which are the subject of this appeal, namely 411 to 415 Bedford Avenue, under the same ownership; that easement rights were obtained to permit access from the premises in question to the rear yard of the building on South 8th Street; that the building is improved with one interior 3 foot 8 inch wide wood stair protected with fire retarded partitions leading directly to Bedford Avenue and having fireproof self-closing doors and a scuttle and ladder to roof; that in addition there are fire escapes on the rear of each section, extending to the rear yard with access to South 8th Street, windows and doors on the course of the fire escapes are fire protected; and

WHEREAS, the applicant contends that the owner has discontinued the furniture business and leased the building to various tenants, for the manufacturing of wearing apparel; that the actual loads in every case are not greater than the loads exerted by the previous use for over 30 years; that due to the nature of the factory use, the actual distributed load is never in excess of 40 pounds per square foot; that it is proposed to post the live loads as determined under approved application June 1, 1945, as follows: that in the 3 story section—1st story—103 pounds; 2nd story—67 pounds; 3rd story—67 pounds; 4 story section—1st story—175 pounds; 2nd story—120 pounds; and 58 pounds; 3rd story—90 pounds and 58 pounds; 4th story—78 pounds and 58 pounds; and

WHEREAS, the applicant has filed with this appeal a copy of an agreement made November 4, 1957, between the owner of 146 South 8th Street and the owner of 413-415 Bedford Avenue, permitting egress over the southerly end of the property at 146 South 8th Street to a depth of 4 feet and across such portion of such property for a period of 5 years; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1226/45, Objections No. 6 and 7 and that the appeal be and it hereby is *granted, on condition* as to objection 6 that floor loads shall be as proposed and so posted but not less than the loading as shown on various plans filed herewith; that exits from the building, including exits from the cellar shall be in compliance with the requirements of the resolution adopted by the Board this day under Cal. No. 493-57-BZ; that the two source sprinkler system in the buildings shall be maintained in accordance with requirements therefor; that as to objection 7 the terms of this resolution and that adopted under Cal. No. 493-57-BZ shall be complied with and shall continue *only* so long as the lots through which exit from this building is required to be provided remains under the same ownership or with the authorization of any new owner.

PREMISES AFFECTED—2315-2333 Westchester Avenue and 1401 Parker Street, northwest corner, Block 3969, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: Henry Nordheim.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley and Commissioner Fox.... 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Westchester Avenue are in a retail use, D area, class 1 height district; Glover Street and Parker Street are in retail and residence use, D area, class 1 height districts; Lyon Avenue is in a residence use, D area, class 1 height district; that as of July 25, 1916 the premises was in a business use, B area 1¼ height district, and the present designations became effective April 26, 1945; and

WHEREAS, the decision of the Borough Superintendent, dated May 8, 1958 acting on Alt. Applic. No. 1077-57, reads:

"1. In a retail district the proposed manufacturing on more than 5% of the floor area is contrary to Section 4-A, Art. II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 feet frontage by 68.54 feet in depth, developed with a one story, non-fireproof brick structure, being 125 feet front on Westchester Avenue by 65 feet deep, and arranged for store occupancy, a total of 10 stores; that the building was erected under N.B. Applic. No. 209-1909 and at that period the plot was located in a district where any type of use was permitted, for the reason that it pre-dates the Zoning Resolution by seven years; and

WHEREAS, the applicant states that the occupancy of the building remained as stores with 50% vacancies most of the time, due to the raw state of Westchester Avenue, with inconsistent types of occupancies and vacant land, considerable of which is still evident as may be noted from the filed diagram; that it is also located under the station platform of the Pelham Bay subway branch and is therefore at a disadvantage insofar as daylight is concerned; that when the present owner purchased the building, on April 15, 1950, six of the 10 stores were vacant, and it appeared to him that dressmaking shops would be about the only type of tenants who would rent space; that, ignorant of the occupancy limitations provided in the Zoning Resolution, and not even knowing that such a law existed, he proceeded to rent some of the stores to tenants manufacturing small articles in order to meet tax payments, or lose the building; and

WHEREAS, the applicant contends that this building was erected with stores in which manufacturing could be done in 100% of the floor area, and the record shows that stores No. 1 and No. 2 were actually so used since 1940, which pre-dates the Zoning Amendment of April 26, 1945, and these stores were then occupied by a dressmaking concern; that presently the building is occupied as follows: stores No. 1 and No. 2—dressmaking; stores No. 4 and No. 5—repairing electric motors; store No. 7—dressmaking; store No. 8—plastic articles and lamp shades; that it is for these uses that this application is filed; that occupancies in all the rest of the stores are conforming types of trades; and

WHEREAS, the applicant states that the present owner has held title to the property since April 15, 1950; that the assessed valuation of land is \$33,000 and of the building \$23,000 making a total of \$56,000; that the building was erected in 1909; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the applicant has

306-58-BZ

APPLICANT—Henry Nordheim, for Frandel Realty Corp., owner.

SUBJECT—Application May 16, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a retail use district, manufacturing on a floor area in excess of that permitted.

MINUTES

filed a revised plan, as requested, showing where the manufacturing actually occurs among the 10 stores; with area of the factory spaces and number of persons working for a factory;
and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of 5 years to permit minor factory work in several of the stores as shown on revised plan marked, "Received February 5, 1959," one sheet, *on condition* that the building shall not be increased in height or area; that the amount of factory work shall not exceed the area as shown on such plan; that the second means of exit shall be provided from such stores as have at the present time no second means of exit such as stores 7 and 8, where a rear window in each such store shall be changed into a door and shall have steps down to the yard or a common balcony with one set of stairs to yard; that all means of exit to the rear yard shall be maintained with a suitable fencing along the rear lot line against adjoining premises; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that in store No. 1, the doorway from the store into the rear room, marked kitchen, shall be a fireproofed door swinging in the direction of exit; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

456-58-BZ

APPLICANT—Fred C. Dahlem, for Florence Christiano, Joseph Christiano, Jr., Emily Muccardi, owners.

SUBJECT—Application July 25, 1958—decision of the Borough Superintendent, under sections 7f, 7e, and 7i of the Zoning Resolution, to permit in a business use district the erection and maintenance of a gasoline service station, lubritorium, office, sale of accessories, car wash, minor repairs with hand tools only, parking and storage of more than five (5) motor vehicles and the sale of used cars for a stated term of fifteen (15) years.

PREMISES AFFECTED—2800-2806 Boston Road, northeast corner of Radcliff Avenue, Block 4516, Lots 856-863 inclusive, Borough of the Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, and Commissioner Fox.... 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Williamsbridge Road, Boston Road, Radcliff Avenue and Colden Avenue are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 16, 1958 acting on N.B. Applic. No. 583-58, reads:

"1. In a business use district the proposed 'Gas service station-lubritorium, office, sale of accessories, car wash, minor repairs with hand tools, parking and storage of more than 5 motor vehicles' is contrary to Sec. 4 of the Zoning Resolution and is therefore denied."

and

WHEREAS, the applicant states the premises consist of a plot, 71.24 feet, 102.39 feet and 89 feet frontage by 87.33

feet in depth, irregular, presently used for the sale of used cars, and a small refreshment stand; that it is proposed to erect and maintain, under such conditions as will not only safeguard, but enhance the character of the area, a gasoline service station; that the structure, having three bays and a sales office, will be of modern artistic design and of face brick with steel and glass overhead doors; that plans call for two sets of pumps and twelve 550 gallon submerged gasoline tanks; that the entire unbuilt upon area will be covered with black top paving; that the lighting and fencing will be utilitarian and decorative; and

WHEREAS, the applicant states that the plot is ideally suited for a gasoline service station, both from a traffic and physical setting standpoint; that it fronts on a wide open plaza-like area, created by the intersection of three throughfares—Boston Road, Radcliff Avenue and Williamsbridge Road; that Boston and Williamsbridge Roads are principal traffic arteries carrying a heavy volume of through traffic, which is constantly increasing; that a gas service station is needed and would make the best economic use of the proposed site; that the plot would not be suitable for the development of one or two family dwellings or multiple dwellings because of the high cost of the land fronting as it does on two traffic arteries, because the great amount of traffic, especially the continuous flow of heavy trucks on Boston Road and because the surrounding area is used for heavy building materials and supply yards, manufacturing and other non-conforming uses, is therefore not conducive and does not lend itself to residential or retail business purposes; that stores are not economically practical because there are already adequate shopping facilities in the neighborhood, and there is no demand whatsoever for additional stores; and

WHEREAS, the applicant states that the other three corners at this intersection and the adjacent properties in the area are used for the following businesses; southeast—lumber yard—large open square block opposite entire Williamsbridge Road and Radcliff Avenue frontage; southwest—gas station, diagonally opposite; northwest—trailer trucks rental lot—block front opposite entire Boston Road frontage; that a building materials business and yard abuts this plot to the north and east on Boston Road and in the rear, almost completely surrounding the plot on these two sides; second hand plumbing supplies and fixtures, such as pipes, tubings, hot water tanks and boilers, bath tubs, sinks and toilet bowls are stored, giving the appearance of a junk yard; that the subject plot, as shown, is entirely surrounded by building materials and supply yards, trailer truck lots and other non-conforming uses; and

WHEREAS, the applicant contends that the proposed use, therefore, will provide an open and attractive area and will thus insure to the owners of the adjacent properties permanent light and air, which such properties would not derive from a large conforming structure; that the limitation of the term of the use to fifteen years will serve as a protection to the future of the neighborhood in the event its present character should change; and

WHEREAS, the applicant states that the present owners have held title to the property since September 1, 1955; that the assessed valuation of land is \$24,000 and of the building \$500 making a total of \$24,500; that the building was erected in 1945; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of 15 years, to permit the premises to be occupied by a gasoline service station and lawful uses accessory thereto, substantially as proposed and indicated on plans filed with this application marked, "Received July 25, 1958," 2 sheets, and "December 10, 1958," 2 sheets, *on condition* that all buildings

MINUTES

and uses now on the premises shall be removed and the premises shall be constructed and arranged as indicated on plans above cited; that the accessory building shall be of the design, arrangement and location as indicated on such plans and shall be faced with face brick on all sides; that there shall be no cellar under such building and in all other respects shall comply with the requirements of the Building Code; that the doors to the toilet rooms shall be arranged so as not to be contiguous; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of Radcliff Avenue and Boston Road and that gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that the balance of the premises where not occupied by buildings and pumps shall be paved with concrete or asphaltic paving; that there shall be erected on the interior lot line a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that such fence shall have suitable terminating posts at the building line but may be omitted where accessory building occurs; that there shall be no windows in the rear of the accessory building opening upon adjoining property; that at the four points within the building line where shown there shall be blocks of concrete not less than 12 inches in height extending along the building line for a distance of not less than 5 feet from the bend in the street line or intersection or side lot lines; that curb cuts shall be restricted to two curb cuts, each 30 feet in width to Williamsbridge Road, two to Radcliff Avenue and two to Boston Road, each not over 25 feet in width, with a space between cuts of not less than 10 feet; that no portion of any curb cut shall be nearer than 5 feet to a lot line as prolonged; that along the lot line to the south there shall be a planting area not less than 20 feet in width extending from the easterly lot line to within 15 feet of the building line of Williamsbridge Road to permit exit to curb cut; that such planting area shall be protected with a concrete curbing not less than 8 inches in height and 6 inches in width, and shall be planted and maintained in good condition with suitable planting material; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the building and the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices, but permitting the erection within the building line but not at the side lot line of two post-standards, each for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not more than 4 feet; that there shall be no brand sign at Boston Road at the easterly lot line or to Williamsbridge Road at the southerly lot line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e there may be, for a similar term, parking and storage of cars provided such parking and storage does not interfere with the servicing of the station and such parking may also include the sale of used cars for a similar term; that under Section 7i there may be minor repairs maintained solely within the accessory building; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

491-58-BZ

APPLICANT—Ervin Palmer, for Daniel A. Brener, owner.
Edward R. Lewis, Lessee.

SUBJECT—Application August 21st, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail use district, in an existing three story and cellar structure, the change in occupancy of the second floor from private club to office use.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Greenwich Avenue and Avenue of the Americas are in a local retail use, C area, class 1½ height district; West 11th Street and West 10th Street are in local retail and residence use, C area, class 1 height districts; that until July 12, 1945 the zoning was business use, B area, 1½ height, and at that time it was changed to local retail use, C area, 1½ height; and

WHEREAS, the decision of the Borough Superintendent, dated August 14, 1958 acting on Alt. Applic. No. 875-57, reads:

"1. Proposed office use of the second floor in a local retail use district is contrary to Article 4c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 15 feet 6 inches frontage by 61 feet 1 inch in depth, upon which is located a three story and cellar building of non-fireproof construction; that the exterior walls are of brick, floor beams wood, stairs of wood, enclosed in stud partitions, metal lathed and plastered; that the stair leads continuously from the third floor to the street, and on the top story, a stationary iron ladder affords access to the roof through a scuttle; that the southerly wall is a party wall; that part of the northerly side has no wall; that the adjoining building forms the enclosure—a right established by years of use; that the first story is occupied as a store for the sale of crockery and giftware, and the cellar is used in conjunction with the store as storage; that the existing electric sign belongs to this store and has been approved under Applic. No. 2797 of 1926; that the second floor is occupied as offices for a newspaper publication called "The Village Voice"; that the third floor is a residential apartment of three rooms occupied by the same tenant since 1941; that it is proposed to occupy the second floor for office use; and

WHEREAS, the applicant states that the property was purchased with the present tenants in possession; that the Certificate of Occupancy which accompanied the purchase called for the use of the second story as a Private Club, but it did not occur to the owner that this differs from office use; that under date of May 28, 1957, a violation was received from the Building Department directing the owner to remedy this illegal condition; that judging from appearances, the building was used either from its beginning, or soon after as business on the two lower floors and as residence on the third floor; that the only available data of facts is the affidavit made by the tenant occupying the top story, who describes the use of the property: from before 1941 to about middle of 1942—social club; from 1942 to end of year—art gallery; from some time in 1943 to end of 1954—photo studio; from end of 1954 to present day—newspaper office; and

WHEREAS, the applicant contends that the Certificate of Occupancy states the live load of the second floor as 100 pounds per square foot and the occupancy as residence and commercial, both of which facts give additional proof of the original occupancy; that the Board is requested to consider these facts and permit the present non-conforming use to remain because the use zone was business prior to 1945; the building was designed and used as business; the present use is offices; that the history of its use appears to have been business even after the zone change and the proposed non-

MINUTES

conforming use is within the existing enclosure and would affect none of the adjacent properties in any way; and

WHEREAS, the applicant states that the present owner has held title to the property since August 25, 1955; that the assessed valuation of land is \$10,000 and of the building \$9,000 making a total of \$19,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of 10 years, to permit the second story of the building to be occupied as proposed as a local publication office but without printing equipment, *on condition* that in all other respects the building shall be continued substantially as it now exists and shall not be increased in height or area; that the exterior illuminated sign now on the building, extending over the building line, shall be completely removed; that the front of the building shall be repainted to improve its appearance; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto as shown on plans filed with this application marked, "Received August 21, 1958," 5 sheets; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

538-58-BZ

APPLICANT—Herman E. Horwood, for Ado Cristantante, owner.

SUBJECT—Application September 17, 1958—decision of the Borough Superintendent, under sections 7c and 7i of the Zoning Resolution, to permit in a business and residence use district the reconstruction of an existing gasoline service station by removing the existing dwelling and changing the use of the five (5) car garage to motor vehicle repair shop with hand tools only, touch up spraying and welding and wheel alignment and to extend the existing parking of cars into the residence portion of the premises.

PREMISES AFFECTED—628-630 Crescent Avenue, south side, 128 feet west of Belmont Avenue, 2321-2327 Belmont Avenue, Block 3087, Lots 11-19, Borough of The Bronx.

APPEARANCES—

For Applicant: H. E. Horwood.

For Opposition: J. David Silvers.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Fox 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Belmont Avenue are in business and residence use, B area, class 1¼ height districts; Hughes Avenue and East 183rd Street are in a business use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 18, 1958 acting on Alt. Applic. No. 440-58, reads:

"1. Proposed use of auto repair shop, extension of gasoline service station in a business use district is contrary to Art. II Sect. 4 of the Z.R.

"2. Extension of use of parking & storage for more than five motor vehicles into a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 59.13 feet and 100 feet frontage by 88.29 feet, 126.4

feet and 100 feet in depth, upon which is located a legal gasoline service station and five car garage erected in 1921, also a two story frame dwelling and an extension at rear of same used for tire repair and vulcanizing, which were erected in 1927, all of them being in a business use district; that parking lot facing Belmont Avenue is partly in a business use district and partly in a residence use district; that it is proposed to rearrange and modernize same by removing the frame dwelling and discontinue the tire repair and vulcanizing shop; that the modern gasoline pumps are to be set back fifteen feet from the building line, midway between the side lot lines, and the present easterly curb cut will be relocated further to the east; that the space of tire repair shop will be reduced in size and altered for office, and the five car garage to be used as motor vehicle repair shop for lubrication and minor repairs including incidental body and fender repairs with hand tools, including welding and touch-up spraying for repaired parts, non-automatic car wash and wheel alignment; that it is also proposed to remove the wood fence on Belmont Avenue and to replace same with a six foot high chain link fence on new masonry retaining wall and a four foot high chain link fence on the north and south sides, where masonry walls do not adjoin, and to comply with all other applicable parking lot requirements; and

WHEREAS, the applicant contends that Crescent Avenue is a highly travelled street and there are no gas stations or repair shops within the affected area, and it will be a distinct service to the community if this improvement is permitted; that the present five-car garage at the rear of the lot, which it is proposed to use for motor vehicle repairs, is of masonry construction and it is proposed to fire retard the ceiling of same; that all exterior walls of the new office and repair shop are to be stuccoed; that regarding Building Department Objection No. 2, the applicant contends that Crescent Avenue is zoned for business to 100 feet on Belmont Avenue and that copy of Certificate of Occupancy No. 19595, filed with this application, permits parking of more than five motor vehicles on the business use portion, and this application is for permission to extend the parking use to the balance of the lot; that this is a highly populated section, and due to local street parking restrictions, there is great need for off-street parking, since there are no other parking lots in or near the affected area; and

WHEREAS, the applicant states that the present owner has held title to the property since October 23, 1957; that the assessed valuation of land is \$21,300 and of the building \$6,700 making a total of \$28,000; that the buildings were erected in 1921 and 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, to permit the existing gasoline service station to be reconstructed and rearranged as proposed and shown on plans filed with this application, marked "Received September 17, 1958", 5 sheets, and to permit the extension of use of the portion now used for parking into the balance of the plot, as shown on such plans; that buildings proposed to be removed on the portion of plot now used for the gasoline service station shall be so removed and pumps shall be relocated as shown; that there shall be erected on the interior lot lines to the west a masonry wall continuing the existing retaining wall to the street line of Crescent Avenue; that such wall shall be to a total height of 5 feet, 6 inches, of brick masonry, but may be reduced within five feet of the building line of Crescent Avenue, to a height of 4 feet, 6 inches and with suitable masonry terminating post; that a similar wall shall be erected to the building line of Crescent

MINUTES

Avenue on the easterly side, except where such lot is to be open to the parking area to the east; that the portion of the plot within the business use district used for parking already permitted by the Building Department, may be extended, as proposed, into the balance of the plot in the residence use district, *on condition* that retaining walls carried above grade shall be constructed where the depressed lot line court requires; that there shall be erected on all lot lines fences of the chain link woven wire type, except where masonry walls of adjoining buildings occur; that there shall be no openings in such wall to Belmont Avenue, except where shown; that such opening shall not exceed ten feet in width, fitted with gates and with curb cut opposite not over 12 feet in width; that the open space between the existing gasoline station and the parking lot may be permitted where shown and any fence previously required by the Department of Buildings may be removed; that the parking area shall be surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that suitable bumpers shall be maintained at all points for the protection of walls and fences and made secure across open areas on the lot line; suitable protection in addition to the fence on the masonry base and the bumpers shall be furnished where necessary where the court of the adjoining apartment house on Belmont Avenue is at a lower level than the parking lot; that the gasoline station area shall be paved with concrete or asphalt where not built upon; that curb cuts to Crescent Avenue from the gasoline station portion may be where shown, namely two, each not over 25 feet in width; that under Section 7i repairing with hand tools only for adjustments may be permitted within the proposed rear accessory building but no painting or body and fender repairs; that such building shall comply with the requirements of the Building Code and shall have no cellar; that the door shown from accessory building leading to the parking area shall be omitted; that signs shall be restricted to permanent signs attached to the facade of accessory building and the illuminated globes of the gasoline pumps, excluding all roof and temporary signs and advertising devices, but permitting the continuation of the post standard erected toward the center of the frontage, advertising only the brand of gasoline on sale, and permitting such sign to project not more than 4 feet beyond the building line; that signs in connection with the parking use shall be restricted to one sign attached to the fence on Belmont Avenue, which shall not exceed five square feet in area, shall not be illuminated nor extend over the building line; that the premises shall be used for no other uses and no buildings shall be erected thereon other than as shown on plans filed with this application; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

570-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Rutli Gould, Shirley Firsker, Sylvia Rosenberg, Rebecca Rosenberg, Abraham Rosenberg and Marion Freedman, owners.

SUBJECT—Application October 3, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, car wash, storage room, office and sales and the parking and storage of motor vehicles.

PREMISES AFFECTED—5601-5611 Avenue U and 2063-2083 East 56th Street, northeast corner, Block 8399, Lot 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: R. S. Hardy and J. Vassalotti.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Fox 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 20, 1959 after due notice by publication in the Bulletin; laid over to February 10, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 56th Street, Pearson Street and Avenue U are in a residence use, F-1 area, class $\frac{1}{2}$ height district; that as of July 25, 1915 the premises were in an undetermined use district, class $1\frac{1}{2}$ height district and class A area district; that on December 12, 1930 that part of the premises within 100 feet of Avenue U was changed to a business use district and the balance of the premises to a residence use district; that on July 29, 1939 that part of the premises within 100 feet of Avenue U was changed to class D area district and class one height district; that the present use, height and area classification became effective July 22, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated September 4, 1958, acting on N.B. Applic. No. 1464-58, reads:

"1. Proposed building and premises, in a Residential Zone, to be used for gasoline service station, lubricatorium, minor auto repairs, car wash, storage room, office and sales, parking and storage of motor vehicles awaiting service, is contrary to Art. II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 95 feet frontage by 175 feet in depth, presently vacant; that it is proposed to erect and maintain a modern gasoline service station, for a temporary period of fifteen years, consisting of twelve 550 gallon buried gasoline tanks and four dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 42 feet, a depth of 30 feet and will contain the conjunctive uses of lubricatorium, minor auto repairs, car washing, office and sales; that part of the plot not proposed to be occupied by the accessory building will be used for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that Avenue U is a heavily trafficked auto lane and as such the proposed gas station is entirely in keeping at this point; that although the site is in a residence zone, the property on the south side of Avenue U directly opposite the site and within the entire affected area and beyond on said south side, is in an unrestricted zone and has developed with uses fitting to said zoning; that in fact, lots 114, 130 and 143 in block 8470, having a combined frontage of 820 feet, are being used by Bulk Fuel Oil and Gasoline Storage and Distributing firms with all the attendant noises and truck traffic that go with said business, in addition to the unsightly aspect of said lots; that it is inconceivable that the site in question, or any property in the affected area on the north side of Avenue U, could be successfully developed with residence use opposite the aforementioned unrestricted uses, in addition to being a very heavily traversed auto lane; that in fact, inasmuch as Avenue U is on an eighty-foot wide street, the future auto traffic will steadily increase; that proper zoning does not face a residence use with an unrestricted use so that a one family or any other residence building would be confronted with a glue works, a wet wash laundry, a garage or a bulk fuel oil and gasoline business, or any other use properly belonging in an area by itself; that the zoning of Avenue U on the north side as residence and the south side as unrestricted must eventually lead to a deterioration of the entire community, and therefore the only feasible manner in which to develop the site would be with a use as proposed that would be entirely in keeping at this point; that the site in question has never been developed due to improper zoning; and

MINUTES

WHEREAS, the applicant states that the present owners have held title to the property since November 16, 1954 and that the assessed valuation of land is \$6,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of 15 years, to permit the premises to be occupied as a gasoline service station and lawful accessory uses thereto, substantially as proposed and indicated on plans filed with this application marked, "Received October 3, 1958," 4 sheets, *on condition* that any buildings or uses now on the premises shall be removed and the premises shall be leveled substantially to the grade of Avenue U and shall be arranged and designed as indicated on plans above cited; that the accessory building shall be at the location and of the design and arrangement indicated and shall have no cellar, and faced with face brick on all sides and in all other respects comply with the requirements of the Building Code; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of Avenue U and that gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that on the portion of the plot proposed to be used as a gasoline service station there shall be erected a woven wire fence of the chain link type at the rear thereof and along the easterly side with suitable terminating posts at the building lines; that it is a condition of this resolution that the balance of the plot shall be maintained for conforming use as proposed and shown; that the balance of the plot where not occupied by buildings and pumps shall be paved with concrete or asphalt; that there may be two curb cuts to Avenue U, each 30 feet in width, and one to East 56th Street, where shown, 30 feet in width; that such portable fire-fighting appliances may be permitted for adjustments only with hand tools maintained solely within the accessory building; that there may be parking and storage of motor vehicles for a similar term on such portions of the plot where the parking and storage will not interfere with the servicing of the station; that such fire-fighting equipment shall be as the Fire Commissioner shall direct; that the sidewalks and curbs abutting the property shall be constructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the building facing Avenue U and the illuminated globes of the pumps excluding all roof and temporary signs and advertising devices, but permitting the erection of a post standard along the building line of Avenue U between the curb cuts for supporting a sign which may be illuminated, advertising only the brand of gasoline and permitting such sign to be extended over the building line of Avenue U for a distance of not more than 4 feet; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 12:45 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

REGULAR MEETING

TUESDAY AFTERNOON, FEBRUARY 10, 1959,
2 P. M.

Present: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley and Commissioner Fox.

324-58-SM

APPLICANT—Sheffield Division Armco Steel Corporation, owner.

SUBJECT—Application May 22, 1958—Sheffield High Strength Bolts, approval of.

APPEARANCES—

For Applicant: Louis Frank.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley and Commissioner Fox 3
Negative: Vice Chairman Kleinert 1
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 324-58-SM

Subject: Sheffield High Strength Bolts.

Sheffield Division Armco Steel Corporation, Kansas City, Mo., filed May 22, 1958 an application with the Board of Standards and Appeals for approval of the material known as Sheffield High Strength Bolts under the provisions of C26-322.0, C26-368.0, C26-520 and C26-521.0 Administrative Building Code.

Purpose

The material is to be used for fastening structural steel.

Description

The bolts, nuts and washers are manufactured in conformity with the requirements of the Specification of Quenched and Tempered Steel Washers (ASTM A325). The bolts are identified by markings on the top of the head with three radial lines, with the letter S between the radial lines.

Inspection and Test

Various sizes of bolts, nuts and washers were tested at Associated Laboratories in accordance with the requirements of ASTM designation A325-55T. The bolts, nuts and washers successfully met the said requirements. The complete report of Associated Laboratories, Kansas City, Mo., is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and date filed by the applicant, the Committee on Test recommends the approval of the material known as Sheffield High Strength Bolts for use in New York City under the provisions of C26-322.0, C26-368.0, C26-520.0 and C26-521.0 Administrative Building Code as amended by Local Laws 107, 108, 109, and 110 of 1955 on condition that all bolts, studs, nuts and washers shall comply with the requirements of ASTM-A325 and further that all containers or cartons in which the material is to be marketed shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 324-58-SM and further that each bolt shall be identified with the marking herein described.

The Committee further recommends that when the High Strength Bolts are used in construction the following conditions shall apply:

Torque shall be sufficient to provide an average stress on the bolt at least fifteen percent in excess of the minimum required bolt tension specified in subdivision d4 of Section C26-520.0.

The parts to be bolted shall be brought tightly together by sufficient high-strength bolts used as fitting-up bolts.

Bolts shall then be installed in the remaining holes and their nuts shall be made finger tight, which shall mean tightened firmly by hand or spud wrench only, without the use of torque or impact wrenches.

After the nuts have been made finger tight, each nut shall be given at least $\frac{1}{2}$ turn to tighten the bolt.

The fitting-up bolts shall be then loosened and the nuts thereon shall be retightened finger tight. Each nut shall then be given at least $\frac{1}{2}$ turn.

Bolts shall not be forced into holes. Holes out of alignment shall be drilled or reamed.

Impact wrenches shall be regulated so as to produce one turn of the nut on the bolts in place, in approximately ten seconds.

MINUTES

The tightness of the bolts may be tested by turning the nuts one-sixteenth of a turn tighter with a torque wrench and measuring the resulting torque. The torques on the nuts shall not be less than shown in column 4 of the following table for the size of the bolt.

Sufficient bolts shall be checked to determine whether the required tightness has been obtained.

Bolt Tension and Torque Values

1	2	3	4
Bolt Size Inches	Bolt Tension for Calibrat- ing Wrenches Pound	Required Minimum Bolt Tension Pounds	Approx. Equiv. Torque for required Min. Bolt Tension Pound—Feet
1/2	12,500	10,850	90
5/8	20,000	17,250	180
3/4	29,000	25,600	320
7/8	37,000	32,400	470
1	49,000	42,500	710
1 1/8	58,000	50,800	960
1 1/4	74,000	64,500	1,350

Nuts may be tightened by calibrated wrenches [in place of giving each nut 1/2 turn.] In such case, wrenches shall be calibrated not less than once each day, by means of an approved calibrating and tension measuring device. The wrench shall be calibrated for the tension specified for the size of bolt in Column 2 of the table.

Where threads of bolts are injured, or the bolt is damaged in any way, the bolt shall be removed and replaced.

The installation of high-strength bolts shall be supervised by a licensed professional engineer or registered architect employed by the owner and acceptable to the Commissioner, to insure high-strength bolts are installed according to the design and code requirements. Such acceptability shall not be unreasonably withheld.

Upon the completion of the installation of the high-strength bolts, the licensed engineer or registered architect shall file a statement with the department, in a manner determined by the Commissioner, that the installation of the bolts was in accordance with the requirements of the Administrative Code and the design.

The licensed professional engineer or registered architect shall not be employed by nor receive compensation from any of the contractors engaged in the construction or alteration of the building.

The licensed professional engineer or registered architect or his representative shall be present at all times when high-strength bolts are installed. He shall observe whether the bolts are installed in compliance with the Administrative Code and this recommendation and wherever bolts do not conform to the code and he shall direct that such bolts be replaced or shall promptly report in writing such improperly installed bolts to the Borough Superintendent and the contractor.

Upon completion of the installation of the high-strength bolts, the licensed professional engineer or registered architect shall file a sworn statement in affidavit form, that the bolts were installed in accordance with the requirements of the Administrative Code and of this recommendation, unless the bolts were not so installed, in which case the Borough Superintendent shall be advised in writing of the manner in which the bolts were not properly installed.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.

GEORGE F. SKLENARIK,
Asst. Engr.
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

128-41-SA

APPLICANT—American Furnace Company, owner,
SUBJECT—Application for consideration—reopening for report as to additional models—re AFCE Ceiling Mounted, oil-fired Air conditioning unit, Models 12-OC, 23-OC, 28-OC and 33-OC; previously approved.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 22, 1958, on Alt. Applic. 10/58, reads:

"8—The exit stairs from the cellar sales room should lead in a 1 hr. enclosed passageway to the street as required by Sec. 6.3.3 of the Bldg. Code."

and

WHEREAS, the applicant states that the building is 2 stories and cellar, 28 feet high, 71 feet 11¼ inch by 100 feet in area, of non fire proof construction, erected 1913, located in business use, C area, class 2 height district, used and occupied since 1952 as follows: Cellar—storage, no occupants; 1st floor—retail stores, number of occupants not stated; 2nd floor—vacant; for which a Certificate of Occupancy #137582 was issued against Alt. Applic. 3553/52; that the applicant proposes to change the use of the south half of the cellar from storage to sales with an occupancy of 25 persons; that two new steel cellar stairs 3 foot 8 inch wide will be built near Broadway wall of the building; that these stairs and the existing east stair will be enclosed in the cellar in masonry walls, on the 1st floor in wood stud 1 hour partitions; that the doors will be fire proof self-closing; that the new stairs are remote and terminate on the 1st floor near the street exit doors; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated May 22, 1958, acting on Alt. Applic. 10/58, Obj. 8, be and it hereby is *modified* and that the appeal be and it hereby is *granted* that the proposed use of the cellar space for sales area shall be arranged as indicated on plans filed with this appeal marked, "Received May 23, 1958," 8 sheets; that the exits shall be arranged as shown on such plans marked, "Proposed conditions" in cellar, and first floor *on condition* that the partition between the space to be used for sales area where two openings are shown, that such openings shall be protected with a fireproof self-closing door; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

APPLICANT—Noah, N. Sherman, for Karo Film Corp., owner; Bonded Film Storage Co., Inc., lessee.

SUBJECT—Application June 17, 1958—Appeal from a decision of the Borough Superintendent, re: sprinklers.

PREMISES AFFECTED—42-53 21st Street, east side, 59.87 feet north of 43rd Avenue, Block 427, Lot 24, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Noah N. Sherman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Fox 4
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 27, 1958, on Misc. Applic. 141/58, reads:

"1. Provide a secondary automatic source of supply consisting of a gravity tank or tanks having at least 10,000 gallons capacity. C26-1376.0 Administrative Code.
2. File flow test letter with street main data as required by C26-1346.0."

and

WHEREAS, the applicant states that the building is 1 story, 10 feet high, 58 feet by 128 feet in area, of class 1 construction, erected 1923, located in unrestricted use, B area, class

MINUTES

1½ height district, used and occupied as follows: Cellar—boiler room and piping corridor, no persons; 1st floor—movie film storage vaults, 3 persons; that a Certificate of Occupancy #7684/24 was issued for both this building (Lot 24) and the adjoining building (Lot 15); that a Certificate of Occupancy #19859/41 was issued for the adjoining building (Lot 15), but no new certificate of occupancy was issued for the building under consideration (Lot 24); that this building is completely protected with an automatic sprinkler system and further protected by being divided in areas with concrete walls and fireproof self-closing doors; that the individual existing film storage vaults are of legal fireproof construction with fireproof doors and so arranged that there are only 5 film storage vaults opening onto a vault corridor; that there are 7 film vault corridors (with 5 film storage vaults to a corridor) and each of these 7 vault corridors are connected to the main building corridor and protected with fireproof self-closing sliding doors to the main corridor; that at the opposite end of the film vault corridor there is an exit door leading directly to the side yard which leads to the street; that all of the existing film storage vaults are completely protected with 12 sprinkler heads to each film storage vault and the vault corridor and main building corridor including lower corridor (cellar) are completely protected with sprinkler heads; that all of the existing film storage vaults are properly vented in accordance with the rules and regulations in reference to storage vaults for storage of movie film; that building on Lot 15 and building on Lot 24 were formerly one building, completely sprinklered with an automatic two-source supply; that on separation of these buildings under Alt. Applic. 2361/40, the building known as 42-53 21st Street, Lot 24, for which this variance is sought, is entirely dependent on the corner building (Lot 15), for both sources of water supply for its sprinkler system; that this two-source water supply for the sprinkler system is entirely contingent on the present lease arrangement for the water supply and this lease has a short term to run before expiration of the lease; that the owner under the present lease arrangement for use of the adjoining two-source water supply for this building's sprinkler system is entirely at the mercy of the adjoining owner, as to whether or not he can continue this use; that this building was purchased by the present owners, Karo Film Corporation on October 31, 1956 as a legal film storage building for storage of movie film; that this building fronts on only one street, being on an interior lot, making it impossible to obtain a second city main supply; that there is at present a 6 inch main connected to the city main on 21st Street and this 6 inch main runs into the building up to the inside face of the boiler room wall and is now used only as a house supply with a 5/8 inch meter and supply line for the house supply; that it is proposed to connect the present sprinkler system to this 6 inch main and to install a new siamese connection on the front of the building and to connect all supply lines from the adjoining building, as indicated on plans herewith submitted; that the pressure at the city main is 49# minimum, in accordance with the Flow Test, made June 17, 1958 by the Department of Water Supply, Gas & Electricity; that this indicates sufficient pressure to properly supply the existing sprinkler system, especially since this building is only one story in height; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated May 27, 1958, acting on Misc. Applic. 141/58, Obj. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition that a one-source sprinkler system fed by a 6 inch main from the street shall be arranged as proposed to be exclusively for this building and not to be connected to the adjoining building, but may also be used to take off a house supply with 5/8 inch supply line, *on condition* that there shall be a siamese connection at the street line and this grant shall be solely applicable to this building, which shall not be increased in height or area and shall be maintained to the satisfaction of the Fire Commissioner.

545-58-A

APPLICANT—Samuel Rosenblum, for S. W. Steel Management Co., Inc., owner.

SUBJECT—Application September 19, 1958—Appeal from a decision of the Borough Superintendent—re egress.

PREMISES AFFECTED—39-41 West 55th Street, north side, 395 feet east of Avenue of the Americas, 2nd, 3rd, 6th, 7th and penthouse floors, Block 1271, Lot 17, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleiner, Commissioner Foley and Commissioner Fox 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 10, 1958, on Alt. Applic. 598/58, reads:

"C1—Provide 2 means of egress from all floors, F.E. not acceptable. Sect. C26-304.1 A.C."

and as amended January 30, 1959 waiving M.D. objection to proposed uses and exits.

and

WHEREAS, the applicant states that the building is 8 stories, basement and penthouse, 90 feet high, 50 feet by 85 feet in area, class 1 construction, erected in 1912, located in restricted retail use, B area, class 1½ height district, used and occupied since 1942: Cellar—boiler, tenant laundry, storage, 1 person; basement—superintendent's apartment, 1 apartment with office, 2 offices, 10 persons; 1st floor—2 apartments with office and one office, 10 persons; 2nd floor—2 apartments with office and one apartment; 10 persons; 3rd, 4th floors each—3 apartments each, 10 persons; 5th floor—1 apartment, 2 offices, 10 persons; 6th floor—2 apartments, 1 office, 10 persons; 7th and 8th floors each—3 apartments, 10 persons; penthouse—1 apartment with office, 10 persons; which occupancy is contrary to Certificate of Occupancy #29636 issued against Alt. Applic. 607/42 for class A Multiple Dwelling; that Violation #24908/57 was issued for illegal conversion; that owner was found guilty in the City Magistrate's Court and fined \$25; and

WHEREAS, the applicant states that the building is equipped with a standpipe system; that the one interior 3 foot 4 inch wide interior stairway is enclosed; that the plans show these stairs are not separated from the public hall, but that the public hall is enclosed in masonry partitions with fireproof self-closing doors; that the elevator opens on this public hall and stairway; and

WHEREAS, the applicant contends that this business occupancy is of a minor nature, with one or two employees in each instance; that the apartments so occupied according to the violations are: 6th story front east, 6th story front west, 3rd story front east, 3rd story rear apartment; that on the basement floor there is an occupant who also does electrolysis, chiropodist and a millinery salesroom at the front; that there is a chiropodist on the 1st floor, and a designer of textiles; that the penthouse floor is occupied by the apartment of a theatrical producer, who also conducts his business there; that it can be seen from the above that the type of business occupancy is that generally conducted by someone who is in the same category as an artist or decorator or physician, who maintains his business quarters along with his residence; that none of these occupancies can be construed as hazardous nor as adding to the danger of the living quarters; and

WHEREAS, the applicant proposes to build 3 new Multiple Dwelling Law type fire escapes to provide second means of egress for all apartments; that fire escape A in the east court will serve apartments "E"; that fire escape B in the rear yard will serve apartments "N"; that fire escape G in the west court will serve apartments "W"; that a fire passage will be provided from the east court up to the rear yard, thence through the west court to the street; and

MINUTES

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the applicant has conferred with the Building Department and filed revised plans showing additional exits to comply with the requirements as to business use in a fire-proof building under the Multiple Dwelling Law.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 598/58, Objection No. C1—as amended January 30, 1959 waiving M.D. objections to proposed uses and exits, be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, on condition that the business uses throughout the building shall be where and of the type as shown on plans; that the means of exit shall be increased as proposed and shown on corrected plans filed with this appeal marked, "Received September 19, 1958," 7 sheets, initialed as corrected "February 6, 1959"; and that all the requirements of the Building Code and the Multiple Dwelling Law relating to the occupancy of the building shall be complied with and a new certificate of occupancy obtained.

561-58-A

APPLICANT—Rudolf C. Boehler, for 210 W. 42nd St. Corp., owner; Hartnett National Music Studios, lessee.

SUBJECT—Application filed September 26, 1958—Appeal from a decision of the Borough Superintendent—music school on 3rd floor.

PREMISES AFFECTED—210-212 West 42nd Street, south side, 100 feet 5 inches west of 7th Avenue, 3rd floor, Block 1013, Lot 37, Borough of Manhattan.

APPEARANCES—

For Applicant: Rudolf C. P. Boehler.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Fox.... 4
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated September 8, 1958, on Alt. Applic. 365/57, reads:

"(1) Use of 3rd floor as Music School contrary to 4.2.1 B.C. for class III bldg."
and

WHEREAS, the applicant states that the building is 3 stories, 38 feet high, 50 feet by 98 feet 9 inches in area at street level and 50 feet 88 feet 9 inches on 2nd and 3rd floors, located in retail use, B area, class 2 height district, used and occupied since April 1, 1958 as follows: Cellar—boiler room, storage and kitchen, 16 persons; 1st floor—restaurant and store, 150 persons; mezzanine—office, 60 persons; 2nd floor—chess, checkers and bridge clubs, 140 persons; 3rd floor—music studios, 105 persons; that there is one interior 3 feet 8 inches wide iron stairs enclosed in 4 inch cinder block partitions with 1½ hour fireproof self-closing doors; that the second iron stairs is an exterior fire stairs leading from roof to first floor and out to street and is also connected to an adjoining iron exterior fire stairs leading to street; that the exit to both stairs is by means of a corridor enclosed with fire retarding partitions and ¾ hour fireproof doors; and

WHEREAS, the applicant states that the plans and application under Alt. Applic. 365/57, showing the proposed changes on the third floor from a billiard parlor and dance floor to music studios and school, were approved on January 6, 1958; that the owner consequently proceeded with the work as approved, investing approximately \$18,000 for the work; that upon completion of the work, asked for a new Certificate of Occupancy, as per approved plans; that on May 20, 1958, I received a letter from the Borough Superintendent stating that the approval of the plans was improperly issued and in accordance with the provisions of C26-180.0, approval of this application and permit thereon

was hereby revoked, see exhibit "A"; that as the owner insisted on a certificate of occupancy, filed a new specification sheet stating that the third floor will be occupied as music studios only, which was approved May 23, and the plans hereby reinstated and a Certificate of Occupancy No. 49090 was issued on May 26, 1958, see exhibit "B" and "C"; that on September 3rd filed a new specification sheet stating that the third floor will be used as music studios and music school, which amendment was disapproved on September 8, 1958; that in accordance with the previous Certificate of Occupancy #3734/21, the third floor was occupied as a billiard parlor, that dining and dancing was approved under B.N. No. 1976/43, and that this floor was so occupied until the middle of January 1958; that the music studios and music school is a private enterprise and not considered a public use, as no persons other than the students and their teachers are occupying the various studios; that the students attending these music lessons are all adults ranging in age from 18 to 28 years; that this occupancy is not considered a public use as stated in Section C26-180.0; that the owner has obtained a license for a music studio and school, see exhibit "D", and therefor would like to have a new certificate of occupancy stating that the third floor will be used as music studios and music school; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated September 8, 1958, acting on Alt. Applic. 365/57, Obj. 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* that the occupancy as proposed in the building, and particularly for the third floor, formerly occupied as a billiard parlor and now occupied as a music school shall be designated as a music school and not as a music studio; that a new Certificate of Occupancy shall be obtained; that the building shall not be increased in height or area and shall comply with all laws, rules and regulations applicable thereto; that the plans filed showing the condition are marked, "Received September 26, 1958," 2 sheets and "December 30, 1958," 1 sheet.

333-58-A

APPLICANT—Philip Freshman for Isaac Baron, owner.

SUBJECT—Application May 16, 1958—Appeal from a decision of the Borough Superintendent, re structure area—ventilating and air conditioning.

PREMISES AFFECTED—1613-35 East 16th St. east side, 100 feet, south of Avenue P, Block 6779, Lot 69, Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip Freshman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, and Commissioner Fox.... 4
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 22, 1958 on Alt. Applic. 586/58, reads:

"1. The area of the structure exceeds the area permitted by Sec. 4.2.1 of the Bldg. Code between exterior or fire walls.

2. The rules of this Department relating to the installation of ventilating and air conditioning systems requires that no duct shall pierce a fire wall—Rule 6."
and

WHEREAS, the applicant states that the building is 1 and 2 stories, 15 feet and 27 feet in height, 192 feet 5½ inches by 100 feet in area, 46 feet 2 inches by 100 feet on the 2nd floor, class 3 construction, erected in 1921, located in unrestricted use, C area, class 1¼ height district, used and occupied since 1921 as follows: cellar—boiler room, no persons; 1st floor of the 1 story portion—public storage garage for more than 5 motor vehicles; 1st floor of the 2nd story portion—auto repair, collision and body work, 2 persons; 2nd floor—fac-

MINUTES

tory for plastic novelties, 20 persons; that this use and occupancy is in accordance with Certificate of Occupancy #113-700/48 issued against Alt. Applic. 1109/45; that the building is equipped with a standpipe system; and

WHEREAS, the applicant proposes to change use and occupancy as follows: 1 story section—public food market and a loading and storage section as an accessory to such use, 94 persons; that the 2nd story section—ground floor for stores and rear portion for a food packaging department in conjunction with the food market and meat freezing compartment in connection therewith; that an 8 inch block wall with 4 inch gypsum fire stops to the underside of roof boards and 1 hour self-closing door will be built near north end of the 1 story portion; that openings between the 1 and 2 story portions, protected with 1½ hour self-closing doors and ¼ inch steel plate fire dampers in the ducts; that a new hung ceiling will be provided in the sales area so that the ceiling construction will consist of ½ plaster boards on air space of about 10 inches, a continuous layer of rock mineral wool and finally stamped metal; that the space will be fire stopped to create area not to exceed 2500 square feet; that the occupancy of these buildings is being changed to a less hazardous use than now legally exists; that the gasoline pumps and gas storage tanks will be discontinued; that this building as originally erected (1 story section) has an area (inside dimensions of 14,625 square feet) which under the then existing building code was classified as a commercial building; that by reason of the installation of the standpipe system and covering the entire ceiling with ½ inch plaster boards, a concession was made to permit this construction and area; that the arrangement of the gondolas, counters, and other fixture set-ups has been determined to be of the minimum requirements insofar as aisle widths and end cross over aisles are concerned; that thru experience it has been determined that aisles between gondolas should be not less than 6 feet and end cross aisles not less than 10 feet; that this effect eliminates congestion and unimpeded passage of food buggies as used by persons shopping in this type of a food market; that it is because of this that the additional area beyond the 10,000 square feet is desirable.

Resolved, that the decision of the Borough Superintendent, dated April 22, 1958, acting on Alt. Applic. 586/58, Obj. 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* as to Objection 1 to permit the area of the public market as existing between walls and as to Objection 2, to permit ducts with dampers as shown, passing through the fire wall, on plans filed with this appeal marked, "Received May 16, 1958," 3 sheets and "January 20, 1959," 4 sheets; that gasoline pumps shall be removed and all gasoline tanks shall be removed or filled so as to render them unusable; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

20-59-A

APPLICANT—Morris Hannes for Franklin Warehouse and Movers, Incorporated, owner.

SUBJECT—Application January 8, 1959—Appeal from a decision of the Borough Superintendent re exterior stairs should comply with Labor Law; counterbalanced stairs not acceptable.

PREMISES AFFECTED—88-90 Gold Street and 1-5 Ferry Street, northeast corner, Block 104, Lot 31, Borough of Manhattan.

APPEARANCES—

For Applicant: Morris Hannes.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Fox 4
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 6, 1959, on Alt. Applic. 1873/58, reads:

"1. Exterior stairs should comply with Section 268 of the Labor Law. Counterbalanced stairs are not acceptable."

and

WHEREAS, the applicant states that the building is 10 stories, 143 feet high, 92 feet 4 inches by 75 feet 4½ inches irregular in area, fireproof construction, erected in 1890, located in manufacturing use, B area, class 2½ height district, used and occupied as follows: cellar—storage and boiler room, 1 person; 1st floor—manufacturing and sorting of office records, 10 persons; 2nd, 3rd, 4th, 5th, 6th, 7th, 8th and 10th floors—sorting and storage of office records, 10 persons each floor; 9th floor—manufacturing of metal products, 10 persons; that the building is equipped with a two-source sprinkler system, standpipe system and interior alarm system; that the exits consist of an interior 3 foot 4 inch wide steel and slate tread stairs, enclosed in brick, block and kalamein self-closing doors; that exterior screen stair on Ferry Street side and a fire escape on the Gold Street side, the exterior stair has treads 9¾ inches minimum and risers 8 inches high maximum; that these stairs are a pair of scissor stairs terminating with two counterbalanced stairs to the sidewalk; and

WHEREAS, the applicant proposes to enclose the elevator shaft in ¾ inch transite sheets, one on the inside and the other layer on the outside of present screen enclosures; that 20 gauge sheet metal panels will be placed on all elevator doors where glass or open grills occur; that the sidelights and transoms on the 1st floor hall will be removed and replaced with block and plaster.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1873/58, Objection No. 1, and that the appeal be and it hereby is *granted, on condition* that the existing exterior stairs with two separate counterbalanced stairs to grade shall be maintained and accepted as constructed and existing as a second means of exit; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, including the sprinkler, standpipe and fire alarm systems throughout the building, other than as modified by the Board under Cal. No. 908-22-A; and that all the requirements proposed and shown on plans filed with this appeal, marked "Received January 8, 1959," 6 sheets, "January 23, 1959," 3 sheets, and "January 28, 1959," 2 sheets, shall be complied with to the satisfaction of the Borough Superintendent.

THE RESOLUTION—

WHEREAS, this application was granted by the Board on May 25, 1943 on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on January 12, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance and an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 25, 1943, as thereafter *amended* by resolutions adopted through January

MINUTES

12, 1954, only so far as it refers to the term of variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, Subdivision i for a term of five years from the date of this *amended* resolution, to permit; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that a new certificate of occupancy, shall be obtained; and that in addition to minor repairing there may be acetylene welding under a proper permit issued by the Fire Commissioner, in addition to the electric welding hereinbefore permitted." (B.N. 1738/42 as denied 1/28/59)

447-48-BZ—Vol. II

APPLICANT—Frederick A. Ketcher, for Hamax Holding Corporation, owner; Rayco Auto Seat Covers, Inc., lessee.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under Sections 7c, 7i and 7h of the Zoning Resolution, permitting in a local retail and residence use district, a one story extension to an existing one-story building used for sales display, storage and installation of auto seat covers, the extension is to be used for minor motor vehicle repairs limited to the installation and service of mufflers and to use the unbuilt upon portion of the premises for patron parking.

PREMISES AFFECTED—233-20 Northern Boulevard, southwest corner, Northern Boulevard and 234th Street, Block 8166, Lot 25, Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice-Chairman Kleinert, Commissioner Foley and Commissioner Fox..... 4
Negative: 0
Absent: Commissioner Sleeper..... 1

THE RESOLUTION—

WHEREAS, this application was *amended* by the Board as Vol. II, on September 30, 1958 on certain conditions; and

WHEREAS, the term of variance was extended on November 12, 1958; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 28, 1948, as thereafter *amended* by resolutions adopted through November 12, 1958, only so far as it has reference to the motor vehicle repairing in resolution adopted on September 30, 1958, so that as *amended* this portion of the resolution shall read:

"and specifically for minor motor vehicle repairing to include also the installation of mufflers and tailpipes and the use of an oxy-acetylene torch subject to a proper permit issued by the Fire Commissioner"; and that in all other respects the resolutions above cited as *amended* this day shall be complied with." (Alt. 37/58)

808-48-BZ

APPLICANT—Aaron Halpern, for Nicholas and Katherine Hansen, owners.

SUBJECT—Application for consideration—reopening for extension of term of variance—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e, 7i and 21 of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, motor vehicle repair shop, the sale and display of used cars and the parking of more than five motor vehicles on the unbuilt-on portion of lot.

The minutes of the meeting of the Board of Standards and Appeals held on January 13, 1959, as they appeared in Bulletin No. 3, Vol. 44, hereby corrected to read as follows:

505-58-BZ

APPLICANT—Reginald S. Hardy, for Daniel J. Schaefer, owner.

SUBJECT—Application August 26th, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles for accessory use by patrons of the funeral home and by parishioners of the church across Fourth Avenue—no fee to be charged.

PREMISES AFFECTED—416 42nd Street, south side, 100 feet, east of 4th Avenue, Block 724, Lot 11, Borough of Brooklyn.

APPEARANCES—

For Applicant: Reginald S. Hardy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Acting Chairman Kleinert, Commissioner Foley and Commissioner Sleeper 3
Negative: 0
Absent: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 6, 1959 after due notice by publication in the Bulletin; laid over to January 13, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1¼ height district; 42nd Street and 43rd Street are in business and residence use, C area, class 1¼ height districts; Fourth Avenue and Fifth Avenue are in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 18, 1958 acting on Alt. Applic. No. 2583-58, reads:

"1. Temporary accessory parking of motor vehicles for patrons and visitors of Funeral Parlor in a Residence Use District is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet 2 inches in depth, enclosed with a six foot high wrought iron fence, presently vacant, except for three small shacks and shrubbery; that it is proposed to level the premises, surface them with crushed stone or cinders secured by a non-impervious binder and to use them for temporary accessory parking for patrons and visitors of the funeral parlor which the owner maintains on the northeasterly corner of Fourth Avenue and 42nd Street, diagonally opposite the subject premises; that ingress to the premises will be provided by two entrances located where shown on plans; and

WHEREAS, the applicant states that the premises will be used solely for the convenience of patrons and visitors to

the funeral home except that the owner has agreed to permit the parishioners of St. Michael's R. C. Church located on the southwesterly corner of Fourth Avenue and 42nd Street to use the premises for the parking of motor vehicles during religious services; that no fee will be charged; that when premises are not in use, the entrances will be securely closed by gates; and

WHEREAS, the applicant further states that the owner has maintained a funeral parlor and undertaking establishment on the northeasterly corner of Fourth Avenue and 42nd Street for a great many years; that during the past few years, it has become increasingly difficult for persons visiting this establishment to find a parking space for their cars; that subsequently the owner was able to obtain title to the site and proposes to use it for the accessory parking of motor vehicles in order to eliminate this inconvenience to the visitors of the funeral home, and also to eliminate a growing parking problem at this point; that the property in question was formerly owned by The City of New York; that apparently it had been obtained with a view to using it for the parking of motor vehicles in connection with the Court House on the adjoining property; that this plan, however, was never consummated and The City ultimately elected to sell the property; and

WHEREAS, the applicant contends that the granting of this application would not adversely affect the owners of any property in the area; that indeed, it will result in affording them an opportunity to park their cars in front of their homes, which they cannot do at all times at present because of the fact that the necessary space has been taken by transient parkers; that the use of the property will be strictly limited to the periods of time during which the funeral home is open or Church services are in progress; that at all other times, it will be closed; that inasmuch as no full time attendant will be required, no provision has been made for the erection of an office or structure for his protection on the property; and

WHEREAS, the applicant states that the present owner has held title to the property since April 15, 1958 and that the assessed valuation of land is \$21,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for the parking and storage of more than five motor vehicles for accessory use limited to cars of patrons of the funeral home and for the parishioners of the Church of St. Michael, no fee to be charged, as proposed and as shown on plans filed with this application marked "Received August 26, 1958", 3 sheets, *on condition* that there shall be a split sapling fence, of the same height and with the saplings facing the dwellings on 43rd Street, applied to the steel picket fence existing on the southerly, or rear, lot line, for the protection of such dwellings against the headlights of the automobiles using the parking lot; that the premises shall be arranged and constructed as indicated on plans above cited; that on the building line of 42nd Street as shown, *the existing steel picket fence may be continued, with openings for entrance and exit, fitted with gates* of similar construction, which shall be normally kept closed when the lot is not in operation; that there may be two curb cuts, not exceeding 18 feet in width each opposite such gates; that bumpers shall be maintained to protect fences and walls; that the premises shall be graded and paved with crushed stone or cinders and treated with an impervious binder and properly rolled; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; that in

MINUTES

all other respects the premises and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution, a clause is inserted, in relation to permission for the continuance of an existing steel picket fence—etc.—all as indicated in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and appeals held on December 19, 1958, as they appeared in Bulletin No. 52, Vol. 43, hereby corrected to read as follows:

127-58-BZ

APPLICANT—John J. Tricarico, for Cosmo's Drive-In, Inc., owner.

SUBJECT—Application March 13, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a retail and residence use district, the installation of an amusement center consisting of children's rides to be used in conjunction with the existing one story restaurant with accessory parking.

PREMISES AFFECTED—1300 Hylan Boulevard, northeast corner of Old Town Road, Block 3224, Lot 14, Grasmere, Borough of Richmond.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 7, 1958 after due notice by publication in the Bulletin; hearing postponed to November 12, 1958, at the request of the applicant to revise his plans; then laid over for inspection and decision; date to be set; applicant to file revised plan of existing conditions; hearing closed; then to December 19, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in retail and residence use, D and E area, class 1 height districts; that as of July 25, 1916 the property bounded by Southside Boulevard (Hylan Boulevard) as then mapped, Oregon Avenue, Quintard Street, a line 100 feet south of Oregon Avenue, as then mapped, the bisector of the angle formed by the intersection of Oregon Avenue and Quintard Street, a line midway between Hurlbert Place and Southside Boulevard, the bisector of the angle formed by the intersection of Southside Boulevard and Underwood Street, as then mapped, a line 100 feet east of Southside Boulevard and Underwood Street, was zoned as a business district and the remainder, if any, was zoned as a residence district; that on January 15, 1937 the residence district was expanded to include all the property more than 100 feet from Hylan Boulevard; that on October 15, 1952 the present retail designation for the portion of the property within 200 feet of Hylan Boulevard became effective; that as of July 25, 1916 the property was zoned as a D area district and on August 2, 1943 the portion of the property more than 100 feet from Hylan Boulevard was changed to an E area district; that on October 15, 1952 the D area district was expanded to include the portion of the property within 200 feet of Hylan Boulevard; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated February 20, 1958 acting on Alt. Applic. No. 546-54, reads:

"1. The proposed erection of kiddie rides, located partly in a residence and partly in a retail use district is contrary to Article II Section 3 and 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 405.78 feet frontage by 674 feet in depth, irregular; and

WHEREAS, the applicant states that the history and facts pertinent to this petition are both lengthy and complicated; that at the present time there is a one story restaurant and parking area which was approved and erected under N.B. Applic. No. 336-52; that said restaurant was enlarged under Alt. Applic. No. 449-54 to its present size and facilities; that this application, still open for approval for additional changes obtained under subsequent amendments, are still under construction; that on December 3, 1954 an application was filed under B.N. Applic. No. 389-54 to install kiddie rides on the premises; that upon examination of this application the Department rules that a B.N. application was not the proper form to file for this purpose and requested that an Altered Building form be filed and therefore, on December 29, 1954, Alt. Applic. No. 546-54 was filed replacing the building notice application, and approval was granted on January 7, 1955 for a restaurant, parking area and kiddie rides; that permit for this alteration was issued on January 7, 1955 and work was started on this project; that there was a subsequent amendment filed on March 21, 1956 for relocation of the kiddie rides, which was approved March 22, 1956; and

WHEREAS, the applicant further states that the owner proceeded with the construction, purchasing and installation of kiddie rides, totally unaware that on January 13, 1955 there was a revision under Section 4-A Retail Districts, Par. b, subd. 9 of the Zone Resolution, now prohibiting the kiddie ride occupancy which was approved and granted on January 7, 1955; that in the interim, the Building Department checked location of the now installed kiddie rides, found that they didn't quite agree with the locations indicated on approved plans and amendments and therefore placed a violation on the premises and a stop-order prohibiting any further work unless a new permit be obtained; that application for this new permit was refused; that this situation constituted many complications; that the owner obtained legal advice and an action was instituted in the Supreme Court, Richmond County, to review the actions of the Department in revoking the permit, and the opinion of the Court was that the Department had acted "in an arbitrary, capricious manner and without authority, had failed to correct the error in applications when submitted, and the facts were not presented in proper manner to Acting Commissioner Crinnion for his consideration", and as a result, influenced the Commissioner to revoke the permit for this project; and

WHEREAS, the applicant contends that the origin for this project goes back many years; that in 1948 the owner decided to seek a suitable site in order to establish a business venture in which all his children could be gainfully employed; that among many others, the present site was selected, considered ideally located, ample in area and complying with all Zoning requirements for their proposed project; that this plot was purchased in August, 1952; that the first stage of the master plan was to erect the restaurant with parking area and this building was erected under N.B. 336-52; that the kiddie ride portion was applied for under B.N. 389-54 and superseded by Alt. 546-54, with the results explained in preceding paragraphs; that in view of these facts as outlined and of the extenuating circumstances, financial hardships and obligations, the owner is now burdened with contract commitments; that this request does not involve the erection of any permanent building, and it is requested that this application be considered favorably by the Board; and

Serials Dept.
Urbana, Ill.

MINUTES

WHEREAS, the applicant states that the present owner has held title to the property since August, 1952; that the assessed valuation of land is \$10,000 and of the building \$16,000 making a total of \$26,000; that the building was erected in 1952; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition under Section 7 Subdivision c; and

WHEREAS, the revised plans submitted shows all equipment and parking solely in the retail use district; and

WHEREAS, the only basis for a variance is as to the extension of the type of equipment in a retail use district; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the installation and use of additional children's rides and other equipment, and parking, substantially as proposed and as indicated on plans filed with this application marked "Received March 13, 1958", 3 sheets, as amended by revised plans marked "Received *October 31, 1958*", one sheet, and November 25, 1958," one sheet *on condition* that such additional equipment shall be restricted to the premises zoned as a retail district for a distance of 200 feet easterly from Hylan Boulevard and shall be suitably protected with woven wire fence of the chain link type on a masonry base not less than five feet six inches in height; that the parking area may be where permitted, as shown, on such revised plans, that the entrance to the portion of the parking lot toward Old Town Road shall be entered only from Old Town Road; that suitable signs shall be maintained advertising such parking use for patrons of the restaurant and rides and not for the general parking; that an agreement as to the easement as to use of the portion of the corner lot shall be filed with the Department of Buildings; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 395-58-A; and that all permits shall be obtained and all work completed within the requirement of Section 22A of the Zoning Resolution, and a new certificate of occupancy obtained covering all uses.

* Correction—In the resolution in relation to the date of certain plans received "*October 31, 1958, one sheet*" inserted as indicated in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on November 12, 1958, as they appeared in Bulletin No. 46, Vol. 43, hereby corrected to read as follows:

534-30-BZ

APPLICANT—Nathan Lubroth for Lovelane Automotive Corp.; owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7e and 21 of the Zoning Resolution, to permit in a *residence* use district the conversion of the occupancy of an existing building to a garage for the storage of more than five (5) motor vehicles.

PREMISES AFFECTED—24-26 College Place, east side, 220 feet 8 inches north of Love Lane, Borough of Brooklyn.

APPEARANCES—

For Applicant: Nathan Lubroth.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 21, 1931, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 21, 1931, by adding thereto:

"that the opening at the front may be enlarged to a width of 13 feet, 3 inches and there may be an additional opening on the front to College Place, of similar width, with curb cuts of equal width in front of each opening herein referred to, and as passed on by the Borough Superintendent under Alt. Applic. 2728/58, Objection No. 1, disapproved September 22, 1958, and as shown on revised plan marked 'Received October 16, 1958,' 1 sheet, *on condition* that in all other respects the resolution above referred to shall be complied with."

* Correction In the Subject, the word "business" use district changed to "*residence*" use district, as indicated in italics.

COURT DECISION

Matter of Cities Service Oil Company et al. vs. City of New
York et al.:—Cities Service Oil Company and Frank Bronchick, as
owner and lessee, respectively, brought an action against the City and
the New York City Transit Authority to restrain them from main-
taining bus stops on the two streets upon which their gasoline station
property abuts, namely Flatbush Avenue and Kings Highway,
Brooklyn, claiming damages for losses assertedly caused by the inter-
ference with their business. Curb cuts on both streets were installed
and maintained pursuant to permits duly issued. The complaint was
dismissed at Special Term, Supreme Court upon a report by a referee
and upon appeal to the Appellate Division the decision of the lower
court was unanimously affirmed. Upon appeal to the Court of Ap-
peals, the judgment of the Appellate Division was unanimously
affirmed.

Mr. Justice Fuld, writing for the Court, said in part: "It is the
plaintiffs contention that their right of ingress and egress is a 'para-
mount' property right and that the maintenance of the bus stops
constitute an unreasonable interference with that right. On the con-
trary, it is the right of the public to the use of the streets, which is
'absolute and paramount' (citing cases)." "To promote and facilitate
travel on the street and highway, a municipality may, therefore, in
the exercise of an unquestioned governmental function regulate and
control traffic and public transportation". "The rights of an abutter
are subject to the right (of a city) to regulate and control the public
highways for the benefit of the travelling public". (cases cited).
"The interference here complained of must be shouldered by the
plaintiffs as one of the inconveniences to be borne by the individual
for the larger benefit of the community and the public in general."
(N. Y. Law Journal, February 11, 1959).

DISCONTINUANCE OF PROCEEDINGS

Matter of Warshauer Haym Salomon Home for the Aged vs. Mur-
dock:—On December 3, 1957 the Board granted a variance under
Section 7, subdivision e, to permit in a residence use district the
erection and maintenance of a gasoline service station, auto washing,
non-automatic, lubrication, office, sale of auto accessories and parking
of cars awaiting service, for a stated term of fifteen (15) years: Cal.
No. 239-57-BZ, Premises 2342-2356 Cropsey Avenue, south side, 77
feet 11 1/4 inches west of 24th Avenue, Block 6925, Lot 61 and
(temporarily) part of Lot 86, Borough of Brooklyn.

At Special Term, Supreme Court, Mr. Justice Baker sustained the
decision of the Board and dismissed the certiorari. The court answered
six points raised, as follows, citing cases as grounds to substantiate
the opinions:

1. that the Board had power to grant the variance in a residence
district under Section 7, subdivision e.
2. that Section 7, subdivision e, is constitutional.
3. that the Board was correct in finding that the use of the
home is not a hospital maintained as a charitable institution
under Section 21A.
4. that the Board is not required to answer every contention
of the applicant; that findings of fact and the basis for its
determination are clearly set forth in the return where, by
statute, they are required to be stated; these findings based
not alone on the evidence in the record but also on facts
known to the Board members by reason of their experience
and by reason of an inspection by a committee of the Board
of the subject premises and the surrounding area furnish
ample basis for the Board's decision.
5. that it cannot be said for reasons stated above that the Board
acted arbitrarily or capriciously; that this being so, the court
is without jurisdiction to set aside the determination.
6. that there is no merit in the contention that the procedure
of the Board tended to deprive petitioner and other objectors
of a full and fair hearing. (N. Y. Law Journal, November 19,
1958, pages 13 and 14).

In the Appellate Division, Kings County, the above entitled pro-
ceeding was discontinued by stipulation and agreement by all parties,
on February 4, 1959.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on December 2, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 17, 1959 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Kingston Avenue, Winthrop Street and Albany Avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated October 29, 1958, acting on N. B. Applic. No. 1932-58, reads:

"4. Proposed laundry building on a lot in a Residence District violates Art. II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 286.6 feet frontage by 294.5 feet in depth; that it is proposed to demolish the three existing buildings now occupying the proposed site; that these buildings are of varying height and varying types of architecture and do not harmonize with others of the hospital or adjacent private buildings; that in removing these buildings and replacing them with a single structure of pleasing design, the site will be greatly improved in appearance; that the proposed building is three stories in height, with a small penthouse above the third floor; that the exterior of the building will be of pleasing design and will harmonize with the design of the new school on the west side of Kingston Avenue; that the design of the laundry building has been approved by the Art Commission of The City of New York; that off street parking facilities are, and will be available; and

WHEREAS, the applicant contends that the proposed building will be used entirely as a laundry for linens; that no provision is being made, nor is any contemplated for dry-cleaning operations; that the ventilating systems of the proposed buildings are designed to furnish, supply and exhaust ventilation to the occupants; that the supply air will be filtered and the air exhausted from the building will be free from objectionable odors; that the new laundry will

eliminate the operation of two existing laundries, one in the Kingston Avenue hospital and the other in the Kings County hospital which is located directly to the east of the Kingston Avenue hospital property; that thus this building will do away with the operation of two obsolescent laundries whose proximity to residential property have been a cause for complaint by the owner thereof, and plan the entire laundry operation in one project, the affected area of which consists wholly of property under the jurisdiction of The City of New York; that it will eliminate also the laundries at other hospitals in the Borough of Brooklyn; that the proposed building will be of pleasing size, shape and first class materials and its design will be in character with that of the nearby fine modern school building; that the architecture and the proposed landscaping will definitely improve the character and appearance of the locality; that nothing in the operation of the plant can be the source of nuisance or objectionable condition to the surrounding residents; that this can be further amplified by the fact that if there was any question that this building would be a source of nuisance or would be objectionable, the proposed project would not have been approved by the Department of Hospitals; that a variation is requested to enable the erection of this structure, as it is a necessary and essential adjunct to the hospital program for the Borough of Brooklyn; that this property had been acquired by The City of New York for hospital use prior to the amended resolution; and

WHEREAS, the applicant states that the present owner has held title to the property for more than fifty years and that it is tax exempt; and

WHEREAS, the Board deemed that inasmuch as the laundry proposed is for the hospital institution adjacent and not for commercial use that a variance is justified; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of twenty-five years, to permit the construction of the proposed central laundry, as indicated on plans filed with this application, marked "Received January 19, 1959", 8 sheets and one sheet marked "Received November 14, 1958", *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

390-57-BZ—Vol. II

APPLICANT—Herman Horowitz, for Jacob Perlow, Samuel J. Landau and Joseph G. Blum, owners.

SUBJECT—Application reopened December 2, 1958 as Vol. II—decision of the Borough Superintendent, under Section 19B(d) of the Zoning Resolution, to permit in a local retail and residence use district, the erection of a Class A multiple dwelling without the required garage or parking spaces for passenger motor vehicles; the building as now proposed has been increased in size since action by the Board under Volume I.

PREMISES AFFECTED—69-75 West 9th Street and 422-430 Avenue of the Americas, northeast corner, Block 573, Lots 1 and 3, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Horowitz and Howard Cleary.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE RESOLUTION—

WHEREAS, this application was reopened as Volume II on December 2, 1958, subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 17, 1959, after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show site and West 9th and West 10th Streets are in a local retail and residence use, C area and class 1¼ height district; Avenue of the Americas is in a local retail use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 12, 1958, acting on N. B. Applic 26/57, reads:

"11/12/58

Proposed elimination of garage is contrary to requirements of Article IV of Sec 19B sub. div. (2) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 92.35 feet frontage by 115.5 feet in depth; and

WHEREAS, the applicant requests a variance to dispense with compliance with the accessory garage requirement under Zoning Resolution Section 19-B, in a 13-story Multiple Dwelling with stores at the northeast corner of West 9th Street and Avenue of the Americas, Borough of Manhattan; that the plot at the time the variance was granted had 40.35 feet of frontage on Avenue of the Americas and 115.5 feet on West 9th Street, with an L 22½ feet in width extending 52 feet back along the easterly lot line; that the planned improvement proved uneconomic despite the relief granted in the prior proceeding; that the lot adjoining on the north, with 52 feet of frontage on Avenue of the Americas, therefore had to be acquired; that on the West 9th Street side of the subject property there is an entrance and facilities of the Hudson and Manhattan Tubes which seriously impair its development at the basement and street floor levels; that adjoining the frontage on each side of the property is a local bus stop—the Sixth Avenue Line northbound and the East 8th Street Line westbound; that the Avenue of the Americas (Sixth Avenue) is one of Manhattan's most important north-south thoroughfares; that parking is totally prohibited along the northerly curb of West 9th Street adjacent to the subject property; that the principal points upon which the application is based are that (1) enlargement of the plot and structure did not eliminate, but rather continued, the practical difficulty and unnecessary hardship which warranted the variance heretofore granted; that (2) physical factors prevent compliance with Zoning Resolution Section 19-B in any substantial degree; that (3) a parking garage in the subject property would create obstruction to traffic and danger to the public; that (4) the existence of the Hudson and Manhattan Tubes entrance on the subject property precludes normal development of the street floor and basement, see affidavit of Samuel J. Landau sworn to the 12th day of November, 1958; also letter of Castle Garage dated November 6, 1958 and letter of Fifth Avenue Coach Lines, Inc., dated September 25, 1958, photostatic copies of which are annexed to the Landau affidavit; and

WHEREAS, the applicant states that the present owner has held title to the property since March 10, 1957 and August 20, 1958; that the assessed valuation of the land is \$185,000, making a total of \$185,000; and

WHEREAS, the committee found that, while a garage is desirable even though the cellar could accommodate only a few cars after providing for necessary cellar space for the stores proposed along Avenue of the Americas, the entrance to the Hudson and Manhattan subway and the bus lines which stop both at the front and at the side of this building would block the ramp to cellar garage under their three minute schedule; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 19B, Subdivision d of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 19B(d).

741-57-BZ

APPLICANT—Dominick Salvati and Son, for Andrew Trenchina, owner.

SUBJECT—Application October 16, 1957—decision of the Borough Superintendent under Section 7c of the Zoning Resolution, to permit in a retail and residence use district, the erection of a one-story masonry extension to an existing one-story building to provide adequate facilities for the established cement block manufacturing shop.

PREMISES AFFECTED—1564 Hylan Boulevard southeast corner of Burgher Avenue, Block 3368, Lot 15, Dongan Hills, Borough of Richmond.

APPEARANCES—

For Applicant: Leon Komondorea.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley and Commissioner Sleeper.. 4

Not Voting: Commissioner Fox 1

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 30, 1958 after due notice by publication in the Bulletin; laid over date to be set; for inspection and decision; hearing closed; then set for December 19, 1958; the premises were inspected by a Committee of the Board; then to January 6, 1959, for applicant to furnish the Board with full information as to the establishment of the present use; then to January 20, 1959, for applicant to submit revised plans, permit numbers and dates. The premises were inspected by a committee of the Board which questioned the legality of location and size of existing building and area of premises in use; then to February 10, 1959, for applicant to submit revised plans; then to February 17, 1959, for consideration of revised plans and for decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Burgher Avenue and Atlantic Avenue are in retail and residence use, D and E area, class 1 height districts; Hylan Boulevard is in a retail use, D area, class 1 height district; Laconia Avenue is in a residence use, E area, class 1 height district; that in 1927 the area was designated as a business district and in 1955 the area was changed from a business use district to part retail and part residence district; and

WHEREAS, the decision of the Borough Superintendent, dated September 25, 1957 acting on Alt. Applic. No. 194-57, reads:

"1. Extension of a block manufacturing and mason wholesale supply in a retail & residence district, is contrary to Art. II Section 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200.02 feet frontage by 195.96 feet and 197.88 feet in depth; that it is proposed to erect a one story masonry, class 3 extension, 60 feet wide with a depth of 29 feet 4 inches, to be located at the rear of the existing building which now fronts on Hylan Boulevard; that records show that the building was approved and built as a cement block manufacturing shop in 1932 and that an additional two car garage was approved and built in 1950; and

WHEREAS, the applicant further states that the property has been in the possession of the owner for better than 25 years and was purchased with the thought of expanding the business as the family needs increased; that there are now three sons, who are ex-servicemen, and one daughter actively engaged in the business with Mr. Trenchina, and the need for extension of the manufacturing facilities is now acute; and

WHEREAS, the applicant contends that the addition made in 1950 was adequate at the time, but is now far short of the

MINUTES

actual need; that the owner finds himself unable to alleviate his hardship by not being able to build an addition to his present building because of the change in zoning which occurred in 1955; that the proposed addition and new front will not be detrimental to the surrounding area in appearance; that furthermore, the owner will erect a six foot high brick or block fence around the perimeter of his property which will in itself improve the appearance of the property and will in no way be objectionable to the surrounding residence area; and

WHEREAS, the applicant states that the present owner has held title to the property since March, 1940; that the assessed valuation of land is \$4,000 and of the building \$4,000 making a total of \$8,000; that the building was erected in 1932; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and applicant has filed revised plans dated February 13, 1959, showing substantially what the Board requested; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c, to permit the extension of the building and area, as proposed and indicated on plans filed with this application, marked "Received October 16, 1957", 4 sheets, "April 16, 1958", 1 sheet, "February 5, 1959", 1 sheet and "February 13, 1959", 1 sheet, on condition that the extension of the proposed building shall comply with the requirements of the Building Code and shall be located as shown on revised plans; that the entire plot shall be surrounded by walls or fences as follows: along the rear lot line from Atlantic to Burgher Avenues a block wall on a masonry base to a total height of not less than 5 feet 6 inches shall be continued along the side lot lines, along Burgher and Atlantic Avenues to within 150 feet of the Hylan Boulevard building line; that along the building line of Burgher Avenue there shall be a woven wire fence on a masonry base to a total height of not less than 5 feet, 6 inches with one opening therein to Burgher Avenue for entrance and exit; that along the line of Atlantic Avenue there shall be a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches with not over two openings therein to Atlantic Avenue; that along the street line of Hylan Boulevard there shall be a similar fence 5 feet, 6 inches on a masonry base with two openings therein as shown; that there shall be masonry posts at openings; that opposite the openings therein permitted there may be a curb cut to Burgher Avenue 15 feet in width, at Atlantic Avenue one curb cut 10 feet in width and two curb cuts to Hylan Boulevard each 25 feet in width; that no trucks shall be stored anywhere on the premises except when loading and unloading other than toward the rear where parking space for such trucks is indicated; that a space where blocks may be stored for curing shall be within the area indicated "storing area for completed blocks"; that all other portions of the premises shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled, or equivalent paving; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that planting shall be maintained along the Hylan Boulevard frontage at the rear of the fence with suitable planting material of the hedge type; that the width of the planting area shall be not less than 5 feet and shall be protected with a concrete curbing not less than 8 inches in height and 6 inches in width; that any signs on the premises shall be in accordance with the requirements for a retail district; that no signs shall be installed in the rear portion within the residential use district; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

431-58-BZ

APPLICANT—Anthony M. Salvati, for Fred Di Donna, owner.

SUBJECT—Application July 17, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a local retail use district, in an existing three story and cellar structure presently occupied as a store and wet wash laundry on the first floor with apartments on the second and third floors, the extension of the laundry facilities to include shirt pressing. PREMISES AFFECTED—568 17th Street and 1701-1709 10th Avenue, southeast corner, Block 878, Lot 4, Borough of Brooklyn.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 2, 1958 after due notice by publication in the Bulletin; laid over to December 9, 1958, at 10 A. M. for hearing at request of objector; no further requests for adjournment; then to December 16, 1958 at 10 A. M. for inspection and decision; applicant to file revised plans; hearing closed; then reset for February 17, 1959; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 10th Avenue are in a local retail use, C area, class 1 height district; 17th Street and 18th Street are in local retail and residence use, C area, class 1 height districts; 11th Avenue is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 10, 1958 acting on Alt. Applic. No. 3366-57, reads:

"1. Proposed ironing in connection with a wet wash laundry, within a local retail district, violates Art. 2, Sect. 4c of Zone Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 feet frontage by 80 feet in depth; that it is proposed to use the existing store for customers who come to the store with laundry for washing and ironing; that the store would be used for these purposes, along with pressing machines for shirts; and

WHEREAS, the applicant states that the building was erected in 1909 and the extension, as early as 1916, to this day has been used exclusively for wet wash laundering; that in 1929 plans and applications were submitted and approved by the Building Department to use the entire first floor for wet wash laundering; that unfortunately, a Certificate of Occupancy had not been obtained by the owner at that time; and

WHEREAS, the applicant contends that the owner had a laundering establishment on Marcy Avenue in Brooklyn, prior to his being drafted into the Army, during the Second World War; that upon his discharge from the service, he purchased the building he now occupies, in order to pursue the line of endeavor he knows best; that in converting the store to retail laundry and shirt pressing, he would be increasing and improving the services to the people in the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since May, 1947; that the assessed valuation of land is \$3,000 and of the building \$11,000 making a total of \$14,000; that the building was erected in 1909; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; applicant filed new plans and a new decision from the Building Department; and

WHEREAS, the Board found that this was an appropriate

MINUTES

case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit re-arrangement of the lawfully existing laundry on the first floor of the building substantially as proposed and indicated on plans filed with this application marked, "Received July 17, 1958," 3 sheets, and "October 30, 1958," 1 sheet, and revised plan "December 31, 1958," 2 sheets, *on condition* that the arrangement of the premises shall be as shown on such revised plans marked, "December 31, 1958,"; that where on the plan of the lavatory no sink is shown a sink shall be installed; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the equipment installed shall be as approved by the Board; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

474-58-BZ

APPLICANT—Harry A. Yarish, for 98 Sterling Place Realty Corp., owner.

SUBJECT—Application July 31, 1958—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a residence use district, the extension in use of an existing one story building, occupied as a garage for more than five (5) cars, to include auto repair shop and gasoline selling facilities by the installation of twelve tanks and six pumps.

PREMISES AFFECTED—98-114 Sterling Place, south side, 235 feet, 5 inches west of 7th Avenue, Block 945, Lot 21, Borough of Brooklyn.

ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 13, 1959 after due notice by publication in the Bulletin; laid over to February 17, 1959, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; Sterling Place, Sixth Avenue and St. Johns Place are in residence and business use, B area, class 1½ height districts; Seventh Avenue is in a business use, B area, class 1½ height district; that the said premises were in an unrestricted area from July 25, 1916 to July 1, 1924 at which time it was changed to residence use, and has remained so up to the present time; and

WHEREAS, the decision of the Borough Superintendent, dated July 27, 1958 acting on Alt. Applic. No. 1172-58, reads:

"1. Proposed change of occupancy, in a Residence zone, to office, boiler room, storage garage for more than 5 motor vehicles, motor vehicle repair shop with hand tools only, is contrary to Article II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 feet frontage by 100 feet in depth, occupied with a building 200 feet wide, 97 feet deep, of class 3 construction, one story in height with no cellar; that part of this building, 50 feet front, 30 feet deep and two stories high, was erected in 1876 under N.B. Applic. No. 151 of 1876 as a stable for 18 horses; that in 1924, under Alt. Applic. No. 5642-24, the building was increased in height as a milk distributing station and one family, for which

Certificate of Occupancy No. 62799 was issued; that in 1938, under Alt. Applic. No. 5979-38, the second and third floors were removed and the use was changed to milk distribution station, office, garage for more than five cars, with two 550 gallon buried gas tanks and one pump, for which Certificate of Occupancy No. 89590 was issued; that in 1953, under Alt. Applic. No. 4139-52, the use was changed to office and garage for more than five cars; that the gas pump was removed and the gas tanks were purged and sealed, for which Certificate of Occupancy No. 136181 was issued; that it is proposed to install twelve buried 550 gallon gas tanks, six dispensing pumps and auto repairs with hand tools only, as accessory uses; that the accessory uses referred to will be limited to servicing the cars in the subject garage only; and

WHEREAS, the applicant states that under Section 6b and pursuant to Certificate of Occupancy No. 13681 the present use, office and garage for more than five cars, is a legal non-conforming use; and

WHEREAS, the applicant contends that in 1938 and in accordance with Certificate of Occupancy No. 89590, the subject building was provided with two 550 gallon buried gas tanks and one dispensing pump; that such accessory uses are vital necessities for the proper conduct of the primary use—garage for more than five motor vehicles in an area approximately 20,000 square feet; that in order to obtain a fair return on the investment, it is vital and necessary to install the accessory uses requested in order to attract customers for renting car space; that directly opposite the subject building there are three storage garages and pumps, in block 942, lot 61, 44 feet front; lot 58—56 feet front and lot 55—63 feet front; that the buildings cannot be economically used for any conforming use; and

WHEREAS, the applicant states that the present owner has held title to the property since April 25, 1957; that the assessed valuation of land is \$40,000 and of the building \$50,000 making a total of \$90,000; that the building was erected in 1876; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of use to include auto repair shop and gasoline selling facilities as proposed and indicated on plans filed with this application marked, "Received July 31, 1958," 6 sheets, *on condition* that the building shall not be increased in height or area; that the premises shall be maintained and used only as proposed on such plans; that gasoline selling equipment shall be restricted to one set of pumps and tanks to the east, as shown, the other set of pumps and tanks shall not be installed; that in addition to the existing curb cuts there may be an additional curb cut 18 feet in width opposite the proposed middle entrance to the building, as shown; that such gasoline selling equipment shall not exceed 3 pumps and 6 tanks of the approved 550 gallon type near the west doorway; that repairing under Section 7c may be with hand tools only for adjustments, maintained solely within the building; that in all other respects the building and occupancy shall comply with all laws and rules relating thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Negative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley and Commissioner Sleeper.. 4
Not Voting: Commissioner Fox..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 9, 1958 after due notice by publication in the Bulletin; laid over to December 16, 1958, for inspection and decision; hearing closed; then to January 13, 1959, for owner to report as to possibility of selling the premises for a conforming use, now under negotiations; then to February 17, 1959, at the request of the applicant to negotiate for the sale of the premises; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Morris Park Avenue are in a retail use, C area, class 1¼ height district; Lurting Avenue and Haight Avenue are in retail and residence use, C area, class 1¼ height districts; Rhinelander Avenue is in a residence use, C area, class 1¼ height district; that as of July 25, 1916 the premises was zoned business use, C area, class 1¼ height district; that effective December 14, 1953, the business use was changed to retail use; and

WHEREAS, the decision of the Borough Superintendent, dated September 26, 1958 acting on N.B. Applic. No. 940-58, reads:

"1. The proposed gasoline service station, lubritorium, auto laundry (non-automatic), minor auto repairs hand tools only for adjustment maintained solely within accessory building and parking of motor vehicles awaiting service in a retail use district is contrary to Article II, Sec. 4A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, substantially at street grade along both Morris Park Avenue and Haight Avenue, and presently vacant; that it is proposed to level the property substantially to the grade of Morris Park Avenue, with perhaps a very slight upward slope toward the northerly or rear lot line; that it is further proposed to erect a modern gasoline service station accessory building, of masonry construction, finished with face brick on all sides; and

WHEREAS, the attention of the Board is directed to the fact that a portion of the proposed building will be two stories in height to comply with the Restrictive Covenant hereinafter referred to; that this restriction, known as the Morris Park Covenant, provides that no building shall be erected at a cost of less than \$3,000 or shall be less than two stories in height; and

WHEREAS, the applicant contends that Morris Park Avenue, upon which the premises front, is a heavily travelled thoroughfare, 100 feet in width; that it runs in a generally east-west direction, starting at East Tremont Avenue and continuing easterly beyond Williamsbridge Road; and

WHEREAS, the applicant states that the present owners have held title to the property since October 22, 1958 for lot 35 and since August 15, 1958 for lots 33 and 34; that the assessed valuation of land is \$15,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance

under Section 7, Subdivisions e, f, and i of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 940-58, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

REGULAR MEETING

TUESDAY AFTERNOON, FEBRUARY 17, 1959, 2 P.M.

Present: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox.

1013-47-SM

APPLICANT—Porete Manufacturing Company, owner.
SUBJECT—Application reopened November 5, 1958 for amendment of resolution as to additional width of plank—re Porex Plank Roof Deck 2 inch and 3 inch Planks; previously approved.

APPEARANCES—

For Applicant: Michael Neiss.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1013-47-SM.

Subject: Amendment to resolution as to additional width of plank.

Porete Mfg. Company, of North Arlington, New Jersey, requested by letter dated October 17, 1958, that the resolution adopted April 6, 1948 under Calendar Number 1013-47-SM be amended so as to include a wider plank. The application was reopened by a vote of the Board, November 5, 1958.

Purpose

The material is an incombustible plank.

Description

The requested plank differs from the previously approved plank in so far as the width and the reinforcing. The process of manufacture is the same.

The requested plank is 32 inches wide instead of 24 inches as previously approved. The proposed has three concrete ribs, the end ribs being 6½ inches from each end of the plank and the third rib being placed in the center, running lengthwise of the plank.

The reinforcing consists of two steel reinforcing rods in each channel; ½ inch round bars in the lower section of the channel and ¾ inch round bars in the upper section of the channel.

Inspection and Test

The plank was tested in accordance with the requirements of C26-626.0 Administrative Building Code by Pittsburgh Testing Laboratory and the average safe carrying capacity for the 6'-0" span was 160 lbs.

Recommendation

The Committee on Test recommends that the resolution adopted April 6, 1948 be amended so as to include the 32

MINUTES

inch wide plank as herein described for a maximum span of 6'-0" and for a loading of 120 lbs. per sq. ft. on condition that the requirements of the resolution adopted April 6, 1948 under Calendar Number 1013-47-SM be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Ass't. Engr.,
GEORGE F. SKLENARIK,
Ass't. Engr.,
Committee on Test.

Resolved that the Board of Standards and Appeals does hereby *amend* the resolution of April 6, 1948 in accordance with the above report.

243-53-SM

APPLICANT—L. Sonneborn, Inc., owner.
SUBJECT—Application March 30, 1953—Trimix, Admixture for concrete, approval of.

APPEARANCES—

For Applicant: Daniel Guntin.

ACTION OR BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 243-53-SM.

Subject: Trimix, admixture for concrete.

L. Sonneborn Sons, Inc., filed March 30, 1953 an application with the Board of Standards and Appeals for approval of the material known as Trimix, an admixture for concrete, under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is to be used as an admixture to concrete to make a more workable mix.

Description

The material is a liquid concrete admixture and is essentially a concentrated calcium chloride solution having a minimum of 30% CaCl₂, modified by the incorporation of a surface active agent to have a surface tension below 40 dynes per centimeter. This makes it possible to get a greater slump for a given water cement ratio.

Inspection and Test

Comparative tests were conducted on comparative mixes, the batches were identical as to cement and aggregate, but one mix had an admixture of Trimix.

The results were as follows:

Age	Plain Concrete	Trimix Concrete
1 day	683	1237
3 day	1496	2297
7 day	2043	2532
28 day	2873	3198

Recommendation

On the basis of the inspection and test and the data filed by the applicant, The Committee on Test recommends the approval of the material known as Trimix as an admixture to concrete on condition that the maximum amount shall not exceed one quart per sack of cement or one gallon per cu. yd. and further that each container in which the material is marketed shall be stamped or labeled "Approved by the

Board of Standards and Appeals for use in New York City under Calendar Number 243-53-SM".

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

334-53-SA

APPLICANT—Surface Combustion Corporation, owner.
SUBJECT—Application reopened May 6, 1958 for amendment of resolution as to additional model of gas-fired space heater—re Janitrol Gas-fired Conditioner Series FHS-25, Models 65, 90, 125 and 150; previously approved.

APPEARANCES—

For Applicant: Thomas J. Burke.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 4
Negative: Vice Chairman Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 334-53-SA.

Subject: Amendment to resolution as to additional model of gas fired space heater.

Surface Combustion Corporation, Columbus, Ohio, requested by letter dated April 24, 1958, that the resolution adopted December 8, 1953, under Calendar Number 334-53-SA be amended so as to include the Model FHS-85 gas fired space heater. The Application was reopened by a vote of the Board May 6, 1958.

Purpose

The appliance is a gas fired space heater.

Description

The requested model, FHS-85, is basically the same as the models approved December 8, 1953 under Calendar Number 334-53-SA: the difference being in the BTU input.

The appliance has been approved by the American Gas Association under Cert. 4-(1137-2.6).001, 4-(1137.6 & -1.6).001, 4-(1137.7 & -2.6).001, 4-1137.701, 4-(1137.7 & .8).001, 4-1137.7 & -1.8).001.

Recommendation

The Committee on Test recommends that the resolution adopted December 8, 1953 under Calendar Number 334-53-SA be amended so as to include the additional Model FHS-85 gas fired space heater on condition that the requirements of the resolution adopted December 8, 1953 under Calendar Number 334-53-SA are complied with.

The Committee further recommends that the appliance may be installed in garages or places of explosive atmospheres on condition that when so installed the use of the heater shall be at least 8'-0" from the floor and that all air for combustion shall be ducted in from the outside through a separate duct.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Ass't. Engr.,
GEORGE F. SKLENARIK,
Ass't. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 8, 1953 in accordance with the above report.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 49-55-SA.

Subject: Magic Chef Space Heaters (gas-fired), Models GH-30, GH-31, GH-135, GH-235, GH-50, GH-51, GH-70 and GH-71.

Magic Chef, Inc., filed January 10, 1955, an application with the Board of Standards and Appeals for approval of Magic Chef Space Heaters (gas-fired), Models GH-30, GH-31, GH-135, GH-235, GH-50, GH-51, GH-70, and GH-71 for use in New York City under the provisions of Article 12, of the Administrative Building Code.

Purpose

The appliance is a gas fired space heater.

Description

These are gas burning space heaters, of circulator and radiant hearth type, designed for BTU input ranging from 30,000 to 70,000 BTU per hour.

The heater is an assembly of parts; namely a base, cabinet, burner, heat exchanger, draft diverter and controls.

The heater cabinet is a console type, free standing room heater. Cabinets of the circulator heaters are two-tone cocoa brown and beige, and two-tone cocoa brown and tan finish for radiant-hearth heaters.

The cabinet is constructed of 24 gauge steel. The combustion chamber and heat exchanger is of 18 or 20 gauge steel. Each model has a one piece air sealed vent hood draft diverter which connects directly to the combustion chamber collar. Vent collar is reversible for vertical or horizontal connection. The burner is of cast iron slotted type, has a built in floor pan to prevent scorching floor. The radiant-hearth heaters are the same as the circulator models except for the radiant front, protected by heat-resistant glass. All models have a service door for accessibility of controls.

An optional blower assembly completely wired and self contained which is mounted at the rear of the unit for the purpose of distributing warm air within the area where the unit is located. Blower is available in Series GH-50, GH-51, GH-70, and GH-71.

The heat input capacities of the various models are:

Models	BTU per hour input rating	Type of Heater
GH-30	30,000	Radiant-hearth
GH-31	30,000	Circulator
GH-50	50,000	Radiant-hearth
GH-51	50,000	Circulator
GH-70	70,000	Radiant-hearth
GH-71	70,000	Circulator
GH-135	35,000	Radiant-hearth
GH-235	35,000	Circulator

The controls consists of a manual shut-off valve, adjusting valve, automatic pilot valve to close off the main supply of gas in the event the pilot flame is in some manner extinguished, a gas pressure regulator to maintain a constant flow of gas at a predetermined pressure setting, and a

thermostatic or automatic main control valve to provide means of turning the gas on and off through the medium of a self-contained thermostat or a remote thermostat.

Inspection and Test

The heaters have been approved by the American Gas Association. The complete report is on file with and is part of the record.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as Magic Chef Space Heaters (gas-fired) Models GH-30, GH-31, GH-135, GH-235, GH-50, GH-51, GH-70 and GH-71 for use in New York City when installed in accordance with Article 12 of the Administrative Building Code on condition that the units shall not be installed in garages or places of explosive atmosphere and further that the appliance bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 49-55-SA."

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 566-55-SA.

Subject: Amendment to resolution as to additional use.

Florlift Corporation, New York, requested by letter dated January 21, 1958, that the resolution adopted April 10, 1956, under Calendar 566-55-SA be amended so as to permit the use of the appliance in factory and commercial establishments. The application was reopened by a vote of the Board, February 5, 1957.

Purpose

The purpose of this amendment is to permit the use of the appliance in factory and commercial establishments.

Description

The lift has been slightly altered when designed for the requested use. The appliance consists of an oil operated steel plunger $2\frac{1}{2}$ " diameter working in a cylinder $3\frac{1}{4}$ " diameter set vertically between the upright members of a stationary rectangular framework of steel about 9'-6" high. Within this framework are two telescoping units of 4" channel beams, one 9'-3" high and the other 2'-7" high. Both of these units have flanged rollers attached on the flat or outside, at the top and bottom of the smaller one and at the same relative position on the larger one. These rollers are of such size that they travel freely between the flanges of the channel beam adjoining in which the unit moves vertically. Close to the bottom of the smaller or inside telescoping unit there is attached, by welding, a metal frame on which a 4'-0" x 3'-0" plate is attached, thus forming the floor of the lift. On both sides and the back are attached 3'-9" high steel sides.

At the top of the plunger a metal cross beam is attached. At each end of this beam there is an idler sprocket in which roller chains run. One end of these roller chains is attached to the sides of the cylinder. The other ends of the chains run over the sprockets and down where each is attached to either side of the car platform. When oil is forced by pressure into the cylinder it causes the plunger to rise and lift the car vertically at a travel ratio of 1 to 2 and a speed of about 15 fpm. When the unit to which the car is attached travels the height of the longer unit, it strikes a

stop causing the longer unit to travel upward in the channels of the adjoining stationary framework. The car clearance at the first floor landing does not exceed 2" between the edge of the car platform and the edge of the landing sill.

An automatic limit car stopping device is installed on the lift, so arranged that the car will cease before the plunger reaches the extreme point of travel in the cylinder. This is done by the installation of a Hatch limit type switch on the stationary metal framework actuated by a device attached to the telescoping sections.

The source of power for the apparatus consists of an electric motor driven pump with an electrically operated valve located below a small metal tank or reservoir. The pump draws oil from the reservoir and through a check valve forces the oil through a flexible metal tubing connected to the bottom of the cylinder and thus causes the plunger to rise. The rising plunger through the roller chains travels half the distance the car travels (1-2 ratio). The lift is operated by constant pressure push buttons marked "Up" and "Down", placed close to the door at each landing. Pressing the "Up" button starts the pump to force oil into the cylinder. Pressing the "Down" button only operates a solenoid valve which permits the oil to by-pass the pump and travel from the cylinder into the reservoir by gravity, thus lowering the plunger and the car. The power unit has overall dimensions of 8" x 16" x 25" high.

The power unit is enclosed by a metal enclosure of such size and height as to permit easy access for servicing, to protect the equipment, and to prevent tampering. The enclosure is locked and is openable only by means of a key. The unit is permanently fastened. The electric wiring is in rigid conduit to a junction box. Flexible conduit protects the conductors from the pump to the bottom of the cylinder is rigid piping securely fastened.

The appliance has been approved by the State Board of Standards and Appeals under 266-57.

Recommendation

The Committee on Test recommends that the resolution adopted April 10, 1956 under Calendar Number 566-55-SA be amended so as to permit the use of this equipment in factory and commercial installations on condition that the hoistway in which the equipment is operated is completely enclosed in a shaft extending to at least 8'-0" above the floor opening, as provided under C26-638.0; that the openings to the enclosure be protected with approved opening protective assemblies as provided under C26-663.0 and that the doors be equipped with approved interlocks; that an emergency key in a glass covered box be provided at the lower landing in order to open the hoistway doors in an emergency; that a sign be conspicuously posted reading: "No persons permitted to ride on this material lift" and an additional sign reading "Capacity 1000 lbs."

The Committee further recommends that the equipment be used exclusively for material handling between two floors only, a distance of approximately 11'-8" and that the name of the Corporation be now known as Hyrolift Corp. and that all other requirements of the resolution adopted April 10, 1956 under Calendar Number 566-55-SA be complied with.

713-56-SM

APPLICANT—Transwall Coated Products, Division of Bemis Brother Bag Co., owner.

SUBJECT—Application August 2, 1956—Bemiswall or Transwall Folding doors or partitions, approval of.

MINUTES

APPEARANCES—

For Applicant: Richard W. Numford.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 713-56-SM.

Subject: Bemiswall or Transwall Folding Doors or Partitions.

The Transwall Coated Products, Division of Bemis Bros. Bag Company, Minneapolis, Minn., filed August 2, 1956, an application with the Board of Standards and Appeals for approval of Bemiswall or Transwall Folding Doors for use in New York City under the provisions of the Flame Proofing Rules of the Board.

Purpose

Heat radiation space divider, noise control, draft control, welding curtains and spark curtains.

Description

The material for folding curtains is comprised entirely of a single layer of coated laminated fabric, coated on both sides to a minimum total weight of 72 ounces per square yard and scored so as to form folding panels of equal width. The fabric panels are top supported so as to form a folding curtain substantially free from wrinkles or puckers. The fabric is coated with flame-resistant flexible vinyl resin and sealed where necessary to form an inconspicuous seam.

The material comes in various colors. The curtain is capable of being trimmed by a simple scribing and cutting operation for compensation of uneven floors. Otherwise, $\frac{3}{8}$ " clearance is provided in manufacture.

The top or supporting plates, as well as track and end plates, have a rust resistant phosphate covered with a coating of a color harmonious and not contrasting with the fabric color. Provisions are made for equispacing the folds when the curtain or door is fully extended.

The curtain is top mounted without auxiliary floor track by means of roller carriers, a minimum of one double wheel carrier for each full fold. The wheels are of molded nylon and run in heavy gauge steel track.

Latching is provided as indicated, with satin finish rust-proof handles. Where latching is specified, provisions are made for anchoring the fixed end post.

The stacking or retracted width of the door shall be no greater than $1\frac{1}{8}$ " per foot of extended width plus $2\frac{1}{2}$ " for the end posts. The retracted thickness of the door shall be no greater than $7\frac{7}{8}$ ".

Inspection and Test

Samples of the material were examined at the Board of Standards and Appeals by Ass't Engr. J. A. Darts.

Recommendation

On the basis of the inspection and data filed the Committee on Test concludes that the material BemisWall or TransWall Folding Doors or Partitions, Calendar Number 713-56-SM possess inherent flameproofing properties and accordingly recommends the approval of the material for use in folding doors. The Committee further recommends that this material shall not be used in locations wherein an approved opening protective assembly is required. The Committee also recommends that this material shall not be used in a structure in excess of one hundred fifty feet or less in height.

Tests on each specific installation or any retests thereof

shall be made by the Fire Commissioner or in a Laboratory approved by him in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that all cartons or containers in which this material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 713-56-SM". The Committee also recommends that the plans showing the location of the folding doors submitted to the Building Department shall be similarly marked with the approval number of the folding door.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleintert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 801-56-SA.

Subject: Carrier Series 22F Cooling Tower.

Carrier Corp., Syracuse, N. Y. filed October 23, 1956, an application with the Board of Standards and Appeals for approval of the Carrier Series 22F Cooling Tower for use in New York City under the provisions of C26-191.0 and C26-679.0 Administrative Building Code.

Purpose

An atmospheric cooling device for condensing water used in air conditioning or refrigerating systems.

Description

The Carrier, 22 F Series Cooling Towers are designed to save on the consumption of water used for condensing purposes in air conditioning or refrigeration equipment.

The tower is made up as a package with an outer casing of heavy gauge steel which is hot dip galvanized after fabrication. The bottom pan is of continuous weld and also hot dip galvanized.

A four blade axial flow galvanized steel fan is installed near the top of the unit and this fan is water turbine driven. The turbine outlets act to distribute the water over the evaporating surface within the tower. This surface is a grid of redwood. The water flows downward counter current to a flow of air drawn upward by the rotating fan.

The turbine head is made of cast journal bronze and is designed to operate without lubrication. The turbine bearing post is of corrosion resisting copper nickel alloy.

Water level is controlled by a copper float and a bronze body float valve. An automatic bleed-off is provided to drain off a fixed quantity of water directly related to the water volume circulated through the tower. It requires only a pipe connection to drain.

MINUTES

The 22 F Series cooling towers may be installed either outdoors or indoors. In the latter case suitable duct work is provided to bring in fresh air and exhaust moisture laden air to outdoors.

Inspection and Test

All details of construction were examined by Ass't Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Carrier Series 22F Cooling Tower for use in New York City under the provisions of C26-191.0, C26-679.0 Administrative Building Code provided that each tower shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 801-56-SA".

822-56-SM

APPLICANT—Joanna Western Mills Co., owner.
SUBJECT—Application November 13, 1956—UV490-12 FRC and UV490-12 FRM (flame resistant vinyl coated fabric for folding doors), approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Klei-
ert, Commissioner Foley, Commissioner Sleeper and
Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 822-56-SM.

Subject: UV490-12FRC and UV490-12FRM (flame re-
sistant vinyl coated cotton fabric for folding
doors).

Joanna Western Mills Co., Chicago, Illinois, filed Novem-
ber 13, 1956, an application with the Board of Standards
and Appeals for approval of the material known as UV490-
12FRC and UV490-12FRM (flame resistant vinyl coated
cotton fabric for folding doors) under the provision of the
Flame Proofing Rules of the Board.

Purpose

Flame resistant vinyl coated cotton fabric for folding
doors.

Description

The UV490-12 FRC base fabric is a 60 x 48 count 51"
4.90 yard print cloth to which is applied a flame resistant
vinyl coating weighing approximately 6 oz. per sq. yd. The
coated construction is embossed in a suitable grain.

The UV490-12FRM is the same as UV490-12FRC except
that base cloth has been given a flame resistant treatment
before coating.

Inspection and Test

Samples of the material were tested at the Better Fabrics
Testing Bureau in the presence of Ass't. Engr. J. A.
Darts, Committee on Test and W. H. Masterson, repre-
senting the applicant.

Recommendation

On the basis of the inspection and test the Committee on
Test concludes that the material UV490-12FRC and UV490-
12FRM (flame resistant vinyl coated cotton fabric for fold-
ing doors) possesses inherent flame proofing properties and
accordingly recommends the approval of this material for
a flame resistant fabric for folding doors. The Committee
further recommends that this material shall not be used in
locations wherein an approved opening protective assembly is
required.

Tests on each specific installation or any retests thereof
shall be made by the Fire Commissioner or in a Laboratory
approved by him in accordance with the requirements of
the Flameproofing Rules of the Board.

The Committee further recommends that all cartons or
containers in which this material is marketed shall be
tagged, stamped or labeled "Approved by the Board of
Standards and Appeals for use in New York City under
Calendar Number 822-56-SM". The Committee also recom-
mends that the plans showing the location of the folding
doors submitted to the Building Department shall be
similarly marked with the approval number of the folding
door.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 356-57-SM.

Subject: Amtico Vinyl Tile Flooring covering.

Joseph Platzker for American Biltrite Rubber Company,
Trenton, New Jersey, filed April 16, 1957, an application
with the Board of Standards and Appeals for approval of
their Amtico Vinyl Tile Flooring under the provisions of
C26-667.0.4a Administrative Building Code.

Purpose

The material is a floor covering.

Description

Amtico Vinyl Tile Flooring is a resilient vinyl tile. The
pattern color extends throughout the thickness of the tile.
The tiles are made in 9 x 9 inch, 12 x 12 inch and 36 x
36 inch sizes with thickness of 1/8, 3/16 and 1/4 inch.

Inspection and Test

The data submitted was examined by Ass't. Engr. G. F.
Sklenarik, Committee on Test, the following tests were
conducted on the material.

Abrasion resistance, residual indentation, combustibility, re-
sistance to oils, solvents and acids, tensile strength, flexi-
bility, toxicity and hardness.

MINUTES

The complete test report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of Amtico Vinyl Tile Flooring as a floor covering for use in New York City under the provisions of C26-667.0.4a Administrative Building Code on condition that all containers in which the material is to be marketed shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 356-57-SM".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 423-57-SM.

Subject: Cotan Cohyde Wall Coverings—to be marketed also by Gilford Leather Co., as Caribou, Tahiti Strawtex, Golden Glow, Gilcolite Antique, Gilcolite Leather Grain, Shantung, Luxor, Linentex, Savoy Basket, Harlequin, Grass Cloth, Sequin and Flax Antique.

Gilford Leather Co., for Interchemical Corporation, Cotan Division, Newark, New Jersey, filed May 15, 1957 an application with the Board of Standards and Appeals for approval of Cotan Cohyde Wall Coverings also to be marketed by Gilford Leather Co., as Caribou, Tahiti Strawtex, Golden Glow, Gilcolite Antique, Gilcolite Leather Grain, Shantung, Luxor, Linentex, Savoy Basket, Harlequin, Grass Cloth, Sequin and Flax Antique, for use in New York City under provisions of C26-667.07b Administrative Building Code.

Purpose

The material is to be used as a veneer when placed upon an incombustible backing.

Description

Cotan Cohyde wall covering material consists of a woven cotton fabric coated on one side with a vinyl film. The vinyl is a combination of vinyl resin, pigments, plasticizers and stabilizers and is bonded to the fabric by fusion.

The finished material varies in thickness depending on texture from .017 inch to .036 inch.

Inspection and Test

The material was examined at this office by Ass't Engr. G. F. Sklenarik Committee on Test. The material will burn in itself when not applied to an incombustible backing.

The thickness was less than 1/20 of an inch.

Recommendation

On the basis of the examination and the data filed by the applicant, The Committee on Test recommends the approval of Cotan Cohyde Wall Coverings for use as a veneering material under the provisions of C26-667.07.b Administrative Building Code on condition that each container or wrapper in which this material is marketed shall be stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 423-57-SM" and that such materials may also be marketed by the Gilford Leather Co. as Caribou, Tahiti Strawtex, Golden Glow, Gilcolite Antique, Gilcolite Leather Grain, Shantung, Luxor, Linentex, Savoy Basket, Harlequin, Grass Cloth, Sequin and Flax Antique Wall Covering.

The Committee further recommends that this material shall not be used in public halls of multiple dwellings as prohibited under sections 101, 142, 146, 148 and 149 of the Multiple Dwelling Law.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 795-57-SM.

Subject: Cocoon Sprayable Vinyl Plastic Coating, R. M. Hollingshead Corporation, Camden, New Jersey filed October 21, 1957 with the Board of Standards and Appeals for approval of the material known as Cocoon Sprayable Vinyl Plastic Coating under the provisions of C26-605 through C26-608.0 Administrative Building Code.

Purpose

The material is to be used as a roof covering and also as a veneer when sprayed on an incombustible backing.

Description

The material is a sprayable air dry vinyl resin which is sprayed onto incombustible backing and also applied as a roofing material. The coating is applied to a thickness of 0.025 inches.

Inspection and Test

The material was tested in accordance with the requirements of C26-605.0 through C26-608.0 Administrative Building Code at the applicants plant in the presence of Asst. Engr. J. A. Darts Committee on Test. The material successfully met the requirements of a roof covering.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Cocoon Sprayable Vinyl Plastic Coating for voluntary use in New York City as a roof covering having met the requirements of C26-605.0 through C26-608.0 Administrative Building Code.

The Committee further recommends that the material may be used as a veneer, under the provisions of C26-667.0.7.b Administrative Building Code on condition that the material be applied to an incombustible backing and that the material shall not be installed to a thickness greater than 1/20 of an inch and further that each container in which the material shall be labeled, "Approved by the

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 859-57-SA.

Subject: Amendment of resolution as to additional trade name.

American La-France, Elmira, New York requested by letter dated December 3, 1958, that the resolution adopted July 15, 1958 be amended so as to permit the approved dry chemical fire extinguishers to be marketed under additional trade names. The application was reopened by a vote of the Board January 6, 1959.

Description

The requested model is identical to the model PDC-2A, approved by the Board July 15, 1958 under Calendar 859-57-SA except that it is provided with a Scotchcal nameplate and is provided in pastel shades. The extinguisher has been approved by the Underwriters' Laboratory.

Recommendation

The Committee on Test recommends that the resolution adopted July 15, 1958 under Calendar Number 859-57-SA be amended so that the 2 pound dry chemical extinguisher may be marketed under the additional trade name of protexall Fire Extinguisher on condition that the requirements of the resolution adopted July 15, 1958 under Calendar Number 859-57-SA be complied with.

1023-57-SM

APPLICANT—Barrett Division of Allied Chemical and Dye Corp., owner.

SUBJECT—Application December 24, 1957—Barrett Insulating Wallboards, Plank and Tile, for use as an interior finish, approval of.

MINUTES

APPEARANCES—

For Applicant: Sheldon H. Cady.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1023-57-SM.

Subject: Barrett Insulating Wallboard, Plank and Tile.

Barrett Division of Allied Chemical and Dye Corp., New York, filed December 24, 1957, an application with the Board of Standards and Appeals for approval of the material known as Barrett Insulating Wallboard, Plank, and Tile under the provisions of Fibre Board Rules of the Board.

Purpose

The material is used for interior finishes.

Description

The board, plank and tile are manufactured from both hard and soft woods. The logs are chipped into small pieces and then refined in a disc refiner which produces a pulp from which the boards are made. This pulp is poured into a machine which forms it into boards which are dried in ovens and cut into proper size.

The board is manufactured in widths of 4'-0" and lengths up to 12'-0" and in thickness of $\frac{3}{8}$ " and $\frac{1}{2}$ ".

The plank is made in widths of 8" to 16", lengths to 12'-0" and $\frac{1}{2}$ " in thickness.

The tile is made in sizes of 1'-0" x 1'-0" up to 16" x 32" and $\frac{1}{2}$ " in thickness.

Inspection and Test

Tests were conducted on the material by the J. L. Finck Laboratories, Brooklyn, New York and also at the applicant's plant under the supervision of C. H. Kindig, P. E. State of Pa., as specified under the Fibre Board Rules of the Board. The material met the requirements. The complete report is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Barrett Insulating Wall Board, Plank and Tile for use in New York City under the provisions of the Fibre Board Rules of the Board on condition that each container in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 1023-57-SM" or in lieu thereof each plank or board may be similarly marked.

The Committee further recommends that the tile may be marketed under the additional trade name of Barrestone Tile.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,

26-58-SM

APPLICANT—Finetex Inc., owner.

SUBJECT—Application January 3, 1958—Finetex Inc., Fire Retardant SR; treatment to paper, approval of.

APPEARANCES—

For Applicant: Thomas L. Scala.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Kleinert, Commissioner Foley, Commissioner Sleeper and Commissioner Fox 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 26-58-SM.

Subject: Fire Retardant SR.

Finetex Inc., Paterson, New Jersey, filed January 3, 1958, an application with the Board of Standards and Appeals for approval of the material known as Fire Retardant SR for use in New York City under the provisions of the Flame Proofing Rules of the Board.

Purpose

Treatment to paper and cotton fabric as to Fire Resistive Flameproof Materials.

Description

The Fire Retardant SR, a liquid is used for treatment of stock for display backgrounds, sometimes corrugated and glued to fireproof board.

The Fire Retardant SR is also used on groundwood stock for posters, confetti and party papers.

On different weights (pounds) of paper, the formula of Fire Retardant SR vary in pounds.

Fire Retardant SR is also used for cotton fabrics. The cotton fabric is known as Osnaburg Fabric which comes in two colors, white and tan.

Identification of fabrics using this material

Osnaburg Fabric—39"—2.35 weight—all cotton—color—white treated with Fire Retardant SR.

Osnaburg Fabric—39"—2.35 weight—all cotton—color—tan treated with Fire Retardant SR.

Paper—Display Type—color orange—treated with Fire Retardant SR.

Inspection and Test

Samples of the material were tested at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts, Committee on Test and W. H. Masterson, representing the applicant.

Recommendation

On the basis of the inspection and test the Committee on Test concludes that the material Fire Retardant SR, Calendar Number 26-58-SM, possess inherent flameproofing properties and accordingly recommends the approval of the material for use as flame resistant treatment for paper and cotton fabrics.

Tests on each specific installation or any retests thereof shall be made by the Fire Commissioner or in a Laboratory approved by him in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that all cartons or containers in which this material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 26-58-SM".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 73-58-SM.

Subject: Construction Products Chute Door.

Construction Products Company, Bronx, New York, filed February 3, 1958, an application with the Board of Standards and Appeals for approval of the material known as Construction Products Chute Door under the provisions of C26-661, C26-662, and C26-663.0 Administrative Building Code.

Purpose

The material is a hopper door but not to be used on the service opening of non-fuel fired incinerators.

Description

The door is a self closing, outward opening flush type swinging fire door; 23½ inches by 23½ inches in area by 1 inch thick, set in a 24 inch by 24 inch opening and hung at one side on a stainless steel piano hinge 0.5 inches in diameter, to open outward from the fire chamber. The door is constructed of No. 22 gauge stainless steel double pan construction welded around the perimeter 5 inches on center.

The door is hung in a 22 gauge stainless steel frame with a ½ inch by ½ inch angle stop and ⅛ inch by ½ inch neoprene gasket. The core of the door consists of one inch cellular asbestos with three ⅝ inch vents top and bottom. The door is equipped with a brass hand pull, a refrigerator type Kason latch and a Yale and Towne door closer.

Inspection and Test

The door was tested at Protexol in accordance with the requirements of C26-610.0 Administrative Building Code. The door successfully met the fire and hose stream requirements.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the Construction Products Chute Door for use in New York City as a one and one half hour opening protective assembly when constructed as herein described on condition that the chute door shall not be installed on service openings of non fuel fired incinerators and further that the construction and installation of the door shall comply with the Rules for Inspection of Approved Opening Protective Assemblies.

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 106-58-SA.

Subject: Janitrol Series SC-75 Gas Conversion Burner.

Janitrol Division, Surface Combustion Corp., New York, N. Y., filed February 26, 1958, an application with the Board of Standards and Appeals for approval of the Janitrol Series SC-75 Gas Conversion Burners for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired conversion burners.

Description

The SC-75 Series burners are designed for installation in steam or hot water boilers or warm air furnaces requiring heat inputs in the range of 325,000 to 750,000 Btu per hour.

They are made up of an assembly of six venturi burner tubes and a gas manifold installed within a 26 gauge steel housing. Burner tubes are placed so that the flames will strike a flame spreader made of special alloy. The spreader is secured to the underside of the burner housing and extends outward a distance of 11 inches, curving upward to a height of 8 inches.

Standard equipment for the DT models include in addition to the above, adjustable primary shutters, a pilot and thermocouple with thermo-pilot relay for complete gas shut off, a secondary air door, two wire low voltage control circuits, slow opening diaphragm valve, manifold pressure gauge, transformer, thermostat, gas pressure regulator, pilot gas pressure regulator, main line shut off valve, pilot gas cock and adjustable support legs for placing the burner.

The type DE includes all of the standard—DT—items except that the thermocouple pilot assembly and pilot relay are replaced by a Janitrol electronic flame rectification and flame retention pilot and an electronic control panel assembly which includes a protecto-relay, fused line service switch and junction boxes.

Capacity of the burners is varied by employing two different orifice sizes and by blanking off up to three burner tubes with pipe plugs and corresponding gas pressure variation.

Inspection and Test

All details of construction were examined by Ass't Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Janitrol Series SC-75 Gas Conversion Burners for use in New York City when installed in accordance with this report, the Electrical Code of the City of New York and Article 12, Administrative Building Code and provided that each burner shall bear a label, permanently affixed, reading "Approved by the Board of Standards and

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 313-58-SA.

Subject: Hayes Gas Fired Duct Furnace, Models 80-SED-E to 600-SED-E and 80-SED-S to 600-SED-S, approval of.

Hayes Furnace Mfg. & Supply Co., Los Angeles, California, filed May 19, 1958 an application with the Board of Standards and Appeals for approval of the Hayes Gas Fired Duct Furnace, Models 80-SED-E to 600-SED-E and 80-SED-S to 600-SED-S for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired furnaces designed for connection to a hot air heating duct system.

Description

The Hayes SED-E, S, furnaces are heavy duty horizontal air flow duct furnaces with input capacities ranging from 80,000 Btu per hour to 600,000 Btu per hour in increments of 40,000 Btu per hour.

The furnaces are designed for air temperature increases from approximately 55°F to 100°F at static pressures from zero to 2.0 inches of water.

These furnaces consist essentially of welded stainless steel heating elements or exchangers placed in a casing and arranged in a manner to permit flow of air between the elements in a horizontal direction. Air baffles are installed between the elements to increase heat transfer efficiency. Each element has a cast iron drilled port burner located under its open end and the burners are enclosed in a fire box provided with combustion air and access openings.

The combustion products are discharged into a common draft diverter attached to the top of the furnace. The diverter is designed to permit flue connection in either a vertical or horizontal direction.

Each furnace is equipped with a 100% shut off pilot, a high limit switch, a manual shut off valve and an automatic valve. Where divided manifolds are used separate pilots, limit switches and automatic valves are furnished for each division.

In the E models, the burners are installed with the venturi mixing tubes in a horizontal position. In the S series the venturi tubes are installed in a vertical position.

All furnaces may be furnished with an angle floor stand or with provision for suspension.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

The SED-E and SED-S furnaces have been tested and approved by the American Gas Association for all fuel gases.

Recommendation

On the basis of the examination and the data filed by the applicant, The Committee on Test recommends the approval of the Hayes Gas Fired Duct Furnaces, Models 80-SED-E to 600-SED-E and 80-SED-S to 600-SED-S for use in New York City but not in garages or similar locations where there may be explosive atmospheres when installed in accordance with this report and the requirements of Article 12, Administrative Building Code and provided they will be installed with a clearance of at least 6 inches from adjacent walls, ceilings and floors with a similar clearance maintained from horizontal draft hoods or the horizontal portion of flue pipes immediately adjoining vertical draft hoods and further provided that each furnace shall bear a label permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 313-58-SA".

"Request for reconsideration is denied and objection repeated.

A-1. Conversion of the frame 2nd story and cellar two family dwelling to a 3 family multiple dwelling is contrary to Sec. 56 of the Multiple Dwelling Law. The affidavit and the Dept. of WSG & E letter filed herewith are inconclusive and attest only to the fact that an unlawful condition has been existing and not to the requirement that a proper approval has been obtained from this dept. or the former Tenement House Department. See Sec. 300 and 301 of the M.D. Law and also N. Y. City Corp. Counsel Opinion's #38239 of 1/28/36 and #42722 of 3/12/36."

and

WHEREAS, the applicant states that the building is 2 stories and cellar, 25 feet high, 21 feet by 48 feet 6 inches in area, of class 4 construction, erected in 1921, as a two-family house, located in a residence use, C area, class 1½ height district, used and occupied since 1921, as follows: Cellar—boiler room, storage and 1 apartment—1 family; 1st and 2nd floors—1 apartment each; that the frame building was erected in 1921 by the father of present owner; that since its erection it has been in actual physical use continuously as a three family dwelling; that said dwelling was equipped and maintained as a three family dwelling long before the enactment of the Multiple Dwelling Law; that the continued use as a three family dwelling is not in violation of the law; and

WHEREAS, the premises was inspected by a committee of the Board and there seems to be evidence that the use of the cellar in this two-story and cellar building has apparently been used continuously for many years although not approved and is subject to violation. In the opinion of the Committee it should be permitted as a legal condition and a certificate of occupancy issued as a heretofore converted multiple dwelling.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 391/57, Objection A-1, be and it hereby is *modified* under the power vested in the Board by the terms of the Charter, and the appeal be and it hereby is *granted*, to permit the building to be continued as proposed and as indicated on plans filed with this application, marked "Received March 31, 1958", 3 sheets, as heretofore converted multiple dwelling; that the building shall not be increased in height or area; that this variance may continue only so long as the conditions continue as proposed.
